We Create Entrepreneurs And Thought Leaders Not Just A Graduate

.....be A Leader

We sing, dance, ask, explore and we learn. We organize workshops, seminars, fests, and camps to develop team spirit and engage with leadership. We serve, conserve to share since we care. We sow the seeds of Leadership and Liberal Values. At The Bhawanipur Education Society College it's not just the degree but a path success which is offered.

The college offers a number of Undergraduate Honours programs in all four streams - Science, Arts, Commerce and Management, and post-graduate degree course in Commerce and English offered under the University of Calcutta.

All endeavors are student-centric to enhance the academic proficiency of students.

Mission

Adopting the best practices and highest quality of teaching through continuous innovations in teaching-learning methods and upgradation of infrastructure; nurturing pride in cultural and linguistic traditions.

Honing the innate skills of the students, with special emphasis on girls by imparting leadership and entrepreneurship skills through exposure to practical situations and co-curricular activities.

Equipping students to meet the challenges of life by developing communication skills and strength of personality through industry interface and mentoring.

Aiding the quest for intellectual excellence of the teachers and igniting the desire for lifelong learning among students through encouragement of research and creativity.

Developing healthy co-operation with other institutions engaged in promoting educational excellence.

Vision

Founding Vision: Vidyamritamshnutey (Drinking the nectar of knowledge)

Preserving Gujarati cultural and linguistic heritage and ensuring all round excellence and employability through value-based and value added education.

Learning for Leadership & Liberal Values

DEPARTMENT OF ENGLISH
2019-2020

Departmental Events

Field-Trip

On 3rd March, 2019, the Department of English of The Bhawanipur Education Society College organised a field trip as a part of the year-long seminar titled 'Re-thinking Romanticism'. A total of 7 faculty members from the department of English and 50 students from the Undergraduate (final year) and Post Graduate courses participated in the field trip. The objective of the visit was to acquaint the students of undergraduate and postgraduate courses with sites of colonial heritage in order to familiarize them with the historical link between England and Kolkata, erstwhile Calcutta. The students visited four heritage sites: South Park Street Cemetery, St. John's Church, Botanical Gardens and St. Paul's Cathedral.

The journey commenced with a visit to South Park Street Cemetery which is one of the oldest cemeteries in Kolkata that does not stand

Field trip: (Botanical Gardens)

connected to a church. The eight-acre necropolis protects an eclectic mix of tombs, cenotaphs and mausoleums. Few of the graves there belong to several prominent figures including Henry Louis Vivian Derozio (an Indian poet and one of the first Indian educators to disseminate Western learning among the youth of Bengal), Major-General Charles Stuart (also known as Hindoo Stuart) who was the quarter master of the first European regiment, Sir William Jones (founder of the Asiatic Society) and many others. The cemetery no longer welcomes the dead but it still attracts hoards of living visitors to its doors.

Field Trip: (St. Paul's Cathedral)

Next, the students were escorted to St. John's Church which used to be known as St. John's Cathedral, erected under the aegis of the East India Company. The land where the church stands today was donated by the Maharaja Nabo Krishna Deb Bahadur, the founder of the Shovabazar Raj Family. It is a grand, imposing structure built in the Neoclassical architectural style with a combination of brick and stone that has earned the vernacular nickname 'Pathure Girja' (Stone Church). Inside the premises of the church, the students came across Job Charnock's Mausoleum,

Field Trip

Lady Canning's Memorial and the Black Hole Monument built by one of the survivors of the Black Hole Tragedy that occurred during the seize of Calcutta when Nawab Sirajud-Daulah took 146 British prisoners and confined them in a 14 feet by 8 feet room for three days, in conditions that took many lives. This octagonal obelisk-styled memorial that commemorates the tragedy and the deceased prisoners was constructed by John Howell, a survivor of the catastrophe who later became the Governor of Bengal. One of the most famous pieces of art that the students came upon within the church is the painting of The Last Supper by Johann Zoffany. The painting has a particularly unique feature in the way Zoffany added a local Indian flavour to his canvas by painting a spittoon, Bisti (goatskin water bag) and an Indian sword which represents a common peon's talwar.

Field Trip

The journey proceeded to the Botanical Gardens established in 1786 by Colonel Alexander Kyd who was an army officer of the British East India Company. The primary impetus behind the creation of this magnificent garden was to identify and grow plants of commercial value that could be used for trade. The Great Banyan Tree which is reckoned to be the largest banyan tree in the world is also located in the Botanical Gardens in Shibpur, Howrah. It also accommodates a variety of flora such as orchids, cacti, bamboo and palus which accounts for its natural richness.

The excursion concluded with a visit to the St. Paul's Cathedral noted for its Gothic architecture. In addition to being the largest cathedral in Kolkata, it is also the first cathedral of Anglican background that was built overseas in the British empire. Following the damages it faced during a massive earthquake, the church was reconstructed in the Indo-Gothic architectural style.

The trip provided the students with the opportunity to take a closer look at their immediate environment and investigate the relics of the past to comprehend how the occident and orient came to interact with one another during many years of trade and colonisation. The experience was enriching for the students as they gained an insight into the importance of Romanticism in the fields of literature, art, architecture and philosophy keeping in mind the history of contemporary India.

BOPT Training

The Bhawanipur Education Society College hosted a General Attribute Development Programme (GADP) for its UG III and PG II (Department of English) students. In this regard BESC invited the Board of Practical Training (BOPT) to train the students.

BESC had selected 30 students from the department of English to undertake this training. It was a 30 hour programme and BOPT awarded the students with a graded certificate after completion of the course.

BOPT Training

The training was held in the college premises (Room 128) and executed in a span of 10 days between 3pm -6pm starting from the 15th of July 2019 till 26th of July 2019 (which includes 03 hours per day, adding up to 30 hours).

The Bhawanipur Education Society College Leads the Biggest College-led Tree Plantation Drive in West Bengal

The Bhawanipur Education Society College in collaboration with the Rotary Calcutta Victoria Chapter and Rotract Club Victoria Chapter undertook a tree plantation drive in the Sundarbans. The event was organised at Bali Island 2 of the Sundarbans on 11th August, 2019. The event supported the tree plantation initiative of the NGO, Sustainable Green Initiative. It was planned under the 'Each Student Plant One' Programme initiated by the college, which has

Tree Plantation Drive

BOPT Training

been undertaken with a view to giving back to the environment, at least a little bit of what is taken from it. Located in the heart of Kolkata, the college is acutely conscious of the need to compensate for the carbon footprint of an urban institution. The drive involved the plantation of 11,000 trees, one

Tree Plantation Drive

for each student of the college. The produce of these four feet, fruit bearing trees will yield sustenance and commercial benefits for the locals in addition to enhancing the biodiversity of the area. This has been the biggest college-led tree plantation drive in Bengal. The objective of this project conceptualised by Sustainable Green Initiative and implemented by Mr. Raj Mohan Seshamani, its Founder Director, is to transform the economic conditions of the island by providing a sustainable source of nutrition and commerce within a period of four to five years during which

Tree Plantation Drive

each family can nurture the trees without disrupting the farming of their traditional crops. A team of ninety, teachers and students, participated in the drive. The group of students included Undergraduate and Postgraduate students of the Department of English and members of the NSS. Five hundred high school students from the local schools had gathered for the programme. Saplings were distributed amongst them followed by lunch, both sponsored by the college. The sapling distribution was preceded by an address to the assembled school children by representatives of the collaborators as well as pioneering conservationists in the area like Mr. Anil Mistry and Mr. Pradeep Shukla, who are working on the ground. Dr. Suchandra Chakravarty, Teacher-in-Charge of the college also addressed the audience. The students of The Bhawanipur Education Society College also interacted with the school children and the locals. Through the interactions, they conducted a survey pertaining to problems faced by the residents of the region as a result of changing environmental conditions all over the world and the potential benefits of the plantation drive. The interactions brought the students from the city close to the grass-root level realities of those living in Sundarban.

Re-Thinking Romanticism: Student's Webinar with Tim Fulford and Julia Carlson

The Department of English, The Bhawanipur Education Society College conducted a special Skype session with Professor Tim Fulford, Professor of English, School of Humanities, De Montfort University (DMU), Leicester, UK. and ProfessorJulia Carlson, Professor in the English department at University of Cincinnati, Cincinnati, OH. This was part of their year-long seminar series on “Re-thinking Romanticism.” The webinar was held on 20th August 2019.

Selected students from both UG and PG department of English, BESC presented their papers. Toshi Yadav's paper 'Mary Shelley's Frankenstein and Subversive Romanticism' focused on the 'I' of the Cartesian Rationality and explored its destructive tangent in the novel. Garima Upadhyay's paper 'The Wanderer Above the Sea of Fog: A Case Study in German Romanticism viewed through the Existentialist Philosophy of Soren Kierkegaard' portrayed multiple Romantic tributaries that can be associated with the particular painting. Tanisha

Rethinking Romanticism: Student's Webinar

Rudra presented her paper on 'Bio-diversity in Crisis: Its Reflection on Romantic Literature' which was an eco-centric depiction that also focused on the bio-diversity of the Botanical Gardens in Kolkata. Final year English honours students Vinayak Bose and Sutirtho Roy in their paper 'The Romantics and the World Today: Contrasting Perspectives in Death, Desire and Abundance' attempted to manifest the dichotomy of the idealistic Romantic yearning for immortality and the present degrading condition of the environment. Prof Fulford and Carlson made pertinent comments, guiding all the five speakers individually and enlightening them as well as all the others assembled in the hall, with fascinating and helpful information. The department was honoured to have such eminent scholars to guide the students who attempted to excavate and explore the deeper layers of Romanticism.

Wall Magazines

Masterpieces are not a chance born, neither are they born in a single event. They are the culmination of ideas and experiences of a mass!

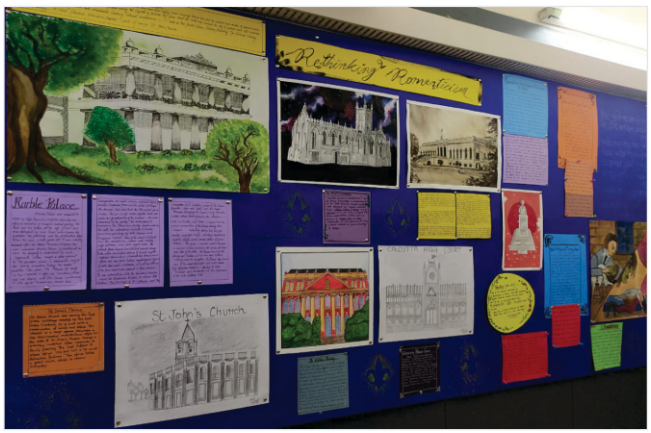
The Department of English encouraged students from the Undergraduate and postgraduate courses to put up wall magazines on different literary topics to enable them to have a broader understanding of literature and its socio-cultural contexts.

In total the department has supervised the installation of three wall magazines.

Wall Magazine (UG SEM I)

Wall Magazine (UG SEM III)

The students of UG Semester 1 actively contributed to putting up a wall magazine in August 2019. Through a mélange of colourful pictures and sketches, they represented the baton of storytelling that passed through the University Wits in sixteenth century England. Priyadarshini Mukherjee, Ushnata Deb, Abhirupa Das, Sohini



Wall Magazine (Students of UG and PG)

Ghosh, Snigdha Dhar, Diyasha Chakraborty, Disha Ghosh, Ishika Sarogi and Angelina Basudas from the first Semester contributed to the wall magazine named “"Ben Jonson and University Wits" under the guidance of Prof. Souraja Tagore.

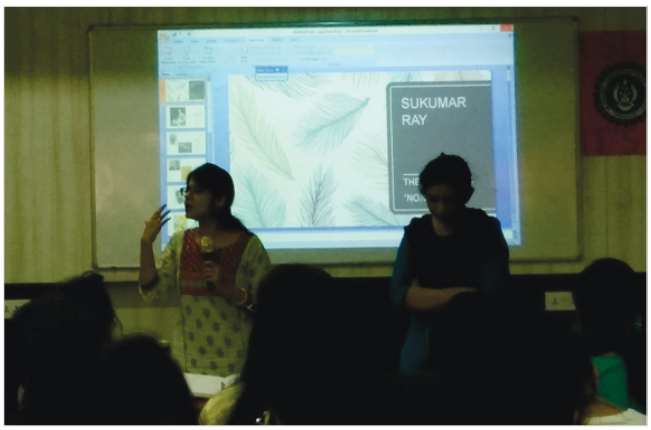
The Wall Magazine Project on “Popular Literature” was organized by the Department of English, for B.A Semester III on 16th September 2019 from 10:30 a.m to 2:30 p.m along with the Students' Seminar. The students displayed their creative skills in putting up original sketches, portraits along with brief write ups on chart papers. Ten

students worked on the Wall Magazine under the guidance of Prof Srimoyee Roy.

A wall magazine was prepared by the students of the Department (of both UG and PG sections) highlighting some key aspects of Romanticism (both Western and Oriental) which was put up on display on the first day of the two-day International Seminar (held as part of the year-long project Rethinking Romanticism). The students contributed sketches as well as articles. Twenty six students worked on the Wall Magazine under the guidance of Neetisha Jha (Faculty, Department of English).

Students' Seminar on Popular Literature

A Students' Seminar and Wall Magazine Project on Popular Literature was organized by the Department of English, The Bhawanipur Education Society College for B.A Semester III on 16th September 2019 from 10:30 a.m to 2:30 p.m. The seminar was conducted in four parallel sessions, simultaneously held in two classrooms. Each session was chaired by two teachers from the Department and concluded with questions and suggestions for the participants from the teachers as well as the other students in the audience. In all, the seminar comprised twenty three papers, including individual as well as group presentations from the students. The diversity of texts explored by the students included everything from defining Popular Literature to a critical analysis of Charles Dickens, Detective Fiction, Harry Potter, Welsh literature as well as Instagram Poetry. The Adventures of Tintin were analyzed by the students from various literary and theoretical perspectives. Children's literature and Children's classics such as Alice in Wonderland were revisited by the students as texts appealing to readers across diverse age groups. Even Popular Literature in vernacular languages was represented through papers on Abol Tabol and Felu da. In all, forty students presented papers at the seminar. As the seminar progressed, fifteen students worked in another classroom to prepare the Wall Magazine as a team. The entire work was completed by the team in the duration of the seminar and put up for display as the paper presentations concluded. The event was a great success as almost one hundred and ninety students from the Department registered for the event and attended the paper reading sessions. The participants were given certificates, seminar kits and refreshment by the College.



Students' Seminar on Popular Literature

Special lecture on American Literature

A special lecture on American Literature by Professor Sanjukta Dasgupta was organized by the Department of English, the Bhawanipur Education Society College on 30.09.2019 from 11.00 a.m. to 1p.m. for the students of M.A English and third year English Honours.

An eminent scholar, critic, poet and translator, Professor Dasgupta has her specialization in American Literature. A recipient of the British Council Charles Wallace Scholar grant, a Fulbright Postdoctoral Research Fellowship and an Associate Fellowship at the Indian Institute of Advanced Study, Shimla, Professor Dasgupta has taught at several foreign universities, for instance in Prague and Oxford, and was a visiting professor at the State University of New York in 2011.

Former faculty and Head of the Department of English, and also the Dean, Faculty of Arts,

Special Lecture on American Literature

University of Calcutta, Professor Dasgupta is presently the Convenor, English Advisory Board, Sahitya Akademi, New Delhi; President, Executive Committee, Intercultural Poetry and Performance Library at ICCR, Kolkata and a Visiting Professor, Jagiellonian University, Krakow, Poland (2018).

Her special lecture entitled 'The Evolution of American Literature' for the students at The Bhawanipur Education Society College traced the beginnings of American Literature from the 18th century, right upto the 21st century diasporic literature. Conversational and comprehensive, Professor Dasgupta's lecture familiarized the students with the diverse contexts, nuances and complexities involved in the understanding of American Literature. The lecture was a great success. It was attended by 92 students from the Department and was much appreciated by all of them. A record of the same has been maintained in the English Department.

Interview conducted at Marble Palace

As part of the year-long project Rethinking Romanticism, and as an extension of the Marble Palace field trip (which was organised in August 2019), on 6thJanuary 2020, two students from the PG section (Priya Chakraborty and Rashmi Baskey) accompanied by two teachers of the Department (Srimoyee Roy and Neetisha Jha) visited the Marble Palace to interview Mr. Bratindra Mullick (descendant of Raja Rajendra Mullick, one of the current residents of the palace). This interaction was facilitated to give the students a chance to put forward their queries and gain some insightful knowledge about the palace from someone who has had a personal and intimate association with the historical palace. The students wrote a piece based on the interview and included it in the Wall Magazine.

Rethinking Romanticism: A Seminar Series 2019-2020

The English Department of The Bhawanipur Education Society College organized Rethinking Romanticism: Looking through the Oriental Glass, a two-day international seminar on 10th and 11th January, 2020. It was the culmination of a year-long project on Romanticism (IQAC Approved) spanning from 2019 to 2020, organized by the Department of English of The Bhawanipur College in collaboration with Indo-British Scholars'

Rethinking Romanticism (International Seminar):

Association, Kolkata. The seminar was open to students, scholars, researchers and professionals based in Kolkata. The event was attended by eminent scholars and academicians from both India and abroad, and it offered an excellent platform for the exchange of ideas and opinions.

Rethinking Romanticism (International Seminar)

Re-Thinking Romanticism was inaugurated on 3rd March 2019 through a student's field trip to the Park Street Cemetery, St John's Church, St Paul's Cathedral and The Botanical Gardens. More than thirty students from the Department of English, The Bhawanipur Education Society College, participated in the field trip.

This was followed by a formal inaugural seminar on 19th March 2019. The seminar, titled Re-Thinking Romanticism – New Approaches to Romanticism, involved a collaboration between the college and The Indo- British Scholars Association (IBSA) and saw scholars such as Dr. Chidananda Bhattacharya from Rabindra Bharati University, Dr. Nishi Pulugurtha from Brahmnanda Keshab Chandra College, Dr. Sumita Banerjee from Loreto College and Prof. Neetisha Jha from The Bhawanipur Education Society College speaking on new perspectives and attitudes to Romanticism.

Rethinking Romanticism (International Seminar):

This ambitious year-long project on Romanticism sought to understand the relationship between the 'local' and the 'exotic' in representations in Romanic literature from the early 18th to the late 19th century. The principal objective of this erudite venture was to examine the counter-gaze of the Orient, especially India, on the various elements of European Romanticism. Rethinking Romanticism happens to be the brain-child of Dr. Suchandra Chakravarty, Teacher-in-Charge of The Bhawanipur Education Society College and Chairperson of the seminar series. She has been ably assisted by Professor Malabika Sarkar, Vice-Chancellor of Ashoka University and Chief Advisor to the project. Several field trips and a webinar involving the students of the English Department in 2019 acted as prelude to this event.

Rethinking Romanticism (International Seminar)

The first day of Rethinking Romanticism (10thJanuary, 2020) was inaugurated at 10 am in the presence of guest speakers, college faculty members and students. The welcome address was made by Dr. Suchandra Chakravarty. In a remarkable presentation, she spoke of the visual representations of foreigners on the temples and textiles of Bengal. Her talk was followed by a

special address by Professor Malabika Sarkar. Consequently, the day's plenary talk was delivered by Dr. Timothy Fulford, Professor of English, School of Humanities, De Montfort University (DMU), Leicester, UK. He presented an engaging paper titled Arctic Air: Romanticism, Science and Global Cooling, where he spoke of how there was a fruitful exchange of ideas between Early Romantic poets such as Wordsworth and Coleridge, and chemists such as Humphry Davy, each discipline shaping the other in subtle ways. The second floor auditorium of The Bhawanipur College came to be jam-packed with enthusiastic listeners as eminent professors and academicians of the city presented one engaging presentation after another. The paper presentations of the post-lunch session were chaired by Dr. Timothy Fulford and Dr. Sheila T. Cavanagh, Professor of English at the Emory

Rethinking Romanticism (International Seminar)

College of Arts and Science. The other speakers of the day included Dr. Sumit Chakrabarti (Presidency University), Dr. Saswati Halder (Jadavpur University) and Dr. Gargi Talapatra (The Bhawanipur College). The day was ably managed and anchored by the two convenors of the event, Ms. Sonal Kapur and Ms. Souraja Tagore.

At the beginning of the second day of the seminar

Rethinking Romanticism (International Seminar): Students' Presentation award

(11th January), the plenary talk was delivered by Dr. Julia Carlson, Associate Professor, Department of English, University of Cincinnati. Dr. Carlson's intriguing paper (Wordsworth and the Lake District: Cartopoetics) explored how the Lake District emerged as a space of patriotic fervour in British eyes through its cartographic depictions interspersed with Romantic poetry; these were as much aesthetic catalogues as travel guides. Distinguished academicians such as Dr. SandipMondal (HOD of English, Calcutta University), Dr. Anasuya Bhar (St. Paul's Cathedral Mission College) and Dr. NainaDey (MaharajManindra Chandra College) were present on the second day, and they shared their interesting insights on their respective topics with the audience. The penultimate event of the day was the prize-distribution ceremony for the students' seminar on Rethinking Romanticism which had been organized on the 8th of January, 2020. The presentations had been judged by a panel of veteran professors, namely Dr. Nishi Pulugurtha, Dr. Sraboni Roy and Mr. Debapriya Paul. Finally, the valedictory and the vote-of-thanks were delivered by Ms. Sonal Kapur. The end of the seminar saw an amenable mood of bonhomie

Rethinking Romanticism (International Seminar): Students' Presentation award

amongst the foreign scholars, the guest speakers and the students and faculty-members of the Department of English. Dr. Anasuya Bhar remarked, "I shall remember it (the seminar) for a long time for the excellent hospitality, gracious students and staff as well as such erudite papers."

What sets Rethinking Romanticism apart is its honest endeavour at portraying novel attitudes to the much-practiced discipline of Romanticism. Through this venture, the English Department of the Bhawanipur College has succeeded in collapsing both material and intellectual barriers among cultures as they have brought together scholars from diverse backgrounds on one grand platform. This has provided an excellent opportunity to their students to become acquainted with contemporary theories and research being carried out on Romanticism in the Continent. Apart from that, this year-long venture has become a search for the roots of the modern Indian life and culture, which was so strongly influenced and shaped by its contact with European ideologies in the 18th and 19th centuries. Rethinking Romanticism will be remembered as an embodiment of that noble virtue which is indispensable to every educational institute: to throw open new horizons before its scholars.

Literary Symposium:

An exploration into the realm of books and beyond

With a view to create an interface between creativity, imagination and potential through and beyond literary arts, the students and teachers of The Department of English had, for quite some time, been contemplating and planning the induction of a dynamic creative space and finally during the academic session 2019-20, the department achieved the objective through the institution of the Literary Symposium in the month of September, 2019. The Symposium comprises separate wings for the various UG and PG semesters/batches. Each wing consists of interested student members, two Teacher-Coordinators and two Student-Coordinators. The membership of all members, including that of the teacher-members is subject to the Symposium's well-formulated rules and regulations. Each wing of the Symposium meets once or twice a week for meetings and myriad activities, all of which are aimed at fulfilling the Symposium's motto to nurture, refine and express the potential of creativity and imagination within and beyond the pages of literature.

The Symposium consists of a total number of 102 students. Srijita Banerjee, Adrija Dutta, Ipsita Das, Shifa Jahan and Srirupa Mukherjea of the UG department have been selected as student-coordinators. All teachers of the department are advisory members of the Literary Symposium

Literary Symposium

however, each wing of the Symposium has two active Teacher Coordinators. The details are as follows:

Teacher Coordinators for PG wing	:	Ananyya Banerjee Souraja Tagore
Teacher Coordinators for UG wing	:	Soumyajit Chandra (Semester I/II) Srimoyee Roy (Semester I/II) Neetisha Jha (Semester III/IV) Sonal Kapur (Semester III/IV) Chitrangada Deb (Third Year) Neetisha Jha (Third Year)

In the current academic session (2019-20), Literary Symposium, through its various wings, arranged several activities ranging from Poetry and Book Reading Sessions to Literary Pictionary and Film Screening.The Symposium had also planned a number of subsequent activities such as staging of a play, debates and literary quiz. The members were also contemplating collaborative activities with other departments but before such plans could be initiated, the Covid-19 induced global health crisis and the resultant lockdown threw a spanner in the works. However, rising to the challenge, the members decided to continue with the Symposium activities online with certain conceptual and technical modifications.

Literary Symposium

Notwithstanding some initial disruptions and glitches in shifting and arranging for activities online, the members have succeeded in recommencing the Literary Symposium with renewed zeal and involvement and intend to welcome the new academic session 2020-2021 with the Symposium's first online activity on 1st July, 2020. The members have already held a couple of meetings to discuss and finalise the next few activities to be organised by the Symposium in the new academic session.

The details of the activities undertaken in the academic session 2019-20 are as follows:

Semester I/II Wing: *Film Screening of Dead Poets Society (1989)*

The Semester I/II wing of the Literary Symposium of the English Department held its first event on 10th December, 2019. The coordinators, Srimoyee Roy and Soumyajit Chandra, along with the members of the symposium, collectively decided that the opening event would be a film screening. The film chosen was Dead Poets Society. It was screened in room number 126.

It was a successful event which ended on a positive note; the film resonated deeply with the audience. The screening was followed by a discussion on the film and the questions it raised.

Semester III/IV: *Poetry Reading Session*

On 27th September, 2019, the Semester III/IV wing of the Literary Symposium organised its first event -a Poetry Reading Session- in Room No. 126 at which was attended by all its members. The event focussed on reviving and promoting love for poetry. The participants recited poems that were either their own creations or penned by renowned poets. The event went beyond language barriers and witnessed a multi-lingual recitation ranging from English, Bengali, Hindi, Urdu, Assamese, Odia, Spanish, Punjabi and German.The session proved to be an exciting experience for the members and marked the perfect inaugural note

for the Symposium. The entire event was video recorded by the Teacher Coordinator Neetisha Jha while Teacher Coordinator Sonal Kapur delivered the concluding vote of thanks.

Third Year: *Book Reading Session and Literary Pictionary*

On 29th November, 2019, Third Year wing of the Literary Symposium organised a Book Reading Session for its members. The members read out passages from their choice of books and letters. The event was convened by an attendee who volunteered to do so. While some of the members even read out their own stories, others read from Vernacular and World literature. The passages ranged from Harry Potter to Rabindranath Tagore's stories and drama. This was followed by a session of discussion on the books that were chosen by the members and other related topics. The amalgam of literary genres and multi-lingual literatures provided an excellent opportunity for the members to experience the cross-cultural creative and imaginative richness.

At the end of the event the date for the next event was decided as 23rd December, 2019. The entire event was conducted under the supervision of the Teacher Coordinators Neetisha Jha and Chitrangada Deb.

A game of Literary Pictionary was arranged on 23rd December, 2019, by the members. Two sets of paper chits were made, each of which carried the names of authors, texts, movements and even films and classic television series. Set A was prepared by Volunteer A and set B was prepared by Volunteer B. The members were divided into two groups A and B. Each member from both the teams had to pick one chit from a designated set of paper chits and explain the contents of the chits to his/her team members by drawing hints on the board. No member was allowed to speak while explaining the contents of the chits.

Literary Symposium (Book Reading Session)

Set A was given to Team B and Set B was given to Team A, so that the volunteer members could take part in the game as well. Each team was awarded a point for each name they explained. At the end of the game, Team A won by a single point.

The entire event was conducted under the supervision of Teacher Coordinators Neetisha Jha and Chitrangada Deb.

ONLINE EVENTS ORGANISED DURING THE LOCKDOWN:

The department of English organized the following online events during the lockdown period commencing from March, 2020.

Rabindra Jayanti 2020: PanchisheyBaishakh, 1427

This year, 'PanchisheyBaishakh' came with silent footsteps, not in the noise of celebrations, or in the crowd of the poet's votaries. Yet, more than ever before, the poet has been our companion in these times of distress and anxiety. This year the poet has been felt in the silence of our hearts. It was technology which joined the beatings of our hearts, and the results were manifested in the programmes which were put up by the different departments of The Bhawanipur Education Society College.

The teachers of the Department of English made a collage of videos with the aid of their colleague from the Department of Journalism and Mass Communication. It was not only their humble tribute to Tagore, but also, a presentation meant to

convey to their student how Tagore speaks to each one of them. Thus, Tagore the philosopher who could embrace pain in order to transcend them, the poet of freedom and humanity, the poet of the eternal child in the spirit of Man, the poet who saw the divine in the beauty of nature, all these aspects were presented through the readings, songs and dance presented along with brief comments by each teacher. The multilingual presentations reached out to even those students who are not Bengali speaking. The video, uploaded on YouTube (https ://youtu.be/207jJbUf400), was also uploaded on the Google Classrooms as a change from the usual study materials.

Rabindra jayanti: a presentation by the Students of the English Department, the Bhawanipur Education Society college

The Department of English, The Bhawanipur Education Society organized a webinar on the 14th of May, 2020, to celebrate the birth anniversary of Rabindranath Tagore. Despite being confined within their homes due to the prolonged COVID-19 quarantine period, many students of the department came forward with presentations that were compiled into a two-hour programme.

In all, 50 students sent in brief 3-5 minute videos of performances in advance. Pubarun Basu of UG Semester II compiled these videos. The presentation was made via screen-sharing on the Google Meet platform. Sulagna of PG Semester II was responsible for sharing the presentation on the webinar.

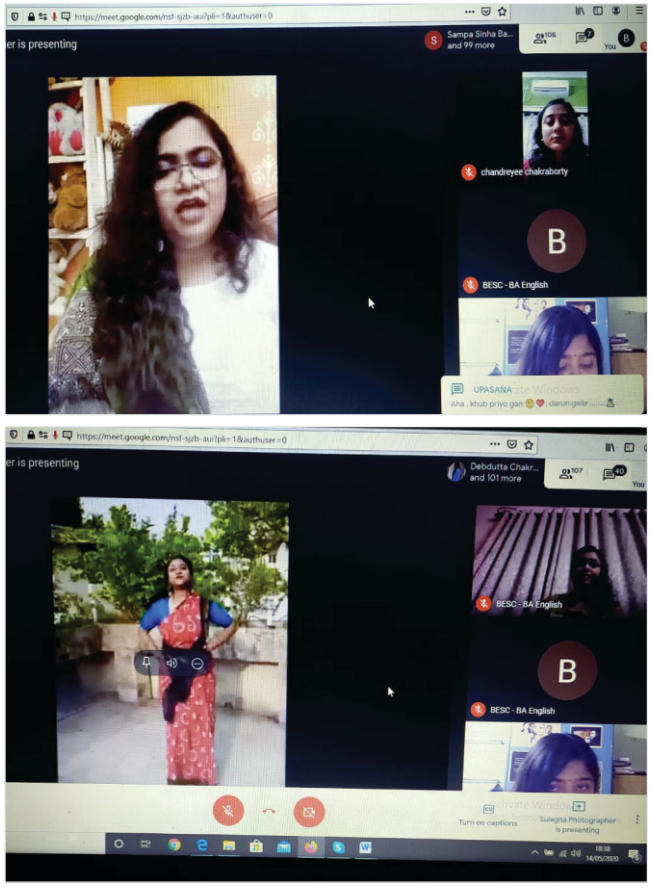
The performances, a total of 46, included dance, Rabindrasangeet, enactment, reading, and

[Poster prepared by Pubarun Basu (UG Semester II), Srimoyee Roy]

Rabindra Jayanti Celebrations

recitation by the students. They also contributed artwork and sketches.

The webinar began at 6 PM on Thursday. It was attended by the students and teachers of the English department. Other teachers of the Arts Department also joined this engaging session which had over 100 members as audience.



Rabindra Jayanti Students' Programme

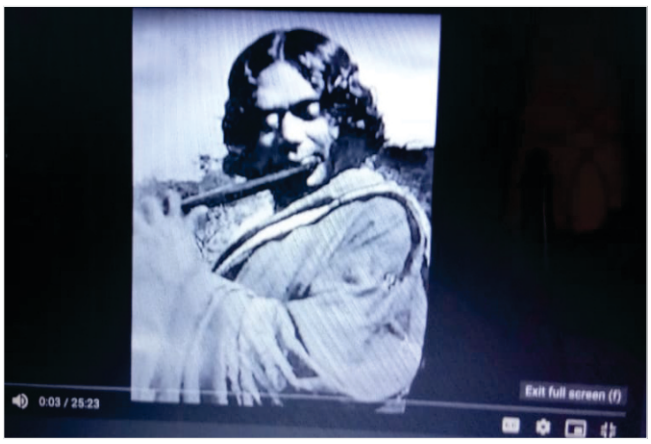
Rabindra Jayanti Students' Programme

The enthusiasm of the students and their appreciation for each other's work made the webinar a spirited, bright gathering.

Celebrating Kazi Nazrul Islam

The English Department of The Bhawanipur Education Society College arranged an online event to commemorate the birth anniversary of Kazi Nazrul Islam on 13th June, 2020. In the hour-long event, students from the English Department paid tribute to the great poet through music, dance and recitation.

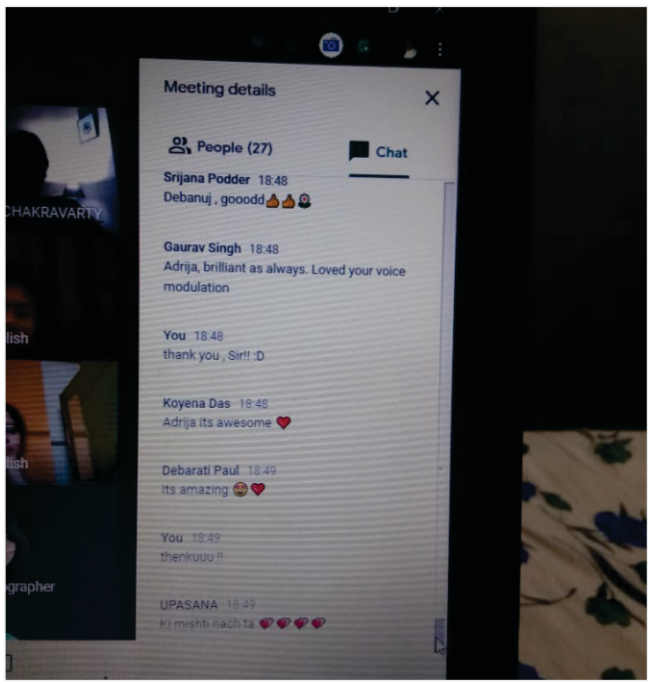
After the success of the Rabindra Jayanti webinar, students had shown interest in more such online cultural events, and the idea was readily welcomed by the department. Apart from the faculty and



Nazrul Jayanti

students from the English Department, faculty members from the other departments of the college were invited as well. The event was held on Google Meet and was attended by the teachers of the English Department, history department and 27 students.

Dr. Suchandra Chakravarty, Teacher-in-Charge of The Bhawanipur Education Society College opened the event with her welcome address at 6 pm on 13th June. It was followed by two segments of performance with a short interval in between. Presentations of 'Nazrul-geeti' were made by Srijana Podder, Soumyadipta Biswas and Dibyani Karmakar. Dance performances were made by Tanesia Ghose Dey, Shreya Hazra, Chandrayee Chakraborty, Abhishek Biswas, Koyena Das and Dibyani Karmakar. Recitations from the poetic oeuvre of Kazi Nazrul were made by Ankita Mukherjee, Debarati Paul, Debanuj Das Kanungo, Adrija Dutta and Prava Mondal. A mixed-medium



Nazrul Jayanti

art presentation was made by Amlan Chakraborty, Shreyan Mukherji, Sthitodhi Das and Sulagna Chakraborty.

Kazi Nazrul Islam was not only a great poet (the national poet of Bangladesh), but also a playwright, music-composer, actor, essayist and political critic. His avant-garde music and fiery poetry have earned him the epithet of 'Vidrohi

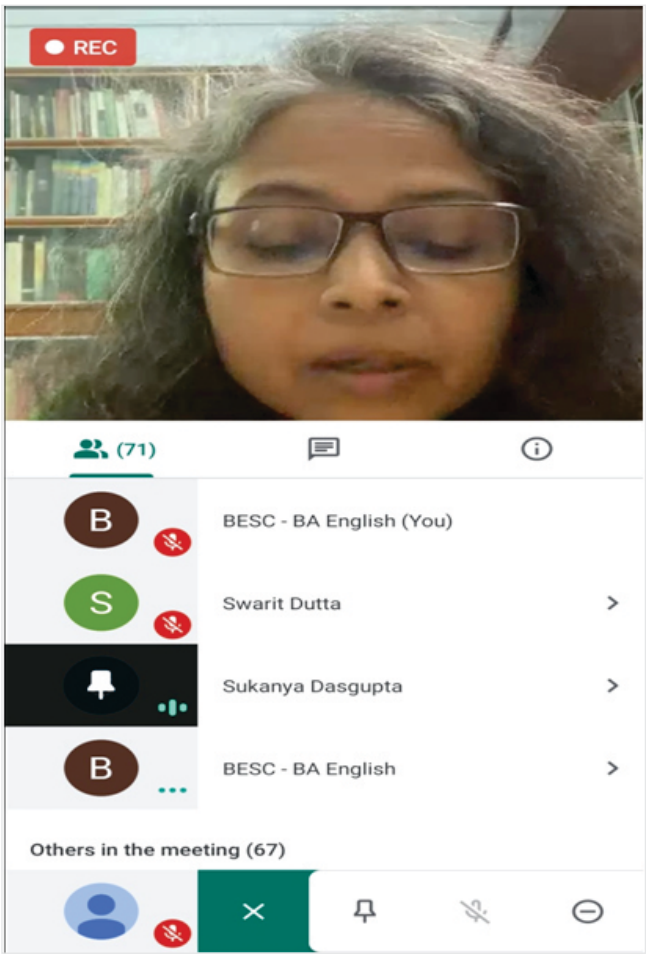
Kabi' or 'rebel poet'. Nazrul was aware of the endless potential of youth. Therefore, it is always relevant to allow young minds a degree of exposure to his work, so that they may emerge rejuvenated with strength and enterprise from the encounter. Nazrul has taught posterity that no obstacle is paramount, and therefore, revisiting his works in times of a pandemic is undoubtedly relevant. The online event was, amidst the gloom and pessimism all around, a ray of hope to many.

Writing in the Time of Calamities: A Reading Session

On 27th June 2020, an online reading session titled 'Writing in the Time of Calamities' (IQAC Approved) was organized by the English department of The Bhawanipur Education Society College in collaboration with its counterpart from Loreto College. The event was open to all the faculty members and students of the two colleges. Faculty members from other colleges were invited too. The session was organized on Google Meet. More than 70 people were present at the event, which included English faculty members and students from a multitude of colleges and universities of the city, including Presidency University, Techno India University, Basanti Devi College, Ashutosh College, Surendranath College, Shri Shikshayatan College, Heritage Institute of Technology and Naba Ballygunge Mahavidyalaya.

In light of the recent dual catastrophes of a pandemic and a super cyclone, Dr. Suchandra Chakravarty, Teacher-in-Charge of The Bhawanipur Education Society College decided to organize this online reading session. It was decided that in this event, English faculty members and students from both colleges would be reading out excerpts from literature based on the human experience of calamity, ranging from pandemics to natural disasters. This event was intended to make a difference in the current times when webinars are being widely organized by numerous academic institutions. It was meant to serve as a meaningful intellectual experience where academicians would get the opportunity to familiarize themselves with those great works of literature written in and about times of calamities.

The reading session commenced at 3pm with the inaugural addresses of the Heads of the respective colleges, namely Dr. Suchandra Chakravarty, Teacher-in-Charge of The Bhawanipur College, and Sister Christine, Principal of Loreto College. After this, there was an initial round of presentations made by the students of the English departments from either college. Raka Mukherjee, PG I English student from the Loreto College made the first presentation where she recited Fever 1030



Online Reading Session

by Sylvia Plath. The poem explored the rich imagery born of a fever-ridden mind. The second presenter was Drishti Shroff, UG Sem 4 English student from The Bhawanipur Education Society College. Drishti read out a creative prose piece of her own composition titled An Oasis in my Soliloquy. Her performance was followed by that of AkanchchaKhetry, PG II English student from the Loreto College, who read out some portions on the Great Fire of London from the Diary of Samuel Pepys. The final student presenter was Swarit Dutta, UG Sem 4 English student from The Bhawanipur Education Society College, who read out an excerpt from A Journal of the Plague Year by Daniel Defoe. The texts chosen by the student presenters explored the social and psychological ramifications of natural calamities.

Subsequently, it was the turn of the English faculty members from either college to deliver their respective performances. The round was opened by Dr. SukanyaDasgupta, Associate Professor of English at Loreto College, who read out an excerpt from Death in Venice by Thomas Mann. The audience got to hear lines from that significant juncture of the text when plague was spreading through the city of Venice and the authorities were refusing to acknowledge the existence of a fatal infection. Aschenbach, the protagonist, turns a deaf ear to it however, postponing his departure due to his love for the young adult Tadzeo. Dr. Dasgupta's performance raised the question: “what influence does a contagious disease have on the already 'diseased' brain of a lover?”

The next presenter was Ms. SonalKapur, Assistant Professor of English at The Bhawanipur Education Society College, who read out a short story by Rajinder Singh Bedi, whose title in English translation is Plague and Quarantine. Ms. Kapur read out an excerpt from the original Urdu story before moving on to the English translation. Bedi's short story captures with vivid detail the onset of plague in a north-western town of India, and its fearful consequences. One cannot help being reminded of several recent experiences in light of the pandemic, which include fear, secrecy, hesitation, apprehension, and mistrust for the system.

Subsequently, Ms.Sulagna Chattopadhyay, Assistant Professor of English at Loreto College read out several paragraphs from Oryx and Crake by Margaret Atwood. We come to know of the protagonist, Snowman, who survives in a post-apocalyptic world which had fallen prey to pandemic. Ms. Chattopadhyay's performance had all the refreshing verve of science fiction.

Finally, Mr. Tathagata Sen, Associate Professor in English at The Bhawanipur Education Society College read out from The Plague by Albert Camus. Mr. Sen successfully brought out certain facets of an epidemic experience, namely fear, disillusionment, ignominy and hedonism. The human race, in spite of its rationality, lapses into the most abject irrationality in the face of crises.

The presentations were followed by an interactive session where members of the audience not only made comments and observations, but also asked questions to individual presenters which led to extensive discussion on the current pandemic situation. The impact cast by the pandemic on different sections of the society, namely women, children, backward classes and the LGBTQ population was brought up. It was agreed unanimously that the relevance of pandemic literature lies in its cathartic role. In times where rates of suffering and disappointment run high, literature attempts to confront readers with artistic representations of their own mental

Nina Ghosh and AbhimanyuShaw from the Dept. of History, 3rd year presenting their Papers.

Porikshay Vidyasagar', Dr. Biswajit Ray and Dr. Joydeep Ghosh's papers were ***'Bhasa Bhabchen Vidyasagar'*** and ***'Vidyasagar: Tarka Padhyati o Yuktikrom'***.

An International Seminar on 'Partition: Memories and Texts'

6th, 7th and 8th February 2020

In his celebrated book 'Bharat Swadhin Holo', Maulana Abul Kalam Azad remarked," The country achieved independence. But before it's denizens should taste victory and freedom, they opened their eyes to discover the catastrophe that accompanied the historical event."

Indeed the atrocities of the partition of 1947 had instilled fears in the minds of those who had to bear the brutalities of the manmade disaster. It is no surprise therefore that this incident drove writers of great repute such as Sadat Hasan Manto, Ismat Chughtai, Sunil Gangopadhyay, Khuswant Singh, Hasan Ajjujul Haq, Samaresh Majumdar and most recently Amitav Ghosh to weave stories in the ambit of the cataclysmic event. These texts have gone beyond the boundaries of history and have brought in the notice of many the exodus that took place across frontiers in the mid-20th century.

Prof. Pabitra Sarkar of Rabindra Bharati University giving a speech during the Seminar

It is been close to 70 years and still the effects and repercussions of the partition are felt. The literary texts still appeal to the masses. Keeping in mind the relevance and pertinence of the event, bringing into light the vast literature of the contemporary period, the Departments of Bengali and History of the Bhawanipur Educational Society College along with the Departments of Bengali, Jadavpur University organized a Three Day International Seminar from the 6th of February, 2020 to the 8th of February, 2020. The venue for the event was the Second Floor Auditorium of the BES, College.

The Prologue Session of the Seminar began on the 6th of February, 2020. On the first day, there were three speakers namely, Dr. Debjani Sengupta, Professor, Department of English, IP College, New Delhi, Shri Shiblee Noman, renowned Journalist from Dhaka, Bangladesh and Shri Soumitra Dastidar, Film personality and Director. Prof. Sengupta presented her paper where she spoke about the presence of Bengali culture on the people of Tripura and took reference from the stories of Sunanda Bhattacharya.

Shiblee Noman who spoke after her spoke of the importance of the Partition on the youth of the two nations who have heard only stories of the incident but have not experienced them personally. He was followed by Shri Soumitra Dastidar who presented to us his film "Shimanto Akhyan" (Border Narratives). This film highlighted the idea that the two countries of India and Bangladesh could be separated by borders but not in spirit and culture.

The second day was the inaugural session which commenced with a song sung by Prof. Raktima Ghosh of the BES, College. The day progressed further with the welcome address of Dr. Suchandra Chakravarty, the Teacher- in Charge of the BES, College. The Vice Chancellor of Jadavpur University, Dr. Suaranjan Das also graced the occasion and he spoke about understanding the partition from not only the perspective of Bengal but also from the Pakistani side as well.

Though the panelists adjourned for a brief tea break they immediately came back to listen to the lecture of Dr. Barenda Mandal, Head of the

Suranjan Das, Vice Chancellor of Jadavpur University along with other respected Professors

Department of Bengali, Jadavpur University who spoke of the Partition in its historical context and tied it to the present scenario of India as well. This session was chaired by Dr. Rafi Killah Khan, Vice Chancellor, Sheikh Hasina University, Netrokona, Bangladesh. After the lunch break it was time for the second session of the day where both Dr. Sohini Ghose and Prof. Kavita Punjabi spoke about the different facets of the event. While Dr.Ghose stuck to the socio-economic aspect of the issue, Prof.Punjabi moved paths and her paper titled "The Problem of Forgetting against Memory", emphasised on the need to remember the happy and euphoric events attached to the Partition of 1947 over the grim and sad incidents.

The second day had set high hopes and the day started with the first session where Dr. Pabitra Sarkar narrated his paper titled "Desh Bhag: 'Bektigata Ebong Bisheshgata'". Prof Manankumar Mandal highlighted the stigma of partition through his discourse titled" Partition er Daag". After the tea-break it was the turn for Dr. Sarkar to chair the next session where Dr. Nandini Bashist and others participated. Following the lunch-break, the panelists again assembled with Sandip Bandopyadhyay, renowned columnist of Partition texts chairing the last panel. Dr.Anindita Ghoshal spoke about the case of Tripura and the impact of Bengali Language and culture on the people of Tripura while Shri Syad Abul Maksud narrated snippets from his paper titled "Deshbhag er Artha Samajik Patabhumi Ebong Sahitya Pratifalon".

The Three Day International Seminar came to an end when Prof.Tathagata Sen , I.Q.A.C Coordinator, the BES, College, delivered the vote of thanks to all the dignitaries who had assembled over the course of three days to make this seminar a success.

Apart from the lectures of these renowned scholars, there were also parallel sessions which were conducted on the 7th and 8th of February respectively where scholars and researchers presented their papers. These parallel sessions were chaired by important and eminent scholars like Bhaswati Chatterjee, Kuntal Mitra, Arpita Bhattacharya and others. The partition seminar also got recognition from the reputed Bengali daily 'Ei Samoy' in their 'Kolkattawali' segment on 8th February, 2020.

Online Celebration of Rabindra Jayanti during the Pandemic

Duration: 11 am – 1.30 pm

8th May 2020

The Department of History arranged its first ever virtual Rabindra Jayanti Programme on 8thMay, 2020 on Google Meet in the midst of a pandemic. Teachers and students participated in the cultural programme to offer their homage to the Nobel Laureate Rabindranath Tagore on his birthday.

The programme commenced with the inaugural words of the Head of Department, Ms. Piu Chatterjee and was followed by songs, recitations, paper presentations and dance performances. Mr. Anubhab Chatterjee (Sem II) and Ms. Srishti (Sem II) recited both English and Bengali renditions of 'Krishnakali.' This was followed by a paper entitled “Tagore – The Oceanic Voyager” by Dr. Rajarshi Chunder, an ex-faculty of Bhawanipur Education Society College. His paper explored one of Tagore's oceanic voyages in particular and his ideas about

Anubhab Chatterjee (Sem II) recited both English and Bengali renditions of 'Krishnakali'

Ex-faculty member Mr. Apalak Das performing during Rabindra Jayanti

travel in general. Another paper entitled "The (Anti) Nationalist Tagore" was presented by Ms. Nidhi Shukla, faculty of History Department, where she interrogated the vices Tagore recognized of the evils of nationalism and how robust initiatives by civil society organizations can act as a useful corrective to the excesses of state.

Ms. Disha Chatterjee (Sem. 2) and Ms. Neena Ghosh (UG-III) performed to the songs penned by Tagore on a virtual forum. The program was made musical by the mellifluous voices of our student Pritam Mistri (Sem 2) and faculty members including Mr. Aviygan Banerjee, Ms. Kahini Ghosh, Ms. Raktima Ghosh (Dept. of Geography), Ms. Sayantani Maitra and ex-faculty member Mr. Apalak Das.

Faculty members from the Departments of Geography, Bengali, Political Science and English joined in to be a part of the show. The entire programme continued for three hours (11 am-2 pm) and ended with a vote of thanks from Ms. Paramita Chakrobarty.

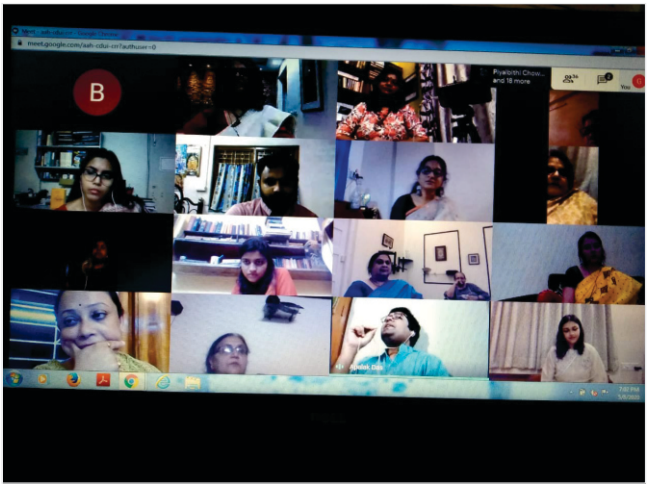
Online Celebration of Rabindra Jayanti during the Pandemic (Faculty of Arts)

Duration: 6.30P.M – 8.30P.M

8th May 2020

The Arts Section of the Bhawanipur Education Society College arranged its first ever virtual Rabindra Jayanti Programme on 8th May, 2020 on Google Meet in the midst of the pandemic. Teachers and students participated in the cultural programme to offer their homage to the Nobel Laureate Rabindranath Tagore on his 159th birth anniversary.

The programme arranged under the auspices of the Department of Bengali, commenced with a few words by the Vice Principal, Ms. Debjani Ganguly and the Teacher-in-charge Dr. Suchandra Chakravarty. This was followed by songs and recitations by both teachers and students.



Rabindra Jayanti Celebration

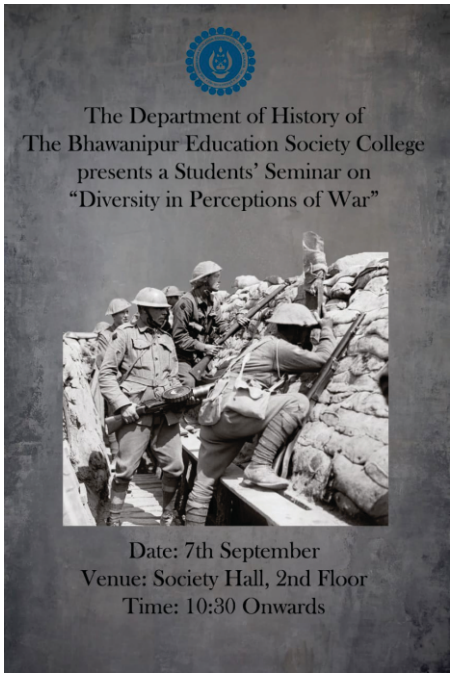
Members of the Department of History including Mr. Avigyan Banerjee, Ms. Kahini Ghosh, Ms. Sayantani Maitra and Mr. Apalak Das (ex-faculty) participated to enliven the cultural programme.

B) Student's Seminar/Webinar

Student's Seminar on 'Diversity in the Perceptions of War' organised by Department of History

7th September 2019

The Seminar was dedicated to the students of Department of History, The Bhawanipur Education Society College and a wholehearted participation of the students mostly from second



Nina Ghosh and Disha Chatterjee presenting their paper.

and third year was found. The other students in the audience listened with rapt attention. Two students from the final year Nina Ghosh and Abhimanyu Shaw were awarded. The Seminar took place at the Society Hall and all the faculty members from Department of History were present.

C) Invited Lectures

Arnab Das, a student of second year, presenting his paper

Invited Lecture by Prof. Debadyuti Banerjee, Associate Professor of Scottish Church College

9th September 2019:

Professor Debadyuti Banerjee enlightened the students on Sufi and Bhakti movement which is also part of new CBCS curriculum for Semester III students.

Invited Lecture by Prof. Malini Bhattacharya, retired Professor of English and former Director, School of Women's Studies, Jadavpur University. She is an Indian Politician belonging to the Communist Party of India (Marxist).

During the session of Student Seminar, presence of TIC and VP

Topic: Significance of Court Verdict on the Historical Sites

22nd January 2020

Prof. Malini Bhattacharya discussed on the importance of Historical sites in matters of court verdicts. Professors as well as students from other departments were present and her interesting lecture transpired an active interaction

Field Trip

Field Trip: To Archive and Museums

Trip Duration: 10 a.m to 6 p.m

8th November 2019:

This trip to the Indian Museum and the West Bengal State Archive was a compulsory trip for the students as part of their new SEC or Skill Enhancement Course. The trip was a success and saw maximum numbers of students in attendance. For most of the students, exploring archive was their first experience and they were thrilled by the day long activity. The staff of the Archive gave the students a demonstration of all sorts of archiving methods and the latest technologies and

THE HERITAGE SOCIETY
2019-2020

The major objectives of 'The Heritage Society' is to create awareness amongst the students about the built heritage in their city and to rediscover it. Every year, the Society holds a number of walks or surveys in order to make students learn the art of documentation and discovery of Kolkata's rich cultural heritage. At the beginning of the year, the students and teachers started the task of trying to document the historical and heritage sites of Bhawanipur, which involved rigorous surveys and library visits. The society had completed a part of the survey work. With the outbreak of the COVID-19 in the middle of March, the survey and library work had to be suspended. However during the lockdown, the students have been able to write down their survey findings in the form of chapters, with the help and guidance of the teachers of Heritage Society. These chapters will be compiled in the near future as a publication. The team as a whole has met and debated on the writing styles and framework to be followed as well as decided on how to complete the work in the post-Covid situation.

15	10	5	23

The 'Heritage Society' strives to create an awareness amongst the students about the city's history and heritage through walks or surveys at various different parts of the city. This year the teachers of the Society (History and Geography Department) decided to start a small student project to unearth the history and heritage hidden beneath the lanes and by lanes of Bhawanipur. Various short surveys have been undertaken by the students guided by the teachers where residents of some houses were interviewed. Interesting ethnic composition within the locality got reflected as the

Marking out the sites on a Google Earth Map

students discovered about an old heritage church, a bathing ghat along the Adi Ganga which had witnessed a Suttee, 'All Souls' Day' at the Bhawanipur Cemetery and the birthday celebrations of Guru Nanak by the Sikh community in the Sant Kutiya Gurudwara all located within a few kilometres of one another. Archival evidences were dug up about the area, which housed Netaji Subash Chandra Bose, film

maker Satyajit Ray and the silver screen star Uttam Kumar. A number of memories of the residents in the locality were documented which will be compiled into a publication about Bhawanipur's history and heritage.

Mr. Rangan Datta, blogger and heritage enthusiast and Dr. Debangana Bose of the University of Maynooth, Ireland are acting as external advisors. Students have been trained in interviewing, transcribing and compiling chapters for the project. The survey work has been carried out in a number of phases between August 2019 to February 2020. Compilation and chapterisation was carried out from March 2020 to June 2020. This is an ongoing work.

DEPARTMENT OF GEOGRAPHY
2019-2020

Part A

Special Lecture at the Department of Geography held on 18.9.2019

Total Number of participants	Total Number of Students	Total Number of Teachers	External Expert
12	10	2	1

The Department of Geography of the Bhawanipur Education Society College, Kolkata, organised a Special Lecture on 18th September, 2019, at room no. 532 (Geography Laboratory). The lecture was delivered by Mr. Sayanangshu Modak, Research Assistant at the Observer Research Foundation (ORF, Kolkata). Mr. Modak chose a relevant topic entitled **"Challenges of Water Governance and Integrated Water Resource Management (IWRM)"**. 10 Students of both 1st Semester and 3rd Semester actively participated in the event. Mr. Modak tried to incorporate and instil the views of how water can be viewed as a holistic entity rather than a separate variable and how sustainable usage of water is important for its preservation for the future. He also emphasised on the Governmental programmes and policies that aim at judicial use of water resources. Students interacted with Mr Modak and asked him various questions related to the topic which were answered by him in the interactive session at the end of the Lecture.

DEPARTMENT OF COMMERCE (UG & PG) 2019-20

The UG (Afternoon & Evening) and PG departments of Commerce are both enterprising and dynamic sections of the college. Manned by committed erudite faculty members, these departments pay keen heed to students' needs and aspirations. The departments also have guest faculty members who bring in with themselves industry expertise to facilitate commercial and management know-how. Over the years, the departments have been excelling in providing conducive teaching-learning experience along with first rate counselling to make way for constructive orientation.

2019 was no exception. Seminars, activities, events and industrial visits provided students with just the right exposure to take on the world as 'Global Citizens'.

Faculty members strive unremittingly to make a student's experience enriching and most satiating not only by providing insightful perspectives to their prescribed curriculum but also by mentoring them- round the clock.

Unfortunately, this year (2020) all endeavours were brought to a startling halt as the pandemic befell mankind. Despite the limitations that this unprecedented pandemic brought in its wake, the college managed to ensure continuity of education by providing top notch technical support to teachers and students alike. With teachers uploading study materials on Google Classroom right from day one of the lockdown, a rift between students and education was never created. Soon online classes commenced on different platforms so prescribed modules could be taken forward.

Also, during this extended period of lockdown, faculty members of the UG (Afternoon & Evening) and PG, Department of Commerce, have been attending a number of webinars, workshops and faculty development programs to enhance proficiency. They have been prompt in adapting to the new normal and extending professional as well as emotional support to students in these trying times.

Following are the events and activities for the Academic Year 2019-2020:

National Conference on Paradigm Shift in the Market Forces in the Indian context – Impact on Marketing, Accounting & Finance, Strategic HRM, Operations and Supply Chain Management - A Report

A Two-Day National Conference A Two-Day National Conference on “Paradigm Shift in the

A Two-Day National Conference

Market Forces in the Indian Context – Impact on Marketing, Accounting & Finance, Strategic HRM, Operations and Supply Chain Management" was held in the Jubilee Hall of the college on July 5 & 6, 2019. The seminar was organised by the Department of Commerce (UG & PG), Department of Business Administration of the college in collaboration with Indian Institute of Social Welfare and Business Management (IISWBM), Kolkata. The thrust of the seminar was on creating a platform for spontaneous interaction between the intelligentsia and industry experts to explore new possibilities and interpretations. The conference brought together academicians and industry experts to a common forum where the spotlight was not only on the prevalent practices but also on prospective headways in business management. Keynote speeches by stalwarts from academics and industry became the cynosure of the conference. There were thought provoking deliberations that provided deep insight on the recent developments in the fields of Accounting and finance, Marketing, Strategic Human Resource Management, Operations and Supply Chain Management.

The conference commenced with the opening address by Dean of Student Affairs Mr. Dilip Shah followed by the welcome address by the Teacher-in-Charge Dr.Suchandra Chakravarty. The Director General, Dr. Suman Mukerjee also addressed the august gathering in the presence of Rector Dr. S.K. Dan, Convenor Dr.Binoy K. Chowdhury and Convenor Mr. Saspo Chakraborty. The Plenary session was chaired by Prof. (Dr.) Rajagopal Dhar Chakraborti (Director, IISWBM) followed by the keynote address by Dr. Prashant Mishra (Dean, NI & ER, IIM-C). This was followed by four technical sessions.

During the panel discussion panellists engaged in an exhaustive discourse on 'The Changing face of HRM and Marketing'. This session was moderated by Dr. Suman Kumar Mukerjee with eminent panellists Dr, Sanjay Patro (Professor, XLRI), Dr. Prashant Mishra (Dean, NI & ER, IIM-C), Dr.Rajib Dasgupta (Professor, Department of Commerce, University of Calcutta), Ms. Rajrupa Chakraborty (Former HR head, Netscape India), Mr, Anand Nair (Regional Sales & Marketing Manager, East, at ITC Hotel).

The first technical session was chaired by Dr. Sanjay Patro (Professor, XLRI). In this session Dr. Mohua Banerjee (IIM, Kolkata) enlightened the audience with a discussion on marketing. The second technical session was chaired by Dr.Soumitra Kumar Mallick (HOD, M.Phil& Ph.D. IISWBM). In this session Mr. Sujyoti Mukherjee (Vice-president – Finance and Accounts, Berger Paints) highlighted changes in Tax regime and Behavioural Science. The third technical session was chaired by Dr.Gairik Das (HOD – MRM, MDP & Business Projects, IISWBM) which addressed HR metrics and Talent Analysis, Artificial intelligence, Big data and gender stereotyping in Strategic Human Resource Management. The fourth technical session was chaired by Associate Professor, IISWBM Dr. Jayanti De. In this session, Mr. Prabir Kumar Mitra addressed the utility of Behavioural Operations Management, intersections of Human Resources, supply chain decisions, optimisation models, logistics and analytics. Apart from these technical sessions a Poster presentation competition took place and was judged by Dr.Tridib Sengupta.

The conference concluded with the valedictory session chaired by Dr. J.K. Das (Professor, Department of Commerce, University of Calcutta). Dr. Ashish Kumar Sana summarised the session in the presence of the Teacher-in-Charge Dr.Suchandra Chakravarty, Convenor Dr.Binoy K. Chowdhury (IISWBM) and Convenor Mr. Saspo Chakraborty (BESC). The session concluded with a Vote of Thanks by IQAC Coordinator of The Bhawanipur Education Society College, Mr. Tathagata Sen.

This conference received considerable response from students, research scholars and faculty members both from within and without the college. Several papers were presented by faculty members. This national conference, organised by the joint organising secretaries Mr. Saspo Chakraborty and Dr. Tridib Sengupta, was exceptionally rich in academic and research-oriented discourse.

Webinar organised by the Department of Commerce UG (Afternoon & Evening) & PG held on June 16, 2020

A webinar on "Socio- Economic Impact of COVID-19 in India and its Revival Strategies" was organised on June 16, 2020 (Tuesday) from 3.30 pm to 5.00 pm by the Department of Commerce of The Bhawanipur Education Society College on an online platform. The students of the Post-graduation section of Commerce and the faculty members of The Bhawanipur Education Society College participated in the webinar. Prof. Biswajit Mondal, Associate Professor, department of Economics & Politics, Vice Principal and Deputy Dean, Vidya Bhawan, Vishva- Bharati University and Dr.Saswati Chaudhuri, Associate Professor of Economics, St. Xaviers College, Kolkata delivered the keynote lecture.

The welcome address was delivered by Ms. Paramita Chakravarty, Coordinator, Department of Post-Graduation Commerce, The Bhawanipur Education Society College.

While delivering his lecture on "International Migration", Prof. Biswajit Mondal highlighted the challenges of International Migration during this time of COVID-19. The session brought an insight into the factors of Migration, theorem on factor prices equalisation, community production etc. He also discussed how COVID 19 should pave the way for peer to peer lending solutions for the companies.

Dr.Saswati Chaudhuri delivered a lecture on "Valuation of Trust and the Pandemic." It was a case study-based presentation. She discussed how evidence based public policy is the need of the hour. She also discussed the dynamics of infection on social and economic context. Her discussion threw light on how some countries like Romania and some East European countries are better equipped to combat COVID 19 than other countries like Italy, France etc. She also discussed the means for measuring trust between the people and the government.

The question and answer session was conducted by Dr. Dyuti Sinha, where queries of participants were addressed by the resource persons.

The session concluded with a Vote of Thanks by Ms. Dipannita Chatterjee, Post Graduate Department of Commerce, The Bhawanipur Education Society College.

There were over one-hundred and fifty participants who were enlightened by the valuable speeches of the keynote speakers.

Department of Commerce (UG)

Afternoon & Evening Section

STUDENTS' SEMINAR

Semester I and III students of Commerce (Afternoon and Evening section) showed much fervour and avidity in preparing for the students' seminar that was held over the month of September in 2019. They were divided into teams by their respective mentors. Each team came up with a unique power point presentation on topics from their syllabus under the University of Calcutta.

Certificates were awarded to all presenters as a gesture to encourage more zeal and keenness for such future endeavours.

Industrial Visit to S.A. Exports, Marine Division, Rajarhat by Department of Commerce (Afternoon and Evening Section) on 14-09-19

An industrial visit was organised for B. Com Semester III students (A1 and A2) on the 14th of September 2019.There was overwhelming response from the students. Around 50 students were taken to the industrial site at Kamduni, Rajarhat by five faculty members. The programme

Industrial Visit to S.A. Exports, Marine Division, Rajarhat

was remarkably interactive by virtue of which the knowledge of the students was enriched. They were enlightened about various issues associated with import and export of sea-food products. They got an opportunity to see the entire manufacturing process right from procurement of raw materials to the despatch of goods for export. They also gathered a fair idea about pisciculture and the significance of quality standards to reach out to the

experts of Metropoli Fashions Pvt. Ltd. finished products-everything was rendered understandable. To the surprise of students, they found that despite the use of sophisticated machineries, the industry was highly labour intensive. They also got an opportunity to inspect notices, circulars and instructions on display at the factory premises, which revealed to them, the labour laws, security regulations. Students and Faculty members at Metropoli Fashion Pvt. Ltd. were acquainted with mechanisms and other labour redressal forums applicable in the factory.

Industrial Visit to Wow Momo Factory on 21-12-2019

On the 21st of December 2019, the students of B. Com Evening Section, Semester I, were taken on an Industrial Visit to WOW MOMO Factory unit at Jadavpur. They were accompanied by faculty members, Atreyee Ganguly, Dipankar Bhattacharjee, and Souvik Chakraborty. The students were taken to the manufacturing, sales and processing units. They had an opportunity to see how a small infrastructural unit could be transformed into a large entrepreneurial effort in reaching out not only to the whole of West Bengal but also beyond. They gathered experience over the

Ms. Atreyee Ganguly felicitated representatives of WOW Momo

entire food processing of momos, i.e., how they were prepared, packed and despatched in the most hygienic manner. The boys also interacted with the staff and employees, which contributed in enhancing their life skills. Last but not the least; they were offered food coupons for which their joy knew no bounds.

Department of Commerce (PG)

Celebration of International Accounting Day, Extension Lecture and Students' Seminar

Venue: Society Hall

Date and Time: 9th December, 2019; 12 PM onwards

The Post Graduate Department of Commerce, The Bhawanipur Education Society College celebrated the International Accounting Day which was on the 10th of November by organising a one day extension lecture and students' seminar on December 9, 2019 under the able leadership of the coordinator of the department Ms. Paramita Chakravarty. The event was executed successfully by Mr. Devdip Mal as Organising Secretary.

Post Graduate Department of Commerce celebrating International Accounting Day at 2nd floor auditorium.

The keynote speakers were Prof. Amalendu Bhunia, Professor, Kalyani University and Prof. Pradipta Banerjee, Professor and Head of Department of Commerce, Sidho-Kanho-Birsha University, Purulia.

In the first session, the welcome address was delivered by Mr. Devdip Mal, and the opening speech by Saket Mohta, Student of semester III, followed by an invitation to the keynote speakers by Ms. Paramita Chakravarty to take the dais while the students of semester III felicitated both guests.

Prof. Pradipta Banerjee delivered his lecture on the very contemporary topic "Carbon Trading Accounting". Prof. Pradipta Banerjee has a teaching experience since 2003 and has more than 15 publications. He has been a life member of Social Science and Humanities Research Association, INSPIRA, Indian Accounting Association, Indian Commerce Association. He has reviewed 11 articles and edited several books and journals. His topic for the seminar was *"Carbon Credit Accounting: - Some issues with special reference to India"*. This subject has been a burning issue not only in India but also throughout the world. Prof. Banerjee's content was rich in data from secondary sources. Prof. Banerjee discussed how carbon credit accounting is done at International level and the students took a great interest in learning a new area in Accounting and Finance.

In the second session, Prof. Amalendu Bhunia delivered a lecture on a comparatively new area of Accounting and Finance. Prof. Bhunia has a wide area of research interest covering Finance, Accounting, Taxation and Financial Econometrics. He is an eminent researcher and is the recipient of 'Best Research Paper Award'. He has more than

Resource persons and faculty members of Post Graduate Dept. of Commerce

900 citations in all and has published 106 papers in National and International journals and authored 8 books on Liquidity Management, Auditing and stock market. He has been the founder member and Editor in chief of American Journal of Theoretical and Applied Business and Associate and currently he is serving as editor member of editorial board of 55 national and international journals. His topic on the seminar was on *"Behavioural Finance: - How women in West Bengal are behaving nowadays"*. Prof. Bhunia's discourse was highly informative and contained primary data and surveys of more than 2000 samples from West Bengal. His extensive and intensive groundwork laced with intricate analysis motivated the students to take up research work after the completion of Post-Graduation, to a great extent.

After Prof. Bhunia's session, he chaired the session which was presented by the students of Post Graduate department of Commerce. There were seven presenters from the two batches i.e. semester I and III in all. There were three papers from the third semester and four papers from the first semester. Prof. Bhunia also evaluated their papers and put forward his valuable suggestions for further upgradation of contents and improved presentation in seminars.

As per Prof. Bhunia's evaluation, the prize for the best paper was awarded to Saket Mohta of semester III on the topic "Contemporary Issues in Accounting and Finance". There were two joint best papers from semester I - one on "Impact of GST on clay idol making- study on Kumartuli" presented jointly by Ms. Sukanya Dey, Bishal Das and Dhruv Singh and the other was on "Merger in Banking Sector- A case study on State bank of India" presented jointly by Harsh Seth, Mohit Gupta, Saumya Pradhan and Yash Paunikar.

Presenters of the 'Best Paper' were awarded certificates and prizes. All the students who presented at the seminar received the certificates of appreciation. All other students who had participated in the seminar received participation certificates. The session concluded with a vote of thanks by Ms. Dipannita Chatterjee.

Charity Work on the occasion of Christmas Eve

Venue: Elgin Road (beside The Bhawanipur Education Society College campus)

Date and Time: December 24, 2019 from 5 PM onwards

All the students of Semester I of Post Graduate Dept. of Commerce, under the able guidance Ms.

Distribution of goodie bag

Contents of goodie bag

Semester I Students, teaching and non-teaching staff at charity drive

Distribution of goodie bag

Paramita Chakravarty, Coordinator, Dipannita Chatterjee and Devdip Mal, full-time faculty members had arranged for a charity drive for the under privileged people around The Bhawanipur Education Society College campus on the eve of Christmas during college hours. They were duly assisted by Sujay Samanta, non-teaching staff.

The students had very thoughtfully and enthusiastically arranged for 50 packs- each containing one warm blanket, snacks, biscuits, fruits, chocolates and toffees, a bottle of soft drink, and a toy for children. Around 5 pm on the 24th of December they went around the locale with the cooperation of teaching and non-teaching staff. Very affectionately they distributed the goodies to 50 under privileged people and children. Their enthusiasm was on a watchable high. The altruistic disposition of our students not only made the less fortunate happy but also made them feel special on the eve of Christmas. The smiles on their faces brought with it true contentment in the hearts of students and faculty members alike.

Red Carpet – A farewell Ceremony

Venue: Jubilee Hall

Date and Time: August 19, 2019; 5 PM onwards

The semester III students of the Post Graduate Department of Commerce, The Bhawanipur Education Society College organised "Red Carpet"- a farewell ceremony at Jubilee Hall for the batch of 2017-19 on 19th August, 2019 from 5 in the evening.

Dr. Suchandra Chakravarty, Teacher-in-Charge; Ms. Paramita Chakravarty, Coordinator of Post Graduate Dept. of Commerce, Devdip Mal and Dipannita Chatterjee, CWTT of the Department and all other Guest Faculties of the Department

The memento gifted to the post graduate dept. of commerce by the outgoing students (Batch 2017-19)

and teaching staff had graced the occasion. The programme was inaugurated by Dr. Suchandra Chakravarty preceeded by an affectionate welcome address by Ms. Paramita Chakravarty. Thereafter the dais was handed over to Syeda Famia Alam (Semester III student) and team- organisers of the event. The programme was anchored and conducted by Saket Mohta, Disha Bhattacharya and Suman Das, students of Semester III. The memorable evening saw a myriad of events like

Teachers with the outgoing students of Batch 2017-19

Ms. Paramita Chakravarty cutting farewell cake with her beloved students

dance performances, tricky games, talent hunt activities followed by ramp walk, riddles and many more. Our beloved outgoing students, the present students as well as the teachers of the department also participated in the ramp walk. The organising team presented some awards to their outgoing seniors in the form of Mr. and Miss. Farewell, Best Dressed (Male and Female). The outgoing students

presented a memeto- an exquisite photo frame with collage work to Paramita Ma'am as a token to cherish memories. Thereafter, Ms Paramita Chakravarty gave a motivational speech for the outgoing students with a choked voice and wished them prosperity for the future.

Celebration of Teachers' Day

Venue: Room No. 435

Date and Time: September 5, 2019; 5PM onwards

All students of Semester I and III together celebrated Teachers' Day on the 5th of September from 5 in the evening. They invited Ms. Paramita Chakravarty, Coordinator of Post Graduate Dept. of Commerce, Ms. Dipannita Chatterjee and Mr. Devdip Mal, full time faculty of the department, all

Teachers with their students on Teachers' Day

Teachers cutting cake on Teachers' Day

current guest faculties and non-teaching staff. Besides the regular faculties, Dr. Anish Kumar Dan, Dr. Palash Bandyopadhyay, Dr.Basab Sil, Ms. Srirupa Ray, Ms. Sreemoyee Guha Ray, Dr.Bidyut Kumar Basu, Mr. Rahul Sarkar, Mr. Sudipta Chakraborty were present among the guest faculties.

The joyous occasion commenced with a beautiful dance performance by three students of Semester III. There were various other performances that included singing, recitations and acting. Students had also arranged for interesting games. Everyone participated alike in the programme. Tokens of appreciation were arranged by students as keepsakes of love and respect. Teachers were all overwhelmed at the end of the programme with the warmth of affection that students showered on that

Teachers present on Teachers' Day

very special day. The programme was concluded with refreshment, love and laughter.

Fresher's Welcome: - Masquerade party

Venue: - Jubilee Hall

Date and time: September 30, 2019, 5.00 pm onwards

Students of Semester III 2018-2020 batch had organized an entertaining event on September 30, 2019 for welcoming the new entrants to the department. The programme was held in Jubilee Hall on the 6th floor of the college. The students of semester III not only planned the programme enthusiastically but also executed it impeccably. College whole time teachers Ms. Dipannita Chatterjee and Mr. Devdip Mal also extended help for smooth execution of the programme.

The programme started at 5.00 pm. All faculty members from the department of Post-Graduation were present in the programme. Ms. Paramita Chakravarty inaugurated the programme by delivering a very inspirational speech to the new batch of students. The college full time faculty members of the department of post-graduation were also present. The guest faculty members of

Team Post Graduate Dept. of Commerce at Freshers' Party

Freshers' batch 2019-21

the department – Dr.Basab Kumar Sil, Dr. Palash Bandyopadhyay, Dr. Anish Kumar Dan, Prof. Sangita Roy, Ms. Srirupa Ray, Mr. Rahul Sarkar, Mr. Bidyut Kumar Basu graced the occasion too.

The students performed a dance routine in group as well as individually. There was a skit organized by the semester III students. The first-year students were also encouraged to showcase their talent in the programme. Senior students had organized some fun games for their juniors. There were prizes for Mr. and Miss Freshers and many more. Tokens of appreciation were given to teachers and non-teaching staff on this special occasion. The programme concluded with a DJ night, which the students thoroughly enjoyed. The programme extended till 8.30 pm followed by dinner sponsored by the college for the students of both the batches and the concerned faculty members.

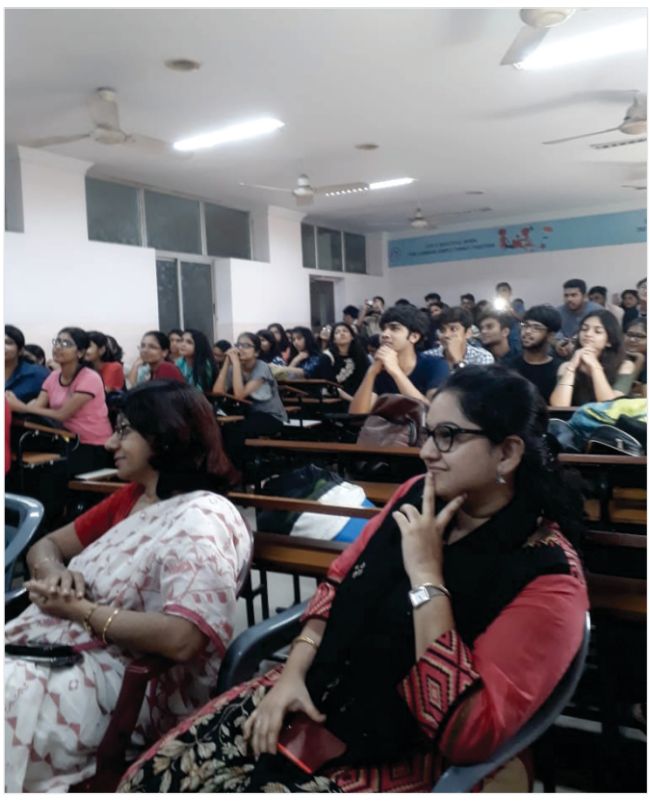
DEPARTMENT OF ECONOMICS
2019-2020

Departmental Events

1. Academic - Students' Seminars

The Economics Department conducted students' seminars on a regular basis every week on Tuesday and Friday in the months of August and September, 2019, to give the students of all the semesters the opportunity to share their knowledge and the exposure to present in front of a large audience. In each semester, the students were divided into groups comprising three students and each group was assigned a relevant topic to prepare and present



Students' Seminar_Ongoing Session

in front of the rest of the class and the five faculty. It was a very enriching experience for the students as they could share their thoughts with the faculty and class and, also, rectify their deficiencies.

2. Field trip

An educational tour to the Dooars region of West Bengal was organized from 18th February, 2020 to 22nd February, 2020. Three faculty members and fifteen students from the department took part in the trip. Dooars, with its strategic location, rich wildlife biodiversity, flourishing tea industry, one of the foremost hydroelectric projects of the nation, its tropical forests, provides with a plethora of educational

opportunities to be explored. This trip proved to be extremely relevant for our students and faculty, coming from varied disciplines of Science, especially for the wide range of places and hence the large diversity of educational interests inculcated in Dooars.

The tour thoroughly explored the following places, which was a rich learning experience and, also provided a reservoir of information for all the disciplines involved:

a) ***People's Public Shishu Shiksha Kendra:*** The tour started with a visit in a primary Shishu Shikha Kendra located in Murti, Dooars. The students got the opportunity to interact with the kids of the school with lack of basic facilities. The students also have shown interest in playing with the kids of the school and have

Field trip to Shishu Shiksha Kendra_Dooars

donated some stationeries and food to the kids and brought a smile on their faces. It was an eye opener for our students that how these kids are growing up in spite of all the difficulties faced by them and their parents.

b) ***Jaldhaka Hydro Power Project*** – Located on the river Jaldhaka at the Indo-Bhutan border, it is one of the most important hydroelectric projects of India, having a total power production of 36.9 MW. The West Bengal State Electricity Distribution Company Limited (WBSEDCL) Authorities approved our appeal to visit the power plant and cooperated in all aspects. It was a real experience for the visiting

Field Trip to Jaldhaka Hydel Power Plant_Dooars

team to actualize the mechanics, functioning and financing of this hugely important project of our country.

c) ***Bindu Dam*** – The dam used for power generation by the Jaldhaka Hydel Power Projectis located at Bindu Village, 7 kms away from the Jaldhaka Hydel Power Plant. Bindu is the last locality on the border between Bhutan and India. The team has visited the Dam to understand its working.

d) ***Tea estates in Dooars*** - At the foothills of the Eastern Himalayas is a place called Matelli which is known for its lush tea garden and old township at the Jalpaiguri District. Since the colonial times it has been famous for its tea production. Tea is an important export item of our country. It was undoubtedly a rich learning experience to understand the entire dynamics behind tea production – from plantation to marketing and exporting.

Field Trip to Tea Estates in Dooars

e) ***Salugara Mahananda Wildlife Sanctuary*** - The Sustainable Development paradigm upholds the principle of conventional socio-economic development planning along with environmental protection. Dooars, being the home to a rich bio-diversified wild life, forests, cultures and ethnicities, preserved by national parks, sanctuaries and reserves, gives the ideal picture of sustainable development, and enhanced the environmental awareness of the visiting team.

Krittika Biswas	Economics Department, Semester 2	Award for Poster Presentation in Conference of Bengal Economic Association
Prerana Mukherjee	Economics Department, Semester 2	1. NSHM Fest-Street Play-Runners Up 2. AIM Fest-Street Play-First,Ad-Spoof-First 3. Umang-Street Play-First,Stage Play 4. Sri Shikshayatan Fest-Street Play-First, Mono Act-Second Runner Up 5. Theatre Festival (BESC) Street Play-First, Mono Act-Second Runner Up, Ad Spoof-1st, Stage Play-1st, Boardroom Drama. 6. IMI Fest- Street Play-First 7. Bsc.Miss Freshers-2019
Sukanya Biswas	Economics Department, Semester 2	1. Editor And Content Writer For Career Café Magazine(Ongoing) 2. Special Mention In Intra Mun 2019 Conducted By Besc Aon

Name of the student	Department & Semester	Nature of achievement
Anusha Paul Choudhury	Economics Department, Semester 2	1. Paper Presentation In St.Xavier's Economics Fest 2. Won Special Mention In Besc Aon, Committee:Unhrc 3. 2nd Rank In Event X-Igence(Eco-Political Crisis) In Xavrang 2020 4. 3rd Rank In Event Stories Behind The Issue In Xavrang 2020 5. Content Writer In Career Cafe Magazine(Work In Progress)
Taruna Bajaj	Economics Department, Semester 4	1. Shri Ram College of Commerce – Shri Ram Research Challenge- 3rd place 2. Umang 2019- BESC – Cricket- 2nd place 3. Lady Shri Ram College- Econvista 2020-Semi finalist 4. JDBI – Cricket – 2nd Place 5. Ilead– Cricket – 1st Place
Tanishq B. Parekh	Economics Department, Semester 4	1. CONFLUENCE (St Xaviers College Economics Fest) - 3rd place in Ground Zero event (Flagship Event) 2. Xavrang (St Xaviers UNIVERSITY fest) a) 1st place in Anatomize (Riddle solving event) b) 1st place in Time out (Economy Management event)
Anushree Sanyal	Economics Department, Semester 4	1. Calemun19 (Scottish Church College)- Verbal Mention 2. BESC AON Intra (BESC)- High commendation 3. BESC AON 2019 (BESC)- High commendation 4. IEM MUN (IEM)- High commendation 5. UEM MUN (UEM)- Best Delegate 6. BESC AON Intra 2020 (BESC)- Best Delegate 7. Xavrang 2020 Debate (SXU)- Best speaker 8. JU Young Economists Students Meet MUN (Jadavpur University)- Special Mention.

Name of the student	Department & Semester	Nature of achievement
Krishna Kedia	Economics Department, Semester 4	1. KPMG & JU E-CELL's The Analyst- Top 6 Finalist 2. SRCC Recouvrer 2019- Top 8 Finalists 3. Me or We(Mutual Funds) UMANG 2019(BESC)- 2nd Runner's Up 4. Economic Event Analysis Xavrang 2020(SXU)- 2nd Runner's Up
Shyamasree Jana	Economics Department, Semester 4	40th Annual National Conference of BangiyaArthanithi Parishad- 2nd Runner's Up in Poster Presentation
Munaf Ahmed	Economics Department, Semester 4	Anatomize; Xavrang 2020(SXU)- Winner
Tejas Tater	Economics Department, Semester 4	1. Time out; Xavrang 2020(SXU)- Winner 2. Economic policy making event; Confluence 2020(SXC)- Second runners up 3. Economic strategy event; Confluence 2019(SXC)- Second runners up as a freshman5
Ritam Banerjee	Economics Department, Semester 4	1. Bollywood Band; Euphonious(BESC)- Winner 2. Western Band; Xavrang 2020(SXU)- Winner 3. Western Band; Euphonious(BESC)- 1st runner's up
Paridhi Agarwal	Economics Department, 3rd Year	Awarded 1st prize in SPIEL event conducted by St. Xavier's University.
Debashish Halder	Economics Department, 3rd Year	Bhawanipur Theatre Festival 2019 1. Improv Acting (first position) 2. Street Play (Second Position) 3. Mono Acting (Third Position) 4. Star of Theatre Festival Award.
Akshat Bothra	Economics Department, 3rd Year	1. "Assembly Of Nations (BESC); Xavrang (St. Xavier's University) – 1st prize for Workforce; 2. Xavotsav (St. Xavier's College) – 1st prize for Entrepreneurship; 3. RECLAME (Sri Shikshayatan College) – 3rd prize in Advertising;

Name of the student	Department & Semester	Nature of achievement
		4. Clairvo'19 (JDBI College) – 1st prize for Human Resources; 5. Clairvo'19 (JDBI College) – 1st prize for Entrepreneurship; 6. Umang'19 (BESC) – 1stprize for The Next Big Bankruptcy."
Subhasree Manna	Economics Department, 3rd Year	1. Won the girl's singles and doubles table tennis match in Loreto College (Samagam, 19th September, 2019) 2 Won the girls table tennis championship in the BESC, Umang 2020 fest"
Asish Agarwal	Economics Department, 3rd Year	Stood 3rd in Umang in the event Mutual Funds
Rounak Verma	Economics Department, 3rd Year	"XAVOTSAV 2019 (St XAVIERS college) 1) Bollywood dance – runner up 2) western dance – 2nd runner up INVICTUS 2019 (JDBI COLLEGE) 2) Bollywood dance – winner XAVRANG 2019 (St XAVIERS UNIVERSITY) 1) T-shirt painting – winner 2) Pretentious Movie review – runner up 3) Bollywood dance – runner up 4) Western dance – 2nd runner up GOONJ 2019 (St XAVIERS COLLEGE) 2) Bollywood dance – winner SPARDHA 2019 (LORETO COLLEGE) 1) pretentious movie review -2nd runner up 2) digital painting – Runner up 3) western dance – runner up Econopolemics 2019 (Maulana aazad college) 2) Debate-no runner ups were announced only winner UMANG 2019 1) capturance– winner 2) Bollywood dance – winner

Name of the student	Department & Semester	Nature of achievement
		3) western dance – winner 4) mock a band – winner XAVRANG 2020 1) Bollywood dance – winner 2) charcoal sketching – runner up“
Siddharth Kapoor	Economics Department, 3rd Year	Came 2nd in the Mutual Funds event in Umang 2019
Oindrilla Sinha	Economics Department, 3rd Year	1. Organiser - Communiqué 2019. 2. 2nd position - Jam &Verteez, Communiqué 2019. 3. 1st position - Intra College Debate Competition held on 1st August, 2019.
Priyanka Suman	Economics Department, 3rd Year	Umang Girls Cricket match – 2nd prize
Mrigank Agarwal	Economics Department, 3rd Year	2nd in Srijan (marketing)
Shubham Agarwal	Economics Department, 3rd Year	1. 5th in JDBI cricket tournament 2. 3rd in Umang cricket tournament 3. 2nd in IIHM cricket tournament”
Sourish Chakravarti	Economics Department, 2016-2019 Batch	Paper entitled “Impact of Oil Price on Indian Economy” is accepted after review and is in press for publication in BESC Science Journal
Prerna Poddar	Economics Department, 2016-2019	Paper entitled “Micro, Small and Medium Enterprises (MSME's) – Will their Journey be fruitful?” is accepted after review and is in press for publication in BESC Science Journal “Coherence”
Sreeja Ray	Economics Department, 2016-2019	Paper entitled “The Resource Curse – A State- wise Analysis of India” is accepted after review and is in press for publication in BESC Science Journal “Coherence”
Samayita Gupta	Economics Department, 2016-2019 Batch	Paper entitled “Spatial Inequality and Development in Eastern and Western Countries of the World” is accepted after review and is in press for publication in BESC Science Journal “Coherence”

DEPARTMENT OF PHYSICS
2019-2020
Part A

Departmental events:

Academic

a) **Seminars/Webinars;**

1. Dept. of Physics has organized a one-day symposium on "Re-Search Physics – From Hands on Experiment to Recent Advanced Technology" on 21st September, 2019.

It was divided in two sessions.

Session I:

Mr. Krishnendu Chakraborty conducted the session. He is a freelance educator and Physics subject trainer. He was former Head of Physics on Stretford Grammar School, Manchester, UK.

- He demonstrated hands on popular Physics Experiments with very simple devices.
- With the experiments he proved some laws of Physics.
- Students took active interest and gave some innovative ideas to extend some experiments.

Mr. Krishnendu Chakraborty demonstrating experiments.

- Excellent interactive sessions between students and speaker.

Session II :

Prof. G. P. Das (of IIT Kharagpur) gave lecture on "Graphene – Revolution in the Nano World".

2. Dept. of Physics has organized a online webinar on Meghnad Saha and his ionization equation which was discovered one hundred years ago. The title is **'Saha and his journey to the stars'**. By Prof. Gautam Gangopadhyay on

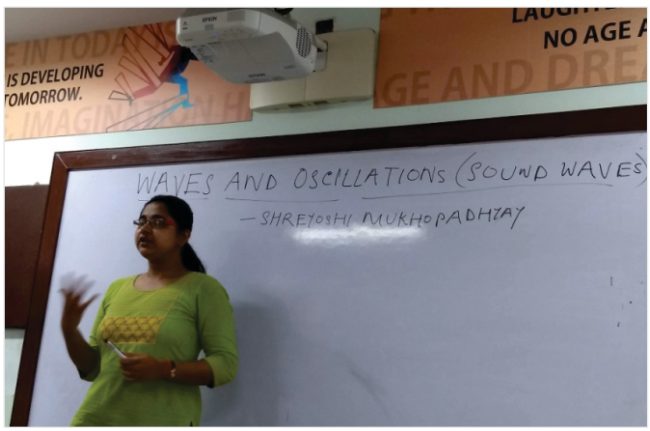
Prof. GP Das is delivering his talk on " Graphene – Revolution in the Nano World"

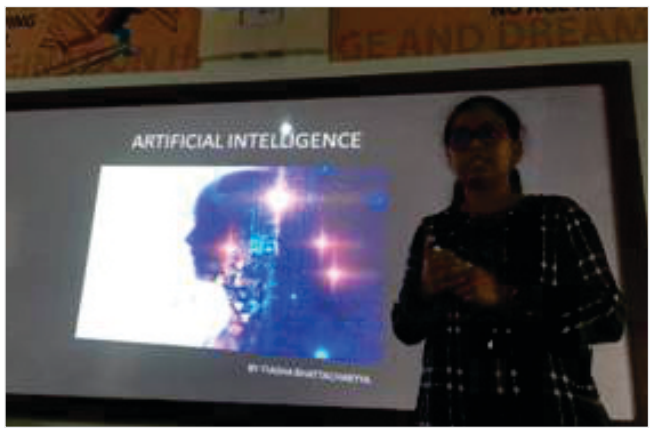
22nd June 2020. It was a very informative talk and enlightened students on the topic. Prof. Gangopadhyay is professor of University of Calcutta.

b) **Students' Seminars/Webinars;**

REPORT OF STUDENT SEMINAR Session 2019-2020

Sr.No.	Date	Topic	Name of Students
1		Touchscreen (Resistive and Capacitive)	Sreya Chatterjee
2	03.08.2019	Artificial Intelligence	Tiasha Bhattacharyya
3		Atom bomb	Abhirup Sarkar
4	31/08/2019	The concept of a surface and insights on mobius strip.	Souradipta Roy
5	31/08/2019	Newton's laws of motion and it's application in daily life	Anushree Chandgothia
6	3/8/2019	Waves and oscillation	Sreoshi Mukhopadhyay
7	3/8/2019	Introduction to Quantum Mechanics	Nashita Rahman
8	3/8/2019	Coriolis Force	Immama Ali
9	31/08/2019	Black holes and white dwarfs	Aishani





Student is presenting in departmental seminar.

c) Invited Lectures;

1. Dept. of Physics has organized an invited talk on Geomagnetism – facts and a few questions by Dr. Achintya Pal on 7thSeptember, 2019. It was a very informative talk and enlightened students on the topic. Prof. Pal was a fellow of Institute of Geophysics: University of Texas, Austin.

Project work outside the syllabus undertaken by students

THE BHAWANIPUR EDUCATION SOCIETY COLLEGE
DEPARTMENT OF PHYSICS
REPORT OF STUDENT PROJECT Session 2019-2020

Sr.No.	Topic	Name of Students
1	Neutrino Particle	Shreyoshi Mukhopadhyay
2	Gravitational Waves	Nashita Rahman
3	Introduction to Quantum Mechanics	Imamah Ali
4	The Expanse of the Universe	Anusuya Dhar
5	Magnetic Monopole	Nidhi Mehta

Field trips

A trip to BITM

1. Physics, Mathematics and Chemistry are the foundation stones of understanding the underlying laws of nature. Although Physics and Mathematics are generally abstract in nature, it is always possible to perform some special kind of experiment which can reproduce or demonstrate physical laws and their engineering applications. In the University curriculum it is not possible to develop a good amount of such experiments on industrial demonstration in college laboratory. But such

experiments help students to build an insight and hands on experience on the theories they studied. As an example, one may hear about "the strong magnetic field". How strong it is or how it looks like or how one feel with it, is not possible without demonstration. This technical industrial museum provides so many experimental demonstrations on well known laws of Physics and Mathematics.

In this regard, we visited BITM (Birla Industrial and Technical Museum) on 2nd March 2020. Some special class demonstration was also arranged by the BITM authority to provide more insight into science for our students.

Students and teachers during the visit to BITM.

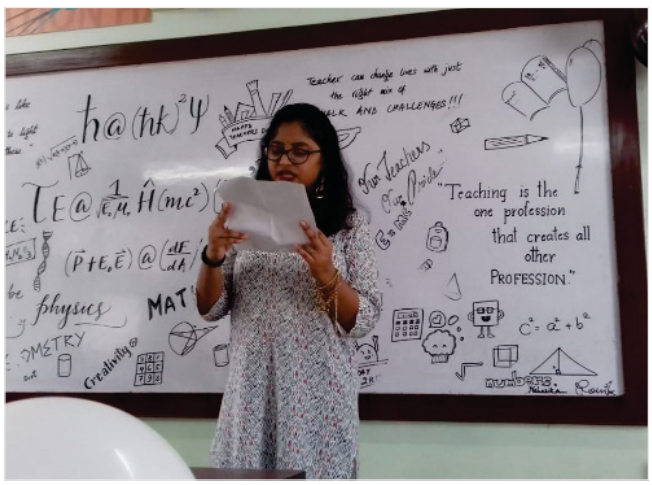
Students visited general experimental galleries. High field electrical laboratories, experiments on liquid nitrogen, coal mine construction and mining mechanisms and some demonstration on animation movie making.

REPORT OF Field trips Session 2019-2020

Sr.No.	Participants	Number
1	Students (2nd Semester only)	32
2	Teacher (Dept of Physics)	6
3	Non teaching staff	2

Cultural Programmes organised by the department, In the Campus, Online

1. Celebration of teachers Day on 5th September 2019 was conducted by the students of the department.



Celebration of Teachers Day

Social Work undertaken by the department

Report on Social Welfare activity jointly by Department of Physics and Statistics

1. As a part of social welfare activity of BES College, the Physics Department along with Statistics organised a visit to Aashiana Happy Home (Home for Homeless) on 16th November, 2019.

Thirteen students of Physics Department, seven teachers and two non-teaching staff of Physics Dept. Participated in the tour. We collected a sum of Rs.5000 from the teachers of the department of Physics and Statistics. Daily need items like detergent powder, mosquito repellent, phenyl, soap and edible items like Horlicks, Complan, Bournvita, corn flakes, biscuits, different types of snacks, maggi, stationary items like exercise books , pencil, pen were handed over to the in charge of AHH. Old clothes in good condition were given by students and teachers were also handed over. Both daily need and edible items were mainly procured from donations made by teachers of Physics and Statistics Dept. Some daily and mainly stationary items were donated by students.

A visit to Aashiana Happy Home

REPORT OF Social work Session 2019-2020

Sr.No.	Participants	Number
1	Students	13
2	Teacher	7
3	Non teaching staff	2

Children of AHH were very happy on meeting the teachers and students. On reaching there they were given chocolates and wafers. They enjoyed, laughed and danced with the students. We spent time with them, discussed with their in charge about their requirements and promised to continue the activity of helping them in future also.

College authority supported the venture by providing a bus and snacks for the participants.

We came back in the evening with a very happy feeling.

A visit to Aashiana Happy Home

Activities during Lockdown apart from teaching:

List of Webinars attended by the teachers

Name of the Teacher	Date of the Webinar	Arranged by	Topic
Dr. Arnab Gangopadhyay	29-06-2020	Sarojioni Naidu College for Women	Scope of Virtual Labs In UG Physics and Chemistry Teaching
	5/6/2020	The BES College	Environment and Climate Concerns : Rethinking Education Strategies
	6-10/07/2020	Victoria Institution (College)	Teaching Physics at the UG & PG Level using Python
	4/7/2020	ABPEducation	Best Practices for Teaching Online
	8/7/2020	Surendranath College	A new view of the solar system
	23/06/2020	The BES College	The Sky & Beyond
	20/06/2020	The BES College	Application of Number Theory in Cyber Security - few illustrations through Sagemath
	15/06/2020	The BES College	History of Science, Science in History
	20/06/200	ABP Education	Hospitality Management : What is the career outlook for aspirants in hotel, travel and tourism management sectors, in the Covid-19 era?

Name of the Teacher	Date of the Webinar	Arranged by	Topic
	13/06/2020	The BES College	Simplifying Artificial Intelligence, Machine Learning and Data Science
	6/6/2020	ABPEducation	Media Educators' Round Table
	30/05/2020	ABPEducation	Vcs' Round Table - Higher education beyond COVID-19
	3,8,11/07/2020	Prabhat Kumar College, Contai	Quantum World: Past, Present & Future
Abir Bhattacharya	5/6/2020	Environmental development Committee BES College	Environment and climate change Concerns on WORLD ENVIRONMENT DAY
	13/6/2020	Dept of Computer Science,BES College	Simplifying Artificial Intelligence, Machine Learning and Data Science
	15/6/2020	Dept of Mathematics, BES College	History of Science, Science in History
	20/6/2020	Dept of Mathematics, BES College	Application of Number Theory in Cyber Security:Few illustrations through Sage Math
	22/6/2020	Dept of Physics, BES College	Saha and His Journey to the Stars
	23/6/2020	Dept of Mathematics, BES College	The Sky And Beyond
	25/6/2020	Dept of Chemistry, BES College	Pedagogical and Psychosocial Challenges.... Student's vision
	26/6/2020	Dept of Chemistry, BES College	Pedagogical and Psychosocial Challenges.... Expert vision
	27/6/2020	Dept of Electronics, BES College	One Dimensional Materials For Optoelectronic Devices
	27/6/2020	Dept of Physics,Comp Science.. Netaji Nagar College	Science and Technology for Sustainable Economic Growth in This Pandemic Scenario

Name of the Teacher	Date of the Webinar	Arranged by	Topic
	8/7/2020	Dept of Physics, Surendra Nath College	A New View of the Solar System
	11/7/2020	Teacher's Council and IQAC Netaji Nagar College for Women	Holistic Roadmap for Academic Excellence
Dr. Suparna Basak	5/6/2020	Environmental development Committee BES College	Environment and climate change Concerns on WORLD ENVIRONMENT DAY
	13/6/2020	Dept of Computer Science,BES College	Simplifying Artificial Intelligence, Machine Learning and Data Science
	15/6/2020	Dept of Mathematics, BES College	History of Science, Science in History
	16/6/2020	Dept of Commerce, BES College	Socio-Economic Impact of Covid-19 in India and its revival strategies
	20/6/2020	Dept of Mathematics,BES College	Application of Number Theory in Cyber Security:Few illustrations through Sage Math
	22/6/2020	Dept of Physics,BES College	Saha and His Journey to the Stars
	23/6/2020	Dept of Mathematics,BES College	The Sky And Beyond
	25/6/2020	Dept of Chemistry,BES College	Pedagogical and Psychosocial Challenges.... Student's vision
	26/6/2020	Dept of Chemistry,BES College	Pedagogical and Psychosocial Challenges.... Expert vision
	27/6/2020	Dept of Electronics,BES College	One Dimensional Materials For Optoelectronic Devices

Name of the Teacher	Date of the Webinar	Arranged by	Topic
	27/6/2020	Dept of Physics, Comp Science.. Netaji Nagar College	Science and Technology for Sustainable Economic Growth in This Pandemic Scenario
	4/7/2020	IQAC ,Surendra Nath College	Introduction to Graphology and It's Implication to Society
	8/7/2020	Dept of Physics, Surendra Nath College	A New View of the Solar System
	11/7/2020	Teacher's Council and IQAC Netaji Nagar College for Women	Holistic Roadmap for Academic Excellence
Dr. Subarnarekha Bhattacharyya	22.06.2020	Attended webminer organised by Physics Department	Saha and his journey to the stars"
	23.06.2020	Attended webminer organised by Maths Department	The Sky & Beyond
	25.06.20202	Attended webminer organised by Chemistry Department	Pedagogical and psycho-social challenges to the students amidst covid-19 catastrophe
	6.06.2020	Attended webminer organised by Chemistry Department	
	27.06.2020	Attended webminer organised by Electronics Department	One Dimensional Materials for Optoelectronic Devices
	29.06.2020	Attended webminer organised by Department of Physics, Central University of Tamilnadu	"Droplets and Their Drying Patterns". Day1

Name of the Teacher	Date of the Webinar	Arranged by	Topic
	30.06.2020	Attended webminer organised by Department of Physics, Central University of Tamilnadu	"Droplets and Their Drying Patterns". Day2
Dr. Anindita Ray	9.9.2019	IQAC Cell of BESC	Workshop on Mentoring Techniques for Teachers.
	28.2.2020	Basantidevi College & Naba grams Hiralal Paul College.	Seminar Cumbria Worksop on Python Computing: Some Applications in Mathematical Physics.
	5.6.2020	Environmental Development Committee, BESC	An online Talk on Environment and Climate Concerns: Rethinking Education Strategies
	13.6.2020	Computer Science Department, BESC	Webinar on Simplifying Artificial intelligence, Machine Learning and Data Science.
	15.6.2020	Mathematics Department, BESC	Webinar on History of Science, Science in History
	23.6.2020	Mathematics Department, BESC	Webinar on The Skype and Beyond
	25.6.2020, 26.6.2020	Chemistry Department, BESC	Webinar on Pedagogical and Psychosocial Challenges to the Students amidst Covid -19 Catastrophe
	26.6.2020	Loreto College	International Webinar on Mapping the Pandemic: Plight of Woman, Migrant Labours and the Human Mind

- **Teachers' Achievements**
- **Resource Person at Seminars/ Workshops/ Lectures**

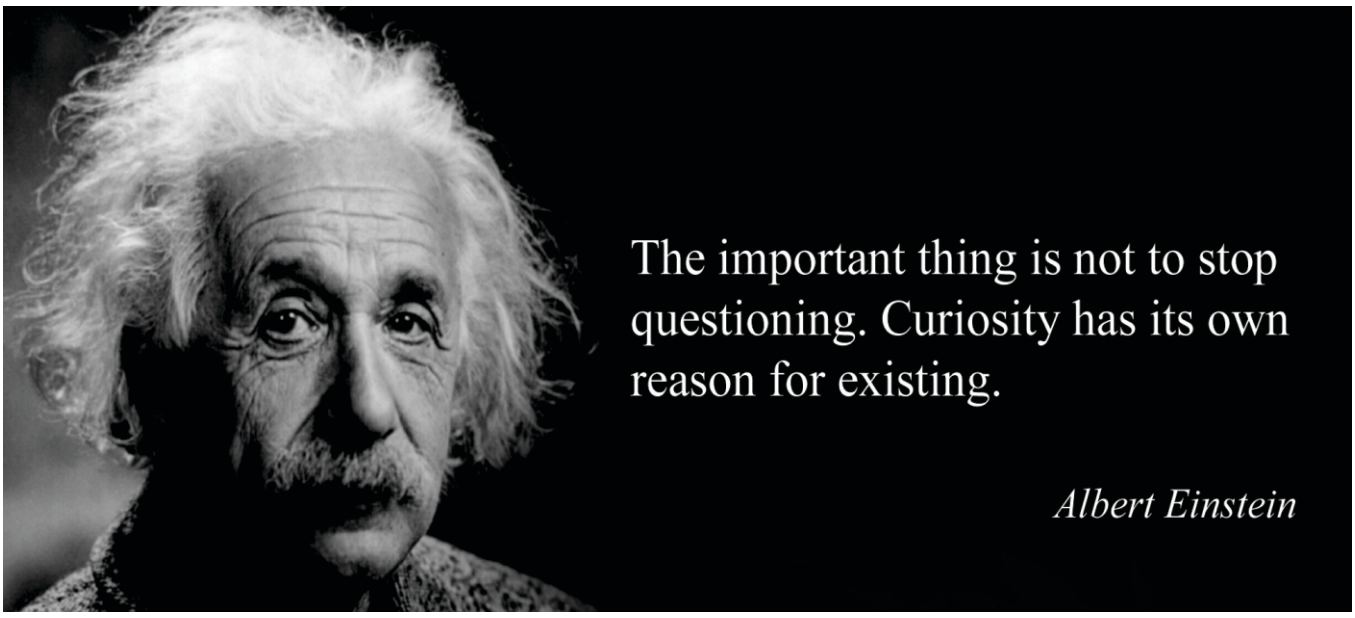
Name of the Teacher	Name of the organising Institution and Department issuing the invitation	Seminar/ Workshop/ Lecture	Title/Topic	Online/ Offline	Date
Dr. Arnab Gangopadhyay	Bijoy Krishna Girls College	Extension Lecturer in Physics	OPTICS	Offline	26th April 2019

Articles in other Peer-reviewed Journals

Name of the Teacher	Title of the Article	Name of the Journal	ISSN Number	Year of Publication
Dr. Abir Bhattacharya	Facile synthesis of doped ceria-based oxide by co-precipitation technique and performance evaluation in solid oxide fuel cell	International Journal of Applied Ceramic Technology	1546542X, 17447402	2020

Students' Achievements (General) :

Name of the student	Department & Semester	Nature of achievement
Sulagno Samanta	Physics, semester 4	Delivered a talk for Spectrum 2k19 at St. Xaviers' College on "Life In Universe"
Shreyoshi Mukhopadhyay	Third year	Completed project under the guidance of teachers of the department. The report was reviewed by external reviewers. Finally the dissertation was published in Coherence.
Nashita Rahman		Completed project under the guidance of teachers of the department. The report was reviewed by external reviewers. Finally the dissertation was published in Coherence.
Imamah Ali		Completed project under the guidance of teachers of the department. The report was reviewed by external reviewers. Finally the dissertation was published in Coherence.



DEPARTMENT OF CHEMISTRY
2019-2020

DEPARTMENTAL EVENTS

1. ***Students' Seminar:***

   1st Semester and 3rd Semester students of the Department of Chemistry presented a topic related to the curriculum on Wednesday and Friday of every week from August-October-2019. The faculty of the Department provided the selected topics (Organic/Inorganic/ Physical) to prepare their PowerPoint. The students made their presentation in front of the faculty and rest of the students and tried to explain their topic as per their knowledge. After 10 minutes of the presentation the live question-answer session was conducted by faculty and the students. The presentation sessions by the students were extremely beneficial as the students could exchange their views or knowledge through these seminars.

2. ***One Day Workshop on Hands on Training Programme:***

   The Department of Chemistry of organized a one day workshop on **"Hands on Physical Chemistry Laboratory Experiments and Instrumentation: Maintenance and Use"** in collaboration with Equiptronics and in association with Physical Chemistry Teachers' Forum (PCTF) of Universities of West Bengal on 20th July, 2019. In the inaugural session the welcome address was given by one of the convenors of the programme Dr. Pinki Saha

Sardar. The theme of the workshop was delivered by Dr. Samir Kanti Dutta, Vice-Principal (Sc.), The BES College, Kolkata. Prof. Ambikesh Mahapatra, Convenor, PCTF conveyed an introduction about the "Physical Chemistry Teacher's Forum" (PCTF). Dr. Priyotosh Dutta, Associate Professor, Anando Mohon College, Kolkata, Member, PCTF enlightened the audience about the importance of the workshop and lastly Mr. Mustafa Badshah, Chief Advisor to CEO, Equiptronics, Mumbai presented the instrumentation, maintenance and application of various instruments.

The Practical Session - I and II of the workshop demonstrated by Mr. Ibrahim Khambati, Technical Coordinators and Mr. Ahmed Badshah, Technical Assistant, Equiptronics, Mumbai. Around 100 participants (Teachers and students) of various Colleges and Universities in West Bengal participated in this workshop. Some eminent professors of the University of Calcutta and Jadavpur University were also present on that day to enrich all by imparting their expertise. The students of 3rd year (H) and SEM III(H) of the Department of our college were involved as volunteer to demonstrate the working principle of the instruments. Then a long group discussion and question answer session was there to understand the utility of the whole day programme. Lastly the valedictory session was followed by the certificate distribution to the participants. The workshop was very successful from the view point of handling various advanced and sophisticated instruments of chemistry.

3. ***International Seminar entitled "Itinerary of Classical to Modern Era of Chemistry" held on November 4, 2019:***

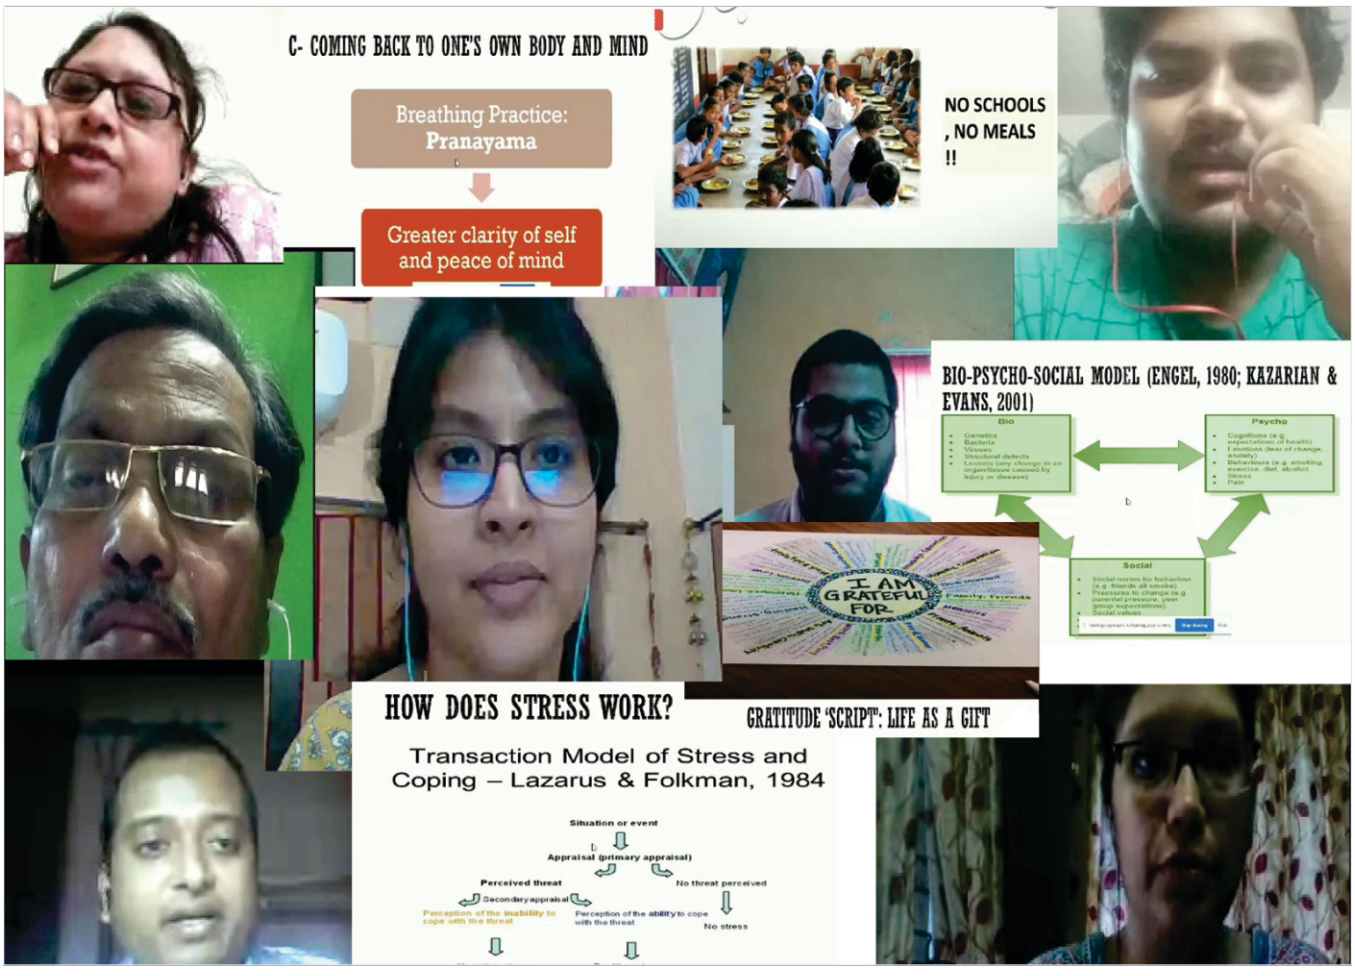
The Department of Chemistry of The Bhawanipur Education Society College was taken an initiative to organize an International Seminar covering the Classical to Modern Era of Chemistry to give an exposure to the students of the Department of Chemistry regarding the versatility of the subject. In the inaugural session key note was given by Prof. Basab Chowdhury, the Vice-chancellor of West Bengal State University, Barasat, West Bengal. He explained in lucid language how Chemistry exists in all walks of life. In the Technical sessions we had three resource persons Prof. Pratip K. Bhattacharya, Department of Cancer Systems Imaging, The University of Texas, Houston, Texas, USA; Prof. Ashutosh Ghosh,Vice Chancellor, Rani Rashmoni Green University, Hooghly, West Bengal and Prof. Swagata Dasgupta, Dept. of Chemistry, Indian

Institute of Technology, Kharagpur. Technical sessions of the seminar were very informative and attractive to the participants. The distinguished resource persons of the technical sessions expressed their field of expertise from The Werner-Jorgensen Controversy to Real-time metabolic and molecular imaging.

The seminar included a poster session and in accordance with the theme of the seminar posters were invited for display and demonstration. The research scholars and the faculties from various institutions presented their posters in the seminar. The total number of participants was 150, among which 44 papers were presented by the participants. The posters were judged by the bench of experts and three posters were awarded as "Best Poster Award". The organizers published proceedings which contained the abstract of the posters. The international seminar was a huge success from the academic view point with respect to the students of the department.

4. ***A two days webinar on "Pedagogical and psycho-social challenges to the students amidst covid-19 catastrophe" 25.06.2020 and 26.06.2020***

The very recent unpredictability global pandemic circumstances have enforced all to change or adapt to the new ways to survive the crisis in every respect. Due to controlled mobility and closedown of Educational Institutions and the connected personnel are in front of the challenges like online teaching-learning method, online mentoring the students even arranging online seminar / symposium (webinar) to keep the educational



sector active in some way. Different Educational Institutes organized many Regional/National/International webinars on several topics related to the present scenario of this covid-19 pandemic outbreak by some eminent and honorable speakers.

The Department of Chemistry of The Bhawanipur Education Society College took the initiative to organize a two day webinar on June 25 and 26, 2020 about the consequences of catastrophic event of Covid-19 on our mental health and psychological well-being of all in a different approach as compared to other Institutes. The total number of participants on two days was almost 100 out of which the majority of participants consisted of the students and research scholars of different Institutes. On the first day of the webinar the students of the Department of Chemistry of the College presented their vision by expressing the challenging situation prevailing during this pandemic outbreak. Ankit Kumar Gupta (Sem(II) Hons.), Ranit Laha (Sem(II) Hons.), Supritam Dutta (3rd yr. Hons.), Moupriya Mukherjee (3rd yr. Hons.), Prattaya Sen (3rd yr. Hons.), the students of Department of Chemistry made an attempt to share and to envisage their thoughts to adopt the strategies of the challenging issues prevailing during this pandemic from their perspective. They covered a range of topics related to the educational dimensions, mental health issues, advantages and disadvantages on online teaching learning method, connectivity with each other, health and hazard issues, misery of school and college students, and above all the uncertainty in their future life of higher education or employment.

The second day of the webinar was with the expert, Dr. Debadeepa Banerjee, Assistant professor, Bethun College, Kolkata. She addressed and analysed the students' view points. The counseling session was much needed for our mental health due to challenges imposed by covid-19 with the widespread psychological spectrum. The generous suggestions of Dr. Banerjee were really helpful to come out of the mental agony or distress due to Covid-19 pandemic. The filled up feedback forms of the webinar were received from the participants made the event successful and the organizers are satisfied that this webinar might be helpful to some extent to enrich the thrust of knowledge and to make some desirable changes on our daily life.

5. ***Industrial Visit to Mother Dairy, Calcutta on September 11, 2019.***

The Department of Chemistry arranged an educational industrial visit to **Mother Dairy Calcutta, Dankuni, Hooghly, West Bengal 712310** on 11th September, 2019 for the students of 3rd year Hons and 3rd year Gen. (1+1+1-09), SEM-I(H) and SEM-III(H) under CBCS 2019. On behalf of the chemistry department we are very thankful to Mother Dairy for giving us an opportunity to be a part of esteemed organization and enhance our knowledge by granting permission to do our industrial visit with the students.

Our placement co-ordinator Mr. Subhash Khan provided us the invaluable guidance and support during the visit. On arrival we were given a hearty welcome by our tour coordinator at Dankuni plant and were led to the conference room where we had a session on milk industry and the how dairy products are produced in Dankuni plant. He explained the profile, aims and objectives of the Mother Dairy industry. Mother Dairy markets and sells various milk products and other food items at national level like Liquid Milk, Curd, Lassi, Ice-Cream, Flavoured Milk, Paneer, Butter, etc. In the Dankuni plant produces mainly Liquid Milk,

Curd, Paneer.

The visit turned out to be a great learning and enriching experience. Students were absolutely thrilled after visiting the plant. Our tour coordinator showed the students how milk was processed - clarification, standardization, homogenization and pasteurization. We were also taken to the milk packaging section which was totally automated and it was fascinating to know the procedure. The students also witnessed the entire manufacturing process and its packaging of paneer and curd. Lots of our doubts and misconceptions were cleared after this interesting visit to the Mother Dairy plant. At the end of the visit we had a nice lunch at their staff canteen and they provided a complementary Misti-doi to our students from their end. The department of chemistry, The BESC successfully completed the industrial visit as per the company norms and regulations.

6. ***Educational Tour to Dooars, West Bengal:***

The Teachers and students of the Department of Chemistry of The Bhawanipur Education Society College joined in the Educational Trip to Dooars, the alluvial floodplains in North Eastern India from 18th February 2020 to 22nd February, 2020. The journey started on February 18 ,2020 from the Sealdah junction by the Padatik express at 23:30 PM. Three teachers and 11 students of the Department of Chemistry along with other students and teachers from another three departments reached the Resort "Trimurti" in Murti on 19th February 2020 around 1.30 PM. The students were divided into seven cars and at least one teacher was assigned

with every car to look after them. The tour started with a visit to a nearby primary school **People's Public Shishu Shiksha Kendra** in Murti, Dooars. The interaction between the kids (from preparatory to class IV) of the primary school and our students was very lively. Our students played relay race with them. Kids were very happy for the gifts like notebook, pencil, eraser, sharpners, sketch pens, apples, and Chocolates arranged by our students. The Principal of the School was also pleased for our visit and welcomed us warmly. After the school visit, the students were taken on a trek through the scenic beauty of the villages of Samsing and Suntalekhola. On the morning of February 20, 2020 we visited the **Bindu Dam** which is located at Bindu Village, further 7 kms away from the **Jaldhaka Hydel Power Plant** near the Bhutan border. Bindu dam controls the water supply to the Jaldhaka Hydel project at Jhalong. The Assistant Engineer Mr. Prasenjit Pal very clearly demonstrated the working principle of dam in full details. Next we moved towards to Jhalong to visit Jaldhaka Hydro Power Project where the officers of WBSEDCL (West Bengal State Electricity Distribution Company Limited) demonstrated in detail about the power generation process. The students and also the teachers learned so many facts about the power generation, Power distribution process from the divisional engineer Mr. Sanjay Purakayastha. On the final day we checked out from the hotel and went for the **Mateli Tea Garden** and Tea factory and to take an essence of the tea plantation and thereafter the processing of the Tea plants from the detailed explanation from their officials. They offered us a delicious lunch arranged at

their beautiful guest house. After that the students enjoyed the Government of West Bengal's **Bengal Safari** at the North Bengal Wild Animals Park at Salugara, Siliguri. Finally we reached Sealdah Station.

DEPARTMENT OF ELECTRONICS 2019-2020

Departmental events

1. **Invited Talk**

An invited talk on 'Physics of semiconductor materials and devices' was held in the college campus on 20th of August, 2019.

The seminar had Dr. Sunanda Dhar and Dr. Abhijit Mallick, Professors from The Department of Electronic Science, University of Calcutta as honoured speakers. The seminar was attended by all the students and faculties of the Department of Electronics, The BES College and also by the faculty members and students of allied and related science departments including Dr. Samir Kanti Datta, VP (Science). The participation was around 40, overall. The seminar was presided over by the Hon'ble Teacher-in-Charge, Dr. Suchandra Chakravarty whose inspiring talk at the inception set the tone for the seminar. The subsequent lectures of the honourable speakers added to the enthusiasm and assimilation of knowledge in the respective subjects. The students found the lectures very attractive and hugely boosting to their understanding of subject curriculum and also questioned the speakers to clear their doubts. Overall, the seminar was a duly awaited endeavour accomplished by The Department of Electronics with the satisfaction of the students and generous allowance of the college management contributing success to the event.

The seminar on its way

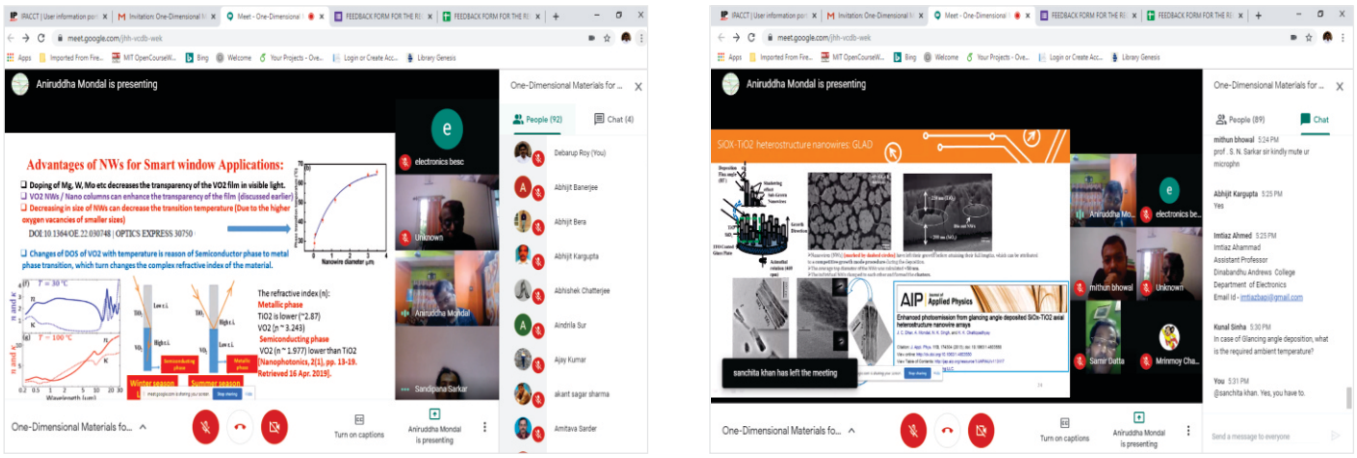
2. **Students' Seminars**

The department held students' seminars as a continual assessment of students under the aegis of mentoring process. The students participated and arranged the seminar themselves. The students gave lectures on a variety of topics covering the subject curriculum and beyond. All the departmental faculties were present.

3. **Webinar(activity during lockdown period)**

The Department of Electronics arranged IQAC approved webinar on 'One-dimensional materials for optoelectronic devices' on 27th of June, 2020 on Google Meet.

The webinar is the first of a series of webinars envisaged by The Department of Electronics. They would be arranged to facilitate the students during the period of lockdown to orient themselves for further academic endeavours and industrial pursuits related to the subject curriculum. Dr. Aniruddha Mondal



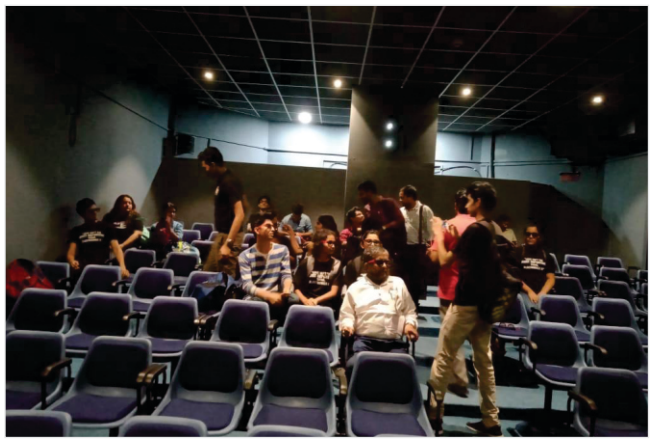
The webinar session in progress

of The Department of Physics, NIT, Durgapur spoke about the subject and elucidated about the novel and state-of-the-art device fabrication processes. Registrations were received from almost all academic institutions from all tiers of faculties and students across the state and beyond. The initial registration was around 150. A generous portion of the registered candidates, numbered about 94, turned up for the webinar. The students were most enthusiastic about the event and from their feedback it seemed that they have gained a lot in terms of subject enrichment and future pursuits. The webinar was a successful event from the point of view of the students and faculties alike. The departmental faculties were present all through the webinar session. E-certificates were provided to the registered participants.

4. **Field trips**

The department organized a scientific and educational field trip for its students to Birla Industrial and Science Museum in the last week of September, 2019. The trip was conceived as a part of departmental extra-curricular activity. Five faculty members accompanied fifteen departmental students in the field trip. No external students and faculties were present.

The students were exposed to the basic sciences underlying the natural phenomena and the science behind everyday activities/processes. The science shows upheld the necessity of inculcating a scientific temper to become a rational being as opposed to being creatures of habit and superstitions. The students really cherished the visit to the mock coal mine within the campus of the museum where they learned



The students and faculties at BITM

about the dangers of subterranean maladies and the science keeping those dangers at bay for the real coal miners. A really thrilling atmosphere waited for the students and faculties alike inside the coal mine and we learned a lot of real science at work.

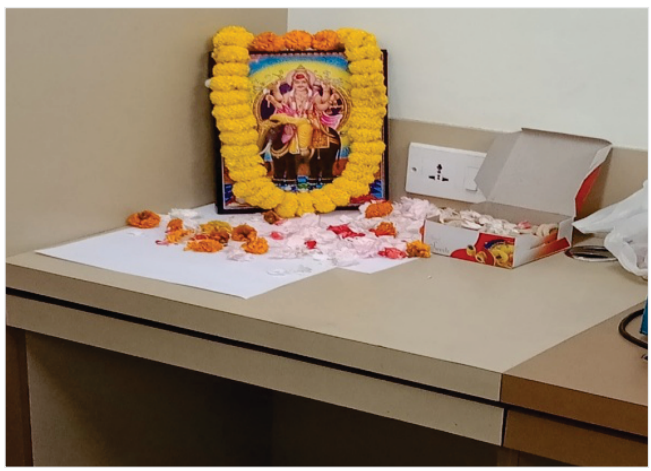
The departmental faculties, Dr. Utsa Das and Mithun Kumar Bhowal were part of a college team who went for an educational excursion in

Jaldhaka Hydel Dam and Matelli Tea Estate

the month of February, 2020. The students of the science departments accompanied by their respective teachers visited Jaldhaka Hydel power project in Dooars on 20th of February, 2020. Right on the next day, on 21st of February, 2020, they visited Matelli Tea Estate, also in Dooars. This field trip cum educational excursion was a part of extra-curricular activity of the science section sanctioned by the college management to induce the real feeling of practical science and to inculcate a sense of bonding among students and faculties.

5. **Cultural Programmes organised by the department, in the campus or online**

The departmental students celebrated Teachers' Day at the departmental laboratory. Vishwakarma Puja was also performed at the laboratory. The faculties from the department and others participated in these events.



Teachers' Day celebration and Vishwakarma Puja at the departmental laboratory

6. **Activities during Lockdown period**

a) Hosted IQAC approved webinar on 'One-dimensional materials for optoelectronic devices 'on Google Meet. The snapshot detail is provided. Dr. Utsa Das and Mithun Kumar

Bhowal jointly coordinated the webinar session.

b) Debarup Roy is presently participating in a series of webinars jointly organized and jointly hosted by The National Academy of Sciences, India (NASI) and The Ministry of Human Resources and Development (MHRD), Government of India on various topics on the state-of-the-art science and technology. The tenure of the series is throughout the month of July, 2020.

c) Dr. Utsa Das has acted as referee for the peer-reviewed journal, Physica Scripta (IOP) in June, 2020.

d) Dr. Utsa Das has acted as referee for the peer-reviewed journal, Superlattices & Microstructures (Elsevier) in May, 2020.

e) Dr. Utsa Das is presently attending the ISRO IIRS online outreach programme.

f) Mithun Kumar Bhowal attended a webinar on COVID-19: emerging challenges and capacity building hosted by Bangabasi Morning College, Kolkata on 26th-27th of June, 2020.

Students' Achievements:

Name of the student	Department & Semester	Nature of achievement
Ramsha Tuba	4th	1. Attended Chemistry Seminar organised by the chemistry department of our college. 2. Participated in the competition on Earth Day, 22nd April 2019. 3. Attended World Amateur Radio Day seminar in Birla Industrial and Technological Museum. 4. Participated in East India Science and Engineering Fair in January 2020. 5. Co-ordinated in India International Science Festival 2019. 6. Presented in Electronics seminar organised by Electronics Department of the college. 7. Took part in Chemistry seminar and Quiz. 8. Went on an educational trip to Dooars. 9. Went on a field trip to Birla Industrial and Technological Museum organised by our department of electronics. 10. Attended online webinar on One dimensional materials for Opto-electronic devices. 11. Attended a seminar on semiconductors organised by our department. 12. Participated in inter college football tournament. 13. Participated in inter college cricket tournament 14. Won 1st Runner up prize in band competition in iLead 15. Organised Open Mic 2020. 16. Organised Phenomenon 2020. 17. Won 1st prize in Goonj 2019.
Suman Ray	2nd	1. Participated in Data Analytics seminar 2. Participated in Enact acting workshop 3. Participated in Umang throwball contest. 4. Participated in the seminar organized by the Department of Electronics on semiconductors.
Taniya Pan	4th	1. Attended chemistry seminar. 2. Participated in the competition on Earth Day, 22nd April, 2019. 3. Attended World Amateur Radio Day, in Birla industrial and technological museum.

Students' Achievements:

Name of the student	Department & Semester	Nature of achievement
		4. Gave a presentation in Electronics Seminar 2019 5. Participated in Chemistry quiz 6. Educational trip to Dooars 7. Field trip to BITM through college 8. Attended open mic competition 9. Attended a webinar on one dimensional materials for optoelectronic devices. 10. learning a new language (Spanish) on duolingo. 11. Working as a blog writer in Site Valley App and development (since April 2020).
Aruron Mitra	4th	1. Attended chemistry seminar 2. Participated in the competition on Earth Day, 22nd April, 2019. 3. Attended World Amateur Radio Day, in Birla industrial and technological museum. 4. Gave a presentation in Electronics Seminar 2019 5. Took part in quiz 6. Educational trip to Dooars 7. Field trip to BITM through college
Suyash Chowrasia	4th	1. Attended Chemistry seminar 2. Visited Birla Industrial & Technological Museum organised the Department. 3. Participation in seminar on SEMICONDUCTOR on 20th Aug 2019 arranged by the Electronics Department. 4. Presentaion given on 555 Timer IC at Electronics LAB . 5. Online participation through Google Meet on webinar on one dimensional material for optoelectronic devices.

SCIENCE IS THE PROCESS THAT TAKES US FROM CONFUSION TO UNDERSTANDING...

Brian Green

DEPARTMENT OF COMPUTER SCIENCE 2019-20

Academic events:

Academic - a) Seminars/Webinars

1. **Coding Competition**

- **Name of the Event** : *Code Fiesta:* A One-Day-Inter College Code Competition
- **Date of the event**: 18.02.2020
- **Resource Persons** : Dr. Sunirmal Khatua, Dr. Soumya Sen
- **Number of Participants** : 132

Internal Students	Internal Teachers	External Students	External Teachers
20	6	104	2

- **Report:** Department of Computer Science organised a coding competition named "CodeFiesta" on 18th of February, 2020, where 124 Computer Science(H) students from different undergraduate colleges under University of Calcutta participated. The event was judged by two experts from University of Calcutta. Prize money was awarded to the teams that secured the 1st,2nd and 3rd positions.

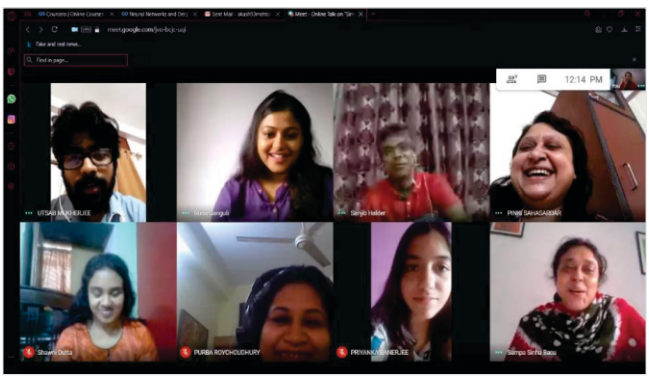
Web-Talk

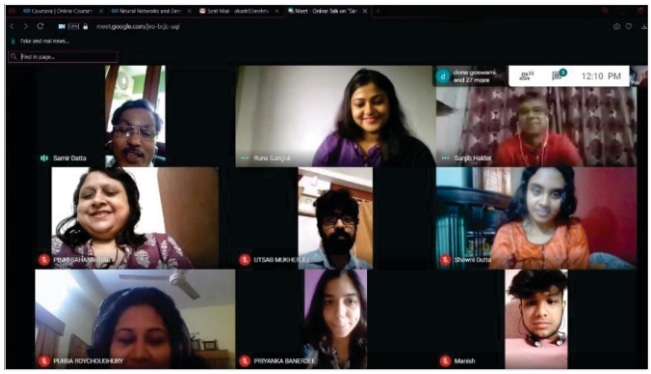
- **Name of the Event :** An online talk on Simplifying Artificial Intelligence, Machine Learning and Data Science
- **Date of the event** : 13.06.2020
- **Speaker** : Ambarish Ganguly, ETRM and Data and Analytics Practice Lead TCS Utilities
- **Number of Participants** : 78

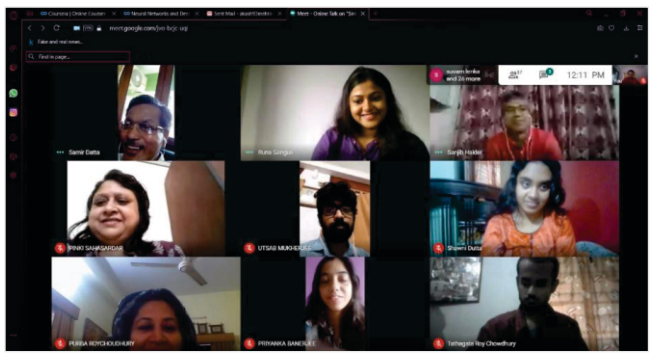
Students	Teachers
55	23

- **Report:** An online talk by Mr. Ambarish Ganguly on "Simplifying Artificial Intelligence, Machine Learning and Data Science" was organized by the Department of Computer Science, The Bhawanipur Education Society College. Mr. Ganguly has introduced basics of



AI and Data Science to the participants. Some Machine Learning applications along with their future prospects have been demonstrated by





him. This encouraged the students to work in this field and achieve excellence in career.

3. **Students' Seminar**

- **Name of the Event** : Student Seminar
- **Duration of the event** : During the month of August and September 2019.
- **Number of Participants** : 59

Semester	No. of Students
I	32
III	27

- **Report:** Student seminar was organized by the Department of Computer Science for SEM I and

Students Presenting their papers

SEM III students (CBCS) on a weekly basis. Students formed a group of two and gave oral presentations on short listed topics given by teachers of the department.

Project work outside the syllabus undertaken by students

DEPARTMENT OF BUSINESS ADMINISTRATION (Part A) 2019-2020

Departmental events

INDUSTRIAL VISITS

1. ***Industrial Visit to Shyam Steel, Burdwan by 1st year students on 10th August, 2019***

The industrial visit to Shyam Steel Industries, Burdwan has been a learning session for the student of Management. They got an outstanding opportunity to understand the theories they had learned only in books. The

management students of Bhawanipur Education Society College look forward for more such visits which can provide them a practical understanding of how business houses work.

The undergraduates of The Bhawanipur Education Society College, Department of

Management got this unique opportunity to visit the Shyam Steel Industry in Burdwan, West Bengal on 10th August, 2019. 150 students from semester I were welcomed at the Burdwan manufacturing unit of Shyam Steel by the HR head of the plant. He warmly welcomed the students and briefed them on the history and operations of the factory.

2. ***Industrial Visit to Diamond Beverages Private Limited, Santoshpur by 1st and 2nd Year Students On 23rd November, 2019***

On the 23rd of November, 2019, 50 students of BBA (Hons.), First and Second Year batch, were

taken for an Industrial Visit, to the Diamond Beverages Private Limited situated at

Santoshpur. The students were accompanied by faculty coordinator Prof. Kaushik Banerjee and student coordinators Khizir Jaffri and Tushar Venugopal, and the students were given an introductory session by the HR Manager Ms. Saranjita who provided very useful information about the company.

The students were briefed on the Processes and Operations undertaken by the plant. A question answer session was conducted by Ms. Saranjita and the visit was finally concluded and the group was offered with Coca-Cola products by the company.

3. ***Industrial Visit to Bauria Jute Mill by 2nd Year Students On 22nd August, 2019***

On 22nd August another industrial visit was conducted by the BBA Department. The 2nd

Year students get the opportunity to visit a jute mill factory. Students were accompanied by the coordinator Prof. Kaushik Banerjee and Prof. Jyortimoy Mazumdar and student coordinators Khizir Jaffri and Tushar Venugopal.

The fifty second year students of The Bhawanipur College closely observed the working of a complex industry from picking to weaving to the final manufacturing.

4. ***Industrial Visit to Anmol Industries by 1st and 2nd Year Students On 12th November, 2019***

On 12th November, another industrial visit was conducted by the BBA Department. The 1st and 2nd Year students get the opportunity to visit a biscuit manufacturing unit. Students were accompanied by the coordinator Prof. Kaushik

Banerjee and student coordinators Khizir Jaffri and Tushar Venugopal.

The sixty-two second year students of The Bhawanipur College closely observed the working of a complex industry from picking to weaving to the final manufacturing.

PUBLIC SPEAKING

BOOK REVIEW

- On 24th July, 2019, Book Review 2019 was judge by Elocutionist and anchor Projata Chatterjee participated by 19 students.

MOCK CLASSROOM

- On 27th July, 2019 Mock Classroom was organized to provide students a feel of being a professor in a classful of unruly students. The event was judged by ex-students, Jimit Bhayani, Gaurav Bajoria and Siddharth Agarwal. 20 students participated in that event.

EXTEMPORE

- On 29th July, 2019 Extempore was organized with 28 participants and judged by Prof. Arundati Mazumdar, English faculty from Department of Commerce [Evening].

MOVIE REVIEW

- On 5thAugust, 2019 Extempore was organized with 45 participants and judged by Mr. Shirshendhu Soudh, an assistant movie director.

AT FAULT GRILL

- On 13th August, 2019 a political public speaking event was organised by the department wherein 26 students participated as a reporter and a politician who went head-to-head for interview based competition.

STRESS INTERVIEW

- On 23rd and 24thAugust, 2019 stress interview was conducted with 31 candidates in the prelims and 10 candidates in the final round.

- Judges for prelims were ex-students Gaurav Bajoria, Sidhharth Agarwal Bijuka and JimitBhayani. The judges for final round were ex-students Gautam S. Bajoria and Harhsvardhan Sharma.

TURN COAT

- On 14th September, 2019 another public speaking event was organised wherein students had to switch 'for' and 'against' a controversial topic provided to them. 16 participants were judged by Mr Dominic Jenning, a pioneer of the English Language.

PANEL DISCUSSION

- On 16th September, 2019 a panel discussion was held with 12 finalist students along with 8 panellists and the moderator being Dr. (Prof.) Suman Kr Mukerjee. The topic for the panel discussion was "Who is an Indian?"

JAM AND VERTEEZ

- On 23rd September, 2019 an event of Jam and Verteez was organised. The judge was Mr. Balachandran from La Martiniere judging 11 teams of 2 participants each.

GROUP DISCUSSION

- On 13th November, 2019 several group discussions were organised for the BBA department students. The judges being Prof. Kaushik Banerjee and Prof. Jayjit Chakraborty. 5 group discussions with 10 members each were held.

DEBATE

- On 14th November, 2019 a debate was organised with the topic being 'Corruption is a bane of India'. The moderator was the Director General of The Bhawnipur Education Society College Dr. (Prof.) Suman Kr Mukerjee and judges being Prof. Chiranjib Mitra, Prof.Jayjit Chakraborty and Prof. Harshvardhan Daga. Two teams of six participants participated in the event.

FRESHERS PARTY

A fresher's party was organized for the batch of 2019-22. Various performances and dance floor were highlights of the welcoming party. Oindrila Biswas, an ex-student and professional singer warmed up the party with her melodies.

QUIZZES

GENERAL QUIZ - I

- On 15th July, 2019 the 1st General Quiz was conducted by Thushar Venugoapal with 52 students.

BUSINESS QUIZ

- On 2nd August, 2019 the Business Quiz was conducted by Thushar Vennugopal. 54 students take part in this event.

PATRIOTIC QUIZ

- On 15th February, 2019 the Patriotic Quiz was organised with 58 students from all semester. The event was conducted by Thushar Venugopal.

GENERAL QUIZ - II

- On 17th February, 2020 the 2nd General Quiz was conducted by ThusharVenugoapal with 54 students.

GENERAL QUIZ - III

- On 4th March, 2020 the 3rd General Quiz was conducted by ThusharVenugoapal with 52 students.

MARKETING EVENTS

CAN YOU SELL IT

- On 26th July, 2019 a marketing event was organised by the department. A total of 41 team with 3 participants each went on to sell numerous products to the public on-road and a second round of presentation of their strategies. Judges : Prof. Chiranjib Mitra and Prof. Jayjit Chakraborty.

START WITH 50

- On 19th September, 2019 a marketing event was organised by the department. A total of 30 teams with 3 participants each provided with Rs. 50 to invest and maximise the amount and

later give a presentation of their strategies. Judges : Prof. Chiranjib Mitra and Prof. Jayjit Chakraborty.

AD-MAD

- On 20th August, 2019 an advertising event was organised. A total of 19 teams with 2 participants each were provided with random objects to combine and make advertisements regarding the same.

T-20 AUCTION

- On 25th September, 2019 an Auction based on cricket was organised by the final year students consisting of 80 participants.

GAMES

8-BALL POOL

- On 30th July, 2019 a tournament of 8-ball pool was organised with 14 participants.

CHESS

- On 16th July, 2019 a chess tournament was conducted with 24 participants.

PUBG

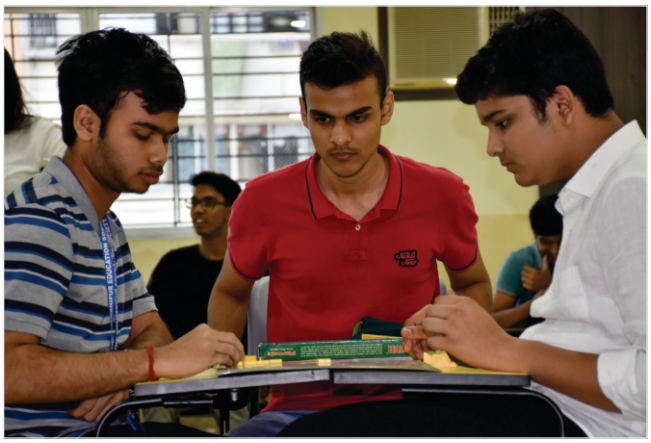
- On 8th August, 2019 the department organised a trendy mobile game tournament of PUBG. 150 students registered themselves for this event.

DART

- On 31st August, 2019 a dart competition was organised with 40 participants and the judge being JimitBhayani, an ex-student and national level dart player.

SCRABBLE

- On 6th September, 2019 a scrabble competition was organised with 40 participants.



CRICKET

- On 23rdFebruary, 2020,5-a-side cricket tournament was organised with 4 teams.

FOOTBALL

- On 1st March, 2020, 5-a-side football tournament was organised with Six teams.

BADMINTON

- On 15th March, 2020 badminton tournaments were organised by the department. We had 20 participants for the solo boys, 8 for solo girls and 16 teams for doubles.

WORKSHOPS & SEMINARS

SEMINAR AT HHI

- 35 selected students were invited for a seminar at Hotel Hindustan International wherein the speakers were stalwarts like Mr. Aman Singh, Mr. Vikrant Makhija and Mr. Shankar Muralidharan.

IN-HOUSE SEMINARS

- Two seminars were consecutively organised on 28th August, 2019. The moderator for both the seminars was the Director General of The Bhawanipur Education Society College, Dr.

(Prof.) Suman Kr Mukherjee. Total 350 students along with all faculty members were participated in this event.

- The first being "Environment and Sustainability". The esteemed speakers were Mrs. Karuna Singh, regional director for Earth Day Network and Mr. Deb A. Mukherjee, vice-president of Bengal Chamber of Commerce and Industry.
- The second seminar was named "Touching the customer's mind". The esteemed speakers were Mr. Samindra Roy, head of sales for consumer care division in an advisory role in Emami Ltd. And Venkat Subramanium, independent director advisory role of Optirisk Learning Systems India Pvt. Ltd. And Diligent Tech India Pvt. Ltd.

SEMINAR ON CALCULATOR SECRETS

- Seminar on Calculating tips, tricks and Statistics without a scientific calculator by CA Vivek Patwari. 150 participants were registered for this event.

HOW TO CRACK IT WITH SIIB

- Workshop on SNAP by Symbiosis Institute of International Business, Pune for 150 students along with a mock test.

CORPORATE TALK

- On 17th September, 2019 a corporate talk was organised for 100 BBA students to know about 'What is expected from an MBA?" by Mr. Shankar Muralidharan.

KALEIDOSCOPE

- On 14th March, 2020 a seminar on 'Economics, India the way forward' was held. The speakers being CS Vinod Kothari, CMA Arundhati Basu and CA Timir B Chatterjee. It was attended by 300 students.

CSR ACTIVITY

Students of the BBA Dept. visited an orphanage in Howrah – Badami Devi Shishu Kalyan Kendra on the 28th of September and distributed sports equipment, clothing along with some eatables bringing a smile on the faces of 27 kids.

PRODUCT LAUNCH

On 30th September, 2019 six teams of five members each came up with an innovative product of their own and launched it among the masses. The event was names as 'REVEAL' an acronym for Reach, Energize, Viral Giveaway, Excavate,

Achieve, Launch. The event was declared a success with a footfall of 1800 people.

MANAGEMENT FEST OF BBA

BONFIRE

On 29th November, 30th November and 1st December 2019 the department organized its first ever inter-college management fest with the name BONFIRE (an acronym for Bonding, Organizing, Negotiating, Focus, Intuition, Responsibility and Enterprise). The fest comprised a total of 28 events ranging for 3 days. Students from all over the city participated with the likes of pupils from St. Xavier's College, Techno India, iLEAD, Amity University, THK Jain, Jadavpur University and so on. The fest was covered by newspapers like t2, Sanmarg, etc. and radio channels like 91.9 Friends FM.

TEAM BUILDING EXCURSION

DEPARTMENTAL PICNIC

During the academic session 2019-20, the 100 students from first semester were taken for a picnic to Ibiza Merlin Resort.

CAMPUS PLACEMENT

During the academic session 2019-20, two companies came till 6th March 2020. Due to successive lockdown from third week of March, no further information has come from the company. The lists of companies include till date:

1. SELVEL ONE
2. PwC

Campus Interview by SELVEL ONE

On 6th March 2020, SELVEL ONE came to our campus to recruit students from 3rd year with Specialization in Marketing.

Multiple students appeared for the placement drive. It was a rigorous process, comprising several rounds. After the entire process got over, 8 students were finally selected, and they were initially asked to join the company, in September, but now due to the pandemic, they have been asked to report in January 2021.

The interviewers were from SELVEL ONE HR Head (Kolkata) – Mr. Jit Dhar and from HR & Administration Avijay Roy.

Campus Interview by PwC

On 12th January 2020, one of the big fours, PwC (Taxation Department) came to our campus, for recruiting students from 3rd year Finance Specialization.

The placement drive received a huge response, where multiple students participated in the

process. After all the rounds got over, 8 students were finally selected, and they were asked to join the company, in September, post their Calcutta University Examination.As of now, they have been kept on hold til January, 2021 until further notice because of the pandemic.

The interviewer was the taxation head of PwC Kolkata, Mr. Nihar Vasa.

"Education is a progressive discovery of our own ignorance."

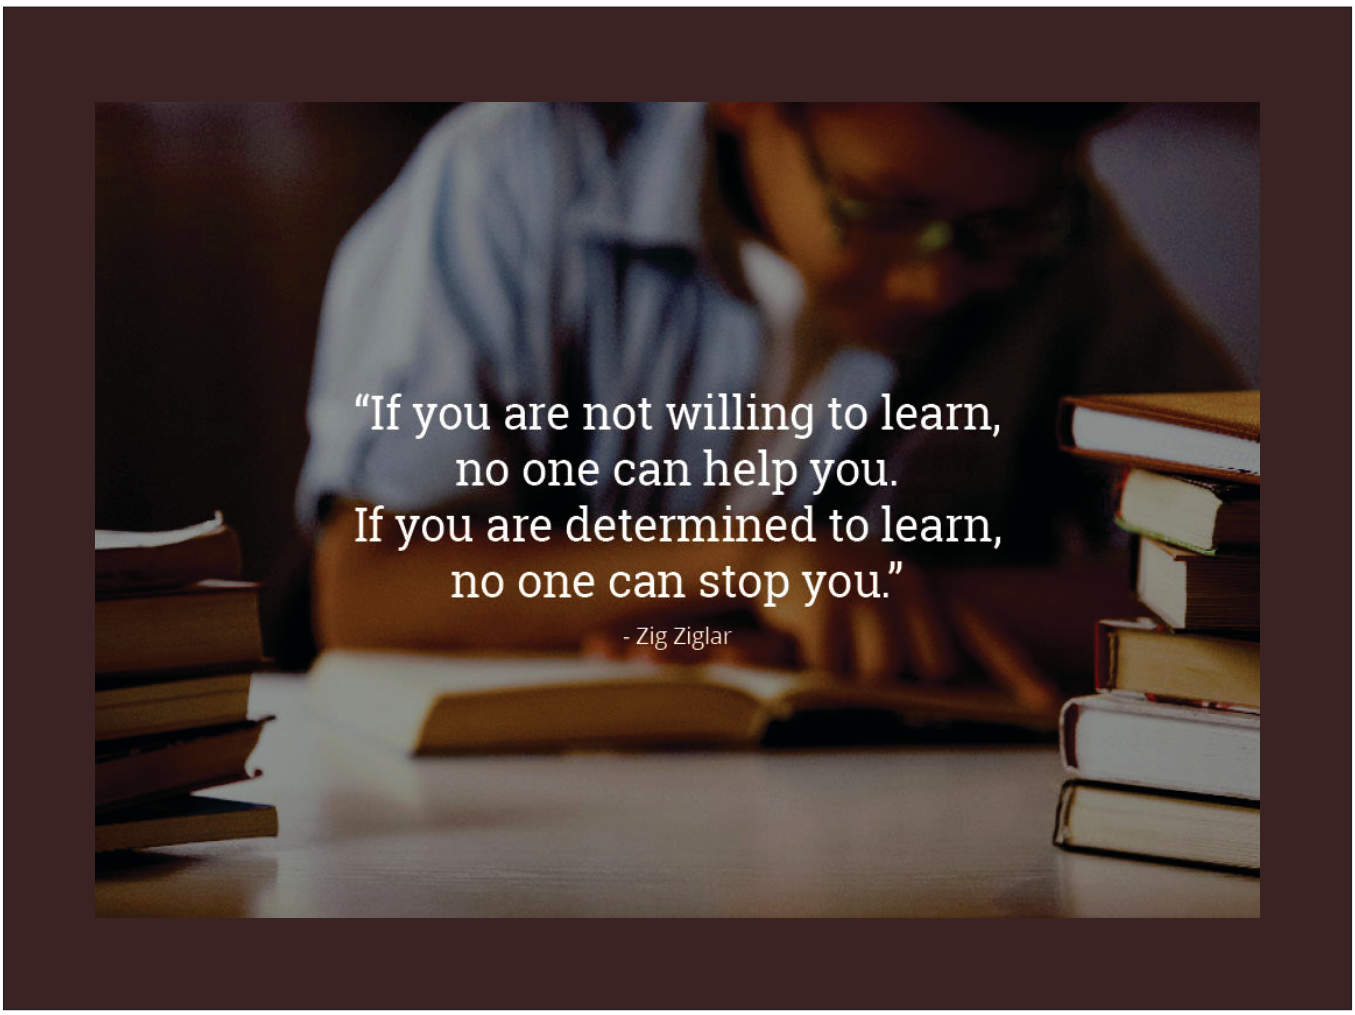
INTERNAL QUALITY ASSURANCE CELL (IQAC) 2019-2020

Report on IQAC activities 2019-2020The IQAC has played an active role to facilitate a propitious academic environment in which all departments and their programs run in harmony and in the best interests of the students, faculty and management of the institution, now that it is growing bigger and more diverse with each passing year. In order to systematize the functioning of the various departments and wings of the college, Standard Operating Procedures and corresponding reporting system have been formulated for activities in the college such as Curriculum delivery and Evaluation, organizing of seminars/ workshops/ conferences /field trips/ industry visits/ special lectures/ faculty research and publication, activities of various committees, Add-on courses/ certificate courses/ value added courses/ faculty recruitment, student related data, library acquisition, social service activities and mentoring. Accordingly the Standard Operating Procedures have been circulated to all departments. Work started on the ISO certification with a core team October 2019 and accordingly the assessment was done of various departments. In view of the need for enhancing the practical skills of students a proposal for an add on course in radio anchoring and English communication, forwarded by the departments of English and Journalism and Mass Communication was approved of by the IQAC and completed under the guidance of Mr. Biplab Dasgupta as industry expert in 2019.The College website has also been redesigned and improved making it more user friendly as a quality initiative of the IQ AC in the last academic session. Several seminars workshops and special lectures were organized in collaboration with the IQAC, both at the National and at the international level by various departments of the college, including Chemistry, English, Bengali before everything came to a standstill because of the pandemic, attended by distinguished scholars from the UK, the USA, and Bangladesh. The unprecedented pandemic drastically changed our lives and functions, both in our personal and professional lives, but the departments have been quick to adapt to the crisis and have continued to organize National and international workshops, seminars, reading sessions, panel discussions, even birthdays of Tagore and Nazrul, with people addressing or performing from different parts of the globe. Many of these events directly addressed the issue of covid-19 and the impact of the anxiety and forced confinement, the economic implications of a sudden world wide crisis, survival strategies for the sectors affected and even cross cultural impact on the body and the mind. Very lively sessions were held, extending well beyond the scheduled time. It stimulated both the students and the teachers, facing the unexpected situation. ISO certification process was completed in January 2020, after proper inspection of departmental documents like minutes of meetings, records of results, timetables, workloads and finally after a direct interaction with the faculty members of each department. Earlier, in September 2019, an academic audit was conducted by experts from the University of Calcutta, and individual reports were submitted after interacting with each department. By way of social activities, a cleanliness drive was undertaken at Mallick Ghat in Howrah, in collaboration with Earth Day Organization, on 28 September 2019, and a Cleanliness Walk was organized on 1st October, 2019, in which a large

number of students participated. A half-day seminar on "Quality in Journalism" was organised by the IQAC on 30 November, 2019, in collaboration with the Indian Association for Productivity, Quality & Reliability (IAPQR) to mark the observance of "Word Quality Day". Eminent resource persons like Mr. Snehasis Sur (President, Press Club, Kolkata), Dr. Buroshiva Dasgupta (Former Director of Media Science in several Institutions) and Mrs. Sikha Mukerjee (Former Resident Editor, Times of India, Kolkata).

Earlier in September the IQAC organised a special lecture on Mentorship Techniques for the teachers. The IQAC also decided that bridge classes would be introduced formally by allotting weekly classes specifically ear marked for students requiring additional help and guidance in every department of the college. It was introduced from the beginning of the academic year but could not be continued after the restrictions of the lockdown threw everything out of gear. Many more activities were being conceived and planned when suddenly we were caught unawares by the pandemic, leading to grievous losses and wounds in the last few months. We have not only lost many of our dear colleagues, past and present, but even students, in the prime of their lives. So this year will remain as one of the worst nightmares of our lives for a long time. We look forward to a future where the mind would thrive without the fear of death and disease paralyzing us, bridging the undesirable distance between man and man.



THE WOMEN'S CELL 2019-2020

a) Social Reach-out programs: The Women's Cell in collaboration with the Department of Sociology, The BESC - organised an event for the children at Shanti Rani Home, Bansdroni on 14.03.2020.

The event encompassed programmes like a short dramatization on women empowerment, a career-show and interactive session (by Semester 2 & 4 students of Sociology Dept.), along with a quiz and talent competition hosted by the students of the Commerce Department,

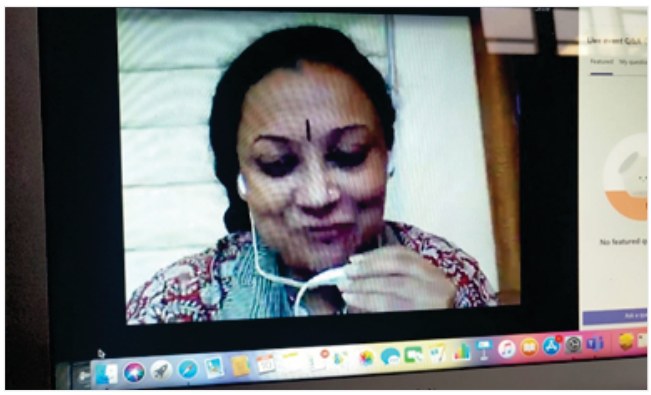
At Shanti Rani Rainbow home, the whole BESC team, with the residents and managers of the home, after our interactive session.

BESC, and several other dance and musical performances were also presented by the resident students of the home.

Residents of the Shanti Rano Rainbow Home, watching the performance presented by BESC students

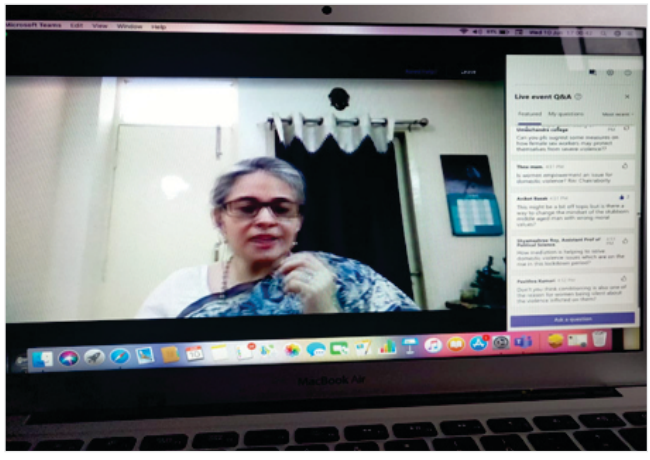
19 students from Semester 2 & 4 of Sociology Department, along with 3 accompanying faculty members (Smt. Shreya Bhattacharya, Dr.Aniksha Roy and Dr.Kamalini Mukherjee) participated in the event, alongside other faculty members (Prof. Atreyee Ganguly and Gargi Guha Niyogi) and students from BESC Commerce section.

b) The Women's Cell of The Bhawanipore Education Society College organized a talk on the digital platform approved by the IQAC of the College on the 10th of June 2020. The speaker Dr.Sohini Banerjee who is currently working as



Prof. Debanjana Chakravarti giving the introductory speech

an independent public health researcher and consultant spoke on the issue of rising incidents of domestic violence during the Covid



The speaker : Dr. Sohini Banerjee

pandemic the world over. The title of the talk was "No lockdown on domestic violence during the Covid pandemic". She spoke eloquently on the causes of the rise and also cited cases. She also touched upon the issue of domestic violence on children, adults and men as well. The talk was hugely applauded and appreciated with participation across the country. The teacher in charge Dr. Suchandra Chakravarty ended with the vote of thanks. The programme was moderated by Debanjana Chakravarti , Associate Prof, Dept of Political Science.

c) The Women's Cell, The Department of Political Science, Internal Complaints Committee of the Bhawanipur Education Society College organized One Day National Seminar on the topic, "Still I Rise: Women Empowerment in a Patriarchal Society" on August 13th, 2019, 11 am onwards at the Jubilee Hall of the 6th floor of the college campus.

The event was inaugurated with the felicitation of the speakers and the chairpersons and a welcome address by the Teacher-in-charge, Dr. Suchandra Chakravarty who set the seminar in motion with a quotation by Maya Angelou.

The event saw eminent speakers and illuminating presentations. The first session of the seminar was the presentation by Ms. Sparshita Garg, First Class Judicial Magistrate, Assam Judicial Services, Sonitpur, Tezpur, Assam. This session was chaired by

The speakers alongside Prof. Debjani Ganguly, Vice Principal Arts

Dr.Indrakshi Ghosh, Department of Economics, Behala College, Kolkata. Ms. Garg's topic was "Role of Education in Women's Empowerment". She also talked about her experiences as a Judicial Magistrate and what atrocities women have to face in their daily lives and the legal and judicial aspects of the solutions to those problems. She talked about

Ms. Sparshita Garg, First Class Judicial Magistrate

the pivotal need for education in women empowerment; as only education can lay the foundation for the women to be able to utilize the judicial and legal mechanisms that are in place for women.

Ms. Sushmita Basu, Counsellor

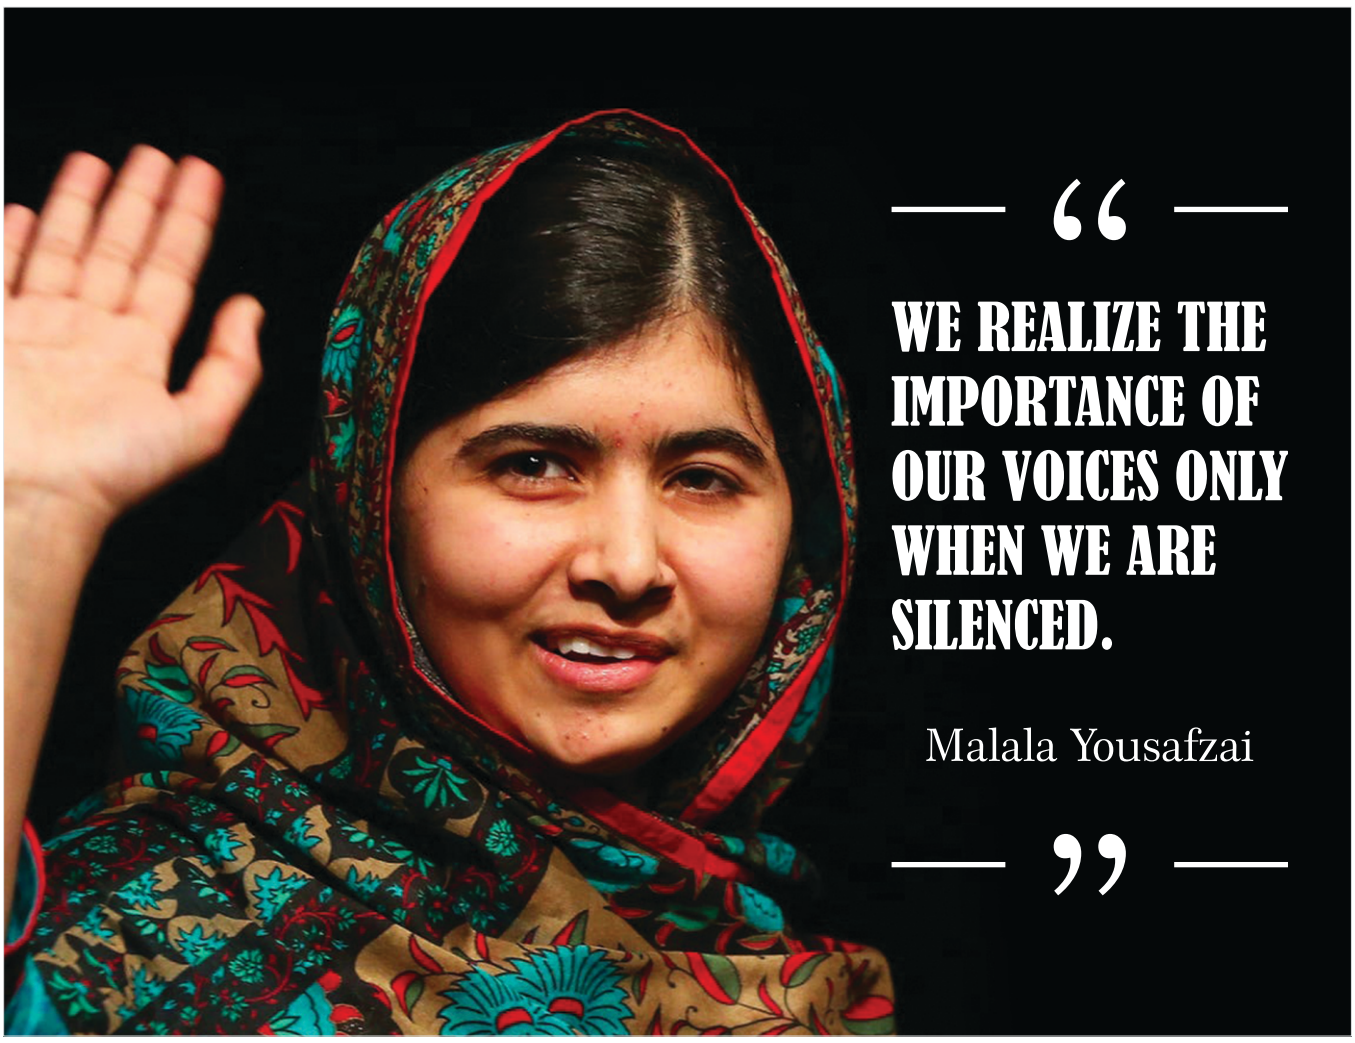
The second session saw the presentation by Ms. Sushmita Basu, Counsellor, Family Counselling Centre, EMLHIRST Institute of Community Studies, Shantiniketan. Her topic was "Hindrances in the path of Women's

Development". This session was chaired by Dr. Sharmila Rau Kumam, Department of Geography and the Presiding Officer of the Internal Complaint's Committee of Loreto College, Kolkata. This session saw the speaker talk about the ground realities being faced by the women in their daily lives, their struggles and in her presentation also recommended solutions to solve these issues and gave ideas for the uplift of women from the clutches of the patriarchal structure of the society.

The Seminar saw active participation of students, teaching and non-teaching staff alike. There were more than 160 registrations on the web portal and many on the spot registrations as well.

Housefull audience

The day ended with Prof. DebjaniGanguly, Vice Principal of the Arts Section proposing the vote of thanks.



DEPARTMENT OF RESEARCH AND PUBLICATION CELL 2019-2020

The Research and Publication Cell of The Bhawanipur Education Society College was formed in 2018. The Cell was created to promote Research Culture and facilitate publication of institutional volumes contributing to knowledge development in the academia. The focus of the Cell during 2019-2020 has been on invitation of faculty research proposals, publication of academic volumes and organization of seminars/ workshops for the students – especially the final semester students enrolled for the post-graduation programmes so as to enhance their employability skills.

However, in the wake of the global pandemic caused by COVID 19, the functionality of the Research and Publication Cell has also been affected. The Research Proposals received by the Cell for this academic session could not be subjected to the process of evaluation by subject experts due to the lockdown and the continuing impact of the pandemic. Similarly, the proposals related to publication also had to be stalled for the time being. The Cell had also been planning another seminar/ workshop for the students on research aptitude, which could not be materialized.

Nonetheless, the Research and Publication Cell is actively engaged in academic pursuits despite the adverse circumstances. Online meetings of the Cell are held and several new plans have been proposed, keeping in mind the limitations of these difficult times.

During the session 2019-2020, the Research and Publication Cell could engage in the following activities:

a. Publication and distribution of an academic volume called Cultural Gastros (2nd enlarged edition) – A book entitled Cultural Gastros, comprising scholarly articles from faculty and research scholars across various disciplines had been published by the Department of Sociology, the Bhawanipur Education Society College,

The Valedictory Session of the Critical Thinking Workshop

The Inaugural Session of the Critical Thinking Workshop

previously. In August 2019, a second enlarged edition of the same was published by the Research and Publication Cell. Copies of this volume were sent to various educational institutions of repute across the country by the Cell and two copies were sent to the National Library and MHRD respectively, as a humble effort of contributing to the domain of knowledge and research.

b. A notice inviting Research Proposals from the Cell was issued to the faculty in 2020, following the format used in the previous session. The first instalment of the financial aid for the Projects sanctioned by the Cell in 2018-19 was released by the College in September 2019.

c. Critical Thinking Workshop – An IQAC approved two-day Workshop on Critical Thinking was organized for the M.A and M.Com students of the final semester by the Research and Publication Cell in collaboration with Critical Thinking Academy, Bangalore on 21st and 22nd February 2020. The Workshop was conducted by Mr. A.S. Prasad from Critical Thinking Academy, Bangalore. With over thirty years of experience in Marketing and Management, Mr. Prasad is a trainer in Critical Thinking and a Guest Faculty at IIM Indore and NIFT. He has developed a curriculum for a course on Critical Thinking for NIFT Bangalore and also teaches the course there. Spanning across six hours each day, the Workshop was held in the second floor auditorium of the College. The aim of the Workshop was to enhance employability skills amongst the students by introducing them to the process of informed decision-making based on critical thinking and analyses of situations. The sessions were divided into introduction of critical thinking framework, logical reasoning, inductive reasoning, causal reasoning and mapping of arguments. Each participant was issued with written material of 130 pages, including parameters of critical thinking and case studies. The sessions on both the days saw active participation from students through engaging interactive sessions with the trainer. The Workshop was immensely successful as more than eighty students from both the courses registered for it. The participants were issued certificates by the Research and Publication Cell and a feedback form was collected to record their experience of the Workshop.

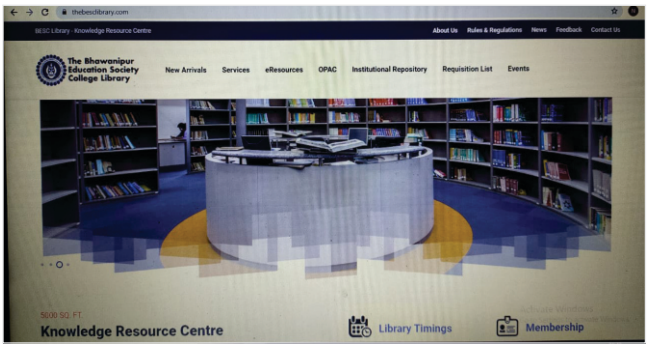
LIBRARY COMMITTEE 2019-2020

The Library Committee of The Bhawanipur Education Society was formed in the year 2013. The Committee has since played an active role in formulating general policies and regulations which govern the functions of the library along with working towards an efficient use of library resources.

Some of the objectives that were decided upon by the Committee during 2019-20 are- to increase circulation of reference and text books as well as the e-resources by 10%; to revamp the rules regarding the issuance of books with more emphasis on discipline and regularity; to constitute a Purchasing Committee (comprising a Management Representative, the Teacher-in-Charge, the Vice-Principal and the Heads of the Departments); and to make an attempt to focus on the maintenance of the library and address the problem of space crunch. Initiatives were takento achieve these objectivesand a considerable progress was made. However, the functioning of the Committee has been affected in the wake of the global pandemic caused by COVID-19. Some measures have been taken to make resources more accessible to the members of the library. Off-campus access to JSTOR and CAPITALINE has been made available to the students and teachers. User ID and password are provided on request. A request regarding this can be made by sending an email to the library e-mail address. Fifty E-books were purchased from Pearson and made available to the students of the Commerce section.

During the session 2019-20 the Library Committee could engage in and implement the following:

1. **The Online Presence -** A library website was created providing the students, teachers and all other members of the institution online access to information, resources and services of the library.



Library website

The proposal for the library website made by the Library Committee was approved by the Vice President in the month of July and subsequently data for the website was sent in instalments by the library personnel to the website developer. Apart from providing information regarding the basic services and facilities of the library, the website gives an easy access to e-resources (for example, JSTOR, the online resources of British Council et al). The website also features an Institutional Repository (IR), an online locus of archives in digital form, formally organised and segregated by degree programs. Each program repository contains program syllabi, rare books and journals, question papers, special lectures et al. OPAC (Online Public Access Catalogue) has also been made accessible to the members of the institution. Notices and information regarding new arrivals, requisition list and events are also available on the website.

The Library Website

2. **Library Brochure -** A proposal was made by the Committee to introduce the Library Brochure; it was subsequently prepared and first circulated digitally among the students on 12th July 2019. The Brochure was prepared with the aim to acquaint the students (especially those enrolled in the new academic session) with the facilities, services, timing, general rules and collection of the

Library brochure

college library also known as 'The Knowledge Resource Centre'. The brochure acts as an introduction to the library and is used as an effective way to establish the prominence of the college library as a repository of knowledge. Hard copies of the brochure are also made available to guests and visitors.

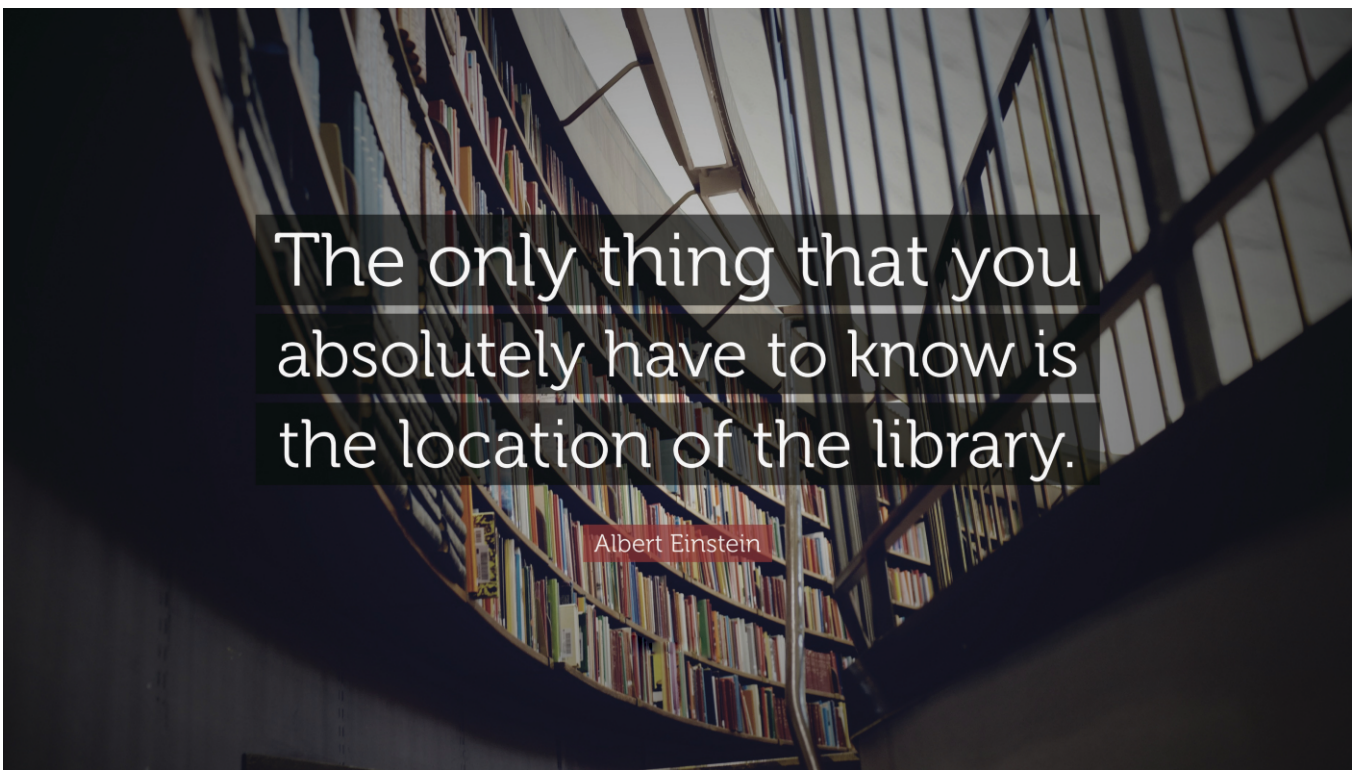
3. **Library Internship Programme -** The Library Internship Programme was introduced in 2018 in order to maximize the use of the college library and to inculcate a culture of valuing and appreciating books amongst the students. The motive of the programme was also to promote the 'Earn while you Learn' scheme which allows students to gain work experience, hands-on training and a sum of money while studying. The second edition of the programme was organized in the 2019-20 session. A notice inviting applications for internship was issued by the Library Committee and circulated to all the departments in the College. The applications received were screened with reference to the students' attendance in College and use of the library. Out of the 364 applicants, 77 were shortlisted. The shortlisted students were called for an interview by the members of the Library Committee. On the basis of the interview, 12 students were selected for the Internship Programme. The internship of the students commenced on 11th November 2019. They were paid by the College for their service at the library. The hours of internship were restricted to two hours per day, for a maximum of ten days, keeping in mind the immediate academic interests of students.

The library Interns

Interns at work

Interns being awarded certificates and remuneration by the TIC

4. **NDLI Sub-committee** - The Library Committee formed an NDLI sub-committee. The sub-committee constitutes five teacher members of the Library Committee. MHRD has initiated the NDLI project to develop a framework of virtual repository of learning resources with a single-window search facility. It has been designed to benefit all kinds of users like students (of all levels), teachers, researchers, librarians and lifelong learners. The library sub-committee members' primary aim was to recommend the platform to the students and encourage them to register as users in the NDLI portal and they were considerably successful in doing so. The sub-committee also proposed to form an NDLI Club to carry out various learning-oriented activities based on the available NDLI resources (for example Lecture Series, Quiz, Story talk et al). The sub-committee had proposed to organize an Inter-department Quiz. However, neither of these proposals could be implemented in the wake of the Pandemic. The sub-committee will carry forward these objectives in the new academic session.



ENVIRONMENTAL DEVELOPMENT COMMITTEE 2019-2020

Overview

The Environmental Development Committee of The Bhawanipur Education Society College has the prime objective of raising awareness and enhancing sense of responsibility among all the students and staff of the institution towards Mother Nature. The Environmental Development Committee has remained committed to its goal of promoting environmental consciousness and motivating all to work towards conservation and improvement of environment, ensuring sustainable development of the society at large.

In the academic session 2019-2020, the Environmental Development Committee, like the preceding years, proposed plans that would encourage the college to promote environmental consciousness, and also, bring out the research potential within students and staff and strive to motivate them to find creative solutions to environmental problems. Some of these plans were implemented. However, due to the COVID-19 pandemic and abrupt closure of the college from 16.03.2020, some of these plans could not be brought into action. Yet, the Committee's efforts were not disrupted completely, and even during the Lockdown period, the Committee celebrated World Environment Day on 5th June, 2020 by arranging an Online Special Lecture.

Report

Collaboration with Hulladeck Recycling Private Limited

The Environmental Development Committee held meetings with the representatives of Hulladeck Recycling Private Limited, a certified e-waste recycling organization, to hold a seminar to raise awareness on the issue of recycling e-waste among the students and staff of the college. There were also plans of Hulladeck setting up bins in the college premises, where the college staff and students can dispose their e-waste, which would in time be collected by Hulladeck for recycling. However, due to the compulsory closure of college from 16.03.2020 for COVID-19 pandemic, the plans had to be postponed. It remains topmost on the agenda of the Committee which would surely bring this into action on re-opening of the college.

Trip to Bengal Safari by Nature Club Members

Environmental Development Committee, with an aim to inculcate environmental ethics and impart practical skills to students to protect the

Bengal Safari Trip_Teachers and Students

Bengal Safari_Sambar Deer

Bengal Safari_Common Leopard

Bengal Safari_Male Peafowl

environment, has formed the Nature Club comprising students from various disciplines. The Nature Club finds innovative ways to conserve nature and improve environment.

Bengal Safari_Entrance

Bengal Safari_Caged Himalayan Black Bear

Bengal Safari_Caged Leopard

Bengal Safari_Swamp Deer

As part of the educational trip to Dooars, organized by the Science Section, the faculty members of the Environmental Development Committee and many of the students who are members of the Nature Club visited the Bengal Safari on the 21st of February, 2020. The reserve cum safari is located in the 'Dooars' region of West Bengal, approximately 8 kilometres from the city of Siliguri, and is spread over 297 hectares. The reserve is a enclosed part of the naturally occurring Sal forest in the region. It houses a variety of flora and fauna.

47 Students and 13 teachers enjoyed the Safari from the inside of a fully covered van. The following were noted by the Nature Club:

The safari was divided into various fenced areas- one each for bears, tigers, leopards and herbivores. The herbivores observed were the Spotted Deer, Swamp Deer and the Sambar Deer. The carnivores seen were the Bengal Tiger and the Common

Bengal Safari_Spotted Deer

Bengal Safari_Bengal Tiger

Leopard. The omnivores spotted were the Himalayan Black Bear, and Peafowls. All deer lived in the same region, some were observed to be feeding among the trees, and others by the stream. The deer mostly stayed in groups of 2 to 4. It is necessary to note that while one Leopard was out in the open (albeit in a fenced area), one leopard was caged. The same holds true in case of the seen in Bear. A singular Bengal Tiger was to be seen in the open. As for the Peafowl, they were found in each of the regions of the safari, presumably flying between regions.

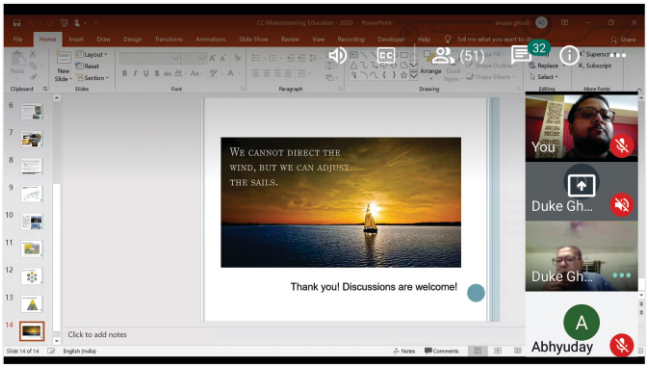
The safari enlists other animals such as Jungle Cat, Fishing Cat, White Peafowl, Palm Civet, Indian One Horned Rhinoceros, Indian Elephant, Barking Deer, Hog Deer, Wild Boar; and reptiles such as the Ganges Soft Shelled Turtle, Indian Black Turtle, Marsh Crocodile and Long Snouted Crocodile. The birds observed were the Rose Ring Parakeet. Other birds found at the safari are Red Jungle Fowl, Pond Heron, Lesser Adjutant Stork, Sulpher Crested Medium Cockatoo, Moluccan Cockatoo, White Cockatoo, Yellow and Blue Macaw, Scarlet Macaw, African Grey Parakeet, Golden Pheasant, Silver Pheasant and Lady Amherst's Peasant. Two medium sized Indian Elephants were seen in the outer region of the safari- they were abused to give rides to people.

Of the above, the following are listed in Schedules I and II of the Wildlife Protection Act, 1972, and are hence considered endangered: Peafowl, White Peafowl, Hill Myna, Himalayan Black Bear, Fishing Cat, Jungle Cat, Common Palm Civet, Indian Elephant, Indian One Horned Rhinoceros, Bengal Tiger, Swamp Deer, Common Leopard, Long Snouted Crocodile, Marsh Crocodile, Ganges Soft Shelled Turtle and the Indian Black Turtle.

In all, it was an enriching experience, with all of us learning new details about the animals.

Commemorating World Environment Day with an Online Special Lecture

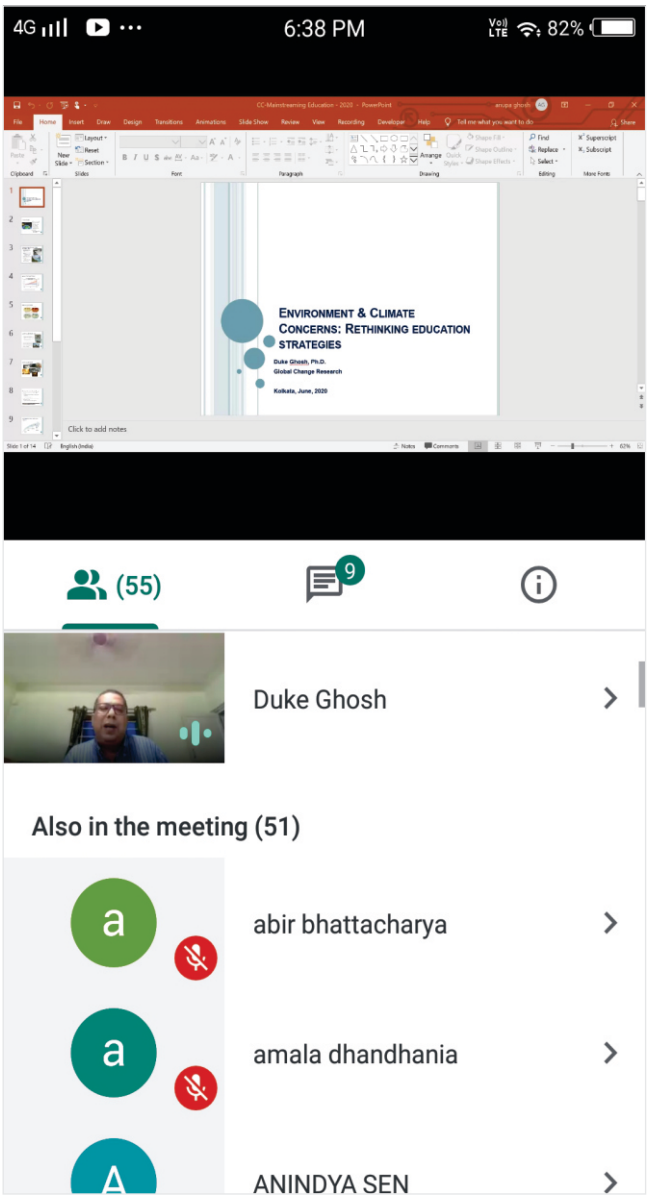
On 5th June 2020, the Environmental Development Committee organised an online special lecture on "Environment and Climate Concerns: Rethinking Education Strategies" to mark the occasion of World Environment Day. It was a privilege for the Committee to have as the



Lecture on World Environment Day_Discussion Session

Lecture on World Environment Day_Dr Duke Ghosh Presenting

speaker Dr Duke Ghosh, Partner, Global Change Research. He was a fellow of The Ryoichi Sasakawa Young Leaders' Fellowship Fund (SYLFF) and also a former WOTRO-NOW Post-Doctoral Fellow at



Lecture on World Environment Day_Dr Duke Ghosh Speaking

the Global Change Programme, Jadavpur University. He has also been a Research Fellow of the Science and Policy Research Institute (SPRU) of the University of Sussex and is currently the Partner and Researcher at Global Change Research, Kolkata. An Economist by training, Dr Ghosh has a rich experience of providing research and consulting services to the Government and institutions like the Government of India, various state Governments, ADB, UNIDO, UNDP, DFID, SIDA, CII, Price Water House and Coopers, Ernst & Young, Oxford Policy Management, etc. Dr. Ghosh has completed his Ph. D. in Economics at Jadavpur University as a SYLFF (The Ryoichi Sasakawa Young Leaders' Fellowship Fund) Fellow and holds a Post Graduate Diploma in Business Management (PGDBM) from the Indian Institute of Management, Calcutta.

50 Teachers of the college from all the departments as well as 12 students of the Nature Club attended the talk.

Dr Ghosh elaborated on the various impacts of climate change especially concentrating on the economy of the world. He advised on a multi-disciplinary approach to understand and solve various environmental issues focussing on how individuals could develop themselves and be aware of the problems of the world we all are a part of. He also advised as to what we, as parents and teachers, could do to improve life on the planet and come up with strategies and solutions to combat climatic concerns.

Lecture on World Environment Day_Dr Duke Ghosh Presenting

The lecture was highly informative and engrossing and kept all listeners engaged till the very end. The lecture was followed by a question answer session. Questions were asked by the students and faculties as well. The interest of the students was apparent from the questions that kept flowing from them. The program was a great success since it was appreciated by the students and the faculties alike.

FACULTY DEVELOPMENT CELL 2019-2020

Faculty Development Cell

The committee deliberated on effective methods of Faculty development like organising workshops for technology based teaching and introducing subject specific faculty development programmes.

The Committee organised a workshop by Mr. Sanjib Sanghi 5th of August, 2019, attended by both teaching & administrative staff of the College

Agenda of the Training Session :

How a CA firm can use Automation to Digitally Transform their Practice

1. Paperless Office - Document Management & Cloud Based Storage
2. Work Management - Time Sheets & Work Priority Management and automating

Business Process

3. Human Resource Management - Recruitment, Documentation, & Performance Management
4. Data & Network and Cyber Security
5. Customer Relationship Management - Proposal & Lead Management; Sales Process Life Cycle
6. Training & Quality Service – Checklists, Learning Management System; Advanced Excel & Online Accounting Package
7. Cloud / Online Accounting & other SaaS tools
8. Technology Management – Integration & Upgradation
9. Digital Reputation & Marketing – Website, Blogging & Social Media
10. Data Analytics, Dashboards & Infographics for Client Reporting

It was observed by the cell that online education is becoming increasingly central in higher education. Institutions need to adapt new methods of teaching-learning in the face of growing technological advancements, to remain viable in the long run.

Plans were made to organise programmes accordingly, like workshops on use of MOOCs, blended form of teaching and use of latest technology in curriculum delivery. Due to the pressure of semester based teaching and frequent examinations, the workshops were planned in May, 2020. But it could not be held due to country wide lockdown since March 22, 2020, due to Covid 19.

INTERNAL COORDINATION COMMITTEE

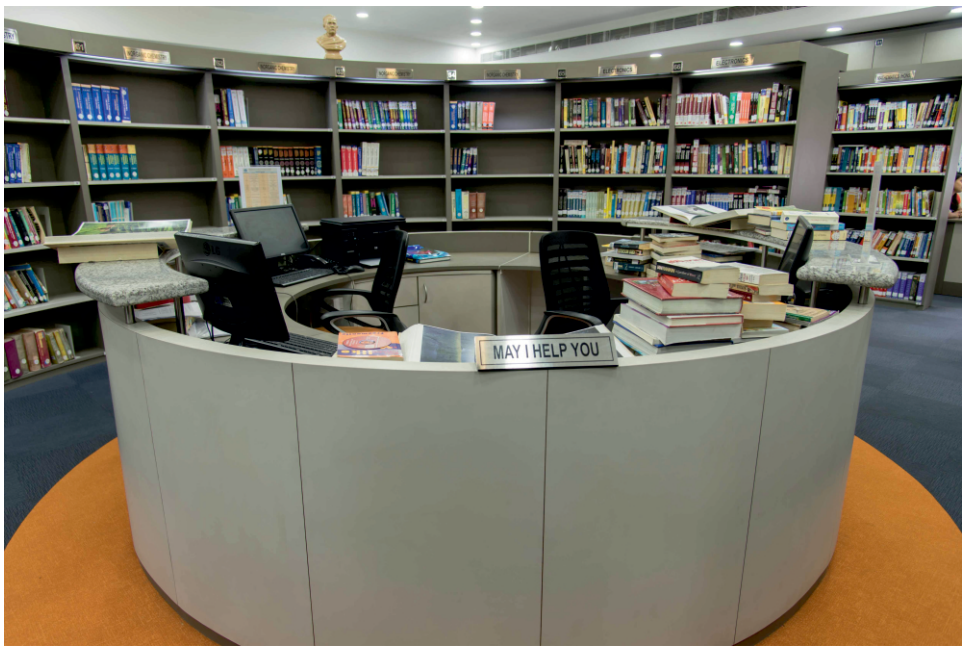
Internal Coordination Committee

- The committee has successfully implemented the CBCS system of curriculum delivery in all the departments through regular discussions
- Policy procedures related to Continuous Internal Assessment, remedial classes and bridge classes were deliberated and smoothly implemented in all departments. Methods of identification of slow learners were also decided through deliberations.
- The Committee advised the process and methods of conducting effective mentoring classes
- Proposals of Seminars, webinars, workshops and conferences were collected by the committee, reviewed and placed in IQAC for approval. A number of national and international events were organised based on the proposals forward by this committee

The committee proposes to deliberate on the methods of smooth conduct of online classes by all departments.

The committee plans to encourage complete digitalization of curriculum delivery and introduction of flipped classroom so that student learning is not hampered by COVID 19.

KNOWELDGE RESOURCE CENTRE
2020-21



KNOWELDGE RESOURCE CENTRE

VISION STATEMENT

The Knowledge Resource Centre (Library) endeavors to be a national leader in helping educate students to become skilled, effective, responsible information users: that is, people who recognize when they need information, and know how to find, retrieve, evaluate, and use it effectively, efficiently, and ethically. The Library practices agility in being able to respond quickly and effectively to fast-paced change in our profession of librarianship and information science, our College, and our higher education arena. We take an entrepreneurial approach: we undertake the challenge of providing exemplary library and information resources and services in creative, sometimes unconventional ways within the innovative Champlain environment; organizing, operating, and assuming the risk for securing and deploying the needed resources. As "entrepreneurs," we create and grow as an effective library unit within the larger organizational context of the College. In support of the College's approach to higher education (a unique blend of technology leadership, market savvy innovation and fiscal responsibility with a commitment to "the human touch"), we secure and deploy the best available technology to support students and faculty in their information needs, we capitalize on the innovative design and purpose of the Information Commons, and we create, maintain, and make known the Information Commons as an intellectual center on campus -- a welcoming and supportive environment staffed by effective and

caring professionals. This distinctive approach permeates both the physical and virtual Library, its resources, its staff, and its services, as we provide relevant, patron-centered support to students, faculty, and staff.

LIBRARY ORIENTATION PROGRAMME

Like every beginning of the academic year this year also Library Orientation Programmes were organized at the initiative of the Dean of Student Affairs, Prof Dilip Shah and the Vice Principal of Arts and Science Department. The programme was organized to familiarize the students with the functioning of the library. It helps the students to understand and to know how to use the Knowledge Resource Centre its "Resources" and it is required for the effective use of the resources and services offered by Knowledge Resource Centre. This year M.COM (Semester-III), B.A, B.COM, B.SC (Semester – II & IV) Students presented the library Orientation Programme to the new students. The senior students are clearing the query of the newly joined students. These sessions has been well received and help the interaction between the library and the participants.

IN-HOUSE FACULTY AVAILABLE FOR GUIDANCE

Interactive Sessions between the faculty members and the students is a new initiative taken by Knowledge Resource Centre which allows the students to clarify doubts about what is taught. Students have greatly appreciated this effort and initiative taken by the library. The number of such sessions increased based on positive feedback from the students.

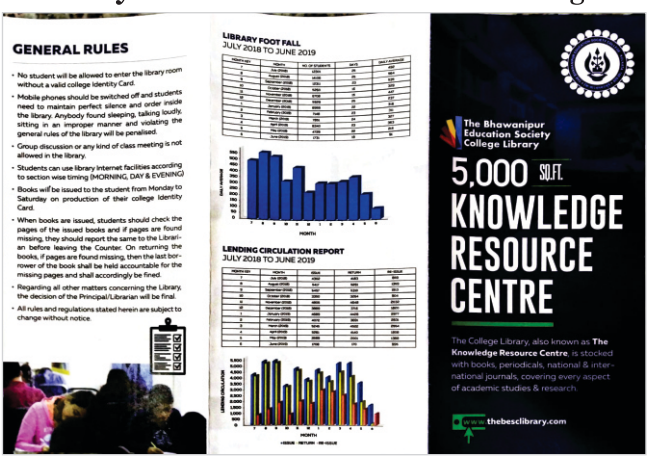
SEMESTER-II, IV, VI

LIBRARY BROCHURE

Knowledge Resource Centre this year introduced **"Library Brochure"** for the students and guest.



If any-one wants to know anything about library they can go through with the library brochure. Library brochure link is forwarded to the students and a hard copy is available in the library.

BEST LIBRARY USER (MONTH WISE)

The Knowledge Resource Centre from this year started **"Best Library User"** for every month. It is for Students and Teachers as well. We are calculating it on the basis of number of hours spent in the library for study purpose. It is encouraging the students and teachers to spend more time in the library for academic purposes. The details of the students are as follows:

STUDENT	TEACHER
FEBRUARY 2020	
	
Shreyansh Agarwal *B.Com (H) Semester-VI*	***Prof. Debdutta Sen*** *Evening Commerce*
JANUARY 2019	
	
Pratik Jaiswal *B.Com (H) Semester-III*	***Prof. Gargi Guha Niyogi*** *Evening Commerce*
DECEMBER 2019	
	
Saif Ali Khan *B.Com (H) Semester-V*	***Prof. Gargi Guha Niyogi*** *Evening Commerce*
NOVEMBER 2019	
	
Ravi Kumar Singh *B.Com (H) Semester-I*	***Prof. Gargi Guha Niyogi*** *Evening Commerce*

STUDENT	TEACHER
OCTOBER 2019	
	
Rupal Singh *Economics (H) 3rd Year*	***Prof. Gargi Guha Niyogi*** *Evening Commerce*
SEPTEMBER 2019	
	
Md. Tafzirul Islam *B.Com (H) Semester-III*	***Prof. Gargi Guha Niyogi*** *Evening Commerce*
AUGUST 2019	
	
Bharat Mantri *B.Com (H) Semester-**I***	***Prof. Gargi Guha Niyogi*** *Evening Commerce*
JULY 2019	
	
Vidisha Gupta *B.Com (H) Semester-I*	***Prof. Barnasree Chatterjee*** *Afternoon & Evening Commerce*

LIBRARY INTERNSHIP: EARN WHILE YOU LEARN

Internships in academic libraries are excellent examples of this type of environment. Although these internships take place outside of the classroom, students can have meaningful educational experiences that have a profound impact on their careers. Library internships also exemplify the best characteristics of liberal education, particularly the formation of strong mentoring relationships, regardless of the type of institution the student attends. So on the basis of that

The Bhawanipur Education Society College **"Knowledge Resource Centre" completed the 2nd"Library Internship: Earn while you**

Library Interns Group

Library Interns are processing the books

Learn"programme in the year 2019-2020. **364** students applied for the library Internship and 77 were shortlisted. The applications received were screened with reference to the students class attendance and use of library. The Shortlisted students were called for an Interview by the members of Library Committee. And 12 students are selected for Internship. The Internship commenced on **11th November 2019** and ends on **29th November 2019**. Interns worked on 3 shift (Morning, Afternoon & Evening). We had taken the **feedback** from the Interns also after the Internship for further improvement and modification purpose.

Benefits to the Library:

- Extra helping hands expedited the work of book processing.
- Extra help in arranging books helped to organize the open access shelves faster than before.
- Internship report may-be added in the NAAC report.

- It will encourage more students to use the library.

Benefits to the Interns:

- Introduction to the processes of a library.
- Familiarity with the books in the library.
- Monetary Compensation.
- Exposure to a professional working environment.

LIBRARY RESOURCE DETAILS

Books, Journals and Magazine Details:

Total number of Books	48084+
Total number of Books added 2019-2020	**5390**

INSTITUTIONAL MEMBERSHIP DETAILS

❑ BRITISH COUNCIL (KOLKATA)

We are an Institutional member of "British Council Library". We can access the following resources:

- Any 30 Documents (Books, magazines, Film DVD's (max 10) for three weeks
- The selection of physical resources are among:
- 25,000 books on various subjects like English Language and Literature, a wide range of books for children, Contemporary UK, Management, Psychology, General Sciences and Social Sciences and many more.
- 3000 DVDs
- 250 specially curated Training Videos for Institutional Members
- Magazines from the UK
- Newspapers like The Guardian and Financial Times (UK edition)
- Audio Books: There is a number of audio books on fiction and non-fiction. Just plug a pair of headphones and listen to the commentary of the stories while you are online or offline.
- eBooks: Popular books on fiction and non-fiction, biographies and autobiographies written by Agatha Christie, JK Rowling, Michelle Obama and many more.
- Magazines: More than 3000 magazines like The Economist, New Scientist, Marie Claire, MIT Sloan Management Review and many more.
- Hoonuit: Video based tutorials which cover 500 of today's most popular software's like MS Excel, Word, PowerPoint, Adobe Photoshop, Illustrator, Dreamweaver. It also has soft skill training video-based materials for students and young professionals.

❑ National Digital Library of India (NDL)

We are the Institutional member of "National Digital Library of India (NDL)". Our knowledge centre members can access the resources not only within the premises of our college but also from anywhere and at any time. It is an initiative of the Ministry of Human Resource Development under its National Mission on Education through Information and Communication Technology programme. It is developed by IIT Kharagpur, it is a virtual repository of learning resources with single window search facility. Useful resources which we can access are as follows:

- 7 Lakh books by 3 Lakh authors in 70 languages
- 3 Lakh articles by more than 2 Lakh authors from different publishers
- 95,000+ thesis by researchers from different Indian institutes.
- Manuscripts from Satyajit Ray Society, Vidya Prasarak Mandal and others
- 262 audio lectures are available in English and Tamil. More will be added.
- 18,000+ video lectures from 11 sources.
- 33,000+ Question papers from 23 sources.
- Web courses from different domains like agriculture, physics and others.
- Data set from OECD, i-Library, South Asian Archive and others
- Annual report from 12 sources.
- 12,000 reports from 17 sources.

v JSTOR

We have purchased JSTOR for our Institution. Students and teachers can access the resources within the campus and out-side campus also. The useful resources are as follows:

- ***Journals***

  Full runs of more than 2,600 top scholarly journals in the humanities, social sciences, and sciences. JSTOR works with a diverse group of nearly 1,200 publishers from more than 57 countries to preserve and make their content digitally available.

- ***Books***

  70,000 DRM-free e-books from scholarly publishers, integrated with journals and primary sources on JSTOR. The collection includes both backlist and front-list titles, and there are no limitations on the number of uses or downloads.

❑ CAPITALINE

We have purchased CAPITALINE for our institution. It can be accessible by the students and teachers within the campus and outside the campus also.

- Company data (raw data) can be accessed.
- Company profile can be accessed.
- Other important data can be accessed and they can be downloaded also.

LIBRARY FACILITIES AND SERVICES

- BESC Knowledge centre is a fully automated library, providing paperless issue, return and reissue of books, journals and magazines.
- **Science Department students can take 4 books at a time for a period of 28 days for each books. The books can be reissued twice for 28 days, each time, The library allows issuance of additional books to students during University Examinations.**
- **M.A & M.COM students can borrow 5 books and 1 journal for 28 days. The books can be reissued twice for 28 days, one again. The library allows issuance of additional books to examinations during University Examinations.**
- **Under Graduate students (except B.B.A) students can take 3 books at a time for a period of 28 days for each book. The books can be reissued twice for 28 days and during the University Examinations students can take additional time to return them.**

- **B.B.A students can take 5 books at a time (because of their vast course) for a period of 28 days for each book. The books can be reissued once for 28 days and during the University Examinations students can take additional books.**
- **For other P.G & U.G students Solved 5 to 10 years Question Bank and University Question paper (unsolved) are available.**
- Students can access **"Capitaline Database"** to get raw data of the individual companies. It helps them to complete Project and Dissertation work.
- The Knowledge Centre remains open **6** days a week from **Monday** to **Saturday** between **8:00a.m** to **8:00 p.m**.
- The Knowledge centre currently has a stock of 14 Newspapers, **51 Journals** & Magazines for the use of the students.
- The Knowledge centre is well equipped with **10 Wi-Fi** enabled computers for the use of the students, where they can access e resources and other relevant data.
- **OPAC (Online Public Access Catalogue)** facilities are available for the students.

Library Facilities for Faculty Members

- The faculty members can issue **6** books as well as journals at a time for 1 month each.
- Current Awareness Service is available for them through mail and other web 2.0
- A separate Computer is available for them to utilize the digital resources.
- Online **JSTOR, CAPTIALINE DATABASE** is available for research purpose.
- Separate tables are also allocated for study purpose.

KNOWLEDGE RESOURCE CENTRE STATISTICS

(JULY 2019 – JUNE 2020)

The following is the Circulation Report which we have been able to prepare through our Automated Software.

LENDING CIRCULATION REPORT from 01/07/2019 to 30/06/2020

MONTH KEY	MONTH	ISSUE	RETURN	RE-ISSUE
7	July (2019)	7202	7075	859
8	August (2019)	5774	5688	1359

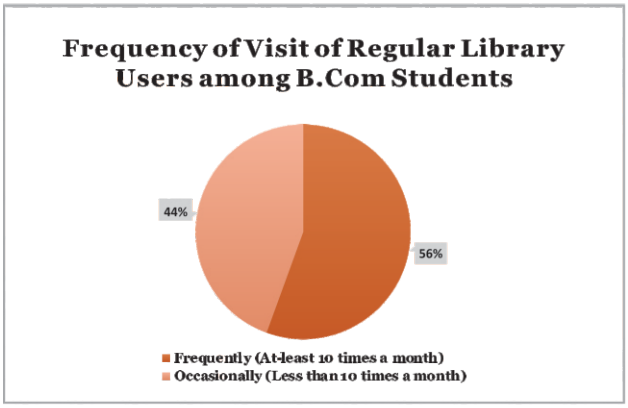
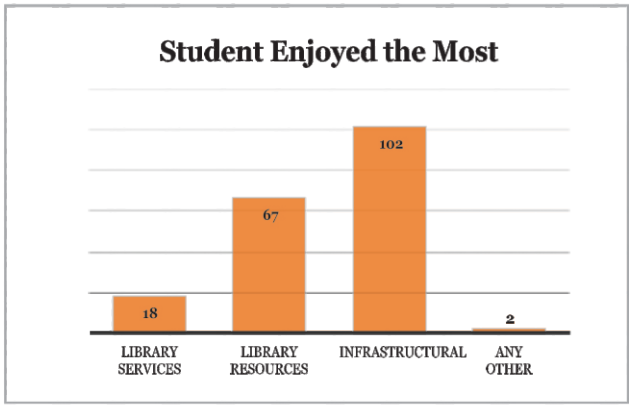
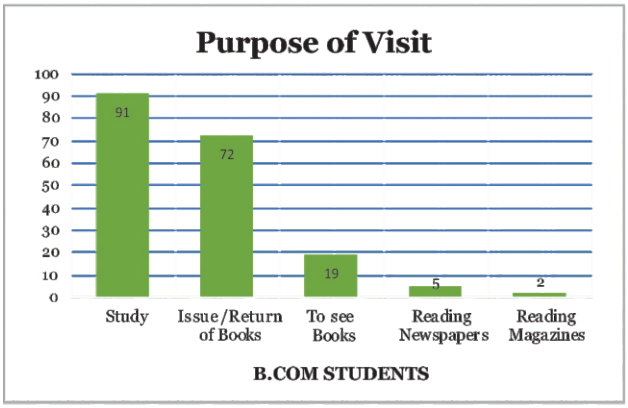
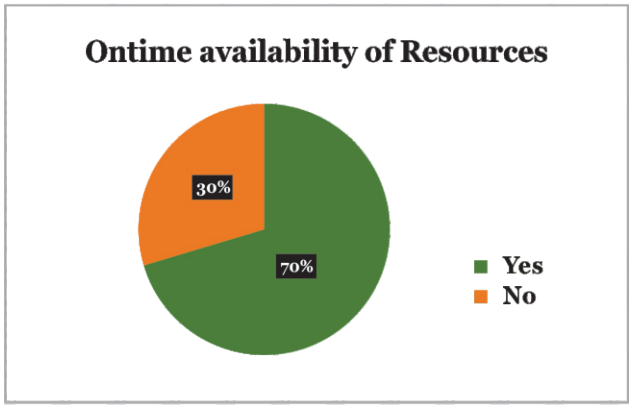
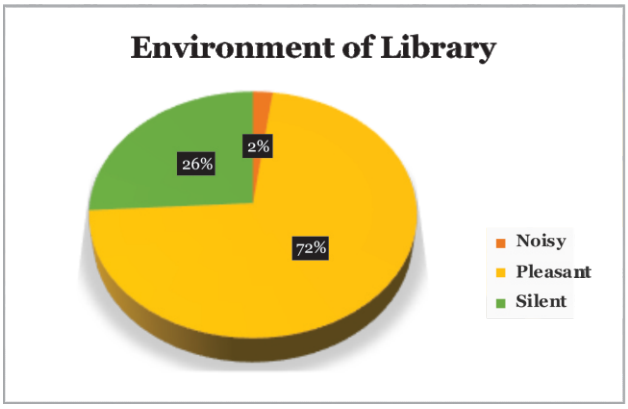
Feedback from B.COM Students who have visitedLibrary Regularly

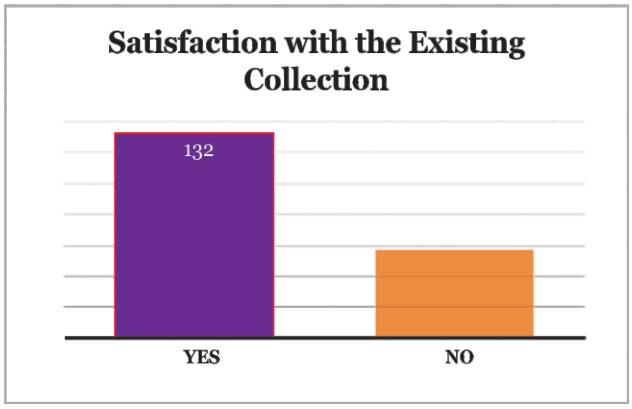












USER SATISFACTION SURVEY ON KNOWLEDGE RESOURCE CENTRE (LIBRARY)

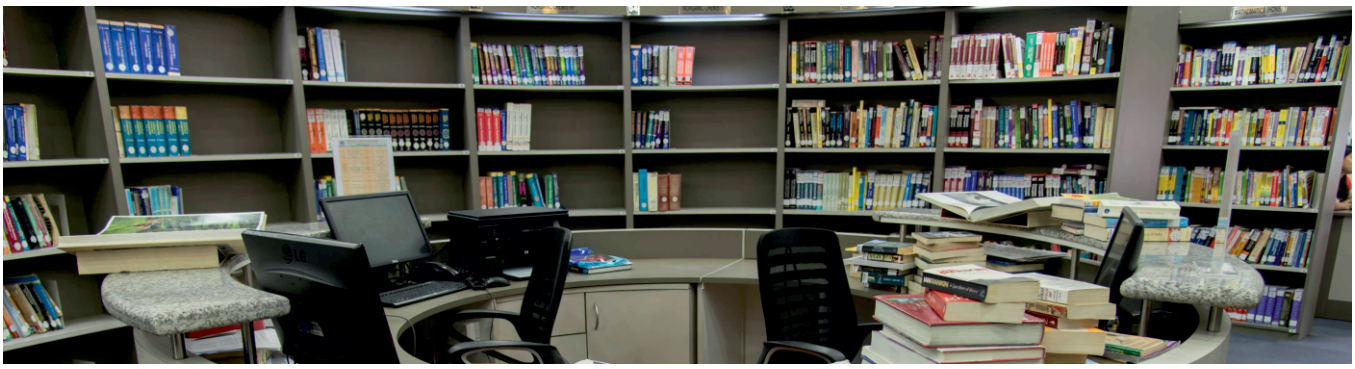
User Satisfaction Survey Conclusion(Some major points):

- A lot more books can be added, not only related to courses or studies but also a lot of other good books as well.
- Allow students to take water bottle inside the library.
- Space should be increased for seating and studying and computers also need to be increased.
- Uses of Laptop/ Phone with earphones should be allowed for study purpose inside the library.
- More discipline should be ensured.

The Online Presence:

The Knowledge Resource Centre earlier used to have a dedicated page in college website but from this year we have a dedicated website for the library. We are very thankful to our Vice President

Mr. Miraj D Shah , who had given us the opportunity to showcase our institution resources to the students, teachers and outsiders. The salient feature of our website are as follows:



Institutional Membership:

BRITISH COUNCIL | JSTOR | N-LIST INFLIBNET | CAPITALINE DATABASES | National Digital Library of India

Online Courses:

FREE ONLINE EDUCATION swayam शिक्षित भारत, उन्नत भारत | ePathshala learning on the go | NATIONAL SCHOLARSHIP PORTAL Ministry of Electronics & Infromation Technology, Government of India | UGC MOOCs A VERTICAL OF SWAYAM | NPTEL

THE BHAWANIPUR

The Bhawanipur Education Society College

EVENTS 2019-2020

Gully Life – the story Divine

Jubilee Hall. July 2, 2019.

A crowd of two hundred students of the Bhawanipur Education Society College (BESC) were treated to the story of a boy-next door, making it to the top, becoming in the process one of India's most sought after musician.

After Ranveer Singh portrayed the epic journey in the Bollywood blockbuster, the real life story that has everything that fires the imagination of the youth – a desire to succeed against all odds, fortune favouring the brave, the saga of raw talent triumphing over all else, foot stomping music – that too built into a rags-to-riches story with a splattering of teenage, and bubblegum romance.

Ranveer Singh recounting the epic story of the Bollywood blockbuster

As prof Dilip Shah, the Dean of Student Affairs of the BESC pointed out to the students, the story of Vivian Farnandes, the principal protagonist in the movie, is much more than glitz and glamour of show business. "It is about the desire to dream big and pursue the dream with single minded devotion. It is a lesson, that if one is able to make the transition from the good to the great, all the world becomes his stage". He also pointed out how the successes of the musician and then the movie that followed, have made rapping fire the imagination of the Nation, which was till the other day restricted to a handful of dedicated exponents.

A section of the audience – in rapt attention

Perhaps it is this connect with the students – the ability to give them what they want, yet, be able to spice it up with life lessons that makes the BESC what it is. Great students can be coached academically, but unfettered minds that go out and conquer? Guess, BESC is one of the few institutions that has not only figured the way out, but is also walking the talk.

GST Mela

Valia Hall. July 4, 2019.

The Goods and Services Tax, long after its introduction and implementation, continues to be one that arouses controversies, especially of the kind that arises out of the failure to understand its finer nuances. The Bhawanipur Education Society College (BESC) which had pioneered courses about GST even before its formal induction has been in the forefront of the effort to understand and disseminate knowledge about it and is widely regarded for its contribution to the field. Naturally, the Eastern India Regional Council (EIRC) of Institute of Chartered Accountants of India (ICAI) chose the BESC to partner with, when it wanted discuss the various issues that has come to the fore, post implementation of the GST.

Distinguished panellists at the GST Mela organised to mark the 70th anniversary of the CA day – a BESC event organised in association with the Eastern India Regional Council (EIRC) of the Institute of Chartered Accountants of India (ICAI)

The event, GST Mela, was organised to mark the 70th Anniversary of the CA Day, which the Institute commemorates with due solemnity and reverence.

Distinguished panellists from the professional body – CA Nitesh More (Vice Chairman, ICAI, EIRC), CA Dr Debasish Mitra (Council Member, ICAI, EIRC), CA SumitBinani (Chairman ICAI, EIRC), CA Sushil Goyal (Council Member, ICAI, EIRC), Devendra Negvenkar (Commissioner GST), CA Vasudeo Agarwal (President ACAE), CA Debayan Patra (member ICAI, EIRC) were present on the occasion and were warmly welcomed to the college by the Dean of Student Affairs, Prof Dilip Shah. In a brief welcome speech, which preceded his felicitation of the distinguished guests, Prof Shah, highlighted some of the key concerns regarding GST requesting the panellists to shed light on them, thereby, to a very large extent setting up the framework of the discussions that were to follow.

Six tables were set up for representatives of industry and business associations as well as SME representatives seeking solutions to GST related hurdles being faced by them. All queries were answered by the practitioners and was overseen by the experts from the respective departments. Students assisted in placing the queries before the relevant expert and were also present while the answers were provided, which was an extremely beneficial exercise for them as it helped them better their core understanding of GST and its application.

The detailed sector wise analysis of the tax and its impact covering industries like real estate, transportation, textiles, trading, manufacturing, healthcare, hospitality and services was found to be extremely beneficial by the students, to whom it was like a manna straight from the heavens.

Orientation 2019

Jubilee Hall. July 2019

Jubilee Hall. "Orientation" literally refers to a person's basic attitude, beliefs, or feelings in relation to a particular subject or issue. The act of moulding such attitudes or beliefs, too, is widely referred to as Orientation and it is this moulding, that the Bhawanipur Education Society College (BESC) seeks to impact, when it conducts a series of Orientation programmes each year as a new crop of freshers come in to be subjected to a lifestyle called Bhawanipur.

This year was no exception either as Prof Dilip Shah, the Dean of Student affairs personally welcomed all the newcomers – from the BCom, BA, BBA and BSc streams – through a series of programmes, spread over almost a week. He

Prof Dilip Shah, the Dean of Student Affairs, personally inviting newcomers into the BESC family

A fresh batch of students in the Orientation Programme –being initiated to become achievers, join the family called BESC

introduced the freshers to the various facilities that the college offers getting them acquainted, so that they are able to make full use of them for which they are intended. He talked about the spirit that is BESC – where achievements are only milestones that are to be achieved and surpassed. He talked at length about the unique philosophy of the institution that believes in freeing the young minds from the shackles that academic education has become in its simplest form. He also talked about how the college successfully imparts training in all the relevant subjects by making the minds receptive to the information being imparted, even as the students partake of activities they enjoy.

All the orientation programmes were attended by members representing the different collectives of the BESC – where students volunteer to participate in programmes of their choice as they go about imbibing invaluable life skills. Collective members were also given the opportunity to interact with the interested newcomers, address their issues and then embrace them into the ranks.

BESC orientations, like everything else is interactive, where the students play an active part – seek here a student welcoming the freshers

Prof Shah also explained to the students the BESC exclusive – Career Connect, where students are provided with opportunities to pursue a specific course, conducted by professionals from the respective fields, with the opportunity of turning it into a career option. Dr Divyesh Shah, the head of the morning commerce section of the college and Prof Minakshi Chaturvedi assisted Prof Shah in introducing the specific career Connect programmes and addressing the queries that the students had.

Members of the Flames and Enact Collectives of the BESC regaled the crowd in each orientation programme with pieces that were exclusively crafted by them for the purpose.

Where life meets theatre!

Placement Hall. July 17, 2019.

"The Bhawanipur Education Society College takes theatre so seriously that it has progressed way beyond the theatricals" said Prof Dilip Shah, the Dean of Student Affairs of the BESC as he unveiled the first workshop conducted by Enact – the theatre collective of the BESC. The workshop was aimed at sensitising the freshers and welcoming the willing from among them into the Enact fold.

An Enact presentation being staged. Enact is the theatre collective of the BESC

About a hundred students participated, keen to become a part of a movement whose reputation precedes itself, for Enact productions are not only stuff that campus fests lore is made of, but are also widely celebrated by the professional theatre community.

Bibhash Mukhopadhyay and Debasish Haldar, theatre personalities conducted the workshop. The interactive nature of the workshop that followed, games were played, jokes were cracked, expressions and emotions enacted in the most engrossing manner, through all of which the veteran theatre actors showed the participants how they can rise above the bar and establish rapport with the audience, sway the audience with their messages and generally entertain even as they enlighten.

It was another ordinary day at the BESC.

Workshop by Allcap Communication on Photography & Content writing

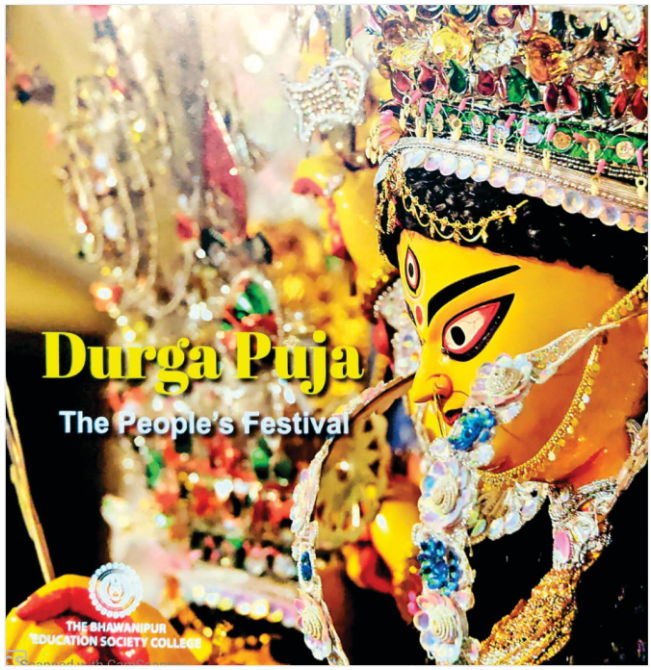
Classroom 429 & 430.July 20, 2019

The Bhawanipur College in association with AllCap Communication a content and communications provider conducted an online Essay Competition on the topic "Durga Puja & Me" and a Photography Competition on the topic "My City".

They received overwhelming response following which they shortlisted 10 students for the workshop. The workshop was conducted by a senior Photojournalist.

After successful submission of the workshop assignments 2 students from each category was selected for an Internship with Allcap Communications to work on a Coffee Table Book by the College on Durga Puja.

Writing	Photography
1. Shrey Shantanu BA 1st year	1. Debotri Ghosh BA 1st year
2. Fathma Nadim BA 1st year	2. Nabaneeta Pal BA 1st year



BESC is as socio-culturally oriented as it is focussed academically: cover of BESC publication on Durga Puja – the people's festival.

Creative Writing Workshop

Placement Hall.July 22, 2019.

The 'Placement Hall' was abuzz with students from divergent streams as a 'Creative Writing Workshop' was organised to generate within students an interest in writing and also introduce the participants to the joy of it.

The event started by welcoming the faculty, CA Amar Agarwal by Professor Dilip Shah. The inauguration was followed by an amazing discourse by CA Amar Agarwal regarding creative writing and how students can acquire the habit of writing.

CA Amar Agarwal, poet, author and writer at large, conducting an informal session of a workshop on writing

The Guest of Honour was overwhelmed, witnessing the eagerness of the enthusiastic students to learn more about creative writing. He appreciated the college for having organised such an event and expressed his earnest hope for more such events. The programme concluded with a vote of thanks by a student Bansari Hindocha.

Vox Populi Workshop

Placement Hall. July 24, 2019.

The phrase 'Vox Populi' having a Latin etymological reference which literally translates as "the voice of the people". It can also be found in the longer maxim, "Vox populi, vox Dei" which means "The voice of the people is the voice of God". To help raise the voice of people i.e. the freshers, Bhawanpur Education Society College proudly performs the annual cycle of embracing the new entrants with all their strengths and viewpoints. The Dean of Student Affairs, Professor Dilip Shah, in his opening speech tried to ignite the burning spirit of the newcomers taking the charge himself to turn them into that molten metal of progress.

Around 30 students from various streams turned up for the event in which Parnab Mukherjee, one of the leading alternative theatre directors, an independent media analyst by profession, knowledge resource curator and instructor was invited as the chief guest.

"Open your windows and see the world around you", exhortedParnab Mukherjee in his opening speech. Apart from giving details about the styles and rules of Public Speaking, he talked about the various news networks one should follow, the novels and non-fiction one should read. He also urged the students to broaden their world not by engaging themselves into unfocussed social media activities but by being immersed in the city of Kolkata where they live and expolore many of its intricacies that one usually misses out on. According to him, world geo-political situations are something they should not remain ignorant about.

The event came to an end with a vote of thanks by Professor Dilip Shah.

Public Speaking Workshop

Placement Hall. July 24 & 25, 2019.

The event commenced with an opening speech by Anurag Dhanania who welcomed Professor Dilip Shah, the Dean of Student Affairs of Bhawanipur Education Society College and Parnab Mukherjee, the chief guest. Professor Dilip Shah addressing the students asked them about their conception of Public Speaking and propelled further to encourage the students to first get over "Glossophobia" which is the fear of speaking in public.

A student making a point about how to overcome the fear of speaking in public at a workshop on public speaking

On the first day of the workshop Pranab Mukherjee sought to teach the students the basics of debating and talking extempore and the three-fold objectives of the workshop, namely: to provide young students with practical experience in the fundamental skills of public speaking, to provide a focus for the learning of language and to overcome the fear of speaking.

Pranab Mukherjee, ace debating and theatre personality explaining the finer nuances of saying it in so many words

The second day of the event consisted of auditions and the active participation of the students was something to be amazed about. Having spoken about the workshop at length the Guest in Honour rewarded the best speakers by selecting them for the Inter-College contests. The Two-day workshop came to an end by felicitating the conductor and a vote of thanks by Professor Dilip Shah.

Education Abroad (SETU)

Knowledge Resource Centre. July 25, 2019.

The Bhawanipur Education Society College organised an interactive session on Education Abroad on 25th July, 2019.

Professor Dilip Shah, the Dean of Student Affairs, Bhawanipur Education Society College addressing the 35 students from divergent streams present in the Knowledge Resource Centre (Library) spoke about the changing paradigms of education and how they can grab opportunities to pursue education abroad. Dr Meera Seshadri, Director of Indage Global Group, Inc was the main speaker in

Students at the SETU organised workshop on studying abroad

this interactive session and she explained the basics about studying in foreign campuses and how students can plan their academic journey to the next level in a Foreign University.

During the question answer session the students were also enlightened of scholarship programmes, entrance examinations and prospective resources after graduation.

Kargil Diwas

Society Hall. July 26, 2019.

The Nation is celebrating 20th anniversary of the victory in the Kargil War. Two decades ago, on 26th July, Indian Armed Forces secured one of the most dramatic and hard-fought victories in its history. In sweet remembrance of the extreme valour, exemplary courage and ever-readiness for martyrdom of Indian soldiers, Bhawanipur Education Society College organised an event named 'Kargil Diwas' on 26th July to celebrate its 20th anniversary like previous years.

To re-live the glory of the magnum opus victory

Prof Minakshi Chaturvedi felicitating the honoured guests from the armed forces as part of the celebrations commemorating KargilDiwas

A student eloquently explaining what the sacrifices and victory at Kargil means to the Nation as the members of the faculty and honoured guests from the armed forces listen in rapt attention

and untiring service of the Indian soldiers, Professor Dilip Shah, the Dean of Student Affairs of Bhawanipur Education Society College in the presence of Dr Divyesh Shah, Coordinator of BESC Commerce section & Professor Minakshi Chaturvedi embraced the occasion with his opening speech and homage to the deceased soldiers who laid down their lives to protect us. 'The Society Hall' was packed with a crowd of 120 students mostly N.C.C cadets.

The central theme of this year's celebration was 'Remember, Rejoice and Renew'. Having paid homage to the martyrs, Professor Dilip Shah introduced the guests, Brigadier Sisodiya, Deputy Director General for NCC Directorate West Bengal and Sikkim who has had a remarkable career in the Armed Forces spanning over 35 years, Wing Commander R. K. Sharma and Air Commander (Retired) S. M. Mukhopadhyay.

While remembering the heroes, Brigadier Sisodiya said that the life of a soldier means selfless service to the Nation. They symbolise a wall behind the curtains; ever-ready to lay down their life to keep the glory and honour of the country. Addressing the enthusiastic NCC cadets he asked for their willing participation in the Armed Forces and to ignite love and self-pride for the country.

As part of the celebration students, teachers and

Students and NCC cades from BESC led by Prof Minakshi Chaturvedi in the Fort William as a part of the KardilDiwas celebrations

the Chief Guests gathered at the Fort William East Gate and a drill exercise was displayed by the NCC Cadets. There were some other activities like paying homage to the martyrs, carried out by Professor Minakshi Chaturvedi.

Earlier, the Guests were felicitated by the Honourable President of BESC, Champakbhai Doshi.

Assembly of Nations Induction

Society Hall. July 29, 2019.

The Bhawanipur Education Society College has aimed for the last 50 years to make leaders who have the courage to conquer the world. BESC AON aims to be one of the leading Model United Nations conferences in the Eastern India circuit, to move steadily to the global top.

The BESC AON endeavours to unite gifted and accomplished delegates from across the globe and to provide a significant platform for them to engage

Students conducting the induction of fresh blood into the Assembly of Nations (AON) Movement. BESC is in the forefront of this global student's programme.

in matters which are of international relevance. Assembly of Nations Induction was inaugurated by RishavBaranwal, the Secretary General of BESC AON 2019 and Swapneel Thakur, the Deputy Secretary General of BESC AON 2019.

They started with the introduction to the procedure on how the United Nations work followed by enlightening the audience as to what exactly Model United Nations Conference is and how it works.

Flames Induction

Valia Hall. July 30, 2019.

"Induction" quotes Professor Dilip Shah, the Dean of Student Affairs, Bhawanipur Education Society College, "is a procedure to introduce the debutants with the organisation and the glory associated with it". The Valia Hall was the venue where nearly 400 students from divergent streams participated in the induction programme.

Flames – the dance collective of the BESC conducting its own induction programme in its inimitable style

The students then had an interactive session with Professor Minakshi Chaturvedi who spoke at length about the origin of the collective and all the accolades it has been gathering since its inception.

Russian Bose, a 3rd year student talked about the dance teams, different dance forms performed in different programmes, and the prospective exposure the students will get after being a part of this system. Auditions were then arranged for the willing students. Red Bull cans were distributed to the participants as a token of appreciation.

Crescendo Induction

Jubilee Hall. July29, 2019.

Crescendo, the music collective of the Bhawanipur Education Society College, saw nearly 300 students participate in its induction.

The Dean of Student Affairs, Professor Dilip Shah welcomed the students and explained the concept

Crescendo – the music collective of the BESC taking stock of the new talent as it prepares to sing its way into the hearts of the college crowd

A band giving audition for entry into Crescendo's performing section – with talents abounding, competition is intense and the honour of representing the BESC is an ultimate one, something that students vie for

behind the collectives in general and the Crescendo in particular.

The presence of Dr Parimal Merchant was a special attraction, who spoke about how a person can be successful in pursuit of any skill or talent. The evening ended with performances by the old and new students of the college.

Success Mantra

Jubilee Hall. July29, 2019.

The Dean of Student Affairs, Bhawanipur Education Society College, Professor Dilip Shah, remarked that the lessons we take from obstacles we encounter can be fundamental to achieving success later as he welcomed the bunch of fresh buds once again for 'SUCCESS MANTRA'. The chief guest for the event was Dr Parimal Merchant, Director of S P Jain School of Global Management for Globally Managed Family Business Program. Professor Shah felicitated Dr Merchant with a memento as a token of honour for his outstanding contribution in the field of management.

Dr Parimal Merchant talking to students and parents about the values of nurturing family enterprises

"The older I get, the more I realize the value of privacy, of cultivating your circle and include only those who deserve to be entered into that circle. You can be open, honest and real while still understanding the fact that everyone doesn't deserve to be seated at the table of your life", said Dr. Merchant while spreading words of wisdom.

The event concluded with a vote of thanks by Professor Dilip Shah.

GD/ PI WORKSHOP

Placement Hall. July 30, 2019.

Bhawanipur Education Society College has always been an institution where students are not only taught the University Syllabus, but are constantly given training for the next leap that they will take immediately after finishing their academic studies.

The Dean of Student Affairs, Professor Dilip Shah addressing the students welcomed the chief guest, Ms Shahida Hussain. An avid learner, Ms Hussain has worked as the HR Chief Manager at ICICI Bank for 11 years of her career and has also been teaching as a faculty of BESC for the last 2 years.

Workshop on Group Discussion and Personal Interviews in progress

"Group Discussion is a methodology used by an organisation to gauge whether the candidate possesses certain personality traits required for that particular organisation. It's an important part of short-listing process of recruitment in a company" she said. The speaker, impressed with the keen interest from the part of the students, spoke at length regarding the steps and methods on how one should prepare himself/herself for the interview. She also advised the students to do an extensive research on the particular organisation they are appearing for an interview.

BEST Induction

Valia Hall. July30, 2019.

The Dean of Student Affairs, Professor Dilip Shah, initiated his lecture by addressing the students,

"Debutants! Your debut shouldn't go unnoticed. Roll your sleeves and start contemplating what you are best at, because this might provide you with that perfect exposure you may have been looking for".

Professor Shah, urged the students to set their goals, the path will be arranged accordingly. With a token of appreciation by the senior students, the event came to an end with vow to arrange an entrepreneurship campaign later.

Controvert (Vox Populi)

Society Hall. August 1, 2019.

The Dean of Student Affairs, Professor Dilip Shah, with his enigmatic presence and witty remarks inaugurated with a speech welcoming the new students. He went on to introduce the main speaker, C.A. Mohit Shaw who has been teaching as a faculty of BESC Commerce Section (Morning).

The topic was "Men are the oppressed ones today". Being divided into two groups consisting three members each; one group for the topic and the others opposing it. It came out as a wonderful interactive session in which many ideas were brought forth. What the speakers actually wanted to impart was that it's not about the perpetual conflict between men and women to judge who are more tormented but it is about the weaker section of the society who is being oppressed. Whether it's household matters or professional arena, both the genders are regularly under immense scrutiny which needs to be resolved, as they conclude their topic.

A lively session of Vox Populi in progress where students are seen debating whether men are actually the oppressed ones in the present

Prof (Dr) Vasundhara Mishra felicitating the winners of the Controvert (Vox Populi) conducted event

Professor Mohit Shaw and Professor Minakshi Chaturvedi congratulated everyone for their eager participation and all new visualisation. Swapnil Thakur, for the motion; and Oindrilla Sinha, against the motion were the ones who stood out with their arguments.

Enact Induction

Valia Hall. August 1, 2019.

The Induction ceremony commenced with the collective representatives Ayush Pandey and Manjari inviting all the 1st year students, nearly 100 in numbers and all the members of the house

The induction ceremony of Enact – the theatre collective of the BESC in progress

respectively. They continued to explain to the audience, cheerful, lively and a bit tense at the

The orientation programmes in BESC are extremely informal and are characterised by all-round participation. Here a senior student is seen inviting a fresher on board

same time on what Enact is, how it works and what its future objectives are. The audience were also provided information regarding the programmes that take place throughout the year. An audio Visual was shown to the students to help them understand the standard of the previous performances.

The second part of the induction consisted of auditions to be taken by the collective members with an intention to select future members of Enact who can be the mirror of the collective. Around 70 people auditioned among whom 30 successfully got along with the auditions. Successful students were selected after enacting a situation given to each individual on spot. They were tested on the basis of their expression, voice modulation, body language and presence of mind.

Placement Drive

Placement Hall. August 2, 2019.

The Placement Drive was conducted by the campus placement cell headed by Professor Dilip Shah, the Dean of Student Affairs & Professor Minakshi Chaturvedi in Placement Hall, Dean's Office and in the Knowledge Resource Centre simultaneously. 97 students registered themselves for the placement drive.

The Placement Drive set off with the process of selection. 1st, 2nd,3rd year students along with the M.Com and pass out students also participated in the programme. It started with 1) Glam Diva.in (online beauty salon); 2) Abbas Solutions Pvt Ltd (Nerdy Turtlez, an academic writing company; 3) Reverse Factor (Health Care); 4) Contour and

Placement Drive – BESC students are highly sought after because of their go-getting attitude and the ability to perform at any given situation. It is one of the few institutions of its type where demand for students from potential employers far outstrips the supply of students seeking placements

Catwalk Pvt. Ltd. (Start-up Apparel brand, yet to be launched in market); 5) Erudite (Education Sector); 6) Onex Solution Pvt Ltd (Digital Marketing Company); 7) Vayuseva Tours and Travels Pvt Ltd (Travel Agent); 8) V4 Telecom (ITES/BPO captive company).

58 students were shortlisted by the different entities.

A full house at one of the many placement drives conducted by the BESC, where it is an exercise that is held around the year

SETU Induction

Placement Hall. August 1, 2019.

Students were introduced with the collective and its real motive. “To see the unseen and to explore the unknown”.

Various Cultures were discussed especially with regards to the past events associated with the Cultures. The next part of the event acted like an ice breaking session in which the willing students performed and displayed various talents like rapping and jives. The event being an interactive one allowed the students to come up with new ideas that can be adorned.

Crescendo Presents "Rim Jhim"

Knowledge Resource Centre. August 3, 2019.

Monsoon is the preserver and at times the destroyer, yet it has inspired the poets and artists to create some of their most compelling works. To celebrate and embrace the season of monsoon, and the creative genius of Gurudev Rabindra Nath Tagore,the Bhawanipur Education Society College initiated "Rim Jhim" an event was organised by the students' collective Crescendo.

Dr Vasundhara Mishra began the programme with her inaugural speech about music and how it is associated with monsoon. She recollected the legend stating that Tansen's physical agony after singing Raga Deepak was pacified after listening to Raga MeghMalhar. The Dean of Student Affairs, Professor Dilip Shah's motivating speech regarding the melody of life enthralled everyone.

Prof (Dr) Vasundhara Mishra celebrating with the students the onset of the monsoons and the lyrical genius of Gurudev Rabindra Nath Tagore

Sourav Goswami, the music mentor of Crescendo sang a beautiful song related to saawan It was followed by two other performances by Tathagata Biswas and Ritwika on the song "RIMJHIM E DHARATE" & the other by AishaniDastidar on the song "BARSO RE MEGHA MEGHA".

The solidarity of this event was elevated to a different level when Dr Vasundhara Mishra surprised everyone with her melodious rendition.

NSS Induction

Placement Hall. August 5, 2019.

The programme began with a speech by Dr Divyesh Shah, the H.O.D of morning B.Com department and the spirit behind the collective.

He began by explaining that National Service Scheme is an Indian Government sponsored

Students at the induction of NSS – the voluntary association of students who work for the underprivileged, the needy and the backward

public service programme conducted by the Ministry of Youth Affairs and Sports of the Government of India. NSS is a voluntary association of young students from colleges and universities who work to extend their support to the needy, the underprivileged and the backward. Bhawanipur Education Society College has been operating this self-financed unit since 2014.

The Dean of Student Affairs, Professor Dilip Shah was welcomed. With his usual benign smile, he greeted the students for showing interest in this collective and also spoke about the events that NSS unit has been arranging for the last few years.

Career Cafe

BESC Campus. August 6 & 7, 2019.

Understanding the significance and the difficulty of choosing the right career path, The Bhawanipur Education Society College organized its first in-house career fair in the college premises named – Career Café.

It was a two day fair, which attracted more than 45 courses by 20 different institutes. The footfall for the event was approximately 1500. There were 22 stalls put up in the Valia Hall providing one-to-one guidance and counselling to students on diverse courses.

The Career Fair was inaugurated by Prof. Dilip Shah. Apart from 22 stalls there were as many as 5 seminars that highlighted various options.

The event ended with a musical night, where, 'CRESCENDO' the musical collective of the college performed and, it was followed by DJ music from Episode 1.

Career café – a fair to felicitate the process of studying abroad, as usual, organised from the scratch by the students of BESC

Prof Urvi Shukla conducting a programme as a part of Career café

The Career Café banner, created out of stick on notes, underscoring the ability of BESC students to latch on to any campus they seek to be placed in, to be a part of any whole that they choose to make their own.

Bull's Eye Induction

Jubilee Hall. August 8, 2019.

200 students from the Stock Market Collective BULL'S EYE of Bhawanipur Education Society College, participated in the induction the event.

In his speech, Professor Dilip Shah explained the basics and invitedAbhijit Paul, a faculty of National Stock Exchange Academy to take the proceedings further. He explained to the audience in depth about the skills and aptitude one requires to make a wise and profitable monetary investment in the stock market and spoke at length on a number of topics related to financial markets.

Seminar on Data Analytics

Society Hall. August 8, 2019.

Bhawanipur Education Society College arranged a seminar on "Data Analytics" with about 130 students from all the streams such as BBA, BA, B.Sc. B.Com departments. The seminar started with a definition and challenges in BIG DATA followed by the required skill set to solve these challenges. The Dean of Student Affairs, Professor Dilip Shah was requested to up on the podium and commence the seminar with his words. Dr. Shirish C Jeble who is a faculty of data analytics, IT and operations at ICFAI Business school, Pune was the main speaker.

"The world's most valuable resource is no longer oil, but data" he said and went on to prove his point. An open house quiz contest was organised with the ones giving the correct answers rewarded. At the end of the seminar, a test was also taken. Certificates of participation were given to all who participated.

Josh Talks (Ab samjhautanahi)

Jubilee Hall. August 9, 2019.

Bhawanipur Education Society College organised "JOSH TALKS (AB SAMJHAUTA NAHI), an event to establish opinions regarding equity above equality.

Prof Dilip Shah, the Dean of Student Affairs, BESC, welcoming Devyani Verma, the Chief Guest at the event

Professor Dilip Shah, the Dean of Student Affairs welcomed Devyani Verma, the chief guest and speaker of this event. Devyani Verma has donned a number of responsibilities and is constantly working to inspire and grow the youth of this country.

She started her discourse with an introduction to the rights that women enjoy in our country and the rights that have been amended so far. Moreover she informed the audience about the three beliefs: Not to compromise, journey of women not to be an object of condition, most importantly education and awareness of equality in life. A video featuring Amitabh Bachchan was also aired.

With a crowd of 200 students from all the departments, the hall was chalk-a-bloc.

Expressions Induction

Placement Hall. August 9, 2019.

Professor Dilip Shah, the Dean of Student Affairs welcomed the 50 odd students who had trooped their way into hall and were given a fair idea about what this collective stands for. In his opening speech, Professor Shah called the Expression Collective as the fourth pillar of democracy in BESC. It is the collective through which students weave their path for Journalism and Mass Communication.

Fashionista Induction

Jubilee Hall. August 11, 2019.

Professor Dilip Shah, the Dean of Student Affairs

of the college remarked inaugurating the programme, “Style is not limited to costumes and physical charm, but it is about the inner beauty, and the air of confidence that oozes out the personality”.

A glimpse from the Induction of Fashionista – the en vogue collective of BESC

Dr Vasundhara Mishra, Faculty of Bhawanipur Education Society College shared her view points with the students on how they can come up with new ideas of introducing Fashion to the world.

A mock audition was conducted where 118 students took part among which around 40 students were selected. As a token of appreciation Monster Energy cans were given to the selected participants.

The Bhawanipur Education Society College Leads the Biggest College-led Tree Plantation Drive in West Bengal

Bali Island 2, Sundarbans. August 11, 2019.

The Bhawanipur Education Society College undertook the biggest College-led tree plantation drive in the Sunderbans. The event was organised at Bali Island 2 of the Sunderbans. The event was organised and supported by the tree plantation initiative of the NGO, Sustainable Green Initiative. It was planned under the 'Each Student Plant One' Programme initiated by the college, an attempt to conserve Mother Earth's rich endowments. The planted trees will help revive the depleting flora species of the Sunderbans and also help maintain the currently disturbed ecosystem.

BESC volunteers at the biggest college-led tree planting programme in the Sunderbans

Located in the heart of Kolkata, the college is acutely conscious of the need to compensate for the carbon footprint of an urban institution.

A team of ninety, teachers and students, participated in the drive supported by Rotary Calcutta Victoria and Rotract Club Victoria. The group of students included Undergraduate and Postgraduate students of the Department of English and members of the NSS. Five hundred high school students from the local schools had gathered for the program. Saplings were distributed amongst them following lunch. The sapling distribution was preceded by an address to

Members of the management and faculty of the BESC participating in the tree plantation programme, as part of the social outreach initiatives of the institution

Section of the BESC students at the tree plantation programme in the Sunderbans

the assembled school children by representatives of the collaborators as well as pioneering conservationists in the area like Anil Mistry and Pradeep Shukla, who are working on the ground. Dr.Suchandra Chakravarty, Teacher-in-Charge of the college also addressed the audience. The students of The Bhawanipur Education Society College also interacted with the school children and the locals. Through the interactions, they conducted a survey pertaining to problems faced by the residents of the region as a result of changing environmental conditions and the potential benefits of the plantation drive. The interactions brought the students from the city close to the grass-root level realities of those living in Sunderban.

Google Workshop

Society Hall. August 13 & 14, 2019.

A two day Google Workshop was organised by the college. Around 100 students from B.Com, BSC, BBA & BA streams participated.

The event started with Prof Dilip Shah sharing his opinion on digital marketing.

The first day's session was all about the general information on Google. The students were made aware of what Google is, how to advertise in YouTube and other websites and types of Google products. In the age of data and speed; communications, publications and advertisings are of greatest importance.

Workshop taking students into the very core of the workings of various Google platforms and algo rhythms in progress

Bhavna Ramrakhiani, the visiting faculty had a thorough session to explain in detail SEO, organic search, search engine result page, types and cloaking on the second day. She continued to explain what is website, web development page speed insights.

Independence Day

College Turf. August 15, 2019.

Bhawanipur Education Society College observed the 73rd Independence Day to pay homage to the

Independence Day celebrations at the BESC

Members of the management and faculty hoisting the tri-colour as a part of the Independence Day celebrations in the BESC campus

martyrs who laid down their precious lives to secure freedom and the jawans who are still protecting the borders to ensure a peaceful sleep to all. This year's Independence Day event started with a rousing dedication on the life of Govind Ballabh Pant. Saparya Chakraborty, a 2nd year student, anchored the event.

Champaklal Doshi, the Chairman of the Managing Committee of the College inaugurated the event Dr Suman Mukherjee, followed with a wonderful speech in which he shared his knowledge on Raksha Bandhan and freedom in general.

All the members of the Governing body along with Prof Dilip Shah and Teacher in Charge Dr Suchandra Chakravarty, Prof Minakshi Chaturvedi sang the National Anthem and hoisted the Tricolour to mark the beginning of the proceedings. First performance was a musical presented by Bhawanipur Education Society School students on the abomination and eradication of plastics to save the environment. Next the teachers of the school sang a melodious rendition to pay special tribute to the Indian soldiers.

A number of performances were presented by the students of Bhawanipur Education Society College collectives Crescendo and Flames respectively. In between sticky notes were distributed to all the assembled to have it written with individual messages on The Independence Day. Vivek Patwari, an ex faculty of BESC, dressed like Govind Ballabh Pant, the former Chief Minister Of Uttar Pradesh, shared a number of 'Did You Know' trivia with the spectators. Later questions were asked to all based on the information. The celebration started with a parade, the squad included school, ICSE, ISC & NCC unit of the college.

This red letter day's performances came to an end with closing remarks made by Dr Suman Mukherjee. Finally prizes were announced for the

NCC cadets from the BESC participating in the Independence Day celebrations

best attired in the gathering by Prof Dilip Shah, the Dean of Students Affairs. At the end of the event a street play was performed by ENACT, the theatre collective of the college outside the college campus to mark the fight and to take a leap against the constraints of life.

Moot Court

Jubilee Hall. August 19, 2019.

A Moot Court was organised by the college in collaboration with ICSI (Delhi), which is basically a mock court room where the practicing lawyers argue the case studies according to the updated laws.

The event was held with an intention to contribute to the development of a more refined mooting culture throughout the country. The chief guests for the event were: CS Rajesh Chura (Chairman; ICSI,EIRC); Sreejesh Nair (Regional officer of ICSI, FIRC) and Srinath Kesri. Prof Dilip Shah gave an inaugurating speech as a preparatory moment for the final showdown.

Participating students enacting the various characters of famous legal cases acted out at the Moot Court organised by the BESC

400+ students participated. The crowd witnessed historical judgements on the Sabarimala Temple case, which was an open house debate for arguments. Students who actively took part in the open house debate were: Anurag Dhanania, Preeti Jain, Tanay Sarda, Richa Sharma (Faculty), CS Mohit Shaw and Prof Dilip Shah.

Next the three historic judgemental case studies 1) MohoriBibee v/s Dharmodas Ghose; 2) Chinnaya v/s Ramayya; 3) Lalman Shukla v/s Gauri Dutt presented in the form of a drama amazed the audience with an aura of entertainment and knowledge. After every case, the event had an open house discussion with vote by show of hands.

The organising team & the Participants of Moot Court

At the tail end of the session certificates were provided to all the audience, the team members of the drama and the organisers officially associated with ICSI, a nationally governed statutory body for Company Secretaries.

Symposium on Human Resource Management

Society Hall. August 21, 2019.

Symposium on Human Resource management was was organised by BESC on 21st August, 2019 at the Society Hall. About 80 students participated. Professor Dilip Shah welcoming the audience introduced the speaker and topic to be highlighted on the podium. “Management is efficiency in climbing the ladder of success; leadership determines whether the ladder is leaning against the right wall” quoted Prof Dilip Shah and welcomed Dr Snigdha Mishra. She is an MA, M.PHIL& PHD in personnel management and Industrial Relations from Utkal University, Odisha and an LLB too. She has published articles and research papers in various professionals and referred journals like VIKALP, ISTD & MDC

journal of management. Her areas of interest is in Human Resource Management and leadership development to name a few. Presently she is working as a Professor and H.O.D in HR department at the Institute of Technology & Management.

She began her speech by letting her knowledge not confuse the students between what they are doing and what they aspire and explaing why management is required at this particular stage. All of us are leaders and we all want to be remembered but to be remembered, we need to create something within us that makes us different from the common lot. Human Resource is particularly required in every field of organisation and an HR must know the right person to be put forward.

Supply Chain Management

Society Hall. August 22, 2019.

The Bhawanipur Education Society College recently organised a seminar on "Supply Chain Management" in the Society Hall on 22nd August, 2019.

Prof Minakshi Chaturvedi, a faculty of BESC, inaugurated the event by quoting "You will not find it difficult to prove that battles, campaigns and even wars have been won or lost primarily because of logistics" and this seminar was presented as a conceptual understanding for what supply chain management is. She then carried on to introduce the chief guest as well as the main speaker of this seminar, Prof Shatabdi S Das to about 100 students from the college.

The first thing that the guest speaker spoke about was what Supply Chain is.

She also stated that now-a-days customers are becoming comfortable in online shopping, there is a machine/robot namely Grey Orange's Sorter & Butler which helps companies to sort and stock the products according to their pin code, area of delivery for dispatch within 20 minutes. Companies like Flipkart, Pepperfry use such kind of robots for quick and error free delivery. An AV was also showed to the bunch of keen students of how ZARA's SCM works.

A quiz round was conducted at the end of this interactive session in which the students participated. The winners were distributed gifts. Prof Meenakshi Chaturvedi felicitated Prof Shatabdi S Das with a memento for her valuable time and this wonderful interactive session.

A section of the crowd, soaking in the points being made by the speaker at the Seminar on Supply Chain Management organised by the BESC

Bhawanipur Dance Championship (BDC) Workshop

Jubilee Hall. August 23 & 24, 2019

The Bhawanipur Education Society College (BESC) is the proud nursery of dance as a form of expression with students in the past having used different dance forms to achieve heights that many strive for, but only a few attain. The BESC dance collective Flames is a case in point, which performs to enthral, making winning friends and trophies a practise, rather than an exception. Naturally, the Bhawanipur Dance Championship (BDC) which acts as the talent scouting platform for filling the ranks of the celebrated dance collective of the college is one huge event for students and performers alike.

The College authorities are well aware about the fact that not only are the dreams and aspirations of the young students at stake, the platform is also a stepping stone for budding dance careers to bloom into professions, often instant stardom. That is why no stone is left unturned to provide the willing students every opportunity to hone their talents to perfection – a task that has been entrusted to, who else, but Professor Minakshi Chaturvedi who herself is an accomplished dancer and naturally relates to every dream that the students may have in their hearts to put on their dancing shoes.

The two-day workshop on Western Dance was such an example. About fifty students participated in the workshop, conducted and guided by Prof Minakshi Chaturvedi, who were taken through the motion and given in-depth instructions on contemporary and breaking dance styles. Students were given instructions on how to control the flow of their bodies so that their emotions may find expression in their movement – their dance establishing connects with the audience and communicating through music and moves all that they wish to establish.

Ride Safe

Jubilee Hall. August 26, 2019.

The Bhawanipur Education Society College (BESC) has always been in the forefront of the movement to spread awareness about road safety and has organised a series of events from seminars to walks and runs to make the world at large and the youth community in particular aware of the dangers of rash driving. In continuation of the effort, the seminar in discussion was organised in association with the NGO working on the ground, TRAXX. The Kolkata Police and Eicher Motors were partners in the event.

Prof Dilip Shah with officers of the Kolkata Police and other participating organisations at a seminar on Road Safety organised by the BESC

Prof Dilip Shah, the dean of student affairs of the BESC welcomed the dignitaries from the different organisations to the college, introduced them to the gathering and gave the welcome speech –

Dilip Shah handing over a helmet to a participant at the seminar on road safety

setting the tone of the event in his inimitable way. Irshad Ali, the convenor of the seminar and the spirit behind TRAXX took the podium and addressed the hundred and fifty students who had gathered to attend the seminar. The speaker was

direct and to the point, highlighting among others, the importance of road safety; why it is of paramount importance to check the ISI mark on helmets; the Do's and Don'ts of two-wheeler and pillion riding; common facts and myths about two-wheeler helmets and the laws relating to the use of helmets for both the driver and pillion rider of two wheelers.

A number of videos were shown to the audience that pertained to road safety in general and the safety of two-wheeler riders in particulars.

Crescendo Rapping

August 27, 2019

It was about rap music that Crescendo, the music collective of the Bhawanipur Education Society College (BESC) organised a workshop, not only for the collective members to acquaint themselves with the finer nuances of the musical form, but also grasp its full purport to perform and regale audiences with.

The speakers, after dwelling on the history and evolution of Rap music stressed on the importance of message – of writing lyrics that touch a chord in the hearts of the audience as the most important part of rapping. The fact that it is neither the beat, nor the style of delivery but the meaningfulness of the lyrics that differentiate between the merely good and the great, was repeatedly driven home.

Being practicing rappers, Aniket and Iftikar were quick to spice their sermons with ample doses of rap-talk that was lapped up by those attending the workshop. The hands on (or was it words on) way in which the workshop was conducted, encouraging the participants to take the microphone and perform all that they wanted to communicate was, naturally a huge hit.

Blood Donation Carnival

BESC Campus. September 2, 2019

A drop of blood has the power of saving one precious life. And when it comes to the cause of doing some social service the Bhawanipur Education Society College has never retreated. A Blood Donation Carnival was organised by the BESC in joint collaboration with the Project Life Force.

President Champakbhai Doshi, Pradeepbhai Sheth, Naliniben Parekh and other members of the management were present to set the event in place. Pranab Bedi, Lakshmi Parakh and Anurag Agarwal

Members of the College Management along with Team PLF inaugurating the Blood Donation Camp

Volunteers donating blood at the camp organised by BESC

Students and organisers of the BESC blood donation camp – the smiles of satisfaction that come after a good job well done

were felicitated by the Project Life Force. Dignitaries of Bhawanipur Education Society College along with Prof Dilip Shah illuminated the holy lamp and explained the importance of donating blood.

1 out of every 5 people refuses to donate blood thinking it to be fatal for them which shoves a million to the brink of death. There were people for whom it was the very first time that they donated blood. At the end of the day the unit collected was 879 and 2637 lives were saved with this gracious endeavour.

Having considered the value of donating blood and the number of people coming together to extend their helping hands to save a life, BESC has taken a solemn pledge to organise such events at a regular intervals.

GD & PI

Society Hall. September 2, 2019.

Bhawanipur Education Society College having taken the challenge of raising its bar higher persistently, recently organised its 2nd GD & PI workshop.

Around 100 students mostly from divergent streams attended the workshop, The speakers invited on the occasion included Shahida Hussain and Vedant Pasari. Shahida Hussain, an avid learner & a career counsellor, has been working as the HR Chief Manager at ICICI Bank for the last 11 years of her career and has also been teaching as a faculty of BESC for the last 2 years. VedantPasari is the owner of Rajat Group that has major eatery brands like "Meals & Memories", "Edabba" etc.

Ms Shahida with her usual professional expertise addressed the students with a welcoming note and straightaway highlighted the topic of discussion. She said that a candidate is judged and analysed on the basis of his performance at GD-PI rounds.

An absolutely unique concept of video profiles was introduced by VedantPasari, who was the next speaker. The whole point of a video presentation was to offer a potential employer greater insight into the candidate than a traditional resume can, just as reading aloud the contents of the CV is a waste of everyone's time. He in fact suggested the ways with which a candidate can use the video to help the employer get a sense of not just what

Group Discussion and Personal Interview workshop in progress

he/she has achieved, but what is capable of achieving in the future.

Calculator Secrets

Jubilee Hall. September 2, 2019.

The Bhawanipur Education Society College organised a special seminar on Calculator Secrets. The Jubilee Hall saw the participation of approximately 250 students. The seminar started with Mohit Shaw a faculty member introducing the speaker and the relevance of the topic. Prof Meenakshi Chaturvedi briefly spoke on the occasion.

Unravelling the secrets of the Calculator – another unique workshop in progress at the BESC.

Vivek Patwari, an ex faculty of BESC and a C.A & C.S occupied centre stage. He shared his very special knowledge regarding calculator secrets with the students. The speaker conveyed few basic and simple calculator tricks to help the students solve the MCQ within the given period of time.

At the end of the seminar there was a question answer session.

Placement Drive (Amazon Ltd)

Placement Hall. September 3, 2019.

Students who participated in the latest edition of the Placement Drive found the entire procedure to be a memorable one. 67 registrations consisting of the students mostly from B.Com& B.A streams were submitted. Prof Minakshi Chaturvedi complimented students for taking up placement seriously and advised them to be diligent and regular in their work.

A bevy of recruitment methods helped recruiters to finalise 31 students. The best part of the Placement Drive was that the students got a glimpse and a practical experience of how recruitments take place. The entire session of recruitment was well coordinated by Divya P Udeshi, a young and dynamic member of Dean's office. Those shortlisted were overjoyed as AMAZON is a brand that anyone would love to work for.

Fashion Clicks

Jubilee Hall. September 3, 2019.

Fashion and photography go hand in hand and Bhawanipur Education Society College proudly presented the event “FASHON CLICKS” to instil among the students the panache.

The event started with Pratibha Singh and Shreyanshu Mishra, representatives of Fashionista and Expressions collectively. Students of B.Com & B.A were among the crowd who found to be quite enthusiastic and ecstatic at the same time. Bhawanipur is such a place where students do not

Workshop on fashion photography looking at the art from both sides of the lens

leave empty handed. Therefore, the students who had not been selected earlier in the Fashion walk, were given another chance to showcase their talents. Camera persons holding their lenses ready clicked a number of still photographs of the models who took the stances quite confidently.

Overall, the ambience was filled with drama and vitality. The lighting along with a great music filled the air with a lingering rendition and students seem to be awaiting the next one in earnest.

Teacher's Day

Jubilee Hall. September 5, 2019.

The Teacher's Day celebration was staggering delight for all the educators, a day to rejoice in the unwavering spirit and dedication to teach and art of spreading knowledge.

The event commenced with the motivating speech by, Prof. Dilip Shah. He emphasized the need to listen to our innermost recesses, the conscience, for it is the greatest teacher. Further he appreciated the effort of the teachers who had books published in recent times.

The hall was flooded with student's enthusiastic cheers as various collectives like Flames, Crescendo and Enact gave their performances dedicated to the teachers. Amidst all the music and

Students felicitating Prof (Dr) Vasundhara Mishra as part of the Teacher's Day celebrations at the BESC.

dancing, the celebration rejoiced in the glory of learning where teachers were felicitated for their contribution.

The event ended with a "fun-for-all" where the students and teachers grooved together to the music. The theme of the event was learning through osmosis which is conceptual theory of mutual learning where both the teacher as well as the student exchange their knowledge for greater enrichment.

KHAYYAM KE BAHANE

Knowledge Resource Centre. September 9, 2019.

Reminiscing the memories of Khayyam, "storehouse of feelings, emotions and music" Crescendo, the music collective of the Bhawanipur

Members of the Flames collective putting the stage on fire as part of the Teacher's day celebrations

Education Society College recently organised an event called "KHAYYAM KE BAHANE".

The theme of the event as it is evident by the name itself focussed on the life and contribution of Khayyam in Bollywood. In the presence of Prof Dilip Shah, the Dean of Student Affairs, Prof Minakshi Chaturvedi and around 60 students the team Crescendo paid an ardent homage to Khayyam.

Members of Crescendo hypnotised everyone present with their doleful rendition. Sourav Goswami, the music faculty of Crescendo moved everyone with his baritone voice singing "Subah kabhi to ayegi", "Phir Chhiriraat phoolonki" was sung by Dr Rekha. The performances left a lingering effect through which his contribution in Indian Cinema was remembered and relived. The poetic and lyrical ambience was perfectly in sync with the atmosphere. With one of the greatest compositions of Khayyam "Dil Cheez kya hai" the curtain was drawn with everyone congratulating the CRESCENDO team for such wonderful initiative.

Basics of Capital Market

Society Hall. September 11 to 13, 2019.

Bhawanipur Education Society College organised a workshop on the capital markets. The main speakers of this session were Chetan Panchamiya, Abhishek Dubey and SuchiRungta.

This interactive session basically focussed on

Seminar with experts laying bare the basics of the Capital Markets before the students

Overview of economy & trading Analysis, Fundamental Analysis and Technical Analysis.

The 3 dayswitnessed around 60-65 students.

Kya Aap Class 5 Se Behtar Hindi Jante Hai

Knowledge Resource Centre. September 13, 2019.

The Bhawanipur Education Society College organised a session on the Hindi Diwas. The session started with a small yet motivating speech by Prof. Dilip Shah, Dean of Student Affairs.

Hindi is the fourth most spoken language in the world after English, Spanish and Mandarin. The student leading the foray started with a beautiful poem and thereafter precisely explained the idea of Hindi as an influential language. The Hindi language in India has a big history which belongs to the Indo-Aryan branch of the Indo-European language family. After being an independent country, the Government of India made a goal to standardise Hindi language with the grammar and orthography.

Present on the occasion were Dr Vasundhara

Students celebrating Hindi Diwas with Prof (Dr) Vasundhara Mishra

Mishra and Prof Minakshi Chaturvedi. A song was sung by Vasundhara Dalmia and students who reflected their opinion regarding the significance of the day were Anjali, Harshit and Mudit.

Introduction to Digital Accountant

Society Hall. September 16 to19, 2019.

Digital accounting refers to the formation, representation, and transmission of financial data in an electronic format. The greatest benefits of the digital age to productivity can be organized into four main categories. They are E-Business, Cloud

Seminar introducing the basics of Digital Accounting to students

Computing, Enterprise Resource Planning (ERP) Systems and Digital Technology Advancements. To ignite keen interest among the students and with the motive of opening the casement of exploring the world The Bhawanipur Education Society College organised a workshop.

The speaker who was invited to elucidate the topic was Sanjib Sanghi. He is a digital transformation evangelist, motivator, speaker, author, Chartered Accountant, career counsellor and a passionate trainer. How technology plays a pivotal role in our life both in personal & professional arena was something he highlighted about. He primarily talked about the different new technologies that are coming into existence and how it performs. In addition to this he also shared his knowledge about the various new things that technology has to offer the modern world.

Around 50 students from both B.Com& B.sc Departments attended these five days' workshop.

VIRTUAL CRICKET

College Turf. September 16 & 17, 2019

The Virtual Cricket event was held in the College Turf. VR Goggles were provided to each participants who could feel the position before the stumps on the turf. The players could see everything in the VR which was also projected on a screen for others to see and enjoy. The students, faculties & teachers together enjoyed the experience.

More than 200 students participated. Every student got 2 overs, enjoyed and gave positive response about the experience and demanded to play some more overs and wanted such kind of events to be conducted more often .

last minute consultations before the inauguration of the Virtual Cricket Competition

Night of January 16th

Jubilee Hall. September 20, 2019.

The students of Bhawanipur Education Society College have taken the stage plays to its zenith. Around 250 students made up the audience as, based on a theatrical play by Russian-American author Ayn Rand, students of team Enact of BESC presented a court room drama “Night of January 16th”

A scene for the highly acclaimed BESC production “the night of January 16th”.

Present in the first row was Prof Dilip Shah, the Dean of Student Affairs. It was a 90 minute drama about a hearing of a court case involving a former secretary and the wife of a dead businessman, both accused of the murder. Rather than reeling on the murder, the drama revolved around the testimonies to find the guilty. It was so well presented that the audience started brooding over who the guilty was quite unknowingly. Theatre has always been considered as a brain child of the connoisseur of art but the BESC has proved it otherwise with this third consecutive show, bringing it among the masses.

Ray of Hope

College Turf. September 22, 2019.

The Bhawanipur Education Society College premises witnessed NSS collective of the college conducting an activity namely "RAY OF HOPE". It was a life changing experience for everyone. The turf and Valia Hall were chosen as the venue.

It was an event organised to bring smile on the face of several orphans. With this theme, BESC reached out to almost 200+ orphans from 3 NGOs of the city (Ekta Evening School & Convent of the Immaculate Heart of Mary). All the children were transported to and from the college and were given an altogether memorable experience of entertainment, fun, food and shopping inside the college premises. The event started with the children lightening the lamps with the theme "Let there be light in their lives". Prof Dilip Shah, the Dean of Student Affairs explained to the students the significance of the event and the reason why they were invited. Dignitaries present there were Jitubhai Shah, Umeshbhai Thakkar and Amar Agarwal.

Sunshine at the NSS initiative with orphans "a ray of hope"

The children were given virtual money Rs 500 to make them understand the value of money. Each item kept for shopping, whether toys or clothes were donated by some charitable soul. Followed by a musical and a dance performance by Crescendo and Flames respectively, it was time for storytelling which amused the little ones and it was wonderfully presented by Amar Agarwal. Lastly a magic show was organised for the children.

Dhamaal Workshop

Jubilee Hall. September 23 to 25, 2019

Nothing represents the very essence of the Bhawanipur Education Society College (BESC) the way Dhamaal does. It is the annual event, the harbinger of the season of festivities in Bengal with Durga Puja as its crown jewel. It is also symbolic of the Gujrati community's synthesis – its ability to merge the community celebration of Ambe Ma when Garba is danced for nine consecutive nights with Durga Puja to give rise to a celebration that has very few parallels in the country, least of all in the campus circuit.

Dhamaal workshop – another unique event that sets BESC apart – the fostering of unity in diversity

As is the practise in the Bhawanipur Education Society College (BESC), Dhamaal transcends everything divisive including caste, creed, religion or sex and is open to all students of the Institution. As a matter of fact, nine out of ten students participating in Dhamaal are non-Gujratis and keeping their needs in mind, the BESC organises a number ofGarba workshops where the intricacies of the dance and its moves are taught to the participants.

Dharmesh Bhimani an exponent of the Dance form makes it a point to leave everything behind, wherever he may be, to attend the BESC conducted sessions, which he has been doing for half a decade now.

There were a hundred and fifty participants who took part in the three-day workshop. Such was the enthusiasm, that those students who could not be accommodated in the workshop were seen to be learning the moves in the different nooks and corners of the campus from the lucky ones who had secured their berths.

Convocation

Kala Mandir.October 2, 2019

The Annual convocation of The Bhawanipur Education Society College is a grand affair each year. This year it was all the more as this looked

Chief Guest Boman Irani at the Convocation

Cultural programme setting the pace for the things to come at the BESC convocation

forward to the chief guest, the famous and much-loved Bollywood Actor Boman Irani.

More than 350+ students were felicitated in the Kala Mandir.

The convocation procession entered the hall as the Tagore's poem “where the Mind is Without Fear”

Students leading the taking of the pledge at the convocation

A section of the young graduates – achievers all

was read out from the Podium. The procession included the Chief Guest Boman Irani, President Champak Lal Doshi, Vice President Miraj Shah, other members of the Committee as well as Dr. Suchandra Chakrabharty, Dr. Suman Mukherjee, Prof Dilip Shah and others. The function began with an auspicious classical dance by students.

Dr. Suman Mukherjee welcomed the gathering in his opening remarks. Prof Dilip Shah congratulated and shared his feeling of nostalgia as passing out students who joined as caterpillars had transformed into butterflies and were now flying out.

Dr. Suchandra Chakrabharty administered the oath for the graduating students. Champak Lal Doshi felicitated the Chief Guest Boman Irani. Then came the address by Chief guest who spoke at length on his own story of strength, failure, resilience and finally triumph.

The top ten students of the college were felicitated, subsequently Champak Lal Doshi, Dr. Mukherjee and members of the management and faculty members continued to do the honours. Finally, Prof Dilip Shah called out for the cheers when the entire gathering tossed the square high in the sky as if to say' Sky is the limit'. Those who cherished the evening most were the proud parents who witnessed their dear ones climbing the steps of success, indeed, a memorable evening for all.

Etiquette and Grooming

Jubilee Hall. October 1, 2019.

The Bhawanipur Education Society College (BESC) accords an inordinate amount of stress on the overall and all-round development of its students. While the traditional, text book centric classes are conducted as per the guidelines of the university, the students are deliberately exposed to a number of extra-curricular activities, so that they may pick up the skill sets that are required to go beyond the realm of the academics and succeed in the battlefield of life.

The workshop on Etiquette and Grooming fell in the second category, one that witnessed the presence of close to a hundred students crowding the auditorium. Prof Minakshi Chaturvedi gave the

Seminar on Etiquette and Grooming, ensuring the all-round fruition of the talents in BESC students

opening speech and welcomed the guests to the college with the bestowing of the honours. She then proceeded to introduce the speakers – Tanima Roy Chowdhury and Trina Dasgupta who are both accomplished exponents of the subject.

What followed was a solid session in which the speakers took the audience through a crash course on etiquette, literally grooming the students to take the leap of faith into adulthood. The importance of good etiquette was spelled out in details, with repeated stress on the fact that when it comes to the crunch, it is always the one with the good grooming who wins.

The next part of the workshop comprised of questions and answers as the students poured their hearts – some seeking guidance to overcome their social awkwardness, while others asking the faculty for thumb rules as to gauge the mood of the audience to speak their hearts out.

Dhamaal 2019

College Turf. October 2, 2019.

Socio-cultural fusion is taken to a higher plane at the Bhawanipur Education Society College (BESC) on a daily basis, an experience that explodes in a

Dhamaal – the rendition of Vedic hymns intermixed with socio-cultural sons and topped with the latest blockbusters

riot of merriment in Dhamaal. The annual festival is ostensibly the BESC way of flagging off the nine-day euphoria which in the eastern parts of India is celebrated as Durga Puja, while in the western parts, is practised as a veneration of MaaAmbe.

Says Prof Dilip Shah, the Dean of Student Affairs of BESC "Dhamaal is, like everything else about the BESC above all divisive forces of caste, creed, colour or religion with students across the board participating. The dance is invigorating, but the underlying message of unity in diversity is what makes us walk the extra mile to ensure that no willing student feels excluded, and it is the

Dhamaal: creating a bang in its characteristic manner

Dhamaal: members of the management and the faculty offering prayers to the Mother of the universe

universal participation that makes Dhamaal so inclusive, even by the fabled Durga Puja standards".

This year was no exception with as many as 800 students dressed in the classical traditional wear – a pulsating body of lengha-choli and turbans did the ritual numbers to pay tribute to the universal Mother Goddess. The moves depicted the choreographed precision brought about by the vigorous workshops and exhaustive exercises. The music, naturally beatsy and the atmosphere eclectic.

The ceremonial beginning of the ritual dance was inaugurated by Champak bhai Doshi, the patriarch of the BESC family, who was accompanied by other members of the Governing Council and senior members of the faculty.

The students had a blast and the members of the faculty and management used the event to renew old bonds and strengthen their social connections. The music was euphonious, the performances stellar and the participation typically Bhawanipur. Dhamaal may have created a stir whose reverberations can be felt in campuses across the city, but at the BESC it was just another evening.

Dhamaal is also, incidentally, start of the preparations for Umang, the Mother of all college fests.

Sharodiya Shiksha

Durga Puja Holidays, College Campus.

The Bhawanipur Education Society College (BESC) is one institution where the students are never found wanting for options. An academic version of the "city that never sleeps", the BESC is choc-a-bloc with activities, 24X7.

Take Sharodiya Shiksha for example. When the city goes into euphoria mode, with everything but skeletal essential services grinded to a halt, the BESC remains not only open but offers a banquet of activity led courses that the students can avail of. Says Prof Dilip Shah, the Dean of Student Affairs of BESC and the spirit behind the much-acclaimed initiative Sharodiya Siksha, "for many students the long gap is a kind of a drag. They miss the campus life with many wanting to use the holidays to catch up on their studies, brushing up to overcome their weaknesses. Some of them also want to utilise the time to acquire new skill sets and it was to address this need of the students that the programme was originally conceived".

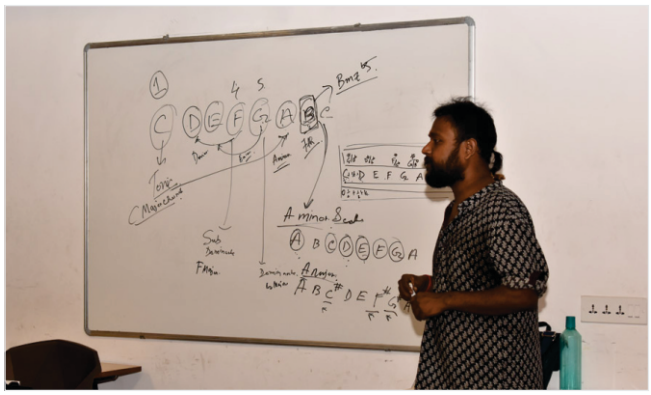
Participating students at the Sharodiya Shiksha initiative of BESC

As many as a hundred and fifty students participated in the different workshops that were organised for them, some of them taking part in multiple events. Rifle Shooting was the most attended activity, followed by makeup and Pool / Table Tennis. Other workshops that were

An interactive workshop, a part of the Sharodiya Shiksha initiative of BESC in progress

conducted covered Guitar and Keyboard; Mandala; Photoshop; Modelling; Photography and Sculpture.

As is customary in the BESC, the workshops were conducted by experts drawn from their respective fields – professionals and practitioners as opposed to career teachers, which leads to a practical, hands on mode of training enjoyed by the students. The line-up of professionals who shared their experience with the students and help make Sharodiya Shiksha the success that it was included Brotodeb (Guitar and Keyboard); Seema Chaturvedi (Mandala); Miraj Ahmed (Photoshop); Rupesh Gandhi (Pool and Table Tennis); Geraldine Russell Ray (Modelling); Deepa Kumar (Makeup); Shoumya Shankar Ghoshal (Photography) and Art Rickshaw (Sculpture).



A glimpse from a Sharodiya Shiksha workshop in progress

Richer Reader 3 – Power of the Sub-Conscious Mind

Society Hall. November 8, 2019.

The Bhawanipur Education Society College (BESC), as an institution, is for ever engaged in the quest of expanding the boundaries and naturally, the topic is one that is of immense interest to it. What made the event twice as interesting was the fact that it sought incorporate technology into it as instead of being restricting to the book, it sought to screen a film where recorded videos of the different chapters of the book where shown to the audience even as the panel of experts spoke on them, often shedding invaluable light based on their individual experiences.

Participating students with Prof (Dr) Vasundhara Mishra at the seminar on the power of the unconscious mind

"The format is gaining in popularity by the day", pointed out Prof Dilip Shah, the Dean of Student Affairs of the College, "as most people do not have the time to indulge in the leisure of reading, constrained as they are by the lack of time". He also talked at length about the latent, often unknown, power of the sub-conscious mind, urging all those who were present to work towards not only realising it, but also to use it for the greater good. Other speakers also talked on the same line adding the need to read books not only for their entertainment value but to delve deep into to genre

that is broadly classified as "non-fiction".

About thirty students took part in the presentation which was very skilfully handled by Prof Sumitra Dudani. The speaker was felicitated by Prof Minakshi Chaturvedi on behalf of the college, the students and the members of the faculty.

Placement Drive by the ITC Group of Hotels

Placement Hall. November 11, 2019.

The Bhawanipur Education Society College (BESC) has earned for itself as a name for inculcating in its students a unique "never say die" attitude that makes them highly sought-after in industries that look for go-getters with an air of quiet confidence around them. BESC students, who get a thorough grinding in a number of areas outside the world of immediate academics are held in high esteem by HR departments across the board and naturally, it is one campus where, where placement drives are not an exception, but an almost round-the-year rule.

Prof Dilip Shah addressing BESC students at the placement drive by the ITC Group of hotels.

Another unique feature of BESC that needs to be mentioned in the same breath is that it is perhaps the only institution of its kind where demand from the industry for placements far exceeds the supply of students available, however strange it may sound to the uninitiated, especially in these days of rampant unemployment. "The reason behind this is two-fold" said Prof Dilip Shah, the Dean of Student Affairs of the college, "most of our students do not opt for immediate placement as either they seek to pursue further studies, or join their own businesses, or float their own start-ups which create supply constrains while the demand pull is increasing by the year as satisfied employers are joined by new organisations that want to staff their entities with BEites".

The latest in the long list of initiatives was when Sandeep Lahra, the head of HR – ITC Sonar and ITC Royal Bengal visited the campus looking for candidates who have the flair and the perseverance for the exacting careers that the hospitality industry has to offer. "The fact that the Head of HR himself was leading the scouting operation says volumes" said Prof Minakshi Chaturvedi the head of the Placement Cell of BESC, adding "it was indeed a matter of great pleasure to the college that our students have been able to create such a name for themselves".

The selection process comprised of two rounds – in the first the students were exposed to a group discussion, while in the second the shortlisted students were individually interviewed by the ITC team. Six students were selected and the ITC team expressed their satisfaction at the general proficiency of the students who were found to be excellent material and in possession of the core capabilities that are required for successful induction into the ITC team.

Event Management Workshop

Jubilee Hall. November 11 to 13, 2019.

The Bhawanipur Education Society College (BESC) is one institution that takes its events seriously – not only does it organise a string of mega events around the year, but also goes about doing so as an effective tool for empowerment, using the events to impart invaluable life lessons to its students.

"An event" says Prof Dilip Shah, the Dean of Student Affairs of the College, "is something that provides our students end to end exposure to the

Vignettes from the two-day mega Event Management workshop organised by the institution

entire gamut from planning and budgeting to accounts and fundraising through aspects like celebrity handling, media relations and execution. We believe that by successfully organising events, our students get the kind of experience and exposure that only text book led pedagogy cannot provide".

However, it will be wrong to state that at BESC students are pushed into the wrong end of the pool with the expectation that they will swim their way to glory. On the contrary, there is a solid system of hand holding and that too, only those willing to take the plunge are given access to the pool. Again, in the pool, instead of exposing the students just to text books and class-room lectures, BESC believes in bringing in experts from diverse fields – people who have been there and done that – who are presented as achievers from their respective domains of influence, people who interact with the students and help them raise the bar.

The three-day Seminar on event management was a case in point. A virtual who's who from the world of event management and allied services descended on the BESC first for a seminar on day one, which was followed by a panel discussion on day two. Baisakhi Ghosh of Baisakhi Flowers, Ashish Patwari of Outbox entertainments, Kinjal Bhattacharya of E365 Entertainment Every day, Satish Rammani of Veydaa, Nikita Mukherjee of Friends of Shivaa, Pepsi Kalwani of Ud events and more and Rohan Ghosh of Integrated Systems attended, interacted with and inspired the students. Gautam and Gaurav Bajoria of Black Tiger Events and Pixel Productions were also physically present, moderating the discussions, helping the students by clearing doubts, winning friends and influencing people.

Prof Dilip Shah, the Dean of student affairs of the Bhawanipur Education Society College (BESC) welcomed the guests on behalf of the three

hundred plus students who had crowded to attend the seminar and felicitated the speakers.

On the first day, various aspects of event management were discussed with live examples and all the queries raised by the students were answered. The speakers talked about the inevitability of things going wrong despite the best of preparations and how event managers have to be on their toes on a 24X7 basis so as to address emerging issues even as they arise.

"Cooperation and coordination between the various aspects of event management is a necessity" was the topic that was set before the panel for discussion and the discourse that followed held the audience spell bound. For one, each speaker was an acknowledged expert in her or her chosen field and naturally, they spoke from their hearts. Secondly because of the sheer amount to details that the speakers talked about, which was jaw-dropping for those sitting in the audience who could not otherwise fathom the kind of hard work that is needed to ensure the success of an event, any event. And finally, because they realised the importance of co-ordination, ensuring the cooperation of different agencies handling the different parts that make a whole, so that the event may get the success it deserves. Credit must be given to Gautam Bajoria , the moderator of the event who not only handled the speakers with kid gloves but also ensured that each speaker's point was put in the right context for the students to understand, often making it a point to remove the industry jargons to make the talk as lively and relatable as possible.

Stay Hungry, Stay Foolish

Jubilee Hall. November 13, 2019.

Rashmi Bansal is one of the most celebrated names among the non-fiction writers of the me-now generation. Within a very short span of time, this IIM (Ahmedabad) alumna has literally flooded the market with a tidal wave of best sellers that started with Stay Hungry, Stay Foolish" and was followed up with "Connect the Dots", "Take me Home" and "Arise, Awake".

"Rashmi Bansal" said Prof Dilip Shah, the Dean of student affairs of the college, "is one of the most powerful voices in the country, not only because of her connect with a million youthful minds, but also because of the way she has been spreading the cult of entrepreneurship. In this avatar, she is doing much more than what traditional text-book oriented studies could ever dream of doing." He went on to underscore, how the Bhawanipur Education Society College (BESC) is driven by the same belief of freeing the young minds from the fetters put on them and how both were essentially working towards the same goal. Prof Shah also welcomed Dr Neha Sharma, the Director of Shanti Business School to the BESC who had accompanied the author.

About two hundred students had packed up the Jubilee Hall to hear the celebrated author deliver her speech and she did not disappoint the

Prof Dilip Shah, Dean of Student Affairs felicitating best-selling Author Rashmi Bansal

assembled crowd. Drawing extensively from her experience, Rashmi Bansal did the Nike thing – impressing upon the students to do whatever that their hearts desired, without waiting for the "opportune moment".

An extremely powerful speaker, Rashmi Bansal not only carried the crowd with her discourse, but

walked away successful in her mission, having planted the seed of entrepreneurship in the mind of BESC.

Prof Dilip Shah expressed his satisfaction that the students were so positive in the way they embraced the speaker, "this is the magic of one-on-one interactions" he said with a smile.

Farewell to a soldier

Placement Hall. November 15, 2019.

The NCC contingent of The Bhawanipur Education Society College (BESC) is one of the strongest amongst such units and has not only held the banner of the NCC high, but has admirably performed under trying circumstances in fulfilling the duties assigned to it. Naturally morale is extremely high among the cadets and officers assigned to lead the unit has always forged a special bond with the BE-ites.

BESC NCC unit bidding adieu to Havildar Gurung

It was no surprise that when havildar Samir Gurung the NCO of 31 Bengal Battalion, hailing from 315 Gorkha Regiment had to move on, the farewell ceremony would be an emotionally charged one.

Prof Dilip Shah, the Dean of student affairs of the BESC was personally present on the occasion and saluted the way havildar Gurung has nurtured the BESC unit, taking special care to forge them into a force to reckon with. He wished the parting officer, in the best traditions of civilian niceties, God speed and God bless, promising on behalf of the students to continue nurturing the seeds planted by havildar Gurung and others so that the tree may reach its fruition in the fullness of time.

About forty students were present in the ceremony, some from out of the NCC ranks and havildar Gurung made it a point to address all their queries, especially about the ways and means of joining the armed forces.

Inferno 2019 – the AIM fest

Army Institute of Management Campus. November 15 to 17, 2019.

The Army Institute of Management, Kolkata (Formerly, National Institute of Management Calcutta) was established in 1997 by the Army Welfare Education Society (AWES), New Delhi, to conduct state-of-art Management Programme for the wards of Army personnel (80%) with an opportunity for the general candidates (20%) as

The BESC team with the trophy at the Army Institute of Management

well. The eco-friendly campus is located at Alipore, in the heart of the 'City of Joy' and has curved out for itself an enviable reputation not only for the academic excellence achieved by its students but also for fostering an inclusive environment where the students pursue and attain hights in a number of fields beyond those prescribed in the syllabi.

Inferno, the fest of the AIM is everything that the great institution stands for, the values it espouses.

The students of the Bhawanipur Education Society College (BESC) respects the AIM for its attitude, its habit of claiming victory as its own, for the simple reason that it is the same feelings that the BESC espouses. Naturally, the AIM fest is a big-ticket event for the BESC, where the hosts are ever willing to throw their everything for the top slot and because to BESC, being second best is not good enough, ever.

After two days of intense competition in which not a single inch was given away, the dust settled, with the Bhawanipur Education Society College proudly (and firmly) on the podium as winners.

In the sporting events, BESC had thrashed the competition to win gold in basketball, football, table tennis and tug of war, no mean achievement in a campus where physical fitness is the norm as opposed to being the exception.

In the cultural events section, BESC made an even better impression with SarveshMundhra winning the Clash of thoughts. Priti Jain and Suyash Agarwal sailed through Business Buzz. Ayush Pandey and his team were the undisputed winners of Ad Mad Show; while Ayush Agarwal won the silver in Step Up Solo.

BESC was also the champion in NukkadNatak. Shristhi Dasgupta won the second position in Nightangle's Chord, while Ayush Pandey won the event Two Minutes to Fame.

The triumphant return of the team was celebrated by Prof Dilip Shah, other members of the faculty and students of the BESC.

The making of My Story

Society Hall. November 16, 2019.

Of all the traits that The Bhawanipur Education Society College (BESC) seeks to embed in its students, the one that it reveres the most is that of entrepreneurship. Instead of cramming young heads with information, the institution deliberately seeks to free the minds and encourage them to follow the calling of their hearts, to set out on their own to add to the process of nation building by creating wealth.

As part of this effort, the BESC makes it a point to present before the students live examples – people who have followed similar paths and have not only turned their passions into professions, but have also set examples in doing so. My Story was one such event, one of the many that the BESC organises at regular intervals to motivate it students, apart from acknowledging the indomitable Indian spirit of entrepreneurship, a spirit that the college seeks to celebrate through its students.

The speakers for the day were Vivek Bajaj and Raghav Modi, entrepreneurs, who had both circumnavigated immense odds on their way to success.

Vivak Bajaj the founder of Kredent Info Edge, who had started his career at the very bottom of the rung as an analyst one and a half decade back, is

The Making of My Story – entrepreneurs recount the stories of their climbs to the top

today not only the proud helmsman of the thriving Kredent Info Edge, but is also the co-founder of Stock Edge.

Raghav Modi is the founder and the moving spirit of Babuji Sharbat, which has taken the domain by storm and has been so radical in its approach, acknowledged as an innovative disrupter, that is shaking the segment out of its complacency.

The two speakers represented to completely different business models, yet, their views converged as they regaled the fifty odd students who were present about the basics of entrepreneurship – an unshakable belief in one's self and ones dreams; the willingness to take failure in the stride and the desire to fight against odds that look insurmountable till one decides to take them, head on.

The speakers also talked at length about the stock markets explaining the why behind the how of stock price movements. Vivek Bajaj, who is one of the more celebrated stock pickers from the current crop of investors stressed on the importance of value research, stressing on the need to create quality content that is not picked up randomly from the public domain but is created with due diligence. Content and connect, with people, he emphasised repeatedly, are the cornerstones of success and should therefore be provided with the necessary importance.

Mask making Workshop

Placement Hall. November 16, 2019.

The students of the Bhawanipur Education Society College were introduced to this exciting world of masks through a mask making workshop. Prof Dilip Shah, the Dean of student affairs of the college regaled the audience with a number of interesting facts about masks and their significance in the development of cultures that were unknown to the students.

Prof Shah told the near incredulous students how, in ancient Greece brass masks were extensively used in theatre, masks that had megaphones built into them that were used to amplify the voices of the actors. He talked about the Duk-duk and Tubum masks of New Guinea where used to intimidate and enforce tribal order. He explained about the famous Moretta Muta masks of Venice that had no strings to attach them and women had to clench a button at their back with their teeth to hold the masks in place. He also talked about the

We have got you covered – @ the mask making workshop

belief that the masks worn by ritual dancers, for example in Indonesia, were not supposed to be worn by others in the fear of offending the spirits. How in Egypt, death-masks were used so that the Gods could recognise the voyagers in their afterlife. He pointed out how masks were used during wars to intimidate the enemy – a practise that is still prevalent, especially in sporting games like ice hockey. He ended his engrossing piece rueing the fact that despite their rich tradition, masks have now been reduced to most an aid against pollution!

Prof Shah then went on to talk about the use of masks in Indian culture – in dance forms like Kathakali and Chhou, apart from their extensive use in a variety of art forms including theatre that had sprouted in different parts of the country at different times and are still in vogue. He talked about Noh masks in Japanese theatre that are created with such artistic ingenuity that they are capable of depicting different emotions. Masks, he pointed out, also have a long custom of being used to punish and shame offenders in many cultures. He also explained the significance of masks in religion, explaining for example, the reasons behind some Jain sects covering a part of their faces with cloth masks.

Prof Minakshi Chaturvedi welcomed Swati Agarwal from the Pearl Academy who was the guest of honour for the event and felicitated her on behalf of the management, faculty and students of the college. An accomplished danseuse, Prof Chaturvedi spoke of the use of masks in different dance forms and pointed out how masks were and continue to be used to complement the storyline.

Different methods of mask making were discussed in the workshop as the visiting faculty took the students through practical demonstrations. While time constraints did not permit the discussion of the finer nuances of mask making, the students were given a thorough grinding of the basics which was enough to stoke their creative interest, with many professing interests to take up the artform.

BSE Visit

Society hall. November 22, 2019.

The Bombay Stock Exchange (BSE) is one of the premier institutions in the world of finances. Established in 1875, BSE is Asia's first & the Fastest Stock Exchange in world with the speed of 6 micro seconds and one of India's leading exchange groups. Over the past 143 years, BSE has facilitated the growth of the Indian corporate sector by providing it an efficient capital-raising platform. Popularly known as BSE, the bourse was established as 'The Native Share & Stock Brokers' Association' in 1875. In 2017 BSE become the 1st listed stock exchange of India.

Today BSE provides an efficient and transparent market for trading in equity, currencies, debt instruments, derivatives, mutual funds. BSE SME is India's largest SME platform which has listed over 250 companies and continues to grow at a steady pace. BSE StAR MF is India's largest online mutual fund platform which process over 27 lakh transactions per month and adds almost 2 lakh new SIPs ever month. BSE Bond, the transparent and efficient electronic book mechanism process for private placement of debt securities, is the market leader with more than Rs 2.09 lakh crore of fund raising from 530 issuances. (F.Y. 2017-2018).

The relationship that the BSE has with the students of The Bhawanipur Education Society College (BESC) has been one that is nearly symbiotic as

Students interacting with visiting members from the BSE, learning about the country's oldest bourse and its functioning

BE-ites have been associated with the stock markets in general and the BSE in particular for years at an end, often over generations.

About a hundred students participated in a highly engaging seminar in which speakers from the BSE took the students on a whirlwind tour of the financial system, starting with explanations about the basics of the stock markets and their functioning through to the creation of wealth and the current state of the economy and the markets.

Detailed presentations were also made about the emergence of Artificial Intelligence (AI) especially in relation to algorithm-based trading and the role of AI in the compilation / analysis of financial data. The most visible face of AI – as a robot doing the menial, repetitive work was touched upon but left out as it was considered too pedestrian for the interest of the students who were found to be in possession of interest that ran much deeper.

Prof Dilip Shah, the Dean of student affairs of the BESC welcomed the guest speakers and felicitated them on behalf of the management, faculty and students of the college. In his brief introduction before the formal start of the programme, Prof Shah, one of the most celebrated experts in the functioning of the markets and their dynamics, in his characteristic manner set the note of the seminar which was lauded and appreciated by the visiting speakers.

Engage – where the freshers hung their hair loose and swayed to the beats of BESC

Engage Fresher's Party 21

College Turf. November 24, 2019.

Students of the Bhawanipur Education Society College (BESC) are known for their unique bonding, to each other and the institution. However, such bonding does not evolve out of nothing and the management of the college provides a number of facilitating opportunities that lead the students to build their fraternal attachments. The Fresher's party 21, powered by VH1 and Zephrtone, was one such event. An event where the students could let their hair down and celebrate in youthful zest, with not a worry to clod their young minds.

Miesha Iyer, VJ Clince and Zephyrtone – some of the biggest names in the circuit trooped down on the campus to work up their magic. The fact that a

Engage, one on one, or in groups, it is ultimately about involvement, participation

Engage, a section of the crowd swayed to a frenzy by the performer

crowd of about 1300 were waiting eagerly for their performances, electrified the performers, who, as is wont in the BESC, surpassed themselves, if only to play ball with the frenzied audience.

The most happening tracks were played and time seemed to have come to a standstill as the mass of bodies swayed in rhythm divine. Encores and requests for more flew thick and fast and though the show stretched well beyond the stipulated time, the crowd could not have just enough of it, wanting more and more.

But like all good things, the show too had to end and Prof Dilip Shah, the Dean of Student Affairs of BESC did the honours by felicitating the assembled guests and the performers who had set the campus ablaze. Prof Shah reminded the students about the importance of bonding and urged them to use music as a unifier as a catalyst for positive change first in their lives and then to spread their positivity in their immediate vicinity so as to work towards a creation of a better social order.

Charcoal Workshop

Room no 420. November 25& 26, 2019.

Charcoal art has not only been an extremely popular medium of expressing an artist's feelings but is also one that has a huge following around the world.The reason for the popularity of charcoal as a medium are not hard to guess – it is relatively easy to use, takes much lesser time as opposed to other mediums like oil on canvas for example and the results are immediate.

The Bhawanipur Education Society College (BESC), which has made it de rigueur to provide students opportunities of every conceivable manner to expand their horizons organised a workshop on Charcoals for the budding artists from within the student community. The workshop was conducted by noted artist and an ace exponent of charcoal art, Shantanu Chatterjee.As many as thirty students participated in the workshop.

Prof Dilip Shah, the Dean of Student Affairs sketching with charcoal as Prof MinakshiChaturvedi looks on

The two-day workshop was broken into two sessions with the first day being dedicated to an introductory talk on art by the speaker after which the students were exposed to some elementary sketching techniques.

On the second day, the students were introduced to the exciting world of charcoals as the master handheld the students and helped them embrace various nuances of charcoal art. Different techniques were also explained to them in detail. Work of each student was discussed and ways of improvement spelt out.

Prof Dilip Shah, the dean of student affairs of the college felicitated the speaker on behalf of the college and expressed the hope that the attending students would put the learnt skills to take their creativity forward.

Amazon Deconstructs Artificial Intelligence

Society Hall. November 26, 2019.

Popular fiction has been replete with stories of a doomsday for the human kind with AI driven machines edging everything on the way out to attain supremacy, the fact remains that in the wake of an AI led industrial revolution, future generations must be equipped with the necessary skill sets. Many traditional skill sets, which were enough to ensure a cushy life and career will fall by the wayside as more and more AI led units will take up their positions which will inevitably lead to

Artificial Intelligence and how it will shape the world of tomorrow – straight from the very core, Amazon!

massive job cuts rendering many people unemployed.

The Bhawanipur Education Society College (BESC) which has always remained in the very forefront in embracing emerging technologies and in equipping her students with the right skill sets to ride the crest of change to the future, organised a seminar on Artificial Intelligence to expose students to its efficacies so that they may start working in right earnest to reap its benefits.

About fifty select students were exposed to the working of Amazon Go and were taken through a power point presentation which not only highlighted the emergence of AI but also talked about the changing world order that is taking shape in its wake. Ananda Guha Thakurata, who conducted the thought provoking and highly topical seminar faced a barrage of questions from the audience on the conclusion of the presentation and took great care in addressing all the issues raised individually and to the complete satisfaction of the audience.

"My sincere thanks to Prof Dilip Shah, the Dean of student affairs of the institution and Prof Minakshi Chaturvedi who were extremely proactive and facilitated the entire process without which we could not have organised such an engaging interactive session with the students" said the visiting faculty.

Conundrum – Subhas Bose's Life after Death

Society Hall. December 3, 2019.

The latest, in the long list of "researchers" who "conclusively" and "beyond-doubt" play to the galleries of sensationalism by claiming the Netaji lived, are Chandrachur Ghose and Anuj Dhar with their book "Conundrum – Subhash Bose's life after death. It will not be out of context to point out that the family of Netaji Subhash Chandra Bose has sought the Government's intervention against what it calls a "sinister campaign" to establish Gumnami Baba, a mysterious sadhu from Uttar Pradesh, as Netaji Subhas Chandra Bose in disguise. But it is free country and "controversies", like they say in the trade, are very friendly to the cash registers, even if it calls for the dragging in martyrs who are considered sacred by those, now consigned to the lunatic fringe.

The Bhawanipur Education Society College (BESC) has always prided itself as an institution that encourages its students to think independently, to bear a free mind and speech. It was therefore no great surprise that the authors of the book were welcomed to the institution to present their case before the students, to talk about the reasons that prompted them to write the book, the problems that were faced on the way and all that they seek to achieve by fomenting a

Conundrum – of Subhash Chandra Bose and the film that was making the waves – a tete-a-tete with the makers

controversy that is, at the least, "officially" dead and buried.

That the subject matter of the book is a sensitive one and that name of Netaji still evokes extreme passions was evidenced by the fact that the Society Hall was filled to capacity with close to a hundred and fifty students wanting to hear about the book. The tone was set by Prof Dilip Shah, the Dean of Student Affairs of the college, who felicitated the authors and gave the introductory speech.

The authors did not disappoint the crowd and the anecdotes with which they interspersed their speech were found to be extremely engrossing to the students who continued to ask for more, leading the event to spill out of the time allotted for it. The question and answer session that followed was equally captivating and the authors expressed their gratitude to the college for hosting them apart from putting on record their appreciation of the manner in which the students expressed their inquisitiveness.

GD & PI workshop

Placement Hall. December 4, 2019.

The Bhawanipur Education Society College (BESC) is known as a ready source for industry ready recruits and has earned itself a name among the employers and the HR fraternity looking for the peerless training provided to those who seek placements. However, while this sounds music to the ears, the hard work that goes on – around the year, and the sheer amount of effort put in by the management, members of the faculty and the students of the BESC to ensure that this cutting edge is maintained, has to be seen to be believed.

Section of the crowd lapping up every word of the speaker in yet another GD & PI workshop at the BESC

As Minakshi Chaturvedi, who looks after all issues relating to placement-oriented skilling of the students put it, "we ensure that the system of ensuring that out students are interview ready is built into everything we do. As part of this initiative, we organise a number of seminars and workshops where actual practitioners from the industry are invited to groom the students and show them, hands on, how to face interview boards, the questions that they are likely to face, the essentials of corporate etiquette – generally everything that the need to know in order to triumph".

The GD& PI workshop was another one in this series. The workshop was spread across two sessions with each being dedicated to a particular area of interest – the first session being addressed by Shahida Hussan, corporate trainer and HR practitioner, while the second being conducted by Kaushik Kapoor, owner of Erudite.

Shahida Hussan has been a regular in the BESC and the students relate to her no-nonsensical, direct and hands-on approach. Once the initial points were hammered in, she opened the session for interactions which witnessed a number of students voicing a variety of concerns. As a practitioner and an expert of the craft, she addressed each one of the issues raised, making it a point to explain the basics involved in the case and illustrating with real-life experiences wherever they were relevant.

The speakers took questions from the audience to address any grey area in the understanding of the students that needed to be resolved. The students who had warmed up to the topic, thanks to the excellent manner in which the discourse was

conducted, had many questions, most of them pertinent and to the point. The speakers put in a great amount of effort to address the concerns individually and ensured that all the queries were resolved to the full satisfaction of the students raising them.

Times LitFest

Raajkutir - Swabhumi. December 8, 2019.

The second edition of the Times Literature Festival took place in Kolkata on December 8, 2019 and it was one of the most enthralling events for the city in which the college was associated. The Festival

Various authors interacting at the TimesLit Fest

hosted authors from across the world and was an electrifying platform for a lively exchange of views on literature, books, and ideas. Students from the college volunteered and participated at the various discussion, they were guided by the teacher coordinator CA Priti Modi.

The second edition of The Times Litfest Kolkata 2019 saw the coming together of authors and pioneers from different fields and sharing their opinions on various pertinent issues. From shedding light on important matters to sharing personal anecdotes, the esteemed panellists coupled with the excitement shared by the audience, made it a day of celebratory literary fervour.

Voices – the BESC audition

Placement Hall. December 9, 2019.

Half Cut Poetry is the latest storm that promises to grow up to become a tsunami. They invite lovers of the written word to "experience the best open mic culture in Kolkata with Half Cut Poetry. A hub for spoken-word artists, be it poetry, storytelling, ghazal, music or comedy we have it all covered. We do more than just open mics, we create a family of artists and art lovers."

Students at the Voices Audition with Prof (Dr) Vasundhara Mishra

Naturally, with an agenda that creative they cannot be far from the Bhawanipur Education Society College (BESC) campus and trooped in they did, to do a gig, select the best BESC talents through an audition and generally let the poems spread the chill. BESC did not disappoint and about fifty students participated, their rhymes and reasons firmly in poems.

Dr Vashundhara Mishra, member of the faculty and college poet laureate, led the charge of couplet brigade, reading her composition to welcome the guests and set the ball rolling. What followed was a lively and extremely engaging session in which poems were read and recitations lauded as intellects brushed against each other, intermingling in a melting pot called the Bhawanipur. Free Verse, Rap and Ghazals– the spread could not have been more exotic as BESC students not only grabbed the "Open Mic" but also gave full vent to their creative urges, often overshadowing the established poets who were visiting the campus to read out their compositions and win converts.

Harleen Kaur, an ex-student and an ace poetess, who led the Half-Cut fraternity was home and away as she let her pen down and soaked in the experience.

The auditions that followed will select five poets who will be featured in the writer's block.

Dr Sovan Roy launches his Magnum Opus "Radhika Nath Saha – Unsung Hero of Indian Fountain pen"

Society Hall. December 12, 2019.

Eminent scientist, Dr Sovan Roy's Magnum Opus, "Radhika Nath Saha – Unsung Hero of Indian Fountain pen" was launched in the Bhawanipur Education Society College (BESC) on Friday. The book was formally launched by career bureaucrat, ex Home Secretary of West Bengal Prasad Ranjan Roy and Prof Dilip Shah, the Dean of Student Affairs of the BESC in the presence of eminent guests, members of the faculty and students of the college.

Dr Sovan Roy, talked at length about his passion for the fountain pen and regaled the audience with anecdotes that led him to stumble upon Dr Radhika Nath Saha – the polymath and write about a forgotten chapter not only on the first Indian pen manufacturer in the organised sector, but also a rare tale of indomitable spirit, of entrepreneurship, of scientific discoveries.

Prof Dilip Shah hailed the book as a landmark, putting on record his appreciation of the sheer amount of dedicated research work that the author has put in to shed light on a chapter of the Nation's entrepreneurial and scientific ingenuity. He also highlighted the fact that the book will conclusively set at rest the question that has bugged many academicians and fountain pen aficionados alike "who made the first fountain pen in India?"

Launch of book on the entity that first commercially made fountain pens in India by Dr Sovan Roy at the BESC by Prof Dilip Shah. Prof (Dr) Vasundhara Mishra, Prof Minakshi Chaturvedi and Chawm Ganguly are also seen with the author of the book

Prof Vasundhara Mishra, eminent poetess, regaled the audience with her composition dedicated to the fountain pen, which was penned specially for the occasion. Prof Minakshi Chaturvedi explained to the audience about the BESC initiative of helping students by reintroducing them to the charm of writing with a fountain pen, to embrace it as a sustainable alternative to the use-and-throw deluge of cheap plastic writing instruments. She underscored the need of using the fountain pen as a tool against the increasing digital influence which is robbing the young the ability to appreciate the finer nuances of life, sucking them into a depressive void. She stressed to the students in the audience the need to look at fountain pens as a stress buster, to resort to writing as a catharsis.

The event was organised by the Corporate Communication team of the BESC led by Darshana Shah. Maria Khan thanked the media persons for attending the event.

Jimmy Tangree rides the BESC airwaves

Society Hall. December 12, 2019.

Jimmy Tangree needs no introduction, either in the world of radio or in the city of Kolkata. He is the City of Joy's oldest, most joyous, most consistent and definitely the most loved radio jockey – someone, who has not only defined the art of Radio Jockeying but has also played a stellar role behind FM Radio enjoying the kind of popularity that it currently relishes. Yes, it will not be out of context to mention here that at a time when the Radio was consigned to the dustbin as a 'has been', it was Jimmy Tangree's baritone (not to mention his God gifted ability of playing the "right" music consistently and with unfailing reliability) that had led the resistance.

Jimmy Tangree is no stranger either to the Bhawanipur Education Society College (BESC) or its students – his celebrity status precedes him – and the BESC makes it a point to have him as a cherished guest to grace many campus occasions almost round the year. "But this visit is different" said Prof Dilip Shah, the Dean of Student Affairs of the BESC, "this time, Jimmy is here to share the secrets that have made him one of Kolkata's biggest celebrities and perhaps the most recognised voice on air. He is here to share with the students of the BESC his recipe of success, of teaching you the art of engaging people in conversations, help you imbibe the ability to talk one's way to success ... and stardom".

The hundred and fifty plus students who had crowded the Society Hall could wait no further and Jimmy Tangree proceeded to do what he does best, take the microphone. How time flew thereafter is anybody's guess, but seasoned teachers vow that they have never seen a BESC audience with its collective jaws agape as Jimmy Tangree spun his mesmerising words around them.

"It is such a pleasure being here in the BESC" he said "this campus just bubbles with youthful zest and I am thankful to the teachers and the management for inviting me over and giving me a chance to reconnect with the pulse of Kolkata's youth. BESC Rocks!"

Warship Ahoy!

Race Course and Khidderpore Docks. December 14, 2019.

The Bhawanipur Education Society College (BESC) has one of the most active and vibrant NCC units in these parts of the country and for the cadets, it was indeed a matter of great honour when they got the chance to represent the college on board Indian Navy warships INS Airavat and INS Kirpan.

The seriousness of the visit could also be gauged from the fact that Dean of student affairs of the college, Prof Dilip Shah, Prof MinakshiCharurvedi and Divya P. Udeshi personally accompanied the team. The BESC team was welcomed on board according to naval statutes and there was a brief programme where mementoes were exchanged following the welcome and thank you speeches. Cadet Aditya Raj of the BESC NCC Unit was

Students accompanied by Prof Dilip Shah and Prof Minakshi Chaturvedi on board the warship INS Kirpan

awarded a special prize for his exemplary dedication and achievements as a cadet. He was also lauded by the Commanding Officer of INS Kirpan who handed over the award and citations.

The visit was an eyeopener for most of the land lubbers as Indian Navy's maritime capabilities were explained to the cadets. Life in the high seas, the threats faced by the long coastline, the challenges faced by a modern navy and the strictly non-military services – humanitarian as well as economic like anti-piracy – provided by the navy round the clock, were some of the highlights that were presented before the students during the trip.

Officers showing the students around the ship also explained in detail the challenges and threats faced by the Indian Navy from terrorists and explained about the level of vigilance that has to be maintained apart from spelling out the response that the Navy is capable of meting out.

The trip to the warships was followed by a visit to the Military Tattoo at the Race Course where the BESC students were enthralled by the daredevilry of the men in uniform along with the fantastic capabilities of the animals who are as much a part of the forces as the men are. The apogee of physical fitness, the coordinated movements that were breath-taking and above all the valour and dedication with which the uniformed men and women serve the Nation was a lesson that got ingrained over and over again in the young and impressionable minds, many of whom went back with the vow to make the transition from the audience to the ring.

NSE Live Trading Simulation

Society Hall. December 16 2019.

The Bhawanipur Education Society College (BESC) has perhaps got the highest per capita stock market investors in colleges of its class, with most students either investing or taking active interest in the working of the capital markets. It is a phenomenon that is not only recognised and lauded by the management, but the habit is actively sought to be encouraged, as it is the sock markets that help bring the scattered savings of the economy into deployment for the creation of National Wealth.

Naturally, senior NSC officers choosing the campus to highlight the features of their trading platform through a simulation was no exception then, as was pointed out by Prof Dilip Shah, the Dean of Student Affairs of the BESC, while welcoming Avik Gupta from the Exchange. A keen follower of the market trends and their workings, Prof Shah, also an investor, shared his wisdom about investing right and the characteristic traits to look out for, before felicitating the guest and handing over the microphone to him.

What followed was a detailed presentation on the working of the NSE trading platform, with the speaker going into the intricate details to highlight its advantages. However, keeping in mind the needs of the average students and the new investors, he made it a point not to go too deep into the specifics and spiced his talk about the fundamental and technical aspects that lead scrips to behave the way they do, often using historical data to identify the points that should be considered for entry and exit into the market in general and specific scrips in particular.

The fifty odd students who were present found the discourse extremely enlightening and informative which was communicated to the speaker by more than one member from the audience when the session was made open to questions from the floor.

Charity Begins at Elgin

Elgin Road, December 21, 2019.

"BESC believes in walking the talk" he said, "and therefore, instead of paying lip service, we have decided to pick up the broom, to set an example, to encourage everyone to be more conscious about cleanliness, to ingrain in the population to desire and the willingness to at least clean the immediate environment of which they are a part" said Prof Dilip Shah the Dean of Student Affairs of BESC flagging off the contingent. He also pointed out to the students the fact that the historic residence of Netaji Subhash Chandra Bose, is just across the college, and the cleanliness drive in the area will also be a symbolic tribute to the great leader, who was, at one point in time, the Mayor of the city.

The drive was also one that sought to spread awareness about cleanliness among the local residents as the students went about doing their good deed. Employees of Srijan – a construction company that too is head quartered in the same road also joined the drive, enthused by the students. What was even more remarkable was the number of random pedestrians who joined the students – some stopped at congratulating them for the good work being done, while others joined them, symbolically and otherwise. The drive was also hailed by the local Councillor of the Kolkata Municipal Corporation, who congratulated the students and hoped that the example that the BESC students have set will one day be replicated by students of other educational institutions, if only to spread awareness about the need to adopt a cleaner lifestyle.

BESC students in a clean-up drive – leading from the front, living by example

The seriousness with which the whole exercise was conducted can be gauged from the fact that Prof Shah, himself took part in the drive, leading by example, as always. Students of BESC were joined in their effort by members of the NCC and the NSS wings of the college.

Purpose inspired Brand Building by Advertising Club Calcutta

Society Hall. January 4, 2020

Listed in the Top 10 most influential people in advertising, Most Trusted CEOs in India and many more, Rohit Ohri, Group Chairman & CEO FCB India visited the College campus for a masterclass on "Purpose Inspired Brand Building".

Workshop on brand building at BESC in association with the Advertising Club of Calcutta

Students from the College and Advertising Club Calcutta members participated in the workshop. The masterclass through discussion, interactive and practical exercises, and case studies, took away all the intimidation out of the world and showed that no matter if you are a novice or a ninja, you can connect in the most effective ways with your audiences, build your brand, and grow your revenues.

Ernst & Young Placement Drive

Placement Hall. January 6 &7, 2020.

It goes without saying that EY recruiters visiting any campus, anywhere in the world to interact with aspiring candidates and make selections for filling in their ranks is huge thing. And the Bhawanipur Education Society College (BESC) is naturally justified in being proud of the fact. However, what made the placement drive even more exciting for the BESC was the fact that EY chose the campus as the home turf to sample students from other institutions as well – letting BESC have the pleasure of playing the indulgent host.

Prof. Minakshi Chaturvedi, coordinator of the Placement Cell of the BESC who coordinated the EY placement drive explained saying that students from JD Birla Institute, Scottish Church College and Calcutta Business School were also given the opportunity of meeting the recruiters from EY. As many as forty-eight participants (including students from other colleges) appeared for the selection session.

"The selection process comprised of three rounds and all the students – both from the BESC and the guest colleges were first given an online test, which was followed by an interview conducted by representatives from the EY HR team. After these elimination rounds, the remaining students were exposed to a technical interview round where the depth of their knowledge and aptitude for the posts that were sought to be filled was tested. Needless to say, the norms were not only stringent but also exhaustive."

Ten students from the BESC were shortlisted, from which four have been selected while the others have been kept in abeyance.

Roadies Revolution

Jubilee Hall. January 10, 2020.

MTV Roadies is one programme that has already moved from television folklore to being a one that has reached the status of a cult show. A youth-based reality roadshow, it had first aired in 2003 and if longevity is any yardstick, it is already among the most popular of its genre. In the show, a group of contestants'travel to different destinations and participate in various tasks that challenge their physical and mental strength. During the journey, there are vote outs, vote ins, eliminations and game changing twists. Eventually the contestant who manages to survive vote outs and succeed in the final task is chosen as the winner. The show has enjoyed a huge amount of success among the youth its heady mix of adventure, drama and a touch of voyeurism proving to be an intoxicating cocktail. It has also thrown up stars in its long journey, stars who enjoy considerable following, apart from enjoying iconic statuses.

It was no surprise that that Roadies bandwagon,

Section of the students participating in the placement drive conducted by EY in the BESC campus

Prof Dilip Shah, the dean of student affairs welcoming the MTV Roadies to the campus

doing their gig around the country would hitch up its tent and lay bare its act in the most happening campus of Kolkata – the Bhawanipur Education Society College (BESC). Ex Roadies Ashish Bhatia, Aarushi Dutta, Firaang and Gaurav Thukral vroomed into the college to meet and greet the two hundred and fifty strong crowd that had gathered to embrace them. What followed was innovative disruption of another kind.

First, they shared with the audience vignettes of their respective journeys. The crooned, they rapped, they talked, the danced. They talked about the theme Revolution and informed about the "jump the que" cards that were for distribution to those who champed in the thirty seconds of performance time allotted to each.

BESC students who thought they had it in them to be a Roadie were invited on stage to perform real-time even as the assembled crowd went berserk – the pulsating beats, the performance, the promise of breaking into big time on the small screen, and above all, the presence of the Roadies on stage had the mesmerising effect that MTV is known to drum up with elan. BESC performers did catch the discerning eyes of the judges and the number of cards that had to be given out was much more than what had been originally provided for by the managers. Suffice to say, BESC took even the Roadies by surprise. And yes, they took selfies with the crowd!

MTV Roadies @ BESC, it doesn't get any more competitive than this.

Cleanliness Drive Version 2.1

Heysham Road. January 11, 2020

"The Bhawanipur Education Society College (BESC)" said Prof Dilip Shah, the Dean of the College, "has the bad habits of not only sticking to its words but also of delivering more than it promises" amidst cheers from the crowd of volunteers who had gathered.

And they had a valid reason to cheer – it wasn't even a month that the BESC Cleanliness Drive was launched with students spreading awareness and actually cleaning up the Elgin Road, that the next batch of students were ready to put the glitters on Heshyam Road. Prof Shah gave the flagging-off speech urging the students to incorporate cleanliness in their daily routines, walk the talk and be the example for others to follow.

BESC volunteers participating in the cleanliness drive – joining hands in a community outreach programme

Thirty students took part in the drive that has already started getting rave reviews from the concerned authorities and the local citizens alike. "The Bhawanipur Education has always been in the forefront of the drive to be inclusive and I can recall a number of initiatives taken by the college students that have made a positive impact on our lives" said a local resident who added that past BESC initiatives like sapling distribution and water conservation which were not only issues that needed direct intervention but were also ones about which awareness needs to be created, which he felt were very effectively addressed by the BESC initiatives. In the same vein, the Cleanliness drive too, he felt, was one that would leave a lasting impact, especially on the young, impressionable minds for which BESC had to be lauded.

As is the norm, students from the NCC and the NSS wings of the BESC spearheaded the drive.

A Talk on Future in Finance

Placement Hall. January 13, 2020.

Abhilash Mishra, CEO of NSE Academy graced the occasion to share his wealth of knowledge and hard-earned experience with the students, particularly those with the interest of stock exchange and those wanting to move forward and chart their trails.

The event concluded with both the organisation signing an MOU for future collaborative initiatives. Prof Dilip Shah, the Dean of student Affairs formally inaugurating the event. After that the guest speaker took the dais and talked about the demand and supply and how it effects the price of shares. The speaker spoke at length about how the stock market works and introduced the NSE knowledge HUB. Also, the speaker recommended two books called "The Richest Man in Babylon" and "The Secret". The student coordinator of this event was Suyash Agarwal.

Future of Finance – students in rapt attention as the speaker delivers his lecture

Understanding GDP And Its Implication'

Jubilee Hall. January 14, 2020.

With the goal to enlighten the students about the workings of GDP, the Bhawanipur Education Society College organized a seminar on "Understanding GDP and its implications" which was undertaken by Rajeev Poddar, an economics teacher and a stock market trader.

The seminar commenced with Prof. Dilip Shah, the Dean of student affairs of BESC, introducing the speaker to the audience members present. He then explained the concepts of GDP and spoke about the implications it holds on the economy of a country.

Prof Dilip Shah, the dean of student affairs welcoming the honoured guest to the campus

The session started withRajeev Poddar introducing the gross domestic product (GDP) as one of the main indicators used to measure the performance of a country's economy and spoke of the factors that affect the GDP of India. He highlighted the various aspects of the economy and

revealed how the entertainment industry has taken over the market all around the globe. He also spoke about how technology is dominating the knowledge sector.

Mother Teresa International Award

Eastern Zonal Cultural Center, Saltlake. January18, 2020.

On the eve of 18th January 2020, it was a proud moment for our college as we received not only one but three awards.

Miraj D Shah, Vice-Chairman, The Bhawanipur Education Society College received "Mother

Miraj D Shah, Vice Chairman of BESC receiving the Mother Teresa Ratna Award from His Excellency the Governor of West Bengal

student, a proud recipient of the Mother Teresa International Award for leadership

Prof Dilip Shah, the dean of student affairs, BESC receiving the Mother Teresa International Award for the Best College

Teresa Ratna Award" by the Hon'ble Governor of West Bengal.The Bhawanipur College received the "Mother Teresa International Best College Award" and Rishi Jindal, a student of The Bhawanipur Education Society College received "Mother Teresa International Award for Best Youth Leader".

The event was held in Eastern Zonal Cultural Center, Saltlake. It marked the 20th Year of The Mother Teresa International Award Ceremony.

Republic Day 2020

College Turf. January 26, 2020.

The Bhawanipur Education Society College celebrated the 71st Republic day with all enthusiasm on 26th January 2020 at college turf. The day was dedicated to the freedom fighter, Rash Behari Bose who at the time of freedom struggle was one of the youngest martyrs of the Indian independence movement.

The National flag was hoisted byChampaklal Doshi the President of the Society. This was followed by the National anthem. Prof. Suman K Mukerjee, Director General of the college, spoke at length on the relevance of Republic Day. He underscored the

Members of the Management and Faculty hoisting the National flag to commemorate the Republic Day

need to break out from the shackles of individualism and embrace the nation collectively for a greater common good. Prof Dilip Shah, the Dean of Student Affairs of the college explained the core values that the Republic of India stands for before leading the assembled gathering into the reading of the Preamble. This was followed by the ICSE students and the unit of NCC who displayed a smart march past as they saluted the flag and the President.

The students portrayed their nationalism and the message of unity through their dance performances and songs. The Crescendo team of the college through their songs also gave a beautiful message of patriotism. Quiz rounds was conducted by Prof. Minakshi Chaturvedi a faculty member of the college on the Indian Constitution. Self-defence was displayed through a quick show by the students who are learning Kick boxing. They also displayed their skills by breaking tiles.

Tricolour flags were provided to all present as a mark of the occasion and all the dignitaries were felicitated by draping of uttariyo that proudly sported the Saffron, White and the Green. Miraj D Shah, the Sr. Vice President of the Society was felicitated by the students of the college. Dr Suman K Mukherjee was adjudged the best dressed male among the teachers and Smith Karolia was

Prof Minakshi Chaturvedi, Prof Dilip Shah and Prof (Dr) Divyesh Shah with members of the BESC NCC unit at the Republic day celebrations

adjudged the best dressed male student whereas the best dressed female was adjudged Mou Banerjee (teacher of ISC dept.) and Divya P. Udeshi (member of the Dean's office) by Renuka Bhatt & Nalini Parekh.

Is Air pollution shortening our lives?

Society Hall. January 27, 2020.

Of the most polluted cities in the world, 22 out of 30 were in India in 2018. As per a study based on 2016 data, at least 140 million people in India breathe air that is 10 times or more over the WHO safe limit

Air pollution contributes to the premature deaths of more than 2 million Indians every year according to one estimate. Emissions come from vehicles and industry, whereas in rural areas, much of the pollution stems from biomass burning for cooking and keeping warm. In autumn and winter months, large scale crop residue burning in agriculture fields – a cheaper alternative to mechanical tilling – is a major source of smoke, smog and particulate pollution. India has a low per capita emissions of greenhouse gases, but the country as a whole is the third largest greenhouse gas producer after China and the United States.

The Bhawanipur Education Society college (BESC), which has always been in the forefront in discussing issues that concerns all, took up the issue of Air Pollution and ailments caused by it in a workshop that was attended by a battery of high profile speakers including Dr Dipanjan Majumdar, Head NEERI; Dr Kalyan Rudra Chairman WBPCB; Ashirbad Snehdeep Raha, EPIC under the University of Chicago, USA; Ajay Mittal ACTS, Kolkata Clean Air; Dr Suman Mallik, Clinical Director NS Hospital, Howrah and Dr Sanjukta Dutta, Consultant and Head (Emergency Department) Fortis Hospital Kolkata.

The speakers highlighted the woefully cavalier nature with which both the Government and the people at large approach something as serious as

Speakers at a seminar on Air pollution and its adverse effects on our lives

air pollution and rued the complete lack of awareness about the issue. They thanked the college for providing a platform as the need of the hour is to create awareness about air pollution and related issues, especially among the youth and hoped that members from the two hundred strong audience will help them spread the word so that at the least, the dangers posed before them are identified only after which talks of addressing the malaise or of taking steps towards mitigation would have any meaningful effect.

Saraswati Puja Celebrations

Valia Hall. January 30, 2020.

Saraswati Puja was observed on the 30th of January 2020 and once again the students of our college arranged a puja and a beautiful ceremony in the Valia Hall and the college turf inviting everyone in traditional attire. Competitions among the students were initiated for rangoli making,

Members of the faculty and students at the Saraswati Puja celebrations

decorating aarti thali, Conch-shell blowing and Saraswatisholak narration. While the students were busy completing their tasks on time, the trophy for the best dressed amongst teachers was awarded to Female – Prof. Gargi, Male – Prof. Chandan Jha and the best dressed among students was awarded to Female – Sneha Malhotra, Male – Adrish.

Dr.Vasundra Mishra played the Sarod.

The Bhawanipur joins in YI (CII) Youth Meet

SwabhumiRangmanch. February 1, 2020.

The event was welcomed by the Yi Kolkata Chapter Chair Rajat Sarawgi followed by Yi Gala Award show. Yi Kolkata Chapter teams Masoom, KolKonnect, Gao were felicitated for their all-round the year events and activities. The event sponsors and the team members performed a drama on the vertical that Yi supports. The drama educated the crowd to why one should join hands in conserving trees and reducing pollution and to say no to plastics.

BESC participants at the YI Youth meet patronised by the CII

Saini Raj performed an open mic which was followed by awarding the best-dressed male and female and a couple of the evening, followed by a musical band performance.

Speak for India-Auditions at BESC

Placement Hall. February 5, 2020.

The district audition of Speak For India West Bengal was held at The Bhawanipur Education Society College on 5th February 2020.

Namrata Choudhury , B.A (Hons.) English Student qualified as one of the top 30 finalists for Speak for India Debate presented by Federal Bank

Speak for India auditions at the BESC

The West Bengal Edition of Speak For India is being held in three languages – Bengali, Hindi and English. Phases of evaluation includes district, zonal, semi-final and the final round.

The district event held in the city witnessed participation of over 50 students from colleges across the city. The event was judged by Souvik Roy, Head of Treasury at the Federal Bank, Kolkata and Prof. Mohit Shaw, faculty at The Bhawanipur Education Society College, who apart from judging, also motivated the students about developing a habit of public speaking and how that could come handy in professional life. 10 participants were selected for the zonal round out of which 4 students were from The Bhawanipur Education Society College.

Workshop on "Careers on Unconventional Fields of Education"

Placement Hall. February 6, 2020.

The Bhawanipur Education Society College (BESC) organised a workshop on "Careers on Non-Conventional Fields of Education". The workshop was conducted by Prof. Rajeev Malhotra, O.P Jindal Global University and former IAS Officer (Economic Advisor to the Ministry of Finance). The workshop had approximately 20 participants.

Seminar on careers in unconventional fields of education in progress

Prof. Malhotra began the workshop with an introduction to the term 'Public Policy'. "Public Policy is about a process and an outcome associated with that process to solve social problems". Public policies are important, and, hence, their effective conceptualization and implementation are vital.

He also went on to say, "The effectiveness of a policy can be seen in terms of the efficiency of resource use, desirability of outputs, outcome and impact of public action, inclusive sharing of intended benefits, and sustainability of processes and outcomes." Case studies, facts and figures based on research, associated examples and real-life experiences helped the audience to understand the various tools associated with gauging policy effectiveness, he added.

Post workshop, the speaker took questions from the audience and clarified their doubts.

Advertising Club Calcutta Hall of Fame

Calcutta Rowing Club. February 8, 2020.

The College associated with Advertising Club Calcutta in felicitating Advertising Club Calcutta Honours 2020. The club inducted into the "Hall of Fame"Josy Paul, chairman & CCO, BBDO India. The honours were done by BESC Vice Chairman Miraj D Shah.

Vice Chairman, Sri. Miraj D Shah presented the 'Hall of Fame' award to Mr. Josy Paul, Chairman & CCO, BBDO India

BPLT 2020

College Turf. February 17, 2020.

With 130 teams, and number of participants exceeding 700, the most awaited event BPLT 2020

BPLT match in progress

continued for 6 quick days. The inauguration on 15th February, 2020 was marked with a cheerful and high-spirited speech from Prof. Dilip Shah. His speech boosted the confidence of the participants. Prof. Dr.Divesh Shah, the morning Commerce coordinator of the college, efficiently stated the rules of the match. The exhibition match played between faculties from morning & evening Commerce department, provided the participants with necessary clarity.

The semi-finalist teams were Captained by: Shikhar Thanvi and team, Harsh Dhanuka and team, SakibShahriwar and team and Aniket Gupta with his team. After a shoulder-rubbing match, SakibShahriwar and his team successfully secured the 2nd runner up's position. The finalist teams were: Skipper Shikhar Thanvi with his team members- Shubham Agarwal, Shubham Taneja, Rohit Kaushik, and Nishant Daga and Skipper Harsh Dhanuka with his team members- Ankit Jain, Rishabh Vijaywargi, Adhiraj Johri and Bikram Prasad. The match created peak suspense for the audience. Shikhar Thanvi chased the target set to his team in a crisp span of 3.2 overs, successfully claiming the BPLT 2020 trophy.

Prof Dilip Shah, Dean of student affairs with the winning captains of the BPLT 2020

Prof. Dilip Shah took pride in congratulating the winning team and the runners-up for their magnificent performance. He appreciated the cooperation of the event coordinators and volunteers. Jeetu Shah distributed the prizes among the winners; other sports faculty present were Rupesh Gandhi and Manikant Chowdhury.

Faculty Cricket Tournament

College Turf. February 18, 2020.

The two teams competing were representing the Morning and the Evening department of Commerce and the participants included only faculty members.

Participating members of the faculty at the teacher's version of the BPLT

The tournament was inaugurated by Prof Dilip Shah, the Dean of student Affairs. His brief yet 'impact fuel' opening speech was undauntedly inspiring to all the participants.

The first of the three matches started with a bang. Prof. SaikatNandy from the evening department scored a glorious half century. Their score was unabashedly chased by the opponent team while Prof. Chandan Jha's quick fire was worth drawing attention to. However, they failed to reach the mark and the evening department emerged triumphant in the first match.

The second game of the series was a comeback for the morning department. Prof. Mohit Singh's all-round performance was unparallel and a delightful watch for the audience. His hat trick in the second match stole the limelight. The morning department players were back in form and their victory in the second match was the turning point of the series.

Both skippers contributed outstandingly to the game. Prof Saspo Chakroborty's back to back sixes were loudly applauded by all while Prof. Dr.Divyesh Shah's "Thala" captaincy and his tactful decisions on field paid off sufficiently well.

The series ended with the morning department emerging as the formidable side with a 2-1 undisputed win.

Auction at BESC for Intra AON

Placement Hall. February 17, 2020.

The Bhawanipur Education Society College (BESC) hosted an auction ahead of its upcoming MUN conference, the Intra Assembly of Nation Conference, which goes by the name Intra AON. This is the intra college edition of the mega conference The Assembly of Nations. Ashish Ranjan, an alumnus of the college and popular figure in the MUN circuit, was the guest auctioneer. Around 40 students across several departments filled up the placement hall to witness the event.

A total of 14 people selected based on their experiences in MUN conferences participated in the auction, and the bid being placed by the student ambassadors who hailed from every odd streams of the college. Each of the student ambassadors was allotted with Rs. 200 to bid on the fourteen people, who were put to auction. During the auction, attendees shared their opinions, their thoughts and their expectations on the participants. The base price of the auction was fixed at Rs. 25. The idea of this interesting event was to help participants as well as the audience to witness a glimpse of the auction. These participants were given companies. Ultimately, after rounds of extensive auction, the highest bid went up to Rs. 130.

The auction saw over enthusiastic response from the students as some event of this magnitude has never been conducted before. It was a great event, students exercised their liberty and choice to place the bid on the participants. Therefore, the event provided a great learning experience to the participants as well as the audience.

High voltage action at the intra AON auction

Making Your Efforts Count

Society Hall. February 17 & 18, 2020.

The Bhawanipur Education Society College conducted a two-day workshop "Study with Success" on 17th and 18th February 2020 in the Society Hall. Around 50 people were benefitted from the Seminar. It started at 11 AM and continued till 1 PM on both days.

The keynote speakers Robin Patrick and Joshi Immanuel explained the importance of smart study and suggested various tools and techniques that could not only enhance our results but also build up our interest in what we study. Various techniques like Pareto Principal, Goal Setting, Mnemonics etc. were explained. Special emphasis was given on application of goals, memory training and how to make notes.

It was an interactive workshop full of activities and a lot to learn. Afterall, Success is not only about our grades but also our hard work, learning and our skills.

Annual College Picnic

Ibiza Resorts. February 19, 2020.

The Bhawanipur Education Society college held its annual picnic on the 19th of February 2020. It coincided with the onset of Spring and was splendidly suitable for a day out.

A total of 300 students turned up for the picnic accompanied by eight faculty members of the morning department. The students gathered at the college campus from where they were escorted to their allotted buses which were parked outside the college campus. One couldn't help but get the typical old-school picnic feel. Water bottles and orange peels, playing antaksharienroute and seating to the beats of popular hits. The journey to Ibiza Resort was fun packed and mirthful.

A section of the students and members of the faculty at the Annual College Picnic

Students with Prof (Dr) Divyesh Shah at the BESC picnic

The Ibiza Fern Resort and Spa is in Joka, a 25-kilometre-long ride from the college. Six buses reached the venue at 9am. The students were directed to the breakfast corner as soon as they arrived. The best way to start a long day is with a good meal. The spread which was laid out was flavoursome yet healthy. Students gorged into mouth-watering sandwiches, potato chips and gulab jamuns. The luscious corn cheese cutlet was the most palatable item on the menu.

Once done with the gratifying meal, the students headed toward exploring the resort.

The Ibiza resort has several points of attraction and the most populated one was the disco. While most students grooved to the beats of Bollywood tracks there were several others who preferred to linger around outdoor near the pool side. Some didn't mind getting into the pool for a swim either. It was a delight to watch them play handball, splash water at each other and pose for innumerable selfies.

Time passed by gleefully and the students were summoned for lunch at around 1pm. They were

served an assortment of scrumptious dishes which included flavoured rice, breads, salads and vegetable savouries. After the calories burnt in the discothèque and pool, the students didn't mind indulging into the meal wholeheartedly.

Post luncheon, most of the students headed off to the boating area while there were others who choose to go for dual cycling. It seemed like the best way to shed those extra calories put on during the meal.

As the sun began to set, it was time to make a move back to the eating zone. The students were given refreshments (tea served with biscuits and mouth-watering pakoras) and shortly after that they were escorted back to their respective buses. Departure from the venue was at 5pm. The journey back to college was more of repose and relaxation. Amidst the sound endless chatter and blithesome laughter, the memories of an eventful day slid down the lane of happy recollections to get embedded in the subconscious for eternity.

"Success Mantras" with Sneh Desai

Jubilee Hall. February 25, 2020.

The Bhawanipur Education Society College conducted a seminar by the celebrity trainer Sneh Desai at the Jubilee Hall. The session was not only attended by the students but was also open to the teaching and non-teaching staff members.

A youth himself, Sneh Desai inspired the hearts of each and every individual present in the hall. His motive was to create an awareness of the aforementioned issue by the magic of his persona. He explained the importance of goal setting, the impact of our physiology on our lives, importance of focussing on goals and explained the functions of the mind and how to enhance it by meditation.

Prof Dilip Shah, welcoming Sneh Desai to the college

He also shared personal anecdotes which helped everyone to relate to him. It was an interactive and activity-based session full of real-life examples.

Open Mic 2020 (Finals)

Placement Hall. February 26, 2020.

On the 26th of February 2020, The Bhawanipur Education Society College hosted the final round of their first ever inter-college Open Mic event. The event witnessed amateur artists from various colleges bring forward their emotions in the form of shayaris, poems and various other original compositions – including songs, ghazals, raps and more.

Hosts for the event, Anjali Dubey and Kumar Shashank – second year B.Com honours students of the college, beautifully managed to pull off the

Prof (Dr) Vasundhara Mishra reciting her compositions at the Open Mic.

show. Samrat Ghosh – another student of the B. Com honours department, coordinated the technical requirements.

As many as 50 participants from different colleges participated, making the event a huge success. The event commenced with an amazing performance

by the two contestants – Ritesh Roy and Nitin De, on the theme song of the iconic American sitcom of the 90's – "F.R.I.E.N.D.S".

Shortly thereafter, Prof. Dilip Shah, the Dean of Student Affairs extended his heartfelt greetings and wishes in the form of a warm speech. The event was also graced by the presence of Prof. Meenakshi Chaturvedi and Prof. Vasundhara Mishra performing. The stunning ambience along with such beautiful writeups by the writers of tomorrow were no less to make the day worth remembering.

The Bhawanipur Carnival 2020

Gitanjali Stadium. February 29, 2020

The Bhawanipur Education Society College witnessed a day of fun and frolic at the Gitanjali Stadium on 29th February 2020. The spirit of Carnival 2020 was in the air already, upon which the excitement of URJA-Intra College Athletics Sports Meet had intoxicated each soul. The Carnival was a one-day event which was clubbed with URJA. There were 29 stalls which were set up across the stadium.

The carnival started with a lot of éclat. There were all sorts of stalls which provided- bakery and desserts, handmade products, Games stalls, Garments, Personalised gifts, books and Food stalls of all kinds. The main attraction of the day was the Dog Show which captured the interest of most of the audience. This was followed by a marvellous Music Concert by THE BOLLYWOOD COMPANY. This was followed by a fire juggling show and then the Carnival Dance where students danced and enjoyed themselves.

Students literally jumping in joy at the BESC Carnival

Prof. Dr.Divyesh Shah, coordinator for commerce(M) commented, "I am very pleased with the arrangement of the event and happy that the hard work of all the volunteers and people behind this event has paid off. I have personally visited every stall and I am very happy with everybody's effort and creativity."

A food stall at the Carnival

Urja 2020

Gitanjali Stadium. February 29th, 2020.

The Athletic Meet of the Bhawanipur Education Society College, Urja, was held at Gitanjali Stadium. The event commenced with the Dean of Student Affairs, Prof. Dilip Shah addressing the crowd and encouraging the contenders to take an oath to ensure fair play and true sportsmanship. He then welcomed the guests for the day – Members of Management: Champak Lal Doshi, Chairman BESC; Nalini Parekh, Renuka Bhatt, Jitu Shah, Umesh Shah; Faculty Members: Prof Minakshi Chaturvedi, Dr Vasundhara Mishra,Divya P. Udeshi and the Sports Officers- Manikant Chaudhary, Bhavin Parmar and Rupesh Gandhi. The athletic meet was declared open by the lighting of torch and a March-past by the NCC unit of the college, followed by the contingents form the college.

A total of 11 companies, Erudite, Express Publications, Abira Securities Ltd., MyPlexus.com, Career Keeda, Vayuseva Tours & Travels Pvt. Ltd., Comtel Consultants &InfraprojectPvt. Ltd., Corrub Industries, GlamDiva.in, Kishore Marketing

Dilip Shah, Dean of student affairs addressing the students at the placement drive.

Company, and Prudential Infotech Ltd. came in for campus recruitment. The event was coordinated by Divya P. Udeshi, from the Dean's Office.

Each student was allowed to appear for interview in any two of the above mentioned organizations. While all the companies opted for Personal Interview of the candidates, Career Keeda was the only company that conducted a Group Discussion round before the Personal Interviews.

As many as 78 students registered themselves for the recruitment, out of which, more than 50 students were finally shortlisted by the companies.

Fagun 2020

Valia Hall. March 7, 2020.

The Bhawanipur Education Society College celebrates the festival of colours as Fagun- named after the month of its occurrence- rejoicing the forces of renewal that Nature unleashes. What

Fagun – playing Holi the BESC way

Chairman, Sri. Champaklal Doshi felicitating the non- teaching staff member Shyamal Mohanta at Fagun

makes BESC's celebration unique is the use of Flowers instead of colours, in an attempt to make it a genuine celebration of nature. The celebration of Fagun is also BESC's tribute its non-teaching staff who are the guests of honour for the day.

This year's programme was graced by the presence of Champaklal Doshi, Chairman of the Governing body of the college and Naliniben Parekh, Committee Member of the institution.

The events for the day started with customary welcome address by Prof Dilip Shah, followed by a musical performance from the Crescendo collective of the college. Next, Flames collective of BESC staged a special production that was crafted exclusively for the occasion. A Quiz session followed. The felicitation of the non-teaching staff with gift hampers from various dignitaries was next on the agenda. The programme came to a close with a performance from Saurav Goswami and group.

Fagun 2020 – a Flames take on the festival of colours

Snacks, were served; followed by DJ music.

ACCA Seminar

Society Hall. March 14, 2020.

Atmakatha

Gyan Manch, March 16,2020.

The Bhawanipur College presented an evening's performance of Padatik Theatre's celebrated play

Atmakatha: a BESC-Padatik presentation with Kulbhushan Kharbanda in the lead

ATMAKATHA at Gyan Manch, in association with Advertising Club Calcutta.

The renowned Film actor Kulbhushan Kharbanda played the lead role in the production and supported by three of the finest stage actresses of Kolkata – Chetna Jalan, Anubha Fatehpuria and

Kalpana Thakur Jha. Designed & Directed by the veteran of Kolkata theatre Vinay Sharma, the play has been staged across India and abroad.

Dry Ration and Vegetable Distribution by the NSS unit

Kasba, Bosepukur. April 6, 2020.

It was a great initiative taken by the BESC, Prof. Dilip Shah with the event coordinator, Gargi (faculty member) arranged for ration for the impoverished in the interiors of Bosepukur. The National Service Scheme (NSS) unit organized the drive and distributed 80 packets of dal, rice, potato and onions. This compassionate initiative by the college to help the poor and the daily wage-earners who have no income in the present was indeed praiseworthy.

Members of the NSS unit distributing dry ration to those in need

Essay Writing Competition

April 18, 2020

The Bhawanipur Education Society College organised an Online Essay Writing Competition. Students were provided with two current topics : (a) Are The Banks Bankable ? and (b) Coronavirus and The Global Economy; to pen down their opinions and thoughts. The word limit for the competition was set at 1500 words. All essays were submitted via email. The competition received 266 registrations 60 final entries were sent to Suvobrata Ganguly who judged them.

Four essays stood out among the 60 entries. Vishnupriya Roy Chaudhury, a third year student of B.Com, very aptly described the condition of Indian Economy and the Conditions of the Indian Banking System in her piece. Forum Shah, an Ex-Student of the college, pointed out how the on-going pandemic has forced not one but all nations to take economic austerity measures all the while doing every possible thing to keep the demand strong.

Swapneel Thakur , expressed his views on how COVID-19 is generalised with the other

Winners of the Essay Writing Competition

coronaviruses that were already present and how different are the effects of COVID-19 on the global economy as compared to other viruses and pandemics that took place earlier.

Sk. Taosif Ali, discussed how Coronavirus has negatively impacted the world and still dared to look beyond, at what he saw was a glimmer of hope at the other end of the tunnel.

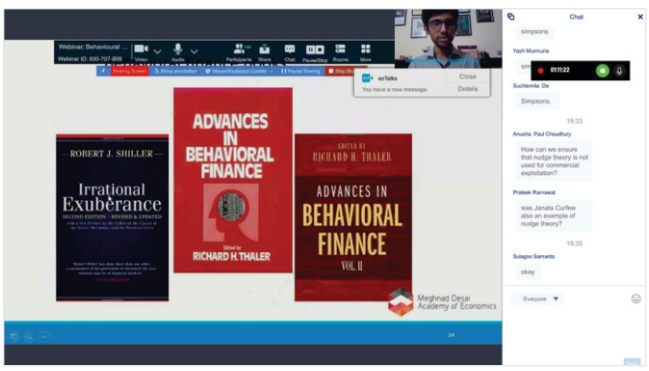
Webinar on Behavioural Economics and Nudge Theory

April 13,2020

The Bhawanipur Education Society College organised a webinar in collaboration with Meghnad Desai Academy of Economics, Mumbai on Behavioural Economics and Nudge Theory which was conducted by Prof.Shagata Mukherjee, Assistant Professor ,Meghnad Desai Academy of Economics.

The webinar began with our Dean of Student Affairs, Prof. Dilip Shah's interaction with Karan Shah,CEO, Meghnad Desai Academy of Economics.

Prof. Mukherjee began the first section of the webinar with the topic " Behavioural Economics – Explaining the Rationale of Irrationality" where he explained what Behavioural Economics is, why



Webinar on Behavioural Economics and Nudge theory – among the irst of a series the witnessed BESC making the transition into the webspace to beat the lockdown

and how is it different from the mainstream or Neo-Classical Economics that we usually study and what behavioural economists actually do.

In the second section of the webinar Nudge Theory was discussed threadbare. He explained the scenarios where a Nudge is needed and deliberated on the same at length.

In the third section of the webinar he correlated the heuristics and nudges with local example of Bengal and used Cartoon examples such as Simpsons to explain the correlation and to clear all concepts he explained in the webinar.

The fourth and last section of webinar included him suggesting books and answering all the questions that the audience had.

The webinar ended with Prof.Mukherjee and Karan Shah thanking Prof. Dilip Shah for the initiative of organising the webinar for the benefits of the students during the unproductive time of lockdown and the students thanking Prof.Shagata Mukherjee for being a "Good Nudge".

Webinar on Dividend Policy

April 14, 2020.

The Bhawanipur Education Society College organized a Webinar on Dividend Policy.

The event began with a brief introduction of the esteemed faculty present online, consisting of the members of The Institute of Chartered Accountants (ICAI) EIRC, and the chief speaker for the seminar CA Santha Krishnan. Then, the Dean of the college, Prof. Dilip Shah gave an introductory speech followed by a few words spoken by Pallab Ghosh on the main speaker for the event, CA Santha Krishnan. The session began with the speaker giving a brief introduction about what is a dividend policy and its outcomes in the present market situations. He then discussed about the various dividend policy models and explained, that if used efficiently, how these may help a company to grow. He also explained the various reasons why we, as investors, should invest our funds in them. He highlighted the fact that how investing in established companies was more profitable than ever.

The webinar ended with Prof. Dilip Shah thanking the esteemed faculty for taking out their precious time.

The Bhawanipur Art Competition: Canvas 2020

April 21, 2020

The ART IN ME collective of The Bhawanipur Education society College organised an online competition on the topic Quarantine (lockdown). Seventeen entries were received.

Winners and the winning entries at the virtual art competition conducted by the Art in Me Collective of the BESC

The results were decided by Dr Manjula, Hod of fine arts BHU and Anupam Chakroborty of The Bhawanipur Design Academy.The first position was given to Divyansha Jha. The second position went to Soumili Guha.

Crossfire 2020

April 26, 2020

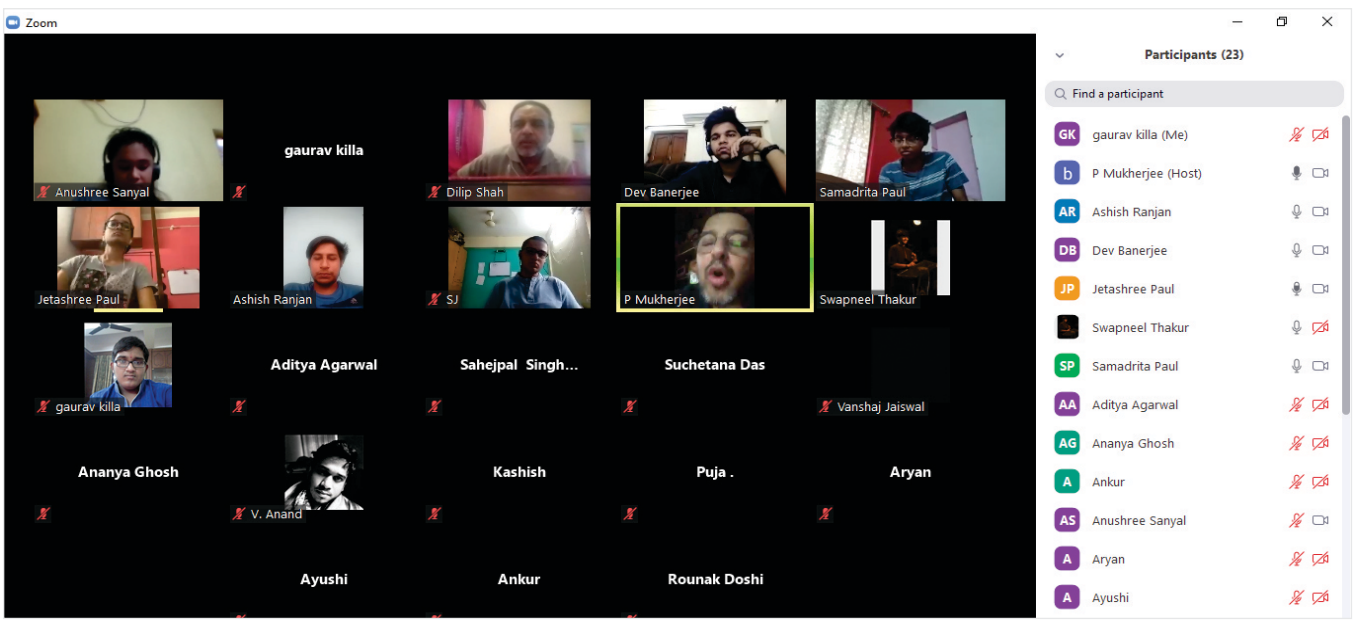
Motion – This house believes that the United Nations has failed to live up to its purpose

Participants

Dev Bannerjee – BBA, Anushree Sanyal – B.sc Economics, Sanyam Jha – B.A Political Science, Samadrito Paul – B.com Hons, Jetashree Paul – B.sc Computer Science and Ashish Ranjan – Former Student. Moderator – Parnab Mukherjee

The debate started off with a short opening speech from all participants regarding their thoughts about how the United Nations has failed or up held it's goals in the UN Charter.

With topics coming up from how China has misused its veto power in the United Nations Security Council table to how Russia without abiding by the jus ad bellum concepts invaded Crimea, the opening speeches highlighted several ways how the UN had never intervened at places where it should have. It was also pointed out that even when the United Nations body isn't meeting



Prof Dilip Shah conducting Crossfire the virtual debate organised by the AON collective

or having its sessions, they still actively working in places amidst the COVID-19 crisis in terms of refugee health and transitional conflict settings through its UN Peacekeeping force.

The debate quickly moved into a section which the audience had been waiting for a long time. It is at this time when the entire issue regarding National Preparedness and Assistance in terms of COVID - 19 was heavily affected because of how the WHO failed to analyze the COVID-19 crisis when it first appeared in Wuhan, China.

The debate ended with a short note from Parnab Mukherjee enlightening the audience and the participants key facts of the international relations.

Winners. –Anushree Sanyal, Dev Bannerjee and Jetashree Paul.

Corporate Social Responsibility in post Covid19 scenario

May 4, 2020

When the webinar on CSR was announced by the Bhawanipur Education Society College (BESC), seats were booked faster than packages could be declared and before long, eight hundred registrations had poured in.One of the reasons behind the surge in registrations was the start-studded speakers list that the BESC had lined up for the webinar. There was Sudhir Banthia, the Vice Chairman of ICSI (EIRC) as a speaker while Priyadarshi Nayak, Chairman ICSI (EIRC) was the Chief Guest. Other speakers included CS Sneha Agarwal and CA Priti Modi. CA Vivek Patwari and CS Mohit Shaw were the teacher coordinators for the programme while the programme itself was coordinated by students Jinal Shah and Gaurav Killa.

Prof Dilip Shah, the Dean of Student Affairs of the College welcomed the virtual guests and set the tone of the discussions spelling out the meaning and efficacy of the Corporate entity as a Socially Responsible person. He also explained how every one of us can and should embrace the dictum of CSR, to make the nation and the world a better place.

The visiting speakers talked at length, waxing eloquent about the BESC and its ability to stay ahead of the curve, pointing out how the college is beating the lockdown despite all the odds and congratulating the students for the dedication as put on record by their attendance. They also put on record their appreciation of the efforts of the teachers who had tirelessly worked to make the event a possibility saving the best compliments for Prof Dilip Shah who, like litmus, changes everything that is touched by his sheer positivity.

Sudhir Banthia made a presentation which not only explained the concept of CSR but also traced its history with live examples from corporate India which was a revelation of sorts to the students attending the webinar.

The next speaker, Sneha Gupta talked about her experience in the field, especially relating to education and explained her points with examples drawn from the Tata group, which is known for its ethical conduct, from which stems everything.

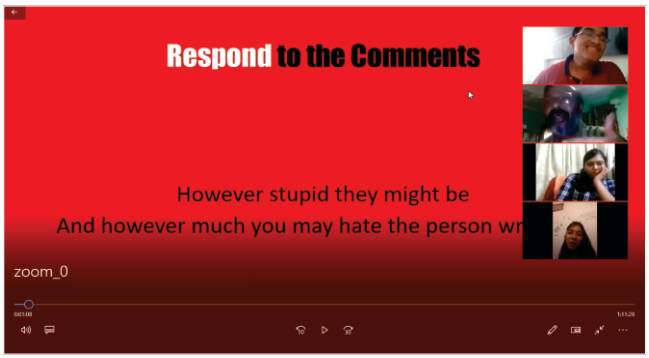
Priti Modi then came on screen and dissected a CSR project explaining the numbering system that is ascribed to it. She, to underscore her point and make it as relevant as possible talked about a CSR project linking it to Covid19 and explained the finer nuances of CSR accounting to the students.

As the programme was getting prolonged way beyond the time it was originally scheduled for, the organisers had to reluctantly bring it to an end.Prof Dilip Shah did the honours, thanking all the students who had participated and the dignitaries who had graced the occasion and blessed the students with their invaluable insight into a matter that is of such great interest and importance.

So, you want to be a blogger?

May 6, 2020

The Bhawanipur Education Society College



The finer nuances of how to be a blogger explained

(BESC) has always been in the forefront of the effort to provide tech-savvy education to its students. As part of this digital outreach programme, a two-hour crash course- "How to be a Blogger", was conducted by Chawm Ganguly. The programme was organised without a glitch by students Gaurav Killa and Nikita Mittal.

In all a hundred and eighty-seven students participated in the one-hour session which had to be extended by another hour as the speaker took questions from the students and addressed all the issues that were raised. While on the face of it, the session was about blogging, the presenter went to great lengths to explain how it is also a lesson on creative writing and how students can utilise the same principles to muster the art of writing.

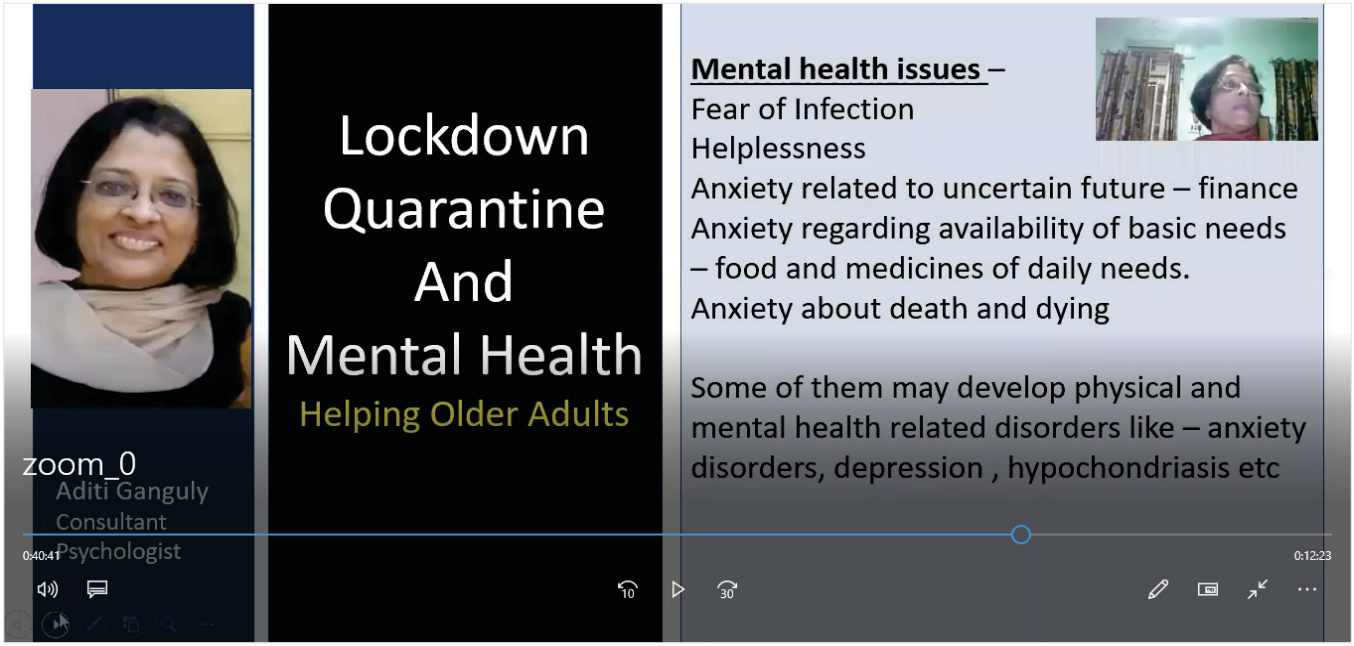
Prof Dilip Shah, the Dean of Student Affairs of the BESC initiated the class by welcoming the participants and introducing the speaker to the students. He also welcomed to the session Suhasini Barman an exponent of micro blogging who participated in the monologue.

Lockdown, quarantine, and mental health

May 11,2020

The Bhawanipur Education Society College (BESC) has always took pride as being the "guardian-angel" of the students, organised a webinar in which noted psychological counsellor Aditi Ganguly virtually met, discussed and addressed the mental health and wellness issues raised by the 60 students who attended the programme. Gaurav Killa was the student coordinator while Divya P. Udeshi of the Dean's Office oversaw the successful conduct. The entire programme was conceived and implemented by Prof Minakshi Chaturvedi.

Prof Dilip Shah, the Dean of Student Affairs of the BESC introduced the speaker and made it clear upfront that the programme was more than just a talk by a psychologist – it was an effort to co-opt the students of BESC so that they could take up the role



Aditi Ganguly, Counselling Psychologist addressing issues relating to lockdown and mental health

of “enablers” and help people in their immediate vicinity – family and friends – suffering from mental health issues brought about by Covid19 and the subsequent lockdown.

The speaker made a detailed presentation in which she explained how the lockdown induced stress is affecting people of different age groups and socio-economic profiles in different manners. She spelt out the main symptoms that should be identified as red flags for different groups of people and explained how each issue must be addressed before professional help is sought and made available.

The programme ended with Prof Dilip Shah thanking the speaker and promising to find ways to take the effort forward.

Understanding Efficient Deployment of Working Capital with the help of Ratio Analysis

Webinar. May 14, 2020

The Bhawanipur Education Society College (BESC) organised a webinar on " Understanding Efficient Deployment of Working Capital " for providing an insight on the topic of Working Capital.

The session was mentored by Prof. Dilip Shah, moderated by CA Vivek Patwari and CS Mohit Shaw. The session was streamed by the eminent speakers, CA Anurag Singhal, CA Priti Modi and CA Ankit Patwari.

Marking the beginning of the session the moderators introduced the guest speaker CA Anurag Singhal who bought to the table his experience of 12 years of working in FP&A and Corporate Strategy vertical of major Indian Conglomerates.

Further, CA Ankit Patwari briefed the audience about the concepts integral for understanding and having knowledge about the topic for catering the prevailing syllabus structure.

CA Priti Modi elucidated on the implication of the topic for project preparation by the students on the topic. All integral points to be considered for preparation of the project was explained in detail.

The webinar was marked successful and informative with the participation of more than 100 students and professionals.

Design Thinking with Special Reference to Covid-19

May 16, 2020

An informative webinar was hosted by CS Aerica Sardar, Guest Faculty, BESC with two guest speakers Ankita Sancheti & Anant Dugar to give an insight into basic Design Thinking. Prof Dilip Shah, the Dean of Student Affairs of the College welcomed the virtual guests and set the mood for the evening by launching the latest song released by the Music Club of BESC. The song portrayed how everyone is overcoming the present situation in their own way.

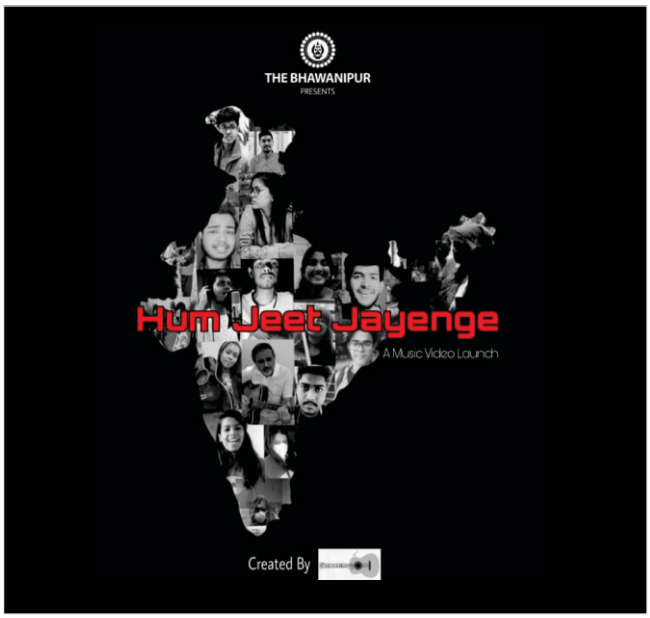
They spoke about the various aspects in life where design thinking, and smart technology makes life easier. A video was simultaneously used for illustrating the stated fact. The entire webinar was an interactive webinar where questions were asked, and simultaneous answers were given by the students.

The session was summed up by a Q&A session where career aspects in this field were being explored along with how some relevant present situation problems could be tackled.

Hum Jeet Jayenge – “Corona ko hai harana!”

May 16, 2020

The official music video of “Hum Jeet Jayenge” ,a song Created by the Students of BESC from the collective CRESCENDO was launched virtually. Amidst such a hard situation where negativity prevails everywhere, this song talks about living our life to the fullest with the hope that we'll get



BESC's official music video, created by Crescendo hailing the resolve to win against the pandemic unveiled

past through this Global Pandemic. It talks about spreading positivity in our society so that we all can rise and shine once all of this is over.

The whole procedure of recording the audio , mixing & mastering, shooting video and the editing , has been done by the students in their respective homes being self-quarantined! Everything is done using basic equipment's like voice recorder & camera of the mobile phones. This is what makes it even more special!

Audio Credits:Lyrics - Anjali Dubey &Animesh Anand; Composition & Lead Vocals - Anjali Dubey; Music - Samrat Ghosh &Dhrubojyoti Roy; Harmonisation- Bhaskarjyoti Deka; Chorus- Bikramjit Das, Aishani Ghosh Dastidar, JanviAgrahari, Madhuban Das, Sristi Dasgupta, Ramsha Tuba, Somankit Ghoshal, Sumayukh Sinha, Koulik Bhattacharya.

Online Workshop on Micro-Fiction

May 18, 2020

The Bhawanipur Education Society College conducted a online workshop which taught the attendees the method of crafting a story in just a few words. The speaker for the workshop was Suhasini Barman.

The workshop was interactive, creative and enjoyable. The webinar ended with the speaker thanking Prof. Dilip Shah for the initiative of organising such a workshop.

Becoming abetter version of yourself through "Cognitive Engineering"

Webinar. May 19, 2020

"Cognitive Engineering" refers to the method of understanding mental work. In the current situation, people are bound to stay indoors, and human interaction is minimum. The main drawback of this situation is that it is making people less and less productive and more and more self-critical.

To address this problem, a webinar on "How to Become A Better Version Of Yourself Through "Cognitive Engineering"" was held. The webinar included a one-on-one session with the famous psychologist Saloni Priya.

The session embarked with the speakertalking about the many troubles faced by youngsters in the current situation, and how our one healthy response to the situation might sometimes majorly help us in solving the barrier towards a healthy mental growth. She also delved into the hormones necessarily required to accelerate happiness, focus, and give our mind a much-needed boost and also, the exact meaning of the psychological terminology.

The session ended with addressing questions raised by the students. Overall was a very engrossing and interactive session.

Panel Discussion on Opportunities & Threat for Recruitment Post Covid- 19

May 21, 2020

The Bhawanipur Education Society College (BESC) in association with Institute of Cost Accountants of India organized a Panel Discussion (webinar) on the topic “Opportunities & Threats in

Panel discussion on how the pandemic will affect employment opportunities

Recruitment Process Post Covid 19 Crisis". The Special Guest of the Webinar was CMA Balwinder Singh, President with Dr. D.P Nandy, Senior Director of the Cost Accountant's Institute. The webinar was witnessed by 153 participants.

The Speakers on the Panel were CS Ashok Pareek, Director of Srei Group;Nihar Vasa (PWC);Souvik Roy, Federal Bank and Prof. Dilip Shah, Dean of BESC. The Panel Discussion was anchored by CS Mohit Shaw who was well supported by other members of the organizing team including CA Vivek Patwari and Deepak Bagla.

During the discussion, the panelists highlighted the major impact of the pandemic on the economy and how corporates have adapted to re-gear their cost management system. The entire discussion pointed out the impact which the recruitment process can undergo post Covid 19 crisis.

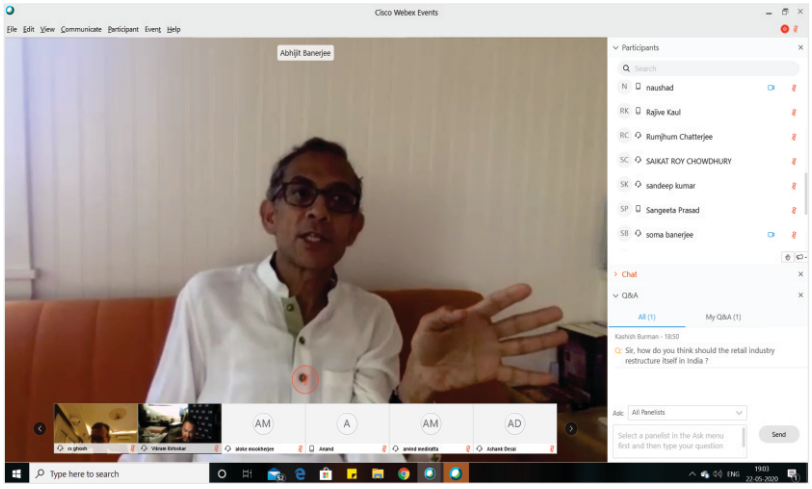
In the concluding part of the webinar the anchor CS Mohit Shaw summarized the overall discussion which covered the situation created by Covid 19 and to see it as an opportunity to enhance productivity and plan their career path accordingly.

Webinar on "Restarting the Indian Economy in the New Normal" with Nobel Laureate Dr.Abhijit Vinayak Banerjee

May 22, 2020

CII along with The Bhawanipur College as the education partner presented an opportunity to hear and converse with the Nobel Laureate Dr.Abhijit Vinayak Banerjee on , "Restarting the Indian Economy in the New Normal" along with other eminent speakers. The panel included Dr Naushad Forbes, Past President, CII and Co-Chairman, Forbes Marshall as the moderator; Chandrajit Banerjee, Director General, CII; C S Ghosh , Past Chairman , CII ER and MD & CEO , Bandhan Bank; along with Prof.Dilip Shah, Dean of Student Affairs, The Bhawanipur Education Society College. More than 100 students and professors attended the webinar and had an enriching session.

Dr. Banerjee aptly replied to his queries by stating, " Another word that goes with unprecedented is unexplored." In his views , more local reporting of the cases should be done. Zones should be further subdivided in order to estimate the spread of the virus more accurately. He further said that more authority should be given into the hands of district



Noble laureate Abhijit Vinayak Banerjee addressing a webinar conducted in association with the CII

and ground level bodies as they connect with the citizens more easily and effectively.

The next question that was presented on the floor was " If Dr. Banerjee were to be in the PMO today , what would his steps be in the fight against COVID-19 ? ". To this Dr. Banerjee replied that he would implement the policy of " One Nation One Ration ". Dr. Banerjee was of the view that more efforts should be made on how can the basic needs of migrant labours be adjusted. He said that construction sites should have housed the labourers instead of letting them migrate. Even if lockdown was imposed, work paused, labourers could have stayed at the sites , this in turn would have led to less migrant labourers seeking shelter.

CS Ghosh next inquired Dr.Banerjee on what can be done in the Indian Banking System , to which he received the reply that the system still needs to be educated well. Dr.Banerjee said that the Indian Banking System has not changed much. In his views the banks should keep a proper track of loans provided , especially to blue chip companies. Financial Statements and actions of such companies should be tracked regularly and that the banks should not wait for these blue chip companies to declare themselves insolvent or to turn into red chip companies. He further spoke that integration of the whole banking infrastructure is important.

Next he spoke on how necessary it is for India to build a system where the workers in the informal sector can be recorded since as of now there are no official records of the self-employed workers. He further highlighted that India needs to build up its healthcare sector, especially local health infrastructure, in a better way. PPEs should be made available. Moreover he advised that India should have a core group of people who are trained to handle or manage a public health crisis. Next Dr.Forbes requested Prof. Dilip Shah to put forward his question but due to severe network connectivity issues, an after effect of the Amphan Cyclone, the question could not be asked.

The last section of the conversation involved Dr. Banerjee saying that India currently needs a fiscal policy measure instead of a monetary one as only a fiscal measure can save from Deflation and as known to all, facing Deflation is worse than facing Inflation. The finale question asked was what can 2020 graduates do in the current market scenario, to which Dr.Banerjee said that the graduates should currently act on their impulse, educate themselves as per the current scenario and may look for a career in the public sector.

The webinar ended with Dr. Abhijit Vinayak Banerjee stating that currently India needs to be in high public spirits.

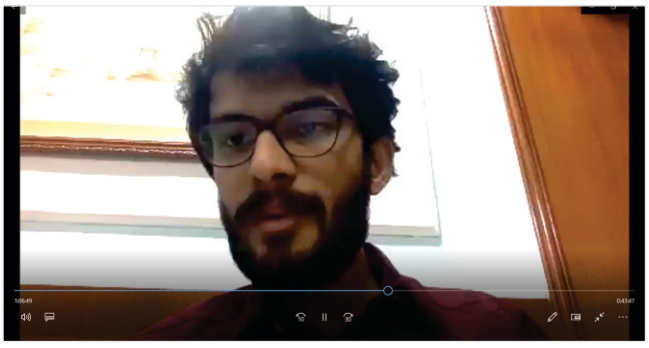
Meet Umang Somani - An interactive session on How to Crack M.B.A

Webinar. June 1, 2020

"The baggage of your past cannot determine your future."

These are the golden words of an average student who made an extraordinary achievement by not letting his "baggage" of not scoring well, make him hopeless. Rather, he channeled the same guilt and allowed it to motivate him throughout his academic years. And like it is said "hard-work never goes for vain", his hard-work and utter dedication paid off and how!

Yes, we are talking about none other than one of the finest alumni- Umang Somani. Who recently



Umang Somani addressing a webinar on ways and means of cracking the MBA

Students are all ears as the crack codes are revealed

cracked the M.B.A. entrance examination with an outstanding overall percentile of 98.08 and got shortlisted for top B-Schools of the country like IIM, XLRI, NMIMS and IIFT - to name a few!

To share his success story and enable the fellow CAT aspirants a webinar was organised. The session began with Umang explaining the various aspects of M.B.A, majorly focusing on CAT preparations. By providing them with a framework as to how one should prepare themselves for the win. Then shortly afterwards, a question answer session was conducted which allowed the students to clear whatever little doubts arose in their mind regarding M.B.A. and its subjects.

The session ended with Prof. Dilip Shah congratulating Umang and wishing him luck for the future. In nutshell, it was indeed an interactive session.

Exploring the Pros And Cons of Studying Abroad Amidst Pandemic

Webinar. June 16,2020

Keep your Study Abroad Dreams Alive!

On 13th June 2020, from 04:00 PM onwards, The Bhawanipur Education Society College, in collaboration with IDP Education, Kolkata was proud to present a webinar on managing students' studying abroad dreams whilst the COVID -19 pandemic rampaged throughout the world. The esteemed speaker was Chandrani Mukherjee (Destination Manager, UK) who shared her expertise in this arena and helped the students understand the right steps to take currently.

A recent poll conducted by an educational consulting company revealed that for 91% of all Indian students surveyed, their study abroad plans remained unchanged. This mindset, though surprising, is welcome. The speaker assured the students that universities abroad are taking strict contingency measures to make sure that the student population is unaffected and out of harm's way during this pandemic.

Some universities, like North-Eastern and University of Buffalo in the US, are offering unique virtual study abroad programs which promise the same immersive experience as regular ones, offering students an opportunity to explore global ideas.

Keeping in mind that since the COVID-19 pandemic is an evolving situation, students were asked to be flexible with their plans. The webinar ended with the assurance that if this is the 'new normal' they have to live with, universities will do all they can to retain their community of international students. The students were asked to keep track of changing visa restrictions in accordance with allowed international travel and co-operate regularly with the chosen university to ensure a hassle-free journey. The webinar was organized by BESC SETU.

PHENOMENON 2020

Online Competition. June 20, 2020.

There are various students who have interest in topics of science and an inquisitiveness that runs deep. Furthermore, the turmoil and anxiety that the Covid-19 pandemic brought on, "Phenomenon 2020"a perfect platform to empower curiosity and the urge to create something, but also help them distract constructively and productively.

The event required all the participants to submit a video explaining a topic that they feel should be talked about, something that does not just inform or inspire them but would do that for everyone watching it. The registrations opened on the 12th and close on 20th of June. There were more than 50 registrations by end and about 22 Submissions.

Ashish Lal: creator of winning video at Phenomenon 2020 – the content aimed at asking the questions that matter

Harshita Jaiswal one of the winners of Phenomenon 2020

Ramsa Tuba creator of a winning video at Phenomenon 2020

The videos submitted were illuminating and creative and the effort that the participants had put in the videos was evident. They were judged by, Prof. Dilip Shah and Prof. Akash Mehta. All the videos were watched on Google Meet after about three hours of screening. Three winners were announced- Harshita Jaiswal, Ramsha Tuba and Ashish Lal.

The event turned out to be a success and more importantly it provided a platform for students that focused on exploration of the creative and intellectual realms. And because of this a community was formed consisting of Junior Science Communicators, to make Science more engaging and participating.

INTER-COLLEGE EVENTS 2019-2020

Communique 2019

Jubilee Hall. July 31, 2019.

The Communique is BESC's tribute to the word – written, spoken and even imagined. It is one of its kind in the college fests circuit and is kind of a harbinger for things to come. A harbinger because it is organised right near the beginning of the new academic session with freshers eager to get into the groove as it were and mostly sets the high-water mark that the events that follow seek to live up to. That the Communique is a Bhawanipur Education Society College (BESC) offering makes it stand apart in the campus pecking order even more, which perhaps needs no reiteration.

This year too, the Communique was no different as many as 80 representatives from nine colleges participated in the event, competing with each other to summit and plant their college colours. In all, there were 10 individual and group events.

Prof Dilip Shah, the Dean of Student Affairs of the BESC set the ball rolling when he welcomed all the participants to the college and recounted how the event was conceived by him as he was having a cup of coffee, many summers ago.

During the course of the day as many as 10 events were organised. Pranab Mukherjee, visiting faculty, who has been a regular feature in Communiques past, was there with his speeches that were spellbinding. Prof Minakshi Chaturvedi, Prof Urvi Shukla and Chawm Ganguly – experts in their respective fields, judged the different events, often cajoling the students to surpass themselves with invaluable insights.

The Debate, Jam & Vertez, Live Reporting, Spell Zell, Essay Writing – are all big draws of the Communique – not only did they witness spirited participation but were also taken to greater heights by the judges who ensured that their passion and enthusiasm rub on to the participants whose takeaway from the events were much greater than the accolades they won.

In the end the team BESC triumphed as the overall champions.

Nexus 2019

Jubilee Hall. August 29 & 30, 2019.

Nexus literally is a form of connection, the centre of something. In management parlance, it is often used to mean a connected group. Little wonder than that The Bhawanipur Education Society College (BESC) would christen its management fest the Nexus.

A section of the audience at Nexus 2019

The unveiling of Nexus 2019 with Prof Dilip Shah in the very centre of things

A total of twelve college teams participated and fought pitched battles for the top slots in the events spread over two days. The size and depth of the event can be gauged from the simple fact that the college witnessed the footfall of more than three hundred students during the event.

The event was judged by Nemai Ghosh, the head of start-ups portfolio of IIM (Calcutta) Incubation park. He manages the incubation and other student activities. A seasoned academician who is equally at ease in the corporate world, Nemai Ghosh has close to two decades of experience in the IT and ITES sector.

Be the Spotlight winner's title was clinched by the BESC (Team B) followed by iLead and St Xavier's University.

Unconventional Marketing is exactly what the name suggests where participating students are given a random product which they are expected to sell without taking resort to the time tested and cliched methods. Those with the most innovative way of explaining the USP of the product as well as the way they go about the sales pitch are judged the winners.

The team Nexus 2019

Prof Dilip Shah, the Dean of student affairs of the BESC welcomed the participants to the college and spelt out his unique vision which is being given shape in the BESC – of empowering the students so that they may rise above the restriction of the curriculum and prepare for life that awaits them on the other side of college education.

The First event of Nexus, Be the Spotlight, was about presenting a viable business idea within a stipulated time period.

Gaurav Bajoria owner of the Black Tiger Events judged the event which was witnessed by a crowd of fifty students whose excitement and the level of participation had to be seen to be believed.

Business Quiz is one of the most watched events in any campus business fest and the Nexus was no different. The event witnessed record participation with all the colleges participating in Nexus fielding teams. The crowd participation too was phenomenal with about a hundred students

thronging in the crowd and cheering their respective college teams.

The event, judged by CS Aerica Sardar was a lively one and was spread over multiple rounds that included straight questions, buzzer rounds, rounds with visual and auditory clues apart from one that was exclusively dedicated to taglines.

A Turn Coat is one who switches sides when political expediency so commands, the term is used mostly in the pejorative sense, paints a turncoat as a derided, even despicable character, one whose loyalties can be purchased for a "few dollars more".

The Final Hurdle is a stress interview in which the participants are exposed to the very worst – in terms of the questions asked and the people asking them –with those that are able to maintain their calm and exhibit a presence of mind, not to mention a personality that is pleasing to boot, emerge victorious.

Corporate Chanakya is another popular game that is aimed at bringing out the creativity that is backed by solid knowledge of the fundamentals in the participating students. The rules are simple enough on the face of it, what is unbearably difficult however, is to crack the jinx and court success. Participating students are provided with a product for which they have to prepare a promotional advertisement / poster with a view towards effectively selling the product to the world at large. Marketing, Advertising, Branding ... it straddles multiple disciplines and is aimed at bringing out the best, for it is not always as easy to sell an unknown product to a sceptical public (read even more sceptical judge).

Personality Enhancer is another interesting staple at the College Fests circuit and the event in Nexus was no different with around a hundred and fifty students filling up the spaces reserved for spectators even as participants from six different colleges fought it out for the honours.

Suit Squad was a fashion show with a difference. In keeping with the corporate orientation of Nexus, each participating college team was asked to walk the ramp in a team of ten members in a six plus two minute format. The attire was to be strictly formal and the idea was to adjudge the team that is best dressed to occupy the corner room apart from having the chutzpah to set the ramp of the corporate world on fire.

BESC Assembly of Nations

BESC Campus. September 5to 8, 2019.

It's that time of the year where history witnesses the congregation of intellectuals putting their best foot forward where the heightened level of diplomacy is brought out to resolve the conflicting issues of the present times in order to rise and evolve.

The event was uncovered by the a declamation by Tenzin Tsunde, an activist and an acknowledged writer, who vehemently expressed his feelings regarding the invisibility of Tibetan culture as a state and the atrocities faced by the indigenous population under the captivity of Chinese sub-continent. Further, the event progressed with an emphatic attempt by Shibani Mishra, the speaker for PETA, portraying the necessitous condition of street dogs and suggesting the changes we must make for the relative betterment.

Amidst the encore, the Secretariat of BESC AON'19

Keynote Speaker Tenzin Tsunde addressing the BESC Assembly of Nations 2019

A tense moment of diplomatic discussions at the BESC AON

was released and several collaborations were made with institutions such as Amnesty International, Smile Foundation, Cry Foundation, RUMUN etcetera aimed at for providing the best quality of conference on a large scale.

Day1 brought with itself an exuberant mass of crowd gathered for the opening ceremony, a few nervous faces and some rather excited on the other hand.

Day2 progressed into a battleground with the level of competition rising therefore allowing a certain development in the discussion that would primarily be the deciding factor in the distribution of awards. At the end of Day 2, the smile on the face of everyone led their way into the socials that took place in Jubilee Hall, followed by DJ night.

Day 3 held prime importance being the juncture for all the debate and deliberation to take shape in the final run that would conclude the hard work of the delegates into something more concrete which will decide the fate of delegates for everything they've put at stake, the outcome being disclosed in the closing ceremony.

As famously quoted, an end signals a new beginning.

AON'19 therefore came to an end but was now the beginning of new memories, friendships, learning and understanding. Amidst the happiness and the cheers of audience, we could hear Vaibhav Sethia making the atmosphere more exuberant and warmer with his insistent rounds of jokes.

Overall, the success could be measured in the smiles of our audience and their expectations being met in three days where innumerable amount of learning and camaraderie was shared.

The Bhawanipur Dance Championship

Jubilee Hall. September 14, 2019.

Kolkata, not only a city of joy but also a city of aesthetic saturation is widely known for the various dance

The championship was consisted of six categories namely Shuffle (solo battle), Duet Eastern, Duet Western, Duet Bollywood, Folk Dance and Groove N Glam (Group Dance). Professional dancers like Anurag Ghosh (Shuffle, Duet Western and Groove N Glam), Debamitra Sengupta (Duet Classical & Folk Dance), Shreya Sen (Duet Bollywood & Groove N Glam) &Sanchaita Munshi (Folk Dance)

Participants and organisers of the Bhawanipur Dance Championship

A moment of rhythmic exuberance from the Bhawanipur Dance Championship

BDC Champions with the trophy

were invited to provide their valuable judgements.

The event was flagged off with an overwhelming performance by Buoyant Performing Arts.

This year once again BESC proved their mettle that no one can beat their beat. Among the participating students of BESC, winners were announced and in each category they grabbed the victorious position. AJC Bose College was announced the runner up in the Shuffle, Shri Shikshayatan College in Duet Western and Shivnath Shastri in Duet Bollywood. Before the curtain for the day was to be drawn, Sourav Goswami, the music faculty of Crescendo and Prof Minakshi Chaturvedi fascinated everyone with their respective impromptu performances.

Samagam 2019 – the Confluence

Loreto College. September 23, 2019

September 19th to 21st, 2019,

The Bhawanipur Education Society College (BESC) contingent that participated in the Samagam was keen to live up to its reputation and excel in every event they take part in, to keep the BESC flag flying.

BESC Team with the Winner's trophy at the Loreto College Fest Samagam 2019

closely missing the top slot to hosts Loreto College.

The participating team was felicitated by the Dean of Student Affairs of the BESC Prof Dilip Shah who was handed over the first runner up trophy.

Euphonious 2019

Jubilee Hall. September 27, 2019

Euphonious is sound that is pleasing to the ears, music that opens the door to the soul. For the college going crowd to Kolkata and its suburbs, the very name Euphonious is now like music to the ears as this music fest has already curved out a distinct niche in their hearts. For the students of the Bhawanipur Education Society College (BESC) too, Euphonious is sweet music though for reasons slightly different – for one, it is another fest that the students organise themselves from concept to communication, secondly because Euphonious provides them with an unique and time-tested platform to showcase their talents and finally because, winners that they habitually are, these

Rhythm divine at Euphonious 2019

musically inclined talented lot of BESC look forward to lift the trophy that is in any case their own.

This year, led from the front by Sourav Goswami, the universally loved music teacher of the BESC, the format of the competition was tweaked with two broad classifications – solo and group events, under which the different engagements were conducted. In Group A, Euphonious had solo

Participants lilting it up at Euphonious 2019

eastern, solo western, solo Bollywood, solo instrumental, solo rapping and solo beat boxing. In the second Group were ranged Eastern, Western, Bollywood Folk and Unconventional Orchestra.

The list of Judges who presided over the respective events and selected the winners was as impressive as the extremely high quality of the performances.

The Judges line-up was, to put things mildly, awesome and that the performers held on to their acts in front of the thriving audience and such a star-studded judge cast was in itself laudatory:

Avishek Natta – one of Kolkata's up and coming vocalists who is also an accomplished guitarist and music composer; Srijita Mitra – veteran jingle singer, Zee Bangla Sa Re Ga Ma performer and a perennial favourite with Tollywood and Reality shows;Dil fake X Captain Singh-a – Kolkata's biggest hip hop duo who have individually and as a duo mesmerised audiences everywhere from Red Bull Spotlight to MTV Hustle, apart from having a dedicated fan following in the digital media where they have released a number of individual tracks; Fuchii – with three tracks booming in Youtube and having worked in all the hip nightspots in town, Valentino needs no introduction to the connoisseurs; Brata Deb – a composer, writer and singer of the Latino-Funk genre, he has not only worked with some of the biggest names in the world of music but has also been associated with a number of hit movies; Arkapravo Ghosh – the guitarist of swell bands like Orient Express and Colour Bridge, this astrophysicist and professor needs no introduction either as a vocalist or as a guitar virtuoso. His genre is Latin and Jazz; Kaustav Banerjee – a "throw-up" from the school / college music scene, he was the quintessential "rock-er" of "Rockbaaj" who could not be tamed as he gave up a tempting job in Bangalore to return to take on the stage. Corporate India's loss has certainly been music's gain. His new band is called Grooverz, which is, shall we say, Groovy!

BESC emerged as the overall champions, leaving the other participating institutions, even collectively, way behind.

Goonj 2019

St. Xavier's College. September 29, 2019.

September 29th, 2019. Twenty-five member contingent carried the BESC flag to the St Xavier's fest, Goonj. The fact that Goonj was an inter-

Goonj – the St. Xavier's College, Calcutta's Magnum Opus

college dance and music festival, did not rob BESC of the glory of the emerging overall champions as not only were our participants lauded for the extremely high quality of performances, but we also won the hearts of the audience and the applause for fair play – no mean achievement that.

We set the stage on fire in Bollywood Dance for example and the organisers were on the verge of calling the fire brigade.

Login Astitwa

NSHM Knowledge Campus. November 8 & 9, 2019.

NSHM takes its college fests seriously and students are provided with every possible aid to ensure that they shine in the circuit, which kind of guarantees instant fame, for the students in general and the institutions fostering them in particular. Therefore, it is no surprise as the undisputed and

BESC participants at the NSHM fest Login Astitwa

reigning champions of the college fests circuit – the BESC will be courted, as without BESC's active participation no fest is considered complete. The BESC students, on their part, hate to deny students in other campuses the opportunity of seeing them perform, revel at their ability to compete and win.

The NSHM fest was no exception. A BESC contingent of 34 ace performers took part in the fest and when the medals were counted, they had, naturally triumphed with one top slot (one minute to fame); four second slots (Antakshari, Street Play, Solo Singing and Fashion Show) and one bronze (Quiz).

Fashionista 2019

BESC Campus. November 19, 2019.

The annual ode to fashion, tribute paid by The Bhawanipur Education Society College (BESC) could not have been more aptly named. For dressed after a fashion, definitely are the students of BESC and the fest celebrates not only what is in vogue, but also sets the trends that spreads to other campuses, before becoming the wildfire that they normally become.

Mrs. Renuka Bhatt was the Chief Guest of the gala

With the winner's trophy at fashionista 2019

ceremony that the students had planned to mark the opening of the event. She was welcomed on stage by Prof Dilip Shah, the Dean of Student Affairs and felicitated.

Roopa Kamdar, Mik Bagui and Adnan Hasan were the invited judges for the events.

The Events included Fashion Show, Hair Styling, Jewellerydesigning, Make-up, Mask designing, Mr. & Ms. Fashionista, Nail Art, Phone Cover designing, Saree Draping, Shoe designing, Switch & Trash Fashion.

Overall Winners: 1st The Bhawanipur Education Society College, 2nd Sri Shikshayatan College

Apart from the winners of the various competitions that were a part of Fashionista 2019, they were special prizes given to the most talented, best model, best dressed, and may more.

The students organising the Fashionista 2019 had another perfect storm – they bid adieu to the fest with a Masquerade Ball.

The participants from all the colleges, organising volunteers, and students of the BESC took part in the ball, letting their hair loose and shaking it up in tune with the music that was belted out by the DJ. The intense competition that had marked the day as contestants from different colleges had vied for the top slots melted into a pot called the BESC as new friendships were forged and old ties renewed.

Spardha 2019

The Bhawanipur Education Society College (BESC) was, perhaps as usual, the big-ticket guest of the fest as students from the host and other participating colleges looked forward to witnessing their performances and to compete, so as to closely watch, even learn a thing or two from the Spartans of the college fests circuit.

A team of twenty-six students participated in Spardha and to put things in the right perspective, twenty-one won medals, which is a strike rate of an astonishing eighty-one percent!

The BESC entry that dared them all ... at Spardha

The fest was marked by extremely cordial atmosphere where the visiting students were made to feel at home – and thanks to the super hospitable students of the college. The level of competition though was very high, with neither an inch conceded or taken. In terms of the number of colleges participating too, the fest was a success. However, what really set it apart was the transparent and completely fair manner in which the individual events were conducted and judged. In the end, Spardha was a hit, more than anything else, because it dared – dared to live up to the values that the great man whose name the college shares. It is a BESC privilege to applaud the achievement!

Rigolo 2019

IIHM Kolkata Campus. December 6 & 7, 2019

The IIHM fest, Rigolo, is one of the bigger events in the college fests circuit not only in terms of the

At the IIHM Kolkata Campus Fest

number of events that are held, but also in terms of the sheer competitiveness that is generally witnessed in them. Being hospitality professionals in the making, the IIHM students are extremely good and courteous hosts, the smile never leaving their lips, though when it comes to an uncompromising desire to win, they are perhaps some of the most cut-throat of competitors. Naturally, the Bhawanipur Education Society College (BESC), the undisputed king of the college fests, well aware of the challenges involved, did not want to take things for granted and a contingent of sixty-eight – comprising of crack performers were dispatched to plant the BESC banner in the IIHM campus.

Umang 2019 – Me or We!

BESC Campus. December 26 to 29, 2019.

Umang 2019, witnessed the participation of as many as Fifty-Four Colleges, which were represented by a whooping number of students. The glamour, the glitz, the sheer professionalism, and many, many manhours spent to achieve this Success is priceless.

The opening ceremony was in perfect harmony with the solemnity of the occasion. Prof Dilip Shah did the honours, inviting the members of the Management Committee on stage for planting the seeds of Umang 2019. Followed by theme Song of Umang – a pulsating composition that talked about success, progress, wisdom, knowledge, and exposure that Umang showers on the participants.

Flames the dance collective of the BESC, then proceeded to take the breath away of the audience by their superb rendition of a composition that paid tribute to the Dancing Diva of Bollywood, the evergreen sensation called Madhuri Dixit Nene.

However, the main draw, a surprise, was reserved for the very end, when the star cast of the soon to be released Bengali blockbuster "Asur" visited the campus to be a part of the Umang Opening Ceremony. The following 4-days saw a plethora of events clubbed under the heads; Star Events, Performing Arts, Management Events, Voices in-action, Umang Gaming Console, Literary Arts,

The unveiling of Umang, the grand-daddy of all fests in the Campus circuit!

Umang is all about high voltage performances

Umang is all about the sweet taste of victory

Fine arts, Indoor & Outdoor Sports covering an array of over 75 unique events.

December 27th, 2019 HumSufi a Kolkata based soul music group that finds its inspiration in the timeless tunes and mystic spirituality in Sufi traditions performed, belting out one hit after the other.

December 29th, 2019. Salim-Suleiman the highly talented and musically trained team of composers performed for the closing ceremony. It was a pulsating sea of dancing bodies as the Salim-Sulaiman duo, accompanied by some of the biggest names in the industry on instruments, rocked.

Followed by was the Closing ceremony. It was an emotional moment as, "Umang- is not a destination, but a journey and the conclusion of one is not an end but beginning for the next chapter". That is precisely why it is customary to

Umang is all about celebrities and their participation

declare the theme for the next Umang, "The theme for Umang 2020 will be Borrowing from the Future".

The Winners were declared and as was expected, BESC emerged as the overall champions, followed by St Xavier's College, Kolkata. THK Jain College won the bronze.

Sri Shikshayatan College won the trophy for the Most Disciplined College. And the Award for the Best College Representative (Male) went to Debasish Bangur of the JD Birla Institute (BBA), while the Award for the Best College Representative (Female) went to Shivangi Daga of the JD Birla Institute (Main Campus).

The Student of the Year Award went to Muskan Kedia of the BESC while Star of Umang Award was won by Shikhar Thanvi of the BESC.

Confero Inter College Cultural Fest by IMI

IMI Campus. January 10, 2020.

Confero is an annual cultural fest organised by IMI. It hosts 11 events which includes Cultural Events such as Messy Doodle Galaxy Doodling, Ramp on Space – Fashion Show, SpaceSteppers-Group dance,Big Bang Zaika- MasterChef, Natak Mandal-NukkadNatak, Transformation Station-Best Out of Waste and Management events such as Cosmo quest, Opstimum, Prarambh-B-Plan Challenge, Rann Kaushal, Shopfloor4.0 -Blank Space,Solstice- Unleash your Best,Fineverse-Tradathon4.0. This year because of Calcutta University examinations our college was able to participate in 4 events only. The events were a messy doodle galaxy(doodling),big bank zakia(masterchef),natakmandal(nukkadnatak) and transformation station(best out of waste).

At the Confero – the IMI inter college cultural meet

In a messy doodle galaxy(doodling) which is a fine art event ,Hetvi Kothari and Iqra Nazir represented the college and stood first where as in natakmandal (nukkadnatak) the enact team of the college participated and came first. It was an enriching experience for the students.

Inter-College Athletics Meet- Zest 2020

J.D. Birla Institute. January 16, 2020.

The Bhawanipur education Society College participated in ZEST 2020, an inter-college

Members of the BESC squad at Inter College athletics meet Zest

Athletics Meet organized by J.D. Birla Institute at The Gitanjali Stadium. There were 6 colleges that participated in this event, wherein each student was amped up with the desire to set a benchmark in the competition. A total of 15 events were conducted which included the participation of the teaching and the non-teaching staff as well.

Winners are those who not only win prizes but also win hearts. The memorable moment was when in a staff race one of our representatives Sajal Samanta secured 1st position to another senior staff member of JD Birla Institution who was to retire this year. Sajal Da generously exchanged places with him and gracefully gave away his trophy. Such

examples of respect and consideration is what education is all about. Sajal Da did not only win the event but also won hearts.

Invictus '20

J.D. Birla Institute. February 14 to 16, 2020

The Bhawanipur Education Society College, took part in 40 different events. Not only did BESC participate in maximum number of events, was also ranked top in most of them.

On Day 1, Nikita Gandhi and EPR Iyer (Underground Authority) heightened the sense of excitement for the crowd. On Day 2, two famous stand-up comedians, Gaurav Kapoor and Samay Raina tickled everyone's funny bones with their sense of humour. The audience were spun by the melody of India's one of the most popular musician, singer and composer, Akhil Sachdeva with Nasha Band on the very last day of the fest.

Serve and Volley at the Invictus

Under the arc lights at Invictus

SRIJAN

Shri Shikshayatan College. February 18, 2020.

BESC actively participated in their journey and all the 70 of them managed to participate in all the events and grabbed the awards in most of them and at winning hearts of the judges and the in-house faculties of Shri Shikshayatan College and grabbing the Best College trophy.

The guest performer of the event was Rahul Jain, a YouTube sensation who is famous for remaking songs in his genre.

A BESC participant at Srijan, the Sri Shikshayatan College Fest

T2 Spotlight

City Centre II, New Town. February 21 to 23, 2020

The Bhawanipur Education Society College took part in 6 events. Not only did we participate in maximum number of events, but we were also declared as the “Champion Of The Champions” of the fest.

The Champion of Champions Trophy at the three day events organised by T2

The three – day fest organised by T2, started with a grand opening ceremony, followed by prelims on 21st and 22nd and the finals on 23rd. Fusion dance and rock music entertained the audience. Aspiring models from different colleges sashayed down the ramp looking attractive in their outfits. The participants showcased their extraordinary talents in the talent round. The War of DJ's kept the audience on their feet.

Ripples '20

THK Jain College. March 2, 2020.

The Bhawanipur Education Society College, took part in 14 events organized by them and secured the 1st position in 5 events, 2nd position in 3 events and 3rd position in 3 events.

On Day1- DJ Kunal kept everyone grooving by playing some catchy dance numbers. And on Day2-Jubin Nautiyal graced the event with his young and touching voice to fill young hearts with motivation and love. The event ended on an electrifying note.

Ripples '20

Theatre Festival, 2020

College Campus. March 1-3,2020

The theatre festival was indeed as mesmerizing as ever. The ceremonial lamps were lit. The 3-day event was even more pompous and exciting,

A climactic moment from the Theatre Festival

thanks to the amazing job done by the marketing team and two of the best theatre artists of BESC, Anant Verma and Aditya Kunwar. The theme this time was“MOSAIC of Emotions”. With over 20 colleges participating in a spectrum of forms and genres, witnessing jaw dropping performances.

The three-day array of culture, expressions and vibrant storytelling began with event Resonance (Audio Drama) with judge Indrani Mukerjee followed by Churaha (Street Play) judged by Supravo Tagore.

On Day-2, we observed events like Ekal (Monoact) judged by Uma Jhunjhunwala, Glitch Pitch (Ad-Spoof) and Eka-Ek (Improve Acting) both judged by Aaron Targain, Hasya Hullad (Comedy Drama) and Paripreksh (Boardroom Drama) both judged by Apratim Chatterjee.

In "Paripreksh" Ashutosh College outdid the rest and emerged as the clear winners of the event. However, the recognition for the Best Plot was given to team BESC and the Best Performed Act was given to THK Jain Collegeand "Glitch Pitch" saw some brilliant performances with BESC winning followed by THK Jain and Sivanath Sastri College.

On Day-3, event Thespa (Stage Play) was judged by Janardhan Ghosh and Nivedita Bhattacharya who believed that the plays were like breaths of pure, fresh air. With team BESC showcasing the truth of the constitution, and portraying the message of "The Joke of Hope", followed by the IEM College, they portrayed the social problem of guy survival in the society, followed by the NSHM College, they showcased the problems and love between the married couple.

The Bhawanipur Education Society College were declared Overall Winners and THK Jain College as runners-up.

Theatre Festival, 2020

CAREER CONNECT

Career Connect is an exclusive initiative by the Bhawanipur Education Society College (BESC) that aims at bridging the ever-widening chasm between the industry's need of trained manpower and the academia's ability to supply the same. Going beyond the traditional curricula, these courses seek to empower the students so that they may equip themselves with specific knowledge bases even as they pursue their graduation studies so that they may become deployment ready by the time they complete their formal studies.

All the courses are heavily subsidised by the college and quality of the faculty is provided the highest amount of importance so that they can teach by example. The number of students enrolling in the courses is also regulated with a view towards maintaining quality standards so that the faculty members may help individual students in their quest for excellence in the chosen field.

As of date, the BESC offers the following career-oriented Certificate / Diploma programmes to its students:

- Certificate Financial Planner (CFP)
- Association of Chartered Certified Accountants (ACCA)
- Digital Marketing
- Corporate Communication
- Dynamics of Capital Market
- Working with GST
- Cyber Security
- Commerce+
- Tally ERP 9

This year we added Certificate course:

E-learning

This year under the banner of Career Connect another one-month course was launched where in the students got a thorough exposure to G-SUITE and various applications of Microsoft Office. The faculty were Mr. Aswini Kumar Bajaj and Mr. Vishal Dave. The course started from 16thJune, 2020. Around 26 students enrolled for the course and found it very beneficial. The course included MS Word, MS Excel, PowerPoint Presentation, Google Spreadsheets, Google Slides, Google forms, You Tube etc.

STUDENTS PLACED
2019-20

Last year the College was visited by over 24 Companies in which close to 413 students appeared and over 207 students were placed.

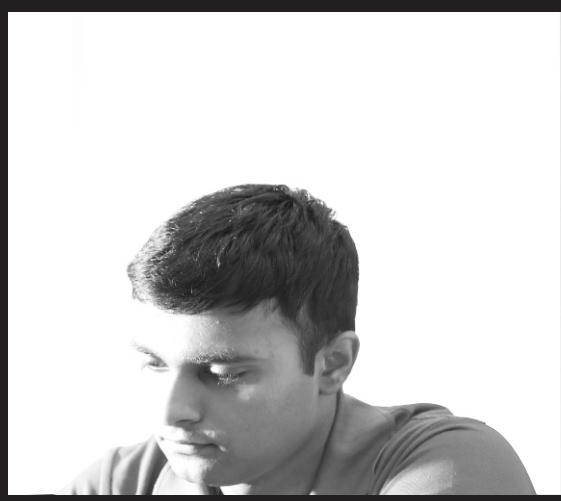
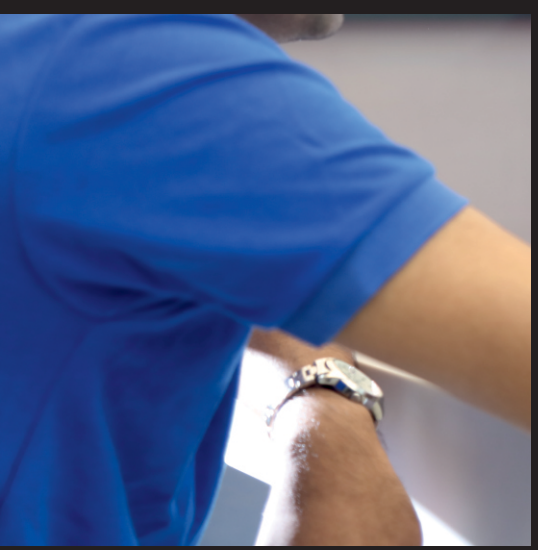
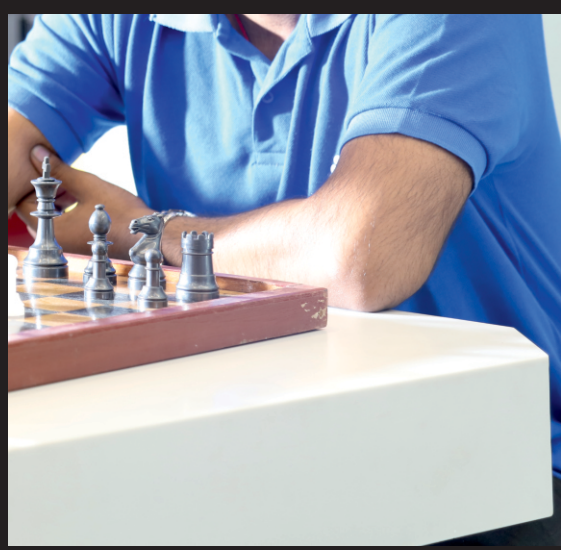
Games & Sports







DEPARTMENT OF GAMES & SPORTS 2019-2020

The Bhawanipur Education Society College firmly believes that Physical exercise is good for the mind, body and spirit. Students are therefore encouraged to participate in all sports and games activities and other co-scholastic activities. They are taught to excel and to sharpen their skills through continuous practice. The students are also taught that the ultimate aim of sports and games is not just winning but participation which is equally important for the development of the student and his survival in the society. Education is incomplete without games. Games are necessary to keep the body fit and trim. Games train us in discipline, team-work, patience and punctuality. If a person is physically fit, he is also mentally fit and healthy. There is always a sound mind in a sound body. A healthy man is always hopeful and cheerful. On the other hand, an unhealthy person leads a painful and miserable life. All those qualities which we get from the playground help us to face the struggle of life.

Today, games and sports have assumed a great importance. Sportsmen and players have started choosing sports and game as their career. It is a compulsory subject in most of the schools of the states in the country. State Governments are giving special grants to their best sportsmen and players. Sportsmen are certainly the backbone of any nation. They deserve a place of pride and honour in any country. Playing a sport requires a lot of time and energy. Some may think this would distract student-athletes from schoolwork. However, the opposite is true. Sports require memorization, repetition and learning — skill sets that are directly relevant to academic work. Also, the determination and goal-setting skills sports require can be transferred to the classroom.

Fighting for a common goal with a host of other players, coaches, and managers teaches you how to build a collective team synergy and effectively communicate the best way to solve problems en route to a victory. This will be very helpful in life when encountering problems at work, at home, or in any arena.

As per the guidelines of the Management to encourage students, our Department of Games & Sports has organized and participated in various events in the year 2019 – 20.

I want to personally thank the College Management, Teachers & Coaches and Sportsmen for their great work. We could not have reached our goals without this tremendous TEAM effort.

Sports Infrastructure:

Sports infrastructure plays a crucial role in achieving excellence in the global arena of sports. It not only helps in producing sports persons of international repute, but also encourages the young population of a country to participate in sporting activities with the objective of creating a culturing of sports. In India, the standard of sports infrastructure is not at all satisfactory for a number of reasons.

The lack of infrastructural facilities is one of the major constraints in the process of development of sports in India. By providing attractive new facilities we are happy to engage student in positive leisure engagement that will promote personal growth that is of critical importance to healthy development and enhancing the quality of student life and preparing people for the future that would also increase overall satisfaction with the collegiate experience and make a positive contribution to institutions.

With an interest in promoting leisure time physical activity Department of Games and Sports has

developed various sports facilities to give impetus to students.

Following facilities are provided at The Bhawanipur Education Society College, Department of Games & Sports.

Our Foundations:

Team Values:

A lot goes into building a team so we focus on more than just game strategy; we encourage learning, strive for excellence, work collaboratively, and seek balance between our personal and professional lives.

We are generous givers, not self-serving takers.

This is where the important lesson of teamwork is learned.

We will have fun.

Hard work and fun can play on the same field. If your team has fun in the process of being challenged, they will learn to love the game.

We will be committed.

This applies to showing up for practices and games, having each others' backs, and doing your best to help the team be better.

We will persevere.

Giving up easily is not an option. You're a team, after all.

We will communicate.

On the field or court, on the sidelines, or in the locker room, we will be clear, honest and respectful. We will not assume that our teammates or coaches know something; we will be SURE they do.

We will trust each other.

Trust that is earned and given freely can add a whole new level of cooperation and performance to the team.

Guiding Principles:

The essential elements of character-building and ethics in sports are embodied in the concept of sportsmanship and six core principles: trustworthiness, respect, responsibility, fairplay, care, and citizenship. The highest potential of sports is achieved when competition reflects these "Six Pillars of Character. Our Sports events are conducted in a manner that enhances the mental, social, and moral development of athletes and teaches them positive life skills that will help them become personally successful and socially responsible.

We serve as educators

We create meaningful learning experiences through our collaborations, programs, services & facilities, which support student success and enhance the student experience.

We believe each person has worth and dignity.

"Reverence and respect for human nature" is at the core of The Bhawanipur Education Society College faith. We believe that all the dimensions of our

being carry the potential to do good. We celebrate the gifts of being human: our intelligence and capacity for observation and reason, our senses and ability to appreciate beauty, our creativity, our feelings and emotions. We cherish our bodies as well as our souls. We can use our gifts to offer love, to work for justice, to heal injury, to create pleasure for ourselves and others.

We serve as stewards of our resources.

We are committed to using our financial, human and physical resources in a responsible manner in meeting current and future needs. Recognizing students as a key resource, we are committed to involving them in decision making. Decisions will be based on being responsive, sustainable and consistent with our mission, guiding principles, values and vision.

SPORTS SCHOLARSHIP 2019-20:

The Bhawanipur Education Society College sports Scholarships were awarded to athletes committed to combining their sport and education. The program represented a unique partnership between sports and education. The aim was to reduce the drop-out rate of talented athletes from sports by supporting and developing the talent of today to shape the sporting success of tomorrow.

Full / Half Scholarships were awarded to each of the outstanding sportsmen of The Bhawanipur Education Society College Games & Sports Students who has participated at Intervarsity / University / National / International or state level tournaments.

The list of achievements by University Sports Scholar is truly impressive. The majority have represented either Calcutta University at National University Games or National games in their chosen sport, and some have already achieved considerable success at National level.

Objectives of the Department of Games & Sports

To organize annual Intra College competitions in specified games and sports for the students, teaching and non teaching staff.

To advise on providing equal opportunities & encouragement students and staff for participation in sports at all levels.

To offer sports scholarship, prizes and other awards to outstanding athletes and sportsmen and women.

To review the progress on developing, maintaining and utilizing sports infrastructure.

To recognize talent in sports and reward young women and men, who achieve excellence in Sports.

To organize workshops and seminars on sports related matters.

Inaugural ceremony of the Double Headed Robot Table Tennis Machine Ceremony.

The Inaugural ceremony of the Double Headed Robot Table Tennis Machine was held on 17th September 2019 at The Bhawanipur Education Society College, Games & Sports Arena at 11.30 A.M. which commenced with the Ribbon Cutting Ceremony by President Sri Champak Bhai Doshi, along with the Teacher In Charge Dr. Suchandra Chakravarty & Management representative Sri Arvind Bhai Rupani, Nalini Ben Parekh, Renuka Ben Bhatt & Professor Dilip Bhai Shah, Dean of Student Affairs.

The Bhawanipur College is the first College in Kolkata to have a Double Headed Robot Table Tennis Machine.

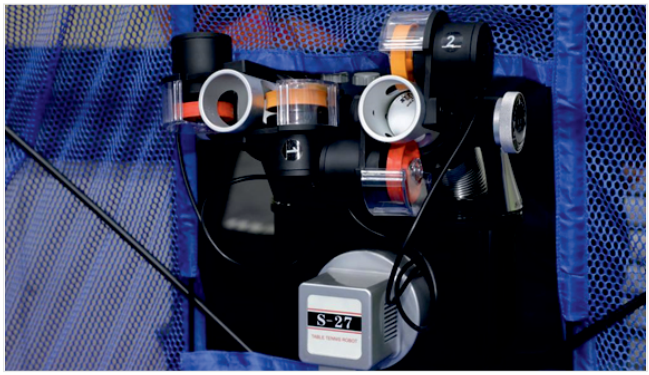
Sports Officers Mr. Bhavin Parmar, Mr. Rupesh Gandhi & Mr. Manikant Choudhury mentioned the significance and its importance of practicing with the Robbot Machine and how it could be helpful to young talented table tennis players of our College for their future endeavour.

President Sri Champak Bhai Doshi motivated everyone to actively participate and play Table Tennis game to get benefited.

Joint Secretary Sri Jitendra Bhai Shah & Professor Dilip Bhai Shah, Dean of students affairs briefed students about the importance of the New Technology Robot Machine introduced at our College.

In the end, Sports Officers present Mr. Bhavin Parmar, Mr. Rupesh Gandhi & Mr. Manikant Choudhury offered a vote of thanks to all including the President, Management and Teacher in Charge, and also thanked all the invited participants for gracing the occasion with their gracious presence.

Our Department of Games & Sports thanked the Management for providing all kind of facilities in the Games & Sports Department.



The Sports Calendar 2019-20 was designed keeping in view the dates and list of Holidays for The Bhawanipur Education Society College & Calcutta University Sports Calendar 2019-20.

Our College has organized and participated in 59 Sports Events which included College Team Selection, Inter College Fest and Calcutta University Indoor and Outdoor Tournaments / Selection 2019-20.

REPORT OF COLLEGE BASKETBALL TEAM SELECTION (BOYS) 2019 - 20

Talent wins games, but teamwork and intelligence wins championships.

Event Date	:	01/08/2019
Time	:	9 am
Event	:	Selection Trial of College Basketball Boys Team 2019-20.
Venue	:	Rakhi Sangha Club (Opp : Chetla Park)
Online Registration of Boys Students	:	137
Number of Student Participants	:	70

It was the first event of the year so there was a lot of excitement among the participating students. Coach Manpreet Singh started the selection's with warm up and light exercises. The players were divided in different groups/teams which was followed by matches.

Total 24 Boys/ Players were selected for Team A and B to participate in the C.U. and Other Inter College Tournaments/ Championship.

We saw very promising young players in the selection this year and hoping to keep our top position in C.U. and Other Inter College Tournaments. We are grateful to our College Basketball Coach Mr. Manpreet Singh Grewal (Current State & Nation Basketball Player), who had a very busy day organising the teams and the tournament and selecting the best players for the college team.

REPORT OF COLLEGE BASKETBALL TEAM SELECTION (GIRLS) 2019 - 20

Talent wins games, but teamwork and intelligence wins championships.

Event Date : 05/08/2019

Time : 9 am

Event : Selection Trial of College Football Boys Team 2019-20.

Venue : Calcutta University Maidan Ground

Number of Online Registration Students:

Boys : 432

Number of Student Participants :

Boys : 76

We were lucky to complete our college football team selections successfully on 05/08/2019 as there was rain forecast during the week. It was a wonderful bright day to start our selection at C.U. ground. The Football Coach Mr. Nimai Goswami started the selection by dividing the students in 4 categories, Forward Line, Mid Fielders, Defenders and Goalkeepers. The students completed their warmup and stretching . The selection matches began at 9.30 am.

It was good to see new promising youngsters in the selection this year, as many of the old players from last year's team had completed their graduation. It was a new football team this year with new hope and a lot of energetic sports persons. We selected 30 players for the College Team, 24 players for C.U. Tournament and 6 Reserved players for different other Inter College Tournaments.

No of Online Participants :
Boys : 23
Girls : 15

Handball is a Team Sport in which two teams of seven players each (six out court players and a goalkeeper) pass a ball using their hands with the aim of throwing it into the goal of the other team. A standard match consists of two periods of 30 minutes, and the team that scores more goals wins. Handball is a University Sport which comes under Calcutta and all other Indian Universities.

The College Team Selection process started with

Stretching, Warm up and fitness exercises. Players were divided into different teams on the basis of their playing position. Goalkeeper, Centre, Left and Right Backs, Circle Runner, Left and Right Wingers. This was the first time we have introduced the Handball Team Event for our college.

14 & 10 players were selected for the Handball boys and girls team respectively for the 2019 - 20 session.

Event : College Taekwondo (Boys & Girls) Team Selection's 2019-20

Time : 11 am

Venue : College Turf

Taekwondo Sport is under the All India and Calcutta University Games and Sports. Taekwondo is a combative sport and was developed during the 1940s and 1950s by Korean martial artists. Taekwondo is characterized by its emphasis on head-height kicks, jumping and spinning kicks, and fast kicking techniques. The emphasis on speed and agility is a defining characteristic of Taekwondo. A Taekwondo practitioner typically wears a uniform, often white but sometimes black (or other colours), with a belt tied around the waist.

Please Note that Rohit Sadhukhan and Darshika Thapa were the first students from our College who got selected in the Calcutta University Team 2018-19. Our Department had successfully completed the Intra College Taekwondo Team selection 2019-20.

5 Boys & 3 Girls were selected in different categories for our College Team. Boys and Girls showed Great Spirit in participating in the College Championship. The College Team Selection was taken by the Calcutta University Taekwondo Coach Sudipta Sadhukhan (4th Dan Black Belt) South Korea also Jt. Secretary of Bengal Taewkondo Association. Our College became the first College in Kolkata to organise the Intra College Taekwondo Champinship. The aim of our department is to promote each and every sport and talented player so that they get a right platform for their future endeavours.

Event Date : 17/12/2019

Event : Calcutta University Gymnastic Team Selection 2019-20

Time : 11 a.m.

Venue : Sports Authority of India

The most common form of competitive gymnastics is artistic gymnastics, which consists of (for women) the events floor, vault, uneven bars and beam & for men, it consists of the events floor, vault, rings, pommel, parallel bars, and horizontal bar.

Federation Internationale de Gymnatique (FIG) is the governing body for gymnastics worldwide. Its headquarters is in Lausanne, Switzerland.

FIG governs eight sports that include: Gymnastics for All, Men's and Women's Artistic Gymnastics, Rhythmic Gymnastics, Trampoline - including Double Mini-trampoline, Tumbling, Aerobics, Acrobatics, and Parkour.

Ritika Choudhury of 1st Year B.A. from our College participated in the C.U. gymnastic Team Selection's 2019-20. (Rhythmic Gymnastics). According to FIG rules, only women compete in rhythmic gymnastics. This is a sport that combines elements of ballet, gymnastics, dance, and

apparatus manipulation. The sport involves the performance of five separate routines with the use of five apparatus; ball, ribbon, hoop, clubs, rope-on a floor area, with a much greater emphasis on the aesthetic rather than the acrobatic aspect of the performance.

Ritika Choudhury was selected for the C.U. Gymnastic Team Camp 2019-20, she was the only one to participate in Rhythmic Gymnastics. She became the first girl from our College to be selected in C.U. Gymnastics Team Camp.

REPORT OF THE INTER COLLEGE UMANG FEST

Basketball

December 10, 2019. Bara Bazar Yuvak Sabha Court.

In the girls section there were three teams which participated and all the matches were played in league format and in the boys' section, 5 teams took part.

The team of Bhawanipur Education Society College won all the matches and commendable performance by Gopal who single handedly took Bhawanipur college towards the championships trophy, followed by St Xavier's College who secured 2nd position and Bhawanipur College B team got the 3rd place in the UMANG badminton tournament.

Tennis Ball Cricket

December 21, 2019 Northern Park.

Cricket needs no introduction, being as it is, the national obsession. The tournament was played in a knock out format due to the huge participation of 28 different colleges from Kolkata.

The die was cast for the finals in which the team from the THK Jain college beat the Calcutta University team and became the 1st runner up and 2nd runner up respectively, followed by BESC in the boys section.

In the girls section JD Birla Girl (Main Campus) won the title, and followed by BESC and THK Jain College, respectively.

Volleyball

December 22, 2019 Northern Park.

The boys volleyball tournament of Umang was as exciting as it was competitive with as many as 13 teams participating to smash their way to the victory stand after all the qualifying rounds, the final was played out to a nail biting finish in which the team from the BESC edged past team BESC B team by very nominal margin and followed by the second runner up by JCC law college.

In the girls' section of the tournament 3 teams participated and played in league format BESC secured first position followed by Bengal Institute of Business Studies and third position was claimed by the team from JCC Law College

10 mtrs Rifle Shooting

For the first time ever our college had organised Inter college 10m Rifle Shooting in The Bhawanipur College, Valia Hall, on 22 Dec 2019.

Around 32 boys & 16 girls from different colleges, participated in the UMANG Sport 10 m Rifle Shooting.

In the Boys section the title was lifted by BESC with 88 pts followed by ILEAD in the 2nd position with 87 pts and 3rd position was secured by Amity University with 86pts.

In the Girls' section BESC lifted the title with 87pts followed by BIBs college with 83 pts and the 2nd runner up was Scottish Church with 78 pts.

Football

December 22, 2019 Northern Park

In the Boys' section, it was a BESC march all the way with the BESC B and C team taking all the three medals gold, silver and bronze.

In the girls' section St. Xavier's College emerged as champions, ILEAD being runner up, followed by 2nd runner up BESC.

Tug of War

December 22, 2019 Northern Park.

Among the girls-finals were played out between JDBI and BESC in which, team JDBI triumphed after facing spirited opposition while JCC Law College secured the third position.

In the boys' section the team from The BESC outshone every other team to win the tournament, followed by BESC B team and the 3rd place was secured by Heritage Academy.

Kabaddi

December 23, 2019 Northern Park.

16 participants participated in the tournament from boys and 8 participants from the girls.

In the boys section Shyama Prasad college won the trophy followed by BSEC as the first runner up and the second runner up was Amity University.

In the girls section Amity won the trophy, the first runners up being BSEC and followed by the second runner up Shyama Prasad College.

Both the boys and girls section of the tournaments matches are adjudicated by referees from the West Bengal Kabaddi Association.

Throwball

December 24, 2019 Northern Park.

Around eight teams of boys and girls participated in the fest. In the boys' section Surendranath Law college edged past BESC to win the title.

The third place was secured by the BESC B team.

In the girl section JDBI emerged as the champion followed by the BESC College and second runners up by the THK Jain college.

Chess

December 27, 2019, Sports Arena.

17 boys' and 10 girls' teams participated in the chess tournament putting their brains against opponents for a shot at the boys and girls trophies.

In the boys' section EICASA the became the champion, 1st runner up being BESC A team and second runner up being BESC B team in the girls

section. St. Xavier became the Champion, the 1st runner up being Shri Shikshayatan and second runner up being Netaji Subhash Engineering College.

Snooker

December 27, 2019 Sport Arena.

In the boys' section the title was won by Surendra Nath Law College, while the first runner up was BESC A team and second runner up, THK Jain College.

In the girls' section the title was won by BESC A team, the first runner up being BESC B team followed by second runner up the St. Xaviers' College.

Arm wrestling

December 28, 2019 Sports Arena.

In the girls' section BESC emerged winner, followed by Shivnath Shastri college as the 1st runner up & St. Xavier's College as 2nd runner up.

In the boys section the first position was secured by Maulana Azad College, followed by Shayma Pradesh Law college and BESC in the third position.

Pool

December 28, 2019 Sports Arena.

The increasing popularity of the game could be gauged by the fact that 16 colleges (12 boys and 4 girls collages) participated in the event.

After some intense games the girls events were won by ILEAD and first runner up was BESC A team and by BSEC B team followed.

In the Boys' section The Bhawanipur Education Society College became the Champion, First runner up being J D Birla and Second runner up being ILEAD.

Table Tennis

December 28, 2019 Sports Arena.

Around 15 Colleges participated in boys and 4 colleges in girls table tennis events. Boys played basis and girls played in league matches.

In the girls' section BESC A team became the champion, 1st runner up being the BESC B team and 2nd runner up being Shivnath Shastri College.

In the boys' section St. Xaviers College become the champion followed by BESC A team and BESC B team.

Carrom

December 29, 2019 Sports Arena.

In the boys' section GBS emerged as champions,

followed by Surendre Nath college, and THK Jain College.

In the girls' section BESC A team became the champion, with JDBI BBA as the 1st runner up and GBS, as the second runners up.

Dart

December 29, 2019 Sports Arena.

10 boys and 8 girls participated in the event. Only league matches played where boys have to square off 501 pts, while girls need 301 pts to win the match.

The girls section of the tournament was won comprehensively by the BESC, first runner up being St. Xavier's College and followed by Shivnath Shastri college.

In the boys' section, NSHM college emerged as winner, the first runner up being THK Jain College and the second runner up being BESC.

REPORT OF THE SOUTH KOLKATA DISTRICT FOOTBALL TOURNAMENT 2019-20

Event Date : 10/01/2020

Event : South Kolkata District Football Tournament

Time : 9.30 am

Venue : Calcutta University Ground

Total no Participation : 12 colleges

Results:

Our College won their Quarter final match against Asutosh College with a score 1-0; a wonderful goal was scored by Abdul Rahim.

The Semi final match was an easy win against Bijoygarh College by 3-0. Goals were scored by Subhajit Chanda and Manotos Maji (2:1).

The Final of the Tournament was played against the last year's Champion team Charu Chandra College, with a time duration of 30 Minutes in each half. The match result was a tie after the 2nd half and hence the results were decided by penalty shootout.

Our College lost by score 5: 4 in favour of Charu Chandra College.

Manotos Maji got the player of the tournament trophy.

REPORT OF THE JDBI INVICTUS INTER COLLEGE FEST

Athletic meet

On 15th, January 2020, an inter college Athlete Meet (Zest organised by JD Birla at Geetanjali Stadium)

Around 16 different events conducted by JDBI our BESC boys and girls secured 1st position in inter college Athlete meet with 42 Point , I LEAD was the runner up scoring 26 points and JD Birla Institute secured third position with 23 points.

Along with the student race, a race for group D staff was also organised.

Kudos to our group D staff Sajaal Samanto secured 1st position in 100mtrs Race. He should be applauded for his commendable gesture in handing over his winner's trophy on the spot to the aged staff of JDBI who actually secured 2nd position and was retiring next month. This was highly appreciated by all.

On 3rd February 2019 an inter college event was held.

Football

The 7 a side format was organised by JDBI at Gitanjali Stadium.

Around 8 Colleges participated in the tournament. Matches were played on a league basis.

Our boys won against St. Xavier's University by 1-0 in the penalty shootout.

Our boys won against Shyambazar Law College by 1-0 in penalty shootout. But our team lost in Semi final against JBDI by 1-0 score.

This shoot of 7 a side played in half the ground and with smaller a goal post but it was interesting.

Chess

It was not a regular format, there was a mixed event where girls and boys played as opponents. Our girl Nisha Sharma of 2nd year won against JDBI in pre quarter and won against St Xavier's University, and finally lost in semi final to St. Xavier's college.

Throw ball

Our girls' Throw ball team lost against Shri Shiksha Yatan by the score 2-0.

Table Tennis

Our boys' lost against Jadavpur University by score 1-2 single

Our girls' team lost against Jadavpur University by 0-2 score.

The TT doubles team lost against St Xaviers College by the score 1-2.

Basketball

On 13 and 14 of February 2020, an Inter College Basketball for boys and girls tournament was held at JDBI campus.

Around 8 boys' colleges and 5 girls colleges participated in the tournament.

Our boys' team won against St Xaviers University by the score 21-13 in the pre quarter and won against St Xaviers College by the score 25-20 in the semifinal securing the first position in the final against JDBI by the score 24-16.

Our girls team played semifinal against JDBI and lost by score 3-7

Volleyball

On 15th February 2020, inter college volleyball tournament was held at JDBI campus,

Our boys won against JDBI by the score 2-1. It was an exciting match, and the score was neck to neck in the first two same but it in the third and decider.

Our boys' played exceptionally well and won the tournament.

Our girls' played the semi finals against JDBI and lost by the score 3-7.

REPORT OF THE SRIJAN INTER COLLEGE FEST

PROFESSOR DR. DIVYESH SHAH
1977 - 2020

In Remembrance

He will always be remembered by his students, colleagues and all who knew him for his dynamic personality, profound insights, passion and academic discipline.

We express our deepest condolences to his loved ones at this difficult time.

There are no goodbyes for us.
Wherever you are, you will always be in our heart.

THE BHAWANIPUR
Gujarati Education Society

Where Brilliance Soars

The Bhawanipur Education Society College (BESC) *has earned its place in the sun. This position of pre-eminence, it goes without saying has not been achieved overnight, nor has the success come easy. The journey has been an arduous one, over many generations and is in fact, the sum total of the successes and achievements of all those who have walked through the hallowed portals of the institution.*

Today BESC offers a plethora of courses; offers physical facilities that are at par with the very best in the country; is backed by faculties whose combined achievements are only too great to be recounted and has a student body that is vibrancy personified.

The College is an innovative disruptor. As it continues to achieve all that it had set to excel in and is today known as an institution that is stretching the horizons of academic excellence apart from focusing on empowering its students with skills sets that are relevant, fostering their entrepreneurial zeal and preparing them to take on life on their own terms.

BESC imparts the winning edge - life-skills that make the difference, the attitude that screams "we can" and has the infrastructure to ensure that excellence is ingrained in everything it does.

The demand for BE-ites from the industry far outstrips the number of students who make themselves available for placement. Last year as many as twenty-four companies across the spectrum came for campus interviews through which students were placed. The institution has made winning a habit – making a clean sweep of almost all the college fests it participates in and a similar record is also held by the sports persons of the college, which is a mute testimony of the multifaceted talents that are nurtured.

BESC is much more than an institution. It is much more than a campus that is future proof in terms of technology with infrastructure that is cutting edge. BESC is also much more than the excellent quality of its faculties and the achievements of its students – BESC is a way of life.

For parents we are custodians of young minds. For Students we are the litmus. For the Society we are creators of human wealth. Victory, Success, Achievements and Glories are what BE-ites imbibe with every breath they take. Join us as we touch tomorrow.
